TOWN AND COUNTRY PLANNING ACT 1953

OBJECTIONS TO THE KAMO TOWN DISTRICT TOWN PLANNING SCHEME NO. 1

THE Kamo Town Board hereby gives notice that the hearing of objections to the Kamo Town District Town Planning Scheme No. 1 will commence at the Kamo Town Board Office at 9 o'clock in the forenoon on Tuesday, the 24th day of May 1955, and will continue as there arranged from time to time, and place to place, until all objectors and witnesses have been heard.

All persons who wish to be heard in support of or objection to any objection shall notify the Town Board accordingly at least three days before that date.

The following is a summary of the subject matters of objections received by the Town Board:

(1) That land fronting the eastern side of Bay of Islands Road adjoining the Whangarei Borough boundary has been wrongly classified as a special residential district.

(2) That Lot 1, part Allotments 50 and 50B, Parish of Whangarei, adjoining the railway, has been wrongly classified for residential purposes, and should be re-classified for industrial purposes.

(3) That the proposed road shown parallel to and immediately east of the railway, which passes through property owned by the State Mines Department, and more particularly through the head works at the mouth of the State Coal Mine, together with other proposed roads and the zoning of land owned by the Crown for residential purposes in which there are mineral rights, would seriously interfere with the extraction of coal.

(4) That the level crossing of the railway line by the proposed road at approximately 131 miles 44 chains is not acceptable to the Railway Department, and that the proposed crossing would have to be by overhead bridge constructed at the expense of the Town Board.

(5) That the proposed restricted industrial zone adjoining the Otangarei Housing Block is likely to affect the value of the adjoining land to be developed by the Housing Department for residential purposes.

(6) That objection is made to the proposed through-road shown parallel to and immediately east of the railway insofar as it purports to be a proposed main highway or State highway.

(7) That the scheme fails to provide for the widening of State Highway No. 1 by equal widths on both sides so as to provide a minimum overall width of 1½ chains throughout the Town District.

(8) That satisfactory provision for public works within the framework of the scheme has not been made and that Ordinance 6 (3) of the Fourth Schedule to the Town and Country Planning Regulations 1954 should be included in Part II of the scheme clauses.
