Notice to Mariners No. 1 of 1953 (Repeating Admiralty Notice to Mariners No. 1 of 1953)

CAUTION WHEN APPROACHING BRITISH AND COMMONWEALTH PORTS

PART I

Closing of Ports

(1) My Lords Commissioners of the Admiralty, in conjunction with the Commonwealth Naval Authorities, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports under their control, this is to give Notice that on approaching the shores of the British Isles, or any ports or localities in the Commonwealth, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II, of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three red lights vertically disposed by night, or three red balls vertically disposed by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this Notice.

If these signals are displayed, vessels must approach the port with the greatest caution and implicitly obey all orders or signals given them by the Examination Vessel, Traffic Control Vessel, or signal station.

(3) At some ports or localities at home or abroad, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing movable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for signals indicated in paragraph (2) above, when search-lights are observed to be working.

Vessels are particularly warned not to enter a declared "Dangerous Area" or approach boom defences without permission, nor to anchor or remain stopped in a dangerous area or prohibited anchorage unless specially instructed so to do.

PART II

Examination Service

(4) In certain circumstances it is also necessary to take special measures to examine individual vessels desiring to enter ports and localities at home and abroad and to control entry generally. This is the function of the Examination Service. Where Traffic Control Vessels take the place of Examination Vessels their authority is the same.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the port and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the port. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the Examination Service will probably be unknown to vessels desiring to enter the port, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In approaching by night any port in the British Isles and the Commonwealth, serious delay and risk will be avoided if four efficient all round lanterns, two red and two white, are kept available for use.

(7) By day the distinguishing flag of the Examination Vessel or Traffic Control Vessel will be a special flag (white and red horizontal surrounded by a blue border).

Also, three red balls vertically disposed if entrance is prohibited.

Usually the Examination Vessels or Traffic Control Vessels will fly the Blue Ensign, but in certain circumstances they may fly the White Ensign and in the Ports of some Commonwealth Countries they may fly the National Flag or an Ensign authorized by that Commonwealth Country.

By night the steamer will carry :—

- (a) Three red lights vertically disposed if entrance is prohibited.
 (b) Three white lights vertically disposed if entrance is permitted.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Merchant vessels approaching a British or Commonwealth Port at which the Examination Service is in force, must hoist their signal letters on arriving within visual signal distance of the port, and are not to wait for the signal "What is the name of your vessel?" to be made from the Examination Vessel.

(9) Masters are warned that, before attempting to enter any port when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Vessel or Traffic Control Vessel.

Whilst at anchor in the Examination Anchorage, Masters are warned that it is forbidden, except for the purpose of avoiding accident, to do any of the following things, without permission from the Examining Officer :—

- To lower any boat.
- To communicate with the shore or with other ships.
- To move the ship.
- To work cables.
- To allow any person or thing to leave the ship.

The permission of the Home Office Immigration Officer must be obtained before any passenger or member of the crew who has embarked outside the United Kingdom is allowed to land.

(10) In case of fog, Masters are enjoined to use the utmost care, and the port should be approached with caution.

(11) When the Examination Service is in force merchant vessels when approaching ports are especially cautioned against making use of private signals of any description, either by day or night; the use of them will render a vessel liable to be fired on.

(12) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART III

Other Regulations in Force

Nothing in this Notice is to be taken as over-ruling such general or local regulations as may be issued by the Public Traffic Regulations at each port, through routeing authorities, by Notices to Mariners or other means to meet new dangers or situations which may arise, or to cover local conditions.

Attention is called to Notice to Mariners No. 13 of each year and NEMEDRI.

NOTE.—This Notice is a repetition of Notice No. 1 of 1952.

Authority.—The Lords Commissioners of the Admiralty.

Notice to Mariners No. 4 of 1953

OFFICIAL MESSAGES TO BRITISH MERCHANT SHIPS AND FISHING-VESSELS

THIS organization provides for the transmission of important messages from Naval Authorities to small ships, trawlers, &c., fitted with radio-telephony, on occasions when such messages may be of vital importance to their safety and welfare. Tests of the organization, lasting for one week, may be held at irregular intervals without prior notice, and all small craft fitted with R/T apparatus are earnestly requested to listen for the messages broadcast during these tests and to forward particulars of those received.

NOTE.—This notice will in future be issued annually as New Zealand Notice to Mariners.

2. When the organization described in this Notice to Mariners is ordered to be brought into force—

- (a) Ships are to continue to read the traffic from the coast station serving the waters in which they are sailing. Official messages will be broadcast as shown in the table below :
- (b) T.R.s are to be discontinued :
- (c) Messages are not to be acknowledged unless ships are specially directed to do so in the text of the message :
- (d) Ships are to conform to any restrictions regarding the use of radio which may be issued by the Naval Authorities.

