THE Government Service Tribunal having heard and considered the application of the applicant doth hereby order:—

1. This order shall be deemed to have come into effect on the 1st day of April 1951.

2. (i) Unless the context otherwise requires, expressions used in this order shall have the same meaning as in the Education (Salaries and Staffing) Regulations 1948.*

(ii) This order shall apply to teachers in secondary schools, technical and combined schools, and in the secondary departments of district high schools, and to teachers engaged in the instruction of approved manual training classes.

3. Subject to the provisions of this order the salaries payable to full-time assistant teachers in secondary, technical, and combined schools, in secondary departments of district high schools, and to teachers engaged in the instruction of approved manual training classes shall comprise—

- (a) A basic salary at the appropriate rate prescribed in the First Schedule to this order;
- (b) A grading salary (if any) at the appropriate rate prescribed in the Second Schedule to this order;
- (c) A position salary at the rate prescribed in Part I of the Third Schedule to this order in cases where the assistant teacher holds a special post;
- (d) Any additional salary as provided in this order.

4. Notwithstanding the provisions of clause 3 of this order the following provisions shall apply—

- (a) No teacher who was appointed for the first time after the 1st day of February 1949 shall be entitled to be paid a salary higher than the total rate for a classification of Grade II unless he has completed at least three years' service in one or more of the schools or manual training centres included in a list approved for the purpose by the Director, or has had such other experience, not being teaching, as shall be approved by the Director instead of service in any of those schools or manual training centres on the aforesaid list:

Provided that in the case of a teacher who has served as a member of the Forces the period of service required under this paragraph shall be a period of three years reduced by the period served as a member of the Forces.

- (b) No male assistant teacher in the secondary department of any district high school in which the primary department is Grade III shall be paid a salary higher than the total rate of salary prescribed for a male teacher classified in Grade III;
- (c) Except in the case of an itinerant agricultural instructor and any teacher permanently engaged in the instruction of approved manual training classes on the 1st day of February 1947, no teacher engaged in the instruction of approved manual training classes shall be entitled to be paid a salary higher than the total rate for a classification of Grade III unless he is appointed with the approval of the Director to a senior position recognized for the purpose;
- (d) A teacher appointed to a senior position referred to in paragraph (c) of this clause shall be paid the maximum grading salary of Grade IV:

Provided that, with the approval of the Director, where there is unusual responsibility the teacher appointed to a senior position may be paid the position salary for a special post:

- (e) A teacher who is classified in Grade V, but is not for the time being the holder of a special post, shall be entitled to a grading salary as if he were classified in Grade IV, and if he is not already being paid the maximum grading salary for Grade IV, he shall be paid that salary;
- (f) A teacher who is classified in a grade lower than Grade V and who is appointed to a special post shall be entitled to the salary attachable to that post.

5. The Director shall from time to time publish in the *Education Gazette* the list of schools and manual training centres referred to in paragraph (a) of clause 4 hereof.

6. The provisions of paragraph (a) of clause 4 hereof shall not apply to—

- (a) A teacher who has complied with the provisions of clause 6 of Principal Order No. 60;
- (b) Any teacher while employed in a school or a manual training centre on the list referred to in paragraph (a) of clause 4 hereof.

- (a) His service as a teacher as defined by regulation 16 of the Education (Salaries and Staffing) Regulations 1948; and

- (b) Any period which, having regard to the academic, professional, technical, practical, or other relevant qualifications of the teacher, was taken into consideration for the purposes of his classification under the aforementioned regulations:

Provided that the period to be taken into consideration under this paragraph shall be such period of trade, professional, or commercial experience of the teacher after he attained the age of twenty-one years as the Director may determine, but shall not in any case exceed ten years; and

- (c) (i) A period of four years if the teacher holds a Master's degree with second-class or equivalent honours of a recognized University or an equivalent or higher qualification; or
- (ii) A period of three years if the teacher holds a Master's degree with lower than second-class honours of a recognized University, or a Bachelor's degree of a recognized University, or an equivalent qualification; or
- (iii) Such period (if any) as is approved by the Director if the teacher holds a lower qualification than the lowest qualification referred to in subparagraph (ii) of this paragraph.

8. If the day of completion of a year on a step of the basic salary scale by any teacher is the fifteenth day or an earlier day in any calendar month, he shall be paid the next higher rate of basic salary (if any) from the first day of that month. If the day of completion of the year is any day later than the fifteenth day of that month, he shall be paid the next higher rate (if any) from the first day of the next succeeding month.

