16. If at any time, in the opinion of the Minister, the dredging of material pursuant to this licence causes or aggravates, or is likely to cause or aggravate, sea erosion, he may require the Company to discontinue the dredging of material from all or any part of the foreshore and land below low-water mark included in this licence, or may regulate the removal of it, and the Company shall without delay comply with any such requisition or regulation.

17. The Company shall not commit or suffer to be committed unnecessary waste or damage in or on the said foreshore and land below low-water mark or any part thereof in exercise of the rights, powers, and privileges hereby granted.

18. Neither the granting of this licence nor anything herein contained shall affect the liability of the Company for any injury to persons or damage to property arising out of the Company's operations under this licence and the Company shall indemnify Her Majesty the Queen and the Minister against liability for any such injury or damage.

19. In case the Company or any permitted assign shall:

then and in any such case this licence may be determined by the Minister by one week's written notice to the Company.

20. Whenever any power may be exercised or any notice given or act or thing done or performed by the Minister in respect of this licence it shall be sufficient if such power is exercised, notice given, or act or thing done by someone acting by or under the special or general direction of the Minister.

21. Payment by the Company of any sum due under this licence, or commencement of dredging operations, shall be sufficient evidence of the acceptance by the Company of the terms and conditions of the licence.

If in respect of any lot of wheat sold by a distributor the maximum price in relation to such lot calculated at the appropriate rate set out in the foregoing table is not an exact number of half-pence, the maximum price of the lot shall be computed to the next upward halfpenny.

(2) The maximum prices fixed in the table to subclause (1) hereof are fixed for sales made on the basis of sacks included and where sales are made on the basis of sacks extra the said prices shall be reduced by 5½d. per bushel.

(3) Where delivery is effected by a distributor elsewhere than at one of the places mentioned in the table to subclause (1) hereof he may add to the appropriate price fixed by the foregoing provisions of this clause the actual freight charges incurred by him in obtaining delivery of the wheat to the point at which delivery is effected.

Retailers' Prices

12. The maximum price that may be charged or received by any retailer for any wheat to which this order applies shall be the sum of the following amounts:

- The cost of the wheat to the retailer at the point at which he takes delivery but not more in any case than the cost that would have been incurred had the retailer purchased the wheat in lots of ½ ton or more.
- The amount of any transport charges incurred by the retailer in obtaining delivery of the wheat into his store, being not more in any case than the charges that would have been incurred had delivery been effected at common carrier rates.
- An amount calculated at the rate per bushel as follows:
 - For wheat sold in sack lots: 1s. 3d. per bushel.
 - For wheat sold in lots of ½ bushel or more but less than one sack: 2s. per bushel.
 - For wheat sold in lots of less than ½ bushel: 2s. 9d. per bushel.

13. Where the prices fixed by this order do not include the price of the sacks, an additional charge may be made for the sacks not exceeding:

	s. d.
For 46-in. by 23-in. sacks	2 0
For 41-in. by 23-in. sacks	2 0
For 29-in. by 18-in. (sugar bags)	0 9

14. Subject to such conditions, if any, as it thinks fit, the Tribunal on application by any distributor or retailer may authorise special prices in respect of any wheat to which this order applies where special circumstances exist or for any reason extraordinary charges (freight or otherwise) are incurred. Any authority given by the Tribunal under this clause may apply with respect to a specified lot or consignment of wheat or may relate generally to all wheat to which this order applies, sold by the distributor or retailer while the approval remains in force.

Price Order No. 1926 (Cornsacks)

PURSUANT to the Control of Prices Act 1947, I, Alan Brown McLauchlan, pursuant to a delegation from the Secretary of Industries and Commerce acting under a delegation from the Price Tribunal, hereby make the following price order:

1. This order may be cited as Price Order No. 1926 and shall come into force on the 20th day of December 1963.

2. (1) Price Order No. 1897* is hereby revoked.

(2) The revocation of the said order shall not affect the liability of any person for any offence in relation thereto committed before the coming into force of this order.

APPLICATION OF THIS ORDER

3. This order applies with respect to sales by way of retail of all cornsacks other than secondhand cornsacks sold in New Zealand.

FIXING MAXIMUM RETAIL PRICES OF CORNSACKS TO WHICH THIS ORDER APPLIES

4. (1) The maximum retail price that may be charged or received for any cornsacks to which this order applies shall be determined as follows:

(a) When sold "ex wharf" at Auckland, Napier, Wellington, Lyttelton, Timaru, Dunedin, or Bluff: For 46-in. by 23-in. cornsacks, 33s. per dozen; for 48-in. by 26½-in. cornsacks, 37s. 6d. per dozen.

(b) When sold "ex store" at Auckland, Napier, Wellington, Lyttelton, Timaru, Dunedin, or Bluff: For 46-in. by 23-in. cornsacks, 34s. per dozen; for 48-in. by 26½-in. cornsacks, 38s. 6d. per dozen.

