Urewera National Park Bylaws

PURSUANT to the National Parks Act 1952, the Urewera National Park Board hereby makes the following bylaws:

1. INTERPRETATION

In these bylaws, unless inconsistent with the context—

“Authorised person” means a person authorised by the Board;

“Board” means the Urewera National Park Board having the control and management of the park by virtue of the said Act;

“Camping site” means any area that may from time to time be set aside under section 28 (1) (i) of the said Act;

“Chairman” means the Chairman of the Board;

“Commissioner” means the Commissioner of Crown Lands for the Land District of South Auckland;

“Park” means the Urewera National Park, being a national park under and subject to the National Parks Act 1952;

“Park Ranger” or “Park Warden” means any person appointed as such by the Board under the powers of section 27 of the said Act;

“Secretary” means the Secretary of the Board.

2. CAMPING

All persons wishing to camp in the park shall apply to the Secretary or a Park Warden or Ranger or to an authorised person for assignment of camping sites, and shall pay such fees or charges as may from time to time be fixed by the Board, and shall not change camp sites without permission from the Secretary or a Park Warden or Ranger or other authorised person as aforesaid.

The following conditions shall be strictly observed in connection with camp sites:

- Subject generally to the provisions of bylaw No. 4 relating to fires, combustible rubbish must be burned on camp fires, and all other garbage and refuse of all kinds, including broken glass, bottles, tin cans, etc., must be placed in garbage cans, if available, or otherwise must be buried not less than 1 ft deep by the campers in a place hidden from sight.
- No person, whether camping in the park or otherwise being therein, shall pollute in any manner the waters of the park, nor bathe in any of the streams near the regularly travelled thoroughfares in the park without suitable bathing clothes.
- No person shall take any wood for fuel except from dead trees or from trees which have been cut for that purpose by the Board's employees.
- No person shall remove, disturb, cut names, letters, words, figures, or devices on, or deface any building, gates, bridges, natural features, or trees, or any object natural or otherwise, within the limits of the park.
- No person shall in any building in the park act or use the same otherwise than in a cleanly and decent manner.

3. HUTS

Any person desiring the use of any huts or other buildings the property of the Board and erected in the park shall apply to the Secretary or a Park Warden or Ranger or to an authorised person who may in his discretion grant to such applicant usage of the hut or building as he shall deem advisable, either exclusively or together with any other person or persons.

The restrictions on and conditions of usage of any such huts or buildings shall be as fixed by the Board by resolution from time to time.

A Park Warden or Ranger or other officer of the Board is empowered to terminate any usage of any such hut or building where the user has departed from the terms and conditions upon which usage was granted or where the user acts in such a manner as in the opinion of the Park Warden or Ranger or other officer of the Board is likely to cause damage to the Board's property or to give offence to other persons, or to cause them annoyance.

No person shall use, or attempt to use, any such hut or building without the permission of the Secretary or a Park Warden or Ranger or of an authorised person.

Should any organisation be empowered to erect any buildings for accommodation of its members within the park it shall be subject to the condition that if such accommodation is not in the opinion of the Board being made reasonable use of by such members, then other persons may be authorised by the Board to make use of such accommodation under whatever conditions the Board may determine.

4. FIRES

No person shall light any fire, except at camping sites or picnic places, without the express permission of the Secretary or a Park Warden or Ranger or of an authorised person.

No person shall kindle a fire near trees or dead wood, moss, dry leaves, grass, tussock, forest mould, or other vegetation, but a fire may be lit in a specially prepared open place on rocks or earth. Should camps or picnic places be located in a locality where no such open place exists, or is provided, any dead wood, moss, dry leaves, grass, tussock, forest mould, or other vegetation must be scraped down to the rock or earth over an area considerably larger than that required for the fire. Fires shall be lighted only when necessary, and when no longer needed shall be completely extinguished by covering all embers and the bed with earth and water so that there remains no possibility of the fire reviving.

No person shall light a fire in any position where it is likely to present a fire hazard.

Once a fire is lighted the person lighting the fire, or such other person as is detailed by him, shall remain in attendance on the fire until it is completely extinguished.

No match (lighted or not lighted), cigarette, or other lighted matter shall be dropped, thrown, or otherwise placed in any grass or other inflammable material.

Nothing in this bylaw shall exempt an offender from liability under the National Parks Act 1952, or any other Act with respect to the lighting of fires.

5. TRADING AND INTOXICATING LIQUORS

No person shall reside permanently, engage in any business, sell or offer for sale any article or food or merchandise, intoxicating liquor or any kind of drink, or carry on any other pursuit or calling within the park without the written consent of the Board given subject to such terms and conditions as it deems fit.

6. MISBEHAVIOUR

Within the park no person shall wilfully obstruct, disturb, or interfere with any other person in the use or enjoyment of the park, or use foul, abusive, indecent, or obscene language, or be intoxicated, noisy, or riotous, or in any way misbehave.

7. ANIMALS

No person shall take any dog or cat into the park without the written permission of the Board, or abandon in the park any dog, cat, or animal.

8. NOTICES

No person shall interfere with any placard, sign, or notice erected by the Board in or relating to the park.

9. AIRCRAFT

No person shall make use of any part of the park whether land or water for the purpose of the landing or alighting thereon or the flying therefrom of aircraft of any kind (including aeroplanes, helicopters, gliders, and balloons) except in accordance with written permission previously obtained from the Board, but this bylaw shall not apply at public licensed aerodromes or Government civil aerodromes in the park or in cases of emergency.

