M. SULLIVAN,
Assistant Secretary for Maori Affairs.

(M.A. 67/3/1; D.O. 4/11)

Price Order No. 1670 (Cheese)

PURSUANT to the Control of Prices Act 1947, the Price Tribunal hereby makes the following Price Order:

PRELIMINARY

1. This order may be cited as Price Order No. 1670, and shall come into force on the 31st day of August 1956.

2. (1) Price Order No. 1660* is hereby revoked.

(2) The revocation of the said Price Order shall not affect the liability of any person for any offence in relation thereto committed before the coming into force of this order.

3. (1) In this order, unless the context otherwise requires,—

“The said Act” means the Control of Prices Act 1947:

“The said regulations” mean the Dairy Produce Regulations 1938†:

“Export size”, in relation to any cheese, means a cheese weighing or reputed to weigh approximately 80 lb.:

“Medium size”, in relation to any cheese, means a cheese weighing or reputed to weigh approximately 40 lb.:

“Pancake size”, in relation to any cheese, means a cheese weighing or reputed to weigh approximately 20 lb.:

“Daisy size”, in relation to any cheese, means a cheese weighing or reputed to weigh approximately 25 lb.:

“Loaf size”, in relation to any cheese, means a cheese weighing or reputed to weigh approximately 10 lb.:

“Standard crate lot”, in relation to a transaction for the sale of cheeses, means a lot consisting of two cheeses of export size, or three cheeses of medium size, or six cheeses of pancake size, or five cheeses of daisy size, or nine cheeses of loaf size.

“Manufacturing dairy” means a dairy registered as a cheese factory, pursuant to the said regulations.

(2) Terms and expressions defined in the said Act, or in the said regulations, when used in this order, have the meanings severally assigned thereto by the said Act or by the said regulations as the case may be.

4. For the purposes of this order, any person who sells by retail to any one purchaser, for delivery at any one time, not less than three standard crate lots of export size, medium size, pancake size, daisy size, or loaf size cheeses, whether or not all the standard crate lots contain the same size of cheeses, shall in respect of that sale be deemed to be a wholesaler, and the provisions of this order as to maximum wholesale prices shall apply accordingly with respect to every such sale.

APPLICATION OF THIS ORDER

5. (1) Except as otherwise provided herein this order applies with respect to all sales in New Zealand by way of wholesale, or retail, of Cheddar cheese that is sold by a wholesaler or retailer, as the case may be, within four months after the date of its manufacture.

(2) For the purposes of this clause the date of the manufacture of any cheese shall be deemed to be the date indicated on the cheese in accordance with the requirements of the Dairy Produce Regulations 1938†.

(3) Every person who sells any Cheddar cheese by retail (whatever the age of such cheese) shall keep, for a period of not less than four months, a record showing the date of the delivery of the cheese to the retailer, and also—

(a) If the whole cheese was sold, without cutting, the date of its sale; or

(b) In any other case, the date on which the cheese was first cut.

(4) In its application to sales by wholesalers, this order applies only to the sale of export size, medium size, pancake size, daisy size, and loaf size cheeses.

(5) In its application to sales by retailers, this order applies to the sale of all Cheddar cheese referred to in subclause (1) of this clause sold by retail.

MAXIMUM PRICES FOR SALES OF CHEESE BY WAY OF WHOLESALE, OR BY A MANUFACTURING DAIRY TO A WHOLESALER TO WHICH THIS ORDER APPLIES

6. (1) Subject to the provisions of this order, the maximum price that may be charged or received by any wholesaler for any cheese to which this order applies shall be computed as follows:

Nature of Sale	Maximum Price Per Pound			
	Export Size	Medium Size	Pancake or Daisy Size	Loaf Size
(a) Sales in standard crate lots (crated) ..	s. d. 1 8½	s. d. 1 9½	s. d. 1 9¼	s. d. 1 11¼
(b) Sales in standard crate lots (uncrated) ..	1 7½	1 8½	1 9½	1 11
(c) Sales of less than a standard crate lot ..	1 7¼	1 8½	1 9¼	1 11¼

Provided that if a wholesaler cuts portions from a whole export or a whole medium cheese for sale by way of wholesale he may add to the appropriate maximum price (computed in accordance with the foregoing table) that may be charged or received for such whole cheese the sum of ¼d. per pound.

