AUDITORS' REPORT

We have examined the balance sheet of the Eastern and Central Savings Bank as at 31 March 1974, and the related revenue account for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet with notes attached and revenue account present fairly the financial position of the Eastern and Central Savings Bank at 31 March 1974, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on the basis consistent with that of the preceding year.
