LIST OF REGISTERED ENGINEERS AS AT 12TH APRIL, 1950, AND EXPIRING 31ST MARCH, 1951

Explanation

The list is in two parts as follows :—

Part A.—Giving those registered by examination or by “ recognized certificate ” under one of the following subsections of the 1924 Act :—

- 6 (i) *a.*—Registration by virtue of holding a “ recognized certificate ” in the form of a Diploma of Corporate Membership of one of the British Institutions of Civil, Electrical, or Mechanical Engineers, and of having had not less than three years' experience in the practice of engineering.
- 6 (i) *c.*—Registration by virtue of a pass in examinations approved by the Board (being the full associated membership examinations of one of the British Institutions of Civil, Electrical, or Mechanical Engineers, or equivalent exempting examinations), and also of having had not less than three years' experience in the practice of engineering.

Part B.—Giving those registered under one of the following subsections, now expired, of the 1924 Act or amendments :—

- 6 (i) *b* of the 1924 Act, which provided for registration during the first period of operation of the 1924 Act of a person who had then attained the age of twenty-five years and had been engaged during a period of not less than six years before the commencement of the Act in the acquisition of professional knowledge, or in the practice of engineering in a manner satisfactory to the Board, and who made application for registration within twelve months after the commencement of the Act.
- 2 (i) of the 1928 amendment, which in effect re-enacted clause 6 (i) *b* of the 1924 Act with respect to any licensed surveyor in New Zealand who satisfied the Board that he had prior to the coming into operation of the 1924 Act substantial practical experience in engineering as part of his practice or employment whether on his own account or otherwise, and who made application for registration within six months of the passing of the amendment : *Indicated by † in Column 3.*

Section 7 of the 1944 amendment, which provided for the registration of engineers who, within the twelve years prior to the passing of the amendment, had had six years responsible engineering practice, or substantially equivalent experience, in local authority work, and who applied within six months of the passing of the amendment. Provision is made for special consideration to discharged servicemen who apply within six months of their discharge : *Indicated by * in Column 3.*

Particulars in the lists as entered under each column are as follows :—

Column 1.—This contains the name of each engineer who at the date of the list is the holder of an Annual Practising Certificate issued under section 3 of the 1944 Amendment Act. An engineer who has been registered is required to hold a current Annual Practising Certificate in order to retain the full rights of registration. The qualifications, involving University degrees and recognized certificates or approved examinations, are taken from the person's application for Practising Certificate and have not been verified or checked against the person's registered particulars.

Column 2.—This gives the postal address, either business or residential, as on the application for Annual Practising Certificate.

Column 3.—This shows the date of original registration.

Column 4.—This shows the class of engineering in which the Board has accepted the engineer's training and experience as a qualification for registration. Engineering is classified only in the three main branches of Civil, Electrical, and Mechanical. Where an engineer has not satisfied the Board's requirements for qualification in one of these main branches, the restrictive or specialist class in which he is accepted is shown.

It is also to be noted that corporate membership of one of the recognized British Engineering Institutions entitles the holder to be styled as a “ Chartered Engineer,” but this information is omitted from the list.

E. E. HENDRIKSEN, Registrar.

NOTICE is hereby given that the undermentioned land is open for sale or lease under the Land Act, 1948, and applications will be received at the District Lands and Survey Office, Christchurch, up to 4 o'clock p.m. on Friday, 23rd June, 1950.

Applicants may be required by the Commissioner of Crown Lands, acting on behalf of the Land Settlement Board, to appear personally at a place and time to be arranged in support of the applications.

The ballot will be held on Tuesday, 27th June, 1950, at the District Lands and Survey Office, Christchurch, at 2 o'clock p.m. and any persons who so wish may attend.

The successful applicant is required to pay immediately on notification of result, a deposit comprising the first half-year's rent or deposit on deferred payments, broken-period rent, lease fee, or the purchase-price of the property plus title fee. In addition the amount of weighting for improvements is to be paid in cash.

SCHEDULE

BLOCK VII, MAIRAKI SURVEY DISTRICT.—FARM LAND

Rangiora County

SECTION, Reserve 1738 : Area, 50 acres 3 roods 35 perches. Rental value or purchase-price, £285. Deposit on deferred payments, £15. Deferred payments : Half-yearly instalment (term 20 years), £10 8s. 4d. Renewable lease : Half-yearly rent, £6 8s. 3d.

Weighted with £15 (payable in cash) for improvements comprising half-share of 56 chains boundary fencing.

This area is three and a half miles from Cust Township by a good road. The property has a southerly aspect and consists of ploughable hill country broken by three main gullies. Ring-fenced by badly overgrown gorse and wire fences. Dense gorse in the gullies is spreading on to the ploughable land, but this could be controlled by burning and cutting the gorse fences. There is scattered gorse over the whole area but it could be controlled by ploughing. The pasture is run out to brown-top but there is some sweet vernal and white-clover showing.

If selected on renewable lease or under deferred-payment licence a remission of two years' rent, or interest, will be granted subject to gorse being cleared and the land grassed to the satisfaction of the Commissioner of Crown Lands.

The area is suitable to work in with adjoining land, but as there is access by Davis Road, persons with land in the locality may make application.

Any further particulars may be obtained from the undersigned.

T. W. PRESTON, Commissioner of Crown Lands.
