## VALUERS' REGISTRATION BOARD OF NEW ZEALAND

LIST OF PUBLIC VALUERS AS AT 31 MARCH 1964, AND EXPIRING 31 DECEMBER 1964

## Explanation

*Column 1*—This contains the name of each valuer who at 31 March 1964 is the holder of an Annual Practising Certificate issued under section 35 of the Valuers Act 1948. A valuer who is registered and makes valuations for members of the public is required to hold a current Annual Practising Certificate in order to retain the full rights of registration.

*Column 2*—This gives the postal address, either business or residential, as on the application for the Annual Practising Certificate.

*Column 3*—This shows the classification under which the Board has accepted the valuer's qualifications for registration. Valuing is classified only in the three main branches of rural, urban, or rural and urban. These classifications are outlined in section 20 of the Valuers Act 1948 as follows:

"20. (1) Every person entitled to be registered as a valuer under this Act whom the Board considers competent to value farm land only shall be registered as a rural valuer.

"(2) Every person so entitled whom the Board considers competent to value only land other than farm land shall be registered as an urban valuer.

"(3) Every person so entitled whom the Board considers competent to value both farm land and other land shall be entitled to be registered as both a rural valuer and an urban valuer."

*Column 4*—This indicates the subsection of section 19 of the Valuers Act 1948 under which the valuer has been registered. These subsections are:

"19. (1) Every person who has attained the age of 25 years and who immediately before the commencement of this Act was a member of the New Zealand Institute of Valuers (Incorporated) shall be entitled to be registered under this Act, if he makes application for registration within three months after the commencement of this Act, and satisfies the Board that he is of good character and reputation and has not less than three years' practical experience in New Zealand in the valuing of land.

"(2) Every other person who has attained the age of 25 years shall be entitled to be registered under this Act, if he satisfies the Board that he is of good character and reputation and—

"(a) That he holds a recognised certificate as defined in the next succeeding subsection and has had not less than three years' practical experience in New Zealand in the valuing of land within the 10 years immediately preceding the making of his application; or

"(b) That he has passed an examination or examinations approved by the Board and has had not less than three years' practical experience in New Zealand in the valuing of land within the 10 years immediately preceding the making of his application:

"Provided that the Board shall permit the registration of any other person who has attained the age of 25 years and who makes application for registration within one year after the commencement of this Act, and who satisfies the Board that he is of good character and reputation, that he has had three years' practical experience in New Zealand in the valuing of land within the 10 years immediately preceding the making of his application, and is a fit and proper person to be registered as a valuer.

"(3) For the purpose of this section the term 'recognised certificate' means a certificate, diploma, degree, or licence granted by a university college, board, or other authority (whether in New Zealand or elsewhere) and recognised by the Board as furnishing sufficient evidence of the possession by the holder thereof of the requisite knowledge of land valuing."

*Column 5*—This shows the date of registration.

D. R. B. DODSON, Registrar.

#### Price Order No. 1940 (Raw Tobacco Leaf)

PURSUANT to the Control of Prices Act 1947, the Price Tribunal hereby makes the following price order:

1. This order may be cited as Price Order No. 1940 and shall come into force on the 8th day of May 1964.

2. In this order—

“Flue-cured leaf” means leaf that has been treated in the kiln for at least three successive days immediately after picking for the purpose of yellowing, fixing colour, drying, and drying mid-ribs:

“Air-dried leaf” means leaf other than flue-cured leaf:

“Raw tobacco” means unmanufactured tobacco and includes the leaves and stems of the tobacco plant before they have passed through any process of manufacture other than curing:

“Sale” includes a contract for sale, agreement to sell, and offer for sale; “purchase” includes a contract for purchase, agreement to purchase, and offer to purchase; and “sale” and “purchase” include barter and exchange.

#### APPLICATION OF THIS ORDER

3. This order applies with respect to all raw tobacco leaf grown in New Zealand during the 1963-64 season: Provided that the Tribunal may, in any case where it considers it proper to do so and subject to such conditions (if any) as it thinks fit, exempt any such tobacco from the operation of this order.

#### FIXING AVERAGE PRICES OF RAW TOBACCO LEAF TO WHICH THIS ORDER APPLIES

4. (1) The average price to be paid by any tobacco manufacturer for raw tobacco leaf to which this order applies shall be not less than—

(a) For flue-cured leaf: 4s. 5d. per pound.

(b) For air-dried leaf: 4s. 0½d. per pound.

(2) For the purpose of this clause the weight of any raw tobacco leaf shall be deemed to be its weight at the time and place of delivery by the grower to the manufacturer or to his agent in the district in which it is grown: Provided that in any case where the grower and the manufacturer or his agent agree that the moisture content of the leaf in any lot of tobacco is excessive, then, for the purposes of calculating the value of the lot, the weight of the lot shall be deemed to be reduced by a reasonable amount to make allowance for the excessive moisture.

5. No raw tobacco shall be sold by the grower thereof or purchased from him at less than 2s. per pound free on board ship Motueka or Nelson in the case of tobacco grown in the Nelson Provincial District, and in the case of tobacco grown in any other district at less than 2s. per pound free on board ship or free on rail at the port or railway station which is nearest to the place at which such tobacco is grown.

6. 7. Notwithstanding anything in the provisions of clauses 5 and 6 hereof, the Tribunal may, in any case where it considers it proper so to do, authorise the sale and purchase of tobacco at a price less than the price fixed by either of those clauses.