New Zealand Coastal Waters

These messages are to be broadcast at definite times from the radio-stations given in the following table. Normal R/T procedure to which small ships are accustomed is employed as far as possible. A preliminary call will be made on 2182 kc/s. and the messages will then be broadcast on the coast station's working frequency of 2162 kc/s.; this frequency will be referred to in the preliminary call. The text of each message indicates the Naval Authority who has originated it and contains, if necessary, details of the locality to which it refers.

Example.—The shore station calls on 2182 kc/s. "Hullo, all British merchant ships, this is Wellington Radio. I have a message from the New Zealand Naval Board. Please listen on 2162 kc/s."

The shore station then changes frequency and proceeds: "Hullo, all British merchant ships, this is Wellington Radio. Here is a message from the New Zealand Naval Board. Begins. The organization for broadcasting official messages for ships fitted with radio-telephony given in N. to M. No. 4 is now in force for test for one week ending (repetition of text) . . . (date time group) . . . ends."

All ships hearing these messages, when transmitted for test purposes only, are particularly requested to forward brief reports through their owners to the Navy Department and the Marine Department, Wellington, stating the times and their approximate position when these test messages were heard.

FIXING MAXIMUM RETAIL PRICES OF CORNSACKS TO WHICH THIS ORDER APPLIES

4. (1) The maximum retail price that may be charged or received for any cornsacks to which this Order applies shall be determined as follows:—

(a) When sold "ex wharf" at Auckland, Wellington, Lyttelton or Dunedin: For 46 in. by 23 in. cornsacks, 55s. per dozen; for 48 in. by 26½ in. cornsacks, 61s. per dozen.

(b) When sold "ex store" at Auckland, Wellington, Lyttelton, or Dunedin: For 46 in. by 23 in. cornsacks, 56s. 6d. per dozen; for 48 in. by 26½ in. cornsacks, 62s. 6d. per dozen.

(c) When sold by a retailer carrying on business elsewhere than at Auckland, Wellington, Lyttelton, or Dunedin the maximum price shall be the appropriate price fixed by paragraph (b) hereof increased by the appropriate proportion of the freight charges incurred by the retailer in obtaining delivery from such one of the said places as is most convenient of access to his store; provided that where any cornsacks to which this paragraph applies are obtained by the retailer elsewhere than from such one of the said places that is most convenient of access to his store the increase authorized by this paragraph shall not exceed the appropriate proportion of the freight charges that would have been incurred by the retailer if the cornsacks had been obtained from that place and if delivery had been effected by the holder of a goods-service licence under the Transport Act 1949, at authorized rates.

(2) The maximum prices fixed by the last preceding subclause are fixed as for delivery f.o.r. or f.o.b. as the case may require.

(3) Where any cornsacks are delivered by a retailer otherwise than f.o.r. or f.o.b. the price that may be charged by the retailer shall be the appropriate price in terms of the foregoing provisions of this clause increased by the amount of the freight charges incurred by him in effecting delivery and then reduced by the amount of those charges that would have been incurred by him if he had delivered the cornsacks f.o.r. or f.o.b. as aforesaid.

(4) Any freight charges imposed by a retailer pursuant to the foregoing provisions of this clause shall be shown separately on the appropriate invoice.

PROVISION FOR SPECIAL PRICES WHERE EXTRAORDINARY CHARGES INCURRED

5. Notwithstanding anything in the foregoing provisions of this Order and subject to such conditions, if any, as it thinks fit, the Tribunal, on application by any wholesaler or retailer, may authorize special maximum prices for any cornsacks to which this Order applies, where special circumstances exist, or for any reason extraordinary charges (freight or otherwise) are incurred by the wholesaler or retailer. Any authority given by the Tribunal under this clause may apply with respect to a specified lot or consignment of cornsacks or may relate generally to all cornsacks to which this Order applies sold by the wholesaler or retailer while the approval remains in force.

Any authority given under this clause shall be exhibited in the manner prescribed by clause 11 hereof in respect of Price Orders.

10. For the purposes of this Order liquor shall be deemed to be served in a lounge or a dining-room only if it is served to the purchaser by the licensee or his servant in the lounge or dining-room and not directly to the purchaser over a counter.

11. Every licensee of any licensed premises, and every holder of a conditional licence, shall keep a copy of this Price Order or a statement of the retail prices fixed thereby prominently displayed in every place in the licensed premises where drinks are sold or in every place of sale or disposal of liquor under the authority of the conditional licence (as the case may be) in such a position that customers may examine the Price Order or statement without having to ask for its production and without having to obtain permission to examine it.

THE GROWTH AND DEVELOPMENT OF SOCIAL SECURITY IN NEW ZEALAND

A survey of social security in New Zealand from 1898 to 1949, and the most comprehensive work on the subject yet published in this country.

Of 180 pages, the book is divided into three parts—cash benefits, health benefits, and finance. Each subject is dealt with in detail and there is a comprehensive index.

The book will undoubtedly be of considerable interest to those interested in social security and social services, and will be especially valuable to University students.
