Board of Trade Notice No. 124—Inquiry Into the Supply of Building Materials

THE Board of Trade is undertaking forthwith an inquiry into the supply of building materials used in New Zealand derived from both overseas and domestic sources, with particular reference to the following matters:

- (1) The type, quantity, and value of building materials imported with a view to a reduction in the volume and value of such imports;
- (2) The possibility of partial or complete replacement of such imports by similar or alternative production from local sources;
- (3) What broad changes in architectural design could be implemented (without seriously depressing accepted constructional standards) which would encourage greater use of locally produced materials;
- (4) The extent to which it is practicable to modify the specifications for large buildings at present under construction or for which contracts have already been let by Government, Local Authorities, or private interests, in order to substitute New Zealand materials or manufactured goods for imported goods;
- (5) On what basis the distribution within the country of scarce imported building materials should be made;

(6) What steps could be taken to reduce the cost of housing and other building consistently with the need to conserve overseas exchange while maintaining accepted standards.

In addition to the foregoing inquiry, the Board is undertaking an inquiry into the following matter:

(7) The type, quantity, and value of all timber imports, whether used as building materials, or for any other purpose, with a view to a reduction in the volume and value of such imports.

The Board of Trade invites professional and trade associations concerned with any part or parts of the subject matter of these inquiries and also any persons who have special knowledge relating to any part or parts of these inquiries, to send to the undersigned a memorandum in writing stating relevant facts and expressing their views. Any memorandum should be prepared in the light of the present and any prospective shortage of overseas exchange.

The memorandum, and five copies, should reach the undersigned not later than 31 July 1958.

Dated at Wellington this 26th day of June 1958.

R. IRVING,
Acting Secretary of the Board of Trade.

German Debts

THE Minister of External Affairs has been informed that New Zealand creditors of debtors in Germany would be well advised to seek by registered airmail, a written acknowledgment of their debts by the end of July 1958. Under the provisions of a Federal German law of 19 December 1956, limits are set on the periods within which creditors may enforce certain debts owed by persons in Germany. These limits may in some cases be as early as 31 July 1958. Most New Zealand creditors will have arranged for settlement of their debts under the provisions of the Agreement on German External Debts, to which New Zealand is a party, but any who have not done so should write to their debtors in Germany in order to maintain the debt concerned. Similar action is also recommended to creditors who have debts of a kind to which, for one reason or another, the agreement is not yet applicable.

Copies of the Federal German Law may be obtained from the Department of External Affairs, Wellington.

Dated at Wellington this 26th day of June 1958.

A. D. MCINTOSH, Secretary of External Affairs.
