Published by Authority

WELLINGTON, MONDAY, 28 FEBRUARY 1955

**IMPORTANT.**—The information published in full in this *Gazette* will be published again in like form in 1960. In the intervening years this *Gazette* will contain details of the Minister's decision relating to game that may be hunted, the dates between which such game may be hunted, bag limits, and any amendments to the Special Conditions and Closed Game Areas published in this *Gazette*.

Acclimatization societies are asked to ensure that all purchasers of shooting licences are placed in possession of a comprehensive statement of their rights, duties, and obligations during the shooting season.

### Open Season for Game in Certain Acclimatization Districts

**P**URSUANT to the Wildlife Act 1953, the Minister of Internal Affairs declares an open season for game of the kinds specified and in the acclimatization districts specified in the First Schedule hereto, except in the Closed Game Areas specified in the Second Schedule hereto, during the periods set forth in relation to each district, subject to the special conditions specified in relation to each district; and hereby calls the attention of sportsmen and others to the provisions and matters set forth or referred to in the Third Schedule hereto. Any person hunting or killing game otherwise than in the terms of this notification (including the special conditions specified in relation to any acclimatization district) is liable on conviction to a fine of £50.

The attention of sportsmen and others is drawn to the fact that certain of the conditions previously permanently included in the notification now no longer appear, but are included in the Wildlife Act 1953 and the Wildlife Regulations 1955.
