Commission to Inquire Into and Report Upon Certain Matters Concerning Income-tax and Social Security Charge Payable in Respect of Income Derived by Maori Authorities and Maoris Referred to in Section 29 of the Land and Income Tax Amendment Act 1939

FREYBERG, Governor-General

To all to whom these presents shall come and to :

JOHN HECTOR LUXFORD, of Auckland, Retired Stipendiary Magistrate, THEODORE NISBET GIBBS, of Wellington, Public Accountant, and PAUL LANCELOT PORTER, of Heretaunga, Retired Banker.

GREETING :

WHEREAS it is desirable that inquiry should be made into certain matters relating to income-tax and social security charge payable by Maori authorities and Maoris referred to in section 29 of the Land and Income Tax Amendment Act 1939, and into the necessity or expediency of legislation relating to such income-tax and social security charge :

Now, therefore, I, Bernard Cyril, Baron Freyberg, the Governor-General of the Dominion of New Zealand, in exercise of the powers conferred on me by the Commissions of Inquiry Act 1908 and all other powers and authorities enabling me in this behalf, and acting with the advice and consent of the Executive Council, do hereby nominate, constitute, and appoint you the said

John Hector Luxford,
Theodore Nisbet Gibbs, and
Paul Lancelot Porter

to be a Commission for the following purposes, namely,—

- (1) To inquire into the working of the law relating to income-tax and social security charge in connection with the income derived by the Maori authorities referred to in section 29 of the Land and Income Tax Amendment Act 1939 and the Maoris in trust for or on behalf of or for the benefit of whom such Maori authorities administer or have control of Maori land or reserves or any other property or income in so far as it relates to compliance by such Maori authorities and Maoris with such law ;
- (2) To inquire into the necessity or expediency of and to recommend any legislation which having regard to the facts found by you may appear to be desirable in connection with the working of the laws relating to income-tax and social security charge payable by such Maori authorities and Maoris, and for the purpose of better ensuring that such Maori authorities and Maoris comply with those laws by furnishing correct returns of income and by paying the correct amounts of income-tax and social security charge for which they may be liable ;
- (3) To inquire and report whether it is just and equitable that such legislation should include provision for mitigating the liability of such Maori authorities and Maoris to comply with the laws relating to income-tax and social security charge from time to time in force in respect of the years prior to the 31st day of March 1952; and for that purpose to inquire whether such Maori authorities and Maoris or any of them believed, and if so, were justified in believing, that they would not be required to make returns of income or to pay income-tax or social security charge on the profits derived from land or other property administered by such Maori authorities in trust for or on behalf of or for the benefit of such Maoris or on some portion of such profits ;

and generally to inquire into and report upon such other matters arising out of the premises as may come to your notice in the course of your inquiries and which you consider should be investigated in connection therewith, and upon any matters affecting the premises which you consider should be brought to the attention of the Government:

And in exercise of such powers and authorities as aforesaid and with the like advice and consent I do hereby appoint you the said

John Hector Luxford

to be the Chairman of the said Commission:

And you are hereby authorized to make and conduct any inquiry under these presents at such times and places as you deem expedient, with power to adjourn from time to time and place to place as you think fit, and so that these presents shall continue in force and the inquiry may at any time and place be resumed although not regularly adjourned from time to time or from place to place, and to call before you and to examine on oath or otherwise such persons as you think capable of affording you information as to the matters aforesaid, and to call for and examine all such books, papers, writings, documents, and reports as you deem likely to afford you the fullest information on any such matters:

And you are hereby strictly charged and directed that you shall not at any time publish or otherwise disclose save to me in pursuance of these presents, or by my direction, the contents or purport of any report so made or to be made by you or any evidence or information obtained by you in the exercise of the powers hereby conferred upon you except such evidence or information as is received in the course of a sitting open to the public:

And I do further ordain that you have liberty to report your proceedings and findings under this Commission from time to time if you shall judge it expedient so to do:

And it is hereby declared that the powers hereby conferred shall be exercisable notwithstanding the absence at any time of any one of the members hereby appointed, provided that the Chairman (or a member deputed by the Chairman to act in his stead) be present and concur in the exercise of such powers:

And using all due diligence, you are required to report to me in writing under your hands not later than the thirtieth day of June one thousand nine hundred and fifty-two your findings and opinions on the matters aforesaid together with such recommendations as you think fit to make in respect thereof.

And, lastly, it is hereby further declared that these presents are issued under and subject to the provisions of the Commissions of Inquiry Act 1908.

Wheat, Oats, and Barley—Estimated Yields

Census and Statistics Department,
Wellington, 5 May 1952.

THE following estimated average yields per acre of wheat, oats, and barley for the season 1951-52 have been compiled from reports furnished by officers of the Department of Agriculture throughout New Zealand, and are now published for general information:

District.	Wheat. Bushels per Acre.	Oats. Bushels per Acre.	Barley. Bushels per Acre.
North Island ..	41	40	46
Marlborough ..	33	35	42
Nelson ..	33	32	43
Canterbury ..	42	48	42
Otago ..	38	47	38
Southland ..	50	62	33
Average (estimated) for New Zealand ..	42	51	42

The above estimates may be compared with last season's actual average yields, which were: Wheat, 43.33 bushels; oats, 51.05 bushels; and barley, 41.22 bushels.

In accordance with the above estimates, the total yield of wheat for the season 1951-52 should be approximately 4,000,000 bushels, as against an ascertained yield of 6,271,928 bushels for the season 1950-51.

The area from which oats were threshed for the five seasons ending with 1950-51 averaged approximately 34 per cent. of the total area under that crop. Assuming that a similar proportion is threshed this year, the total yield of grain would be approximately 2,100,000 bushels, as against a yield of 1,827,953 bushels for the season 1950-51.

On a similar assumption in regard to barley, the total yield of grain would be approximately 1,900,000 bushels, as against 1,902,432 bushels for the season 1950-51.