Provided further that for the purposes of this order the cutting of a cheese does not alter the classification of such cheese as set out in clause 3 (1) of this order.

(2) For the purposes of this clause the weight of any cheeses sold in crates shall be deemed to be their weight as at the time of crating, and the weight of uncrated cheeses shall be deemed to be their actual weight when delivered to the purchaser.

7. Notwithstanding anything in clause 6 of this order, the maximum prices that may be charged or received for any cheese to which this order applies by any manufacturing dairy upon any sale to a wholesaler shall be ¾d. per pound less than the prices computed in accordance with the said clause.

RETAILERS' PRICES

8. (1) The maximum price that may be charged or received by any retailer for any cheese to which this order applies shall be determined in accordance with the following provisions, namely:

- (a) In the case of cheese sold by a retailer to whom supplies of Cheddar cheese are available, free of freight charges, for delivery at his store from any source whatever, the maximum retail prices shall be: (i) Loaf size 2s. 2d. per pound, and (ii) All other sizes 2s. per pound.
- (b) In cases to which the last preceding paragraph does not apply, the maximum retail prices shall be:

- (i) Loaf size 2s. 2d. per pound, and
(ii) All other sizes 2s. per pound increased to the next upward halfpenny by the appropriate proportion of the freight charges incurred by the retailer in obtaining delivery at his store:

Provided that where any cheese to which this paragraph applies is obtained by the retailer from a source of supply that is not the most convenient of access to the retailer's store, the increase of the price per pound authorised by this paragraph shall not exceed the appropriate proportion of the freight charges that would have been incurred by the retailer if the cheese had been obtained from the source of supply most convenient of access to his store, and if delivery had been effected by a common carrier at current freight rates.

(2) Where the quantity of cheese sold by a retailer in any one transaction is not an exact number of pounds, the maximum price shall be computed at the rate per pound fixed in accordance with the last preceding subclause.

(3) If in respect of any cheese the retail price charged in accordance with the provisions of this clause is not an exact number of pence or halfpenny, the maximum price shall be computed to the next upward halfpenny.

SPECIAL PRICES WHERE EXTRAORDINARY CHARGES INCURRED

9. Subject to such conditions, if any, as it thinks fit, the Tribunal, on application by any retailer, may authorise special prices in respect of any cheese to which this order applies where special circumstances exist or for any reason extraordinary charges (freight or otherwise) are incurred by the retailer. Any authority given by the Tribunal under this clause may apply with respect to a specified lot or consignment of cheese or may relate generally to all cheese to which this order applies sold by the retailer while the approval remains in force.

Dated at Wellington this 29th day of August 1956.

The Seal of the Price Tribunal was affixed hereto in the presence of—

[L.S.] D. J. DALGLISH (Judge), President.
H. PEARCE, Member.

By J. S. YEATES and ELLA O. CAMPBELL

This book supplies a long-felt want in this country by providing a simple explanation of the manner in which plants function and the conditions necessary for their growth. Wherever possible technical terms have been avoided, and those essential to a proper understanding of the subject have been fully explained. Over one hundred illustrations contribute to a clear exposition of the subject. As a result, although the book is primarily intended for use in schools and colleges, it is also suitable for farmers, orchardists, horticulturists, and home gardeners.

THE GROWTH AND DEVELOPMENT OF SOCIAL SECURITY IN NEW ZEALAND

A survey of social security in New Zealand from 1898 to 1949, and the most comprehensive work on the subject yet published in this country.

Of 180 pages, the book is divided into three parts—cash benefits, health benefits, and finance. Each subject is dealt with in detail and there is a comprehensive index.

The book will undoubtedly be of considerable interest to those interested in social security and social services, and will be especially valuable to University students.