9. The appropriate grading salary (if any) of any teacher shall be determined as follows:—

- (a) On the coming into force of the first classification of any teacher, the appropriate grading salary shall, unless the Director otherwise determines, be the minimum grading salary prescribed for the grade in which the teacher is classified;
- (b) If on the reclassification of any teacher the grade of the teacher is altered, his appropriate grading salary on reclassification shall, unless the Director otherwise determines, be the minimum grading salary prescribed for the grade in which the teacher is then classified;
- (c) On the first or any later classification of any teacher, the Director may fix the commencing grading salary of the teacher at any step within the appropriate grade higher than the minimum for that grade;
- (d) Until the classification of a teacher is altered, his grading salary shall be increased by annual increments, as prescribed in the Second Schedule to this order, until the maximum for the grade is reached.

10. Notwithstanding anything contained in this order if, in the opinion of the Director, the work of any teacher during any year has been unsatisfactory, the Director may in his discretion determine that that year shall not be taken into account in computing the teacher's period of service for the purposes of clause 8 of this order, and that the teacher shall not be paid any increment for that year to which he would have been entitled under clause 9 of this order. The Director shall notify the teacher of the reason why his work is regarded as unsatisfactory.

11. In accordance with paragraph (d) of clause 3 hereof, additional salaries shall be paid, with the approval of the Director, in accordance with the following provisions and at the appropriate rates prescribed:—

- (a) At a rate prescribed in Part II of the Third Schedule to this order to the first assistant of any school having on the 1st day of March not less than three hundred enrolled "full-time pupils" if the number of teaching half-days does not exceed three hundred and twenty, or at a rate specified in Part III of the said Third Schedule if the number of teaching half-days does exceed three hundred and twenty;
- (b) At a rate prescribed in Part II of the Third Schedule to this order to the senior assistant mistress of a co-educational school having on the 1st day of March of that year not less than one hundred girls enrolled as full-time pupils, or at a rate specified in Part III of the said Third Schedule if the number of such girls exceeds four hundred.
- (c) At a rate prescribed in Part II of the Third Schedule to this order to any assistant who is possessed of special knowledge and teaching ability in certain subjects or groups of subjects defined for the purpose by the Director, and who is required to supervise or control not less than two other teachers engaged in teaching all or any of those subjects, and who has such other duties (if any) as may be defined by the Director. Any such assistant shall be known as the head of the department. A rate prescribed in Part III of the said Third Schedule may be paid where in any case the Director is of opinion that a department is of such importance as to justify the payment of that rate; in any such case the department shall be called a senior department. In special circumstances, on the recommendation of the controlling authority, the Minister of Education may approve additional salary to the head of a senior department at the rate prescribed in Part IV of the said Third Schedule:

* Statutory Regulations 1948, Serial number 1948/194, page 573.

(d) At a rate prescribed in Part V of the Third Schedule to this order to the senior assistant in the secondary department of a district high school of Grade B, or Grade C, or Grade D, or of any higher grade if there is no special post in that school, and if his maximum salary is not thereby made greater than the maximum salary of the head teacher of the school. If the payment of the rate as so prescribed would make the salary greater than the maximum salary of the head teacher, then only such amount of the additional salary shall be payable as will make the salary equal to that of the head teacher.

12. If any assistant teacher holds more than one of the positions referred to in clause 11 hereof, then the additional salary for the two positions payable to the teacher shall not exceed in any one year the rate of salary prescribed in Part III of the Third Schedule to this order :

Provided that a head of department for whom a salary is approved at the rate shown in Part IV of the said Third Schedule shall be paid that rate of salary.

13. Additional salary at the rate prescribed in Part VI of the Third Schedule to this order may be paid to an assistant teacher appointed with the approval of the Director as a careers adviser who is not at the same time in receipt of additional salary as a first assistant, senior assistant mistress, or the head of a department.

14. Subject to the provisions of clause 15 of this order the principal of a secondary, technical, or combined school to which is attached an intermediate department shall be paid, in addition to the salary prescribed for his position as principal of his school, additional salary at the appropriate rate prescribed in Part VII of the Third Schedule to this order.

15. The additional rate of salary payable under clause 14 of this order shall not in any case exceed the difference (if any) between the scale salary of the principal and the scale salary payable to the principal of a school of Grade V.

