Following receipt by the Minister of Customs of a report from the Emergency Protection Authority, the Government has accepted the recommendation of the Authority that, in respect of certain continuous filament polyester yarn, additional temporary duties should be imposed for a period of 1 year, during which time the question of protection should be re-examined to decide whether or not the additional duties should be continued. The duties recommended are as follows:

(a) On continuous filament polyester yarns which are not bulked, stretch, or texturised, exceeding 65 denier but not exceeding 85 denier, a duty equal to the amount by which the c.i.f. value is less than \$1.27 per lb.

(b) On continuous filament polyester yarns which are not bulked, stretch, or texturised, exceeding 140 denier but not exceeding 160 denier, a duty equal to the amount by which the c.i.f. value is less than \$1.15 per lb.

2. In accordance with the provisions of the Tariff and Development Board Act, the Minister of Customs has requested the Board to inquire into and report as to the nature and extent of any protection it considers necessary for the New Zealand manufacture of continuous filament polyester yarn now classified in Tariff items 51.01.43, 51.01.44 and 51.01.45. These goods are included in Item Code 50.135 of the Import Licensing Schedule and are at present exempted from import licensing. A description of the goods included in the Inquiry, and the duty rates prevailing before and after the imposition of the temporary duties mentioned above, may be seen in the Schedule to this Notice.