The requirement for written permission of the Board may be waived in such cases as the Board may nominate at its discretion, but this does not absolve persons from compliance with any requirements that the Director of Civil Aviation may stipulate.

The Board shall be entitled at any time to prohibit the entry by the public to any part or parts of the park the use of which as aerodromes or landing grounds is permitted by the Board.

10. ENTRY INTO SPECIAL AREAS

For the purposes of this bylaw a special area means the special area under section 11 of the National Parks Act 1952 or a special area set apart by the Governor-General under section 12 of the National Parks Act 1952.

No person shall enter a special area except with the written permission of the Board or Commissioner, as the case may require, given subject to such terms and conditions as are deemed fit. Every such permit shall include the following particulars and conditions:

- (1) The duration of the permit shall be specifically stated therein.
- (2) The names of all persons covered by the permit shall be set out.
- (3) The area covered by the permit shall be specified therein.
- (4) No permit shall include a right to camp or remain overnight or light camp fires unless the permit so states.
- (5) Each permit shall be revocable at the pleasure of the Board or Commissioner as the case may require.

11. GENERAL

The bylaws made by the National Parks Authority on the 16th day of June 1954 and published in the *Gazette* of 16 December 1954, No. 79, page 2046, are hereby revoked.

Nothing in these bylaws shall be deemed to limit or prevent the taking of proceedings under any Act in respect of any offence committed within the park.

F. S. BEACHMAN, Chairman.

NOTE—At stations where departures from normal have an asterisk, the temperature record has been maintained for less than 10 years, the rainfall record for less than 20 years. Rainfall normals have been revised and now refer to the standard period 1921–50. Where observations are not available for the whole period, or where the site of the rain gauge has been changed, the normals are partly interpolated.

NOTES ON THE WEATHER FOR APRIL 1962

General: In the North Island April was wet and rather warm, and noteworthy for a violent storm which occurred at mid-month.

Throughout both islands farmers found it a favourable month, as moisture was adequate in nearly all districts and there was an absence of severe cold spells.

A very deep depression crossed the North Island from the 14th to the 16th, causing exceptionally strong winds in most districts, with widespread damage. The main areas which escaped damage were Nelson, the West Coast, and Southland.

Rainfall: Rainfall was above normal over most of the North Island and also in northern districts of the South Island and the Canterbury Plains and coast. It was more than double the average value about Cook Strait, in the Hokianga - Bay of Islands area of Northland, and about Banks Peninsula. To the north and west of the Bay of Islands totals ranging from 13 to 23 in. were recorded, two-thirds of which fell in the four days 26 to 29 April, with some serious flooding.

About and west of the Southern Alps and in Southland rainfall was less than three-quarters of the average value.

Temperatures: Temperatures were above average by 1 to 2 degrees over the North Island, but they were below average by a degree in eastern districts of the South Island.

The coolest spell was associated with the passage of the deep depression on the 15th, when snow fell on the ranges of both islands.

Sunshine: Sunshine was mainly close to average. However, the West Coast and Hawke's Bay were favoured with about 20 hours more sunshine than usual; while in Northland, Wairarapa, and Central Otago it was below average by a similar amount.

Weather Sequence: During the first three days a depression over the Auckland Province was moving slowly eastward and an anticyclone was centred to the south-east of the South Island. Easterly winds prevailed, with rain in eastern districts, heavy in Hawke's Bay and Rotorua on the 1st. With rising pressures over the North Island the weather gradually cleared, and the 4th was fair. On the 5th and 6th a small depression over the South Island caused considerable rain on the West Coast, and light falls also about Cook Strait and in western districts of the North Island south of Auckland.

By the 7th the depression was centred over Cook Strait, with rain in this area. On the following day a ridge of high pressure extended over the country and the weather was fair.

A depression over the north Tasman Sea moved towards the North Island during the 9th and 10th and at the same time a trough of low pressure moved northward over the South Island. Rain was fairly general with some heavy falls about Cook Strait. An improvement occurred in most districts as the depression lost intensity during the two following days, but rain persisted over the Auckland Province. On the 13th the weather improved in the north, but rain was reported in Fiordland and Southland with the passage of a depression to the south.

On the 14th a depression moved from the north Tasman Sea towards the North Island, deepening rapidly. This depression crossed the North Island on the 15th. Exceptionally strong winds caused damage in many districts, the main exceptions being Westland and Southland. Rain was general on both days and temperatures were cooler, with snow on the ranges. Conditions improved rapidly on the 16th as the depression moved away to the south-east, but showers were still reported in the Auckland Province.

A ridge of high pressure extending on to the country from the west brought three days of mainly fair weather from the 17th to the 19th. A weak trough accompanied by light rain passed eastward over the South Island on the following day. From the 21st to the 24th there was a period of predominantly settled weather during the passage of an anticyclone over the country. However, showers occurred at times in Northland and on the Southland coast.

There was a further deterioration in the weather over Northland from the 25th to the 27th as a depression from the north Tasman Sea moved southward; rain also extended to the remainder of the Auckland Province and Hawke's Bay. A large anticyclone was centred near the Chatham Islands, and winds were from the north-east, with warm humid weather. During the last three days of the month the two systems remained almost stationary, and rain became more or less general, with some heavy falls in Northland, Bay of Plenty, and north-west Nelson. However, parts of Canterbury and Southland received little or no rain at this time.
