WELLINGTON, FRIDAY, JULY 28, 1950

LIST OF PERSONS

EMPLOYED IN THE

PUBLIC SERVICE, 1950

PUBLISHED IN TERMS OF SECTION 28 OF THE PUBLIC SERVICE ACT, 1912

R. M. CAMPBELL, Chairman.
 G. T. BOLT } Members.
 A. H. O'KEEFE }

Public Service Commission.

Wellington, 28th July, 1950.

NEW SENIORITY

(a) The names in this Classification List appear in the new order of seniority determined in accordance with amended Public Service regulation 163B which reads as follows:—

“ 163B. (1) Seniority shall be determined by reference to the maximum salary of the class, sub-class, or occupational group or sub-group in which an officer is for the time being graded.

“ (2) On promotion, officers shall be placed at the bottom of the class or group to which they are promoted.

“ (3) Officers promoted to the same class or group in the same financial year ending on the 31st day of March shall (for the purpose of determining the relative seniority of such officers) be deemed to have been promoted to that class or group simultaneously, and of any two such officers that officer with the longest continuous permanent service shall be deemed to be the senior.

“ (4) For the purposes of clause (3) of this regulation, ‘ service ’ shall not include previous service which has been terminated or service in any branch of the Government not under the control of the Commission.

“ (5) Notwithstanding the provisions of clause (4) of this regulation, where it is necessary to determine the relative seniority of two officers appointed to the permanent staff on the same day, the term permanent service shall (for the purposes of clause (3) of this regulation) be deemed to include prior continuous temporary service (under the provisions of section 45 of the Public Service Act, 1912) immediately preceding appointment to the permanent staff.”

(Regulations 3 (2) and 17 of Public Service Amending Regulations 1949 (Serial No. 1949/85).)

(b) The Commission wishes to emphasize that too much notice should not be taken of any altered order of seniority that results. Seniority is only one factor taken into account when promotions are under consideration ; it is of little or no significance where a clear difference in efficiency and suitability is established.

SCALES FOR GENERAL DIVISION

Workers not otherwise specified receive not less than current award rates or other ruling rates if no award is in existence. The scale may be raised slightly or the annual increments varied according to local conditions.

When increments of less than £10 are provided, double increments may be granted in special cases.

In the column "Annual Increments" the normal annual increment is shown. The last increment shall, where necessary, be such lesser sum as will enable the maximum to be attained, but not exceeded.

An officer does not necessarily proceed to the maximum shown. His salary may be fixed at any point between the minimum and the maximum.