16. An assistant teacher appointed as the temporary or relieving principal of the school in which he is employed as an assistant shall be paid during the period he so acts, if the period exceeds two weeks, such additional salary not being in excess of the appropriate rate specified in the Part VIII of the Third Schedule to this order as the Director may approve :

Provided that the total salary shall not exceed that which he would be paid as the principal of the school.

17. A teacher appointed as the temporary or relieving principal of a secondary, technical, or combined school (other than the school in which he is employed as an assistant) shall be entitled to be paid scale salary as if he were permanently appointed to the position of principal.

18. A teacher shall, during any period he is engaged as a relieving assistant teacher, be paid at the rate of salary to which he would be entitled if he had been permanently appointed to the position.

19. The provision of the Education (Salaries and Staffing) Regulations 1948 regarding payment of salary for school vacations shall apply to relieving teachers.

20. Subject to the provisions of this order, payment for overtime shall be made to full-time assistant teachers at the rates specified in Part IX of the Third Schedule to this order :

Provided that any teacher who is classified in a grade lower than Grade V, and who is the holder of a special post, shall be entitled to be paid overtime at the rate prescribed for a teacher of Grade V.

21. For the purposes of clause 20 hereof, overtime means the time in excess of ten half-days during which an assistant teacher is engaged in any week in the work of teaching or otherwise in his capacity as a teacher.

22. Every claim for payment of overtime under this order shall be supported by the certificate of the principal of the school in which the teacher is engaged as a full-time assistant.

23. Subject to the provisions of this order, the hourly rate of payment for each part-time teacher shall be fixed by the controlling authority, being not less than the minimum nor more than the maximum rates specified in Part X of the Third Schedule to this order :

Provided that no part-time teacher shall be paid under this clause for more than seven half-days in any week.

24. The Director may in his discretion direct a controlling authority to vary within the rates prescribed in the said Part X of the Third Schedule the hourly rate payable to any part-time teacher.

25. Where a part-time teacher is employed with the consent of the Director for more than seven half-days in any week, his salary shall, unless the Director otherwise directs, be computed as if he were a full-time teacher.

26. Subject to the conditions prescribed in the Education (Salaries and Staffing) Regulations 1948, a boarding-allowance shall be paid to a relieving teacher at the rate prescribed in Part XI of the Third Schedule to this order, and the provisions of those regulations relating to payment of travelling-expenses shall apply to relieving teachers.

27. Subject to the provisions of clauses 30, 31, and 32 of this order, every male teacher who is married shall be paid additional salary at the rate prescribed in Part XII of the Third Schedule to this order.

28. Subject to the provisions of clauses 29, 30, 31, and 32 of this order, there may, with the approval of the Minister, be paid an additional salary at the rate specified in Part XII of the Third Schedule to this order to any teacher who is a married woman, or a widower, or a widow, or who is separated from his wife or, as the case may be, her husband, whether by an order of the Court or by agreement, or who has been divorced.

29. Payment of additional salary in accordance with clause 28 of this order may be approved only in cases where the teacher has one or more children under the age of eighteen years dependent on and maintained by him or her, or in any other special circumstances approved by the Minister for the purposes of this clause.

30. No additional salary shall be payable under clause 27 or clause 28 of this order to any teacher in respect of any period if during that period his wife or, as the case may be, her husband is employed in the Education Service or in any branch of the Government Service for remuneration at a rate in excess of £100 per annum, or is otherwise employed to such an extent that, in the opinion of the Minister, additional salary should not be paid, or is in receipt of a retiring-allowance exceeding £100 per annum from the Government Superannuation Board :

Provided that if the wife of a teacher undertakes relieving work, the teacher shall receive the additional salary for the first ninety days (or for such longer period as the Director may approve in any special circumstances) of his wife's employment in any year ending on 31 January.

31. Additional salary in accordance with clause 27 or clause 28 of this order shall not be paid except on application by the teacher on a form provided for the purpose by the Education Department and on production of such evidence in support of the application as may be required in accordance with that form.

32. Payment of additional salary under clause 27 or clause 28 of this order after the 31st day of January in any year shall be continued only on production before that date of a certificate by the teacher, on a form provided by the Education Department, that no circumstance has arisen which would make him or her ineligible to be paid the additional salary.

33. Notwithstanding the provisions of this order no teacher to whom this order applies who was employed on the 1st day of September 1952 shall, under the provisions of this order, receive a total rate of basic salary and grading salary lower than he would have received under the Education (Salaries and Staffing) Regulations 1948.