(c) When sold by a retailer carrying on business elsewhere than at Auckland, Napier, Wellington, Lyttelton, Timaru, Dunedin, or Bluff, the maximum price shall be the appropriate price fixed by paragraph (b) hereof, increased by the appropriate proportion of the freight charges incurred by the retailer in obtaining delivery from such one of the said places as is most convenient of access to his store; provided that, where any cornsacks to which this paragraph applies are obtained by the retailer elsewhere than from such one of the said places that is most convenient of access to his store, the increase authorised by this paragraph shall not exceed the

appropriate proportion of the freight charges that would have been incurred by the retailer if the cornsacks had been obtained from that place and if delivery had been effected by the holder of a goods-service licence under the Transport Act 1949 at authorised rates.

(2) The maximum prices fixed by the last preceding sub-clause are fixed as for delivery f.o.r. or f.o.b. as the case may require.

(3) Where any cornsacks are delivered by a retailer otherwise than f.o.r. or f.o.b. the price that may be charged by the retailer shall be the appropriate price in terms of the foregoing provisions of this clause, increased by the amount of the freight charges incurred by him in effecting delivery and then reduced by the amount of those charges that would have been incurred by him if he had delivered the cornsacks f.o.r. or f.o.b. as aforesaid.

(4) Any freight charges imposed by a retailer pursuant to the foregoing provisions of this clause shall be shown separately on the appropriate invoice.

PROVISION FOR SPECIAL PRICES WHERE EXTRAORDINARY CHARGES INCURRED

5. Notwithstanding anything in the foregoing provisions of this order and subject to such conditions, if any, as it thinks fit, the Tribunal, on application by any retailer, may authorise special maximum prices for any cornsacks to which this order applies, where special circumstances exist, or for any reason extraordinary charges (freight or otherwise) are incurred by the retailer. Any authority given by the Tribunal under this clause may apply with respect to a specified lot or consignment of cornsacks or may relate generally to all cornsacks to which this order applies sold by the retailer while the approval remains in force.

NOTES ON THE WEATHER FOR NOVEMBER 1963

General: November was a cool month. In many parts of the Auckland Province it was also very dry until the last three days, when some of these areas received good rain. Growth was retarded by the dry, cold weather, and in some areas dairy production was affected. Late frosts damaged some crops, especially in Canterbury on the 6th and 7th.

Strong gales buffeted the country from Auckland to Nelson and Marlborough on the 8th, and damage was reported in many districts.

Rainfall: Rainfall was less than two-thirds the average value in northern Northland, western Waikato, and most of the Taupo-Bay of Plenty area; also in parts of Nelson, Marlborough, and Central Otago. Elsewhere it was mainly close to normal; but in southern Northland and parts of southern and central Hawke's Bay, northern Manawatu, and Buller it was more than 50 per cent above.

Temperatures: Temperatures were mainly cooler than normal, by 1-2 degrees in the North Island and by 2-3 degrees in the South Island. However, in Northland, Auckland, North Taranaki, Nelson, and Marlborough they were close to average. In many parts of the South Island November was cooler than October—in inland Canterbury by 2 degrees.

Snow was reported to low levels in parts of the South Island and the North Island high country on the 6th.

Sunshine: Sunshine was mainly close to normal. However, Wellington was favoured with 40 hours above average and Nelson and Blenheim 24 above average; while Dunedin had 40 hours less than average.

Weather Sequence: During the first three days of the month an anticyclone extended on to New Zealand from the Tasman Sea and the weather was mainly fair or fine. However, on the 1st it rained in Northland, in the Gisborne district, and on the Southland coast.

From the 4th to the 6th a very deep depression passed to the south of Campbell Island, while the associated trough of low pressure crossed the country. Some rain was reported in all districts except parts of Gisborne and Hawke's Bay; and the south-westerly change on the 6th brought unusually low temperatures, with snow to low levels in parts of the South Island and the North Island high country. Further general rain occurred during the next three days as a complex depression passed over Cook Strait; and strong gales buffeted the country from Auckland to Nelson and Marlborough.

With rising pressures the weather improved during the 10th and 11th. South-westerlies prevailed with showers still in quite a few districts and some unseasonable frosts. A trough of low pressure which crossed New Zealand during the 12th and 13th brought rain, mainly coastal in the South Island, but more general in the North Island.

The period from the 14th to the 20th was one of westerly weather, with pressures high to the north and low to the south. Rain persisted on the West Coast and on the Southland coast; but elsewhere the weather was mainly fair, except on the 17th, when western districts of the North Island, Wairarapa, and most eastern districts of the South Island received some rain with the passage of a trough of low pressure. This fine spell for most districts persisted for another three days as an anticyclone crossed the North Island, but some showers were still reported on the West Coast.

From the 24th to the 26th a small depression crossed the South Island with light rain, except in Bay of Plenty, Gisborne, and Hawke's Bay. However, these districts benefited from rain brought by a southerly change during the next two days, while the weather cleared in the west.

During the last two days of the month Northland received considerable rain from a small depression; while elsewhere it was mainly fine.
