Amendment to Declaration of Infected Area Under Forest Disease Control Regulations 1967—Pine Needle Blight (Dothistroma Pini)

THE following amendment to declaration made under regulation 7 of the Forest Disease Control Regulations 1967 is hereby published in accordance with regulation 6 of the said regulations.

THE FOREST DISEASE CONTROL REGULATIONS 1967
AMENDMENT TO DECLARATION OF "INFECTED AREA" IN RESPECT OF PINE NEEDLE BLIGHT (*Dothistroma pini*)

PURSUANT to the Forest Disease Control Regulations 1967, I, Malcolm James Conway, Director-General of Forests, Wellington, hereby amend the Declaration of Infected Area in respect of the forest disease pine needle blight (*Dothistroma pini*) that came into force on the 5th day of September 1967 as published in the *Gazette* of the 21st day of September 1967, and amended firstly by an amendment that came into force on the 23rd day of November 1967, as published in the *Gazette* of the 14th day of December 1967, secondly, by an amendment that came into force on the 5th day of March 1969, as published in the *Gazette* of the 27th day of March 1969, thirdly, by an amendment that came into force on the 24th day of December 1971 as published in the *Gazette* of the 13th day of April 1972, and fourthly, by an amendment that came into force on the 30th day of August 1973, as published in the *Gazette* of the 22nd day of November 1973, as follows:

Clause 2 (c) is hereby amended by revoking subparagraph (v).

Dated at Wellington this 18th day of April 1975.

M. J. CONWAY, Director-General of Forests.

NOTES

1. This amendment comes into effect upon first publication in a newspaper circulating in the infected area constituted. Its purpose is to change the status of the Declared Infected Area in respect of *Dothistroma pini* in the Land District of Hawke's Bay (located to the east of the axial mountain ranges) such that it will be consistent with the status of other east coast districts of the North Island.

2. It is an offence to remove plants or Christmas tree material (branches, etc.) out of the "infected area", if these are of exotic pine, Douglas fir, or larch species and have not been treated as specified by an authorised forest officer.

3. The "infected area" is generally the whole of the North Island excluding the Kaitaia Borough and the Mangonui and Great Barrier Counties. In the South Island the "infected area" is all that land in Nelson and the Marlborough Sounds to the west of the Wairau Valley and the Westland Land District north of Harihari. Movement within the "infected area" is authorised with the exception that untreated exotic pine, Douglas fir, and larch material may not be moved from the areas listed in clause 2 (c) of the declaration (which is generally the large area lying between Auckland City and Wellington City west of the main mountain system running between Wellington and Cape Runaway) into other parts of the "infected area".

4. Inquiries should be addressed to the nearest Conservator of Forests.

The said amendment was published on 5, 6, and 7 May 1975 in the following newspapers:

Marlborough Express;
Gisborne Herald;
Greymouth Evening Star;
Waikato Times;
Hawke's Bay Herald-Tribune;
Southland Times;

Daily Telegraph;
Daily News;

Manawatu Evening Standard;
Daily Post;
Wanganui Chronicle;
Bay of Plenty Times;
Northland Times;
New Zealand Herald;
Dominion;

Otago Daily Times.

In terms of regulation 4 (2) of the said regulations, the said amendment came into effect on the 5th day of May 1975.

This notice supplies the omission of signature and date in the notice published in the *New Zealand Gazette* of the 10th day of July 1975 at p. 1537.

Dated at Wellington this 24th day of June 1975.

DIRECTIONS FOR EDUCATIONAL DEVELOPMENT

A REPORT PREPARED BY THE ADVISORY COUNCIL ON EDUCATIONAL PLANNING

This report marks the culmination of the activities of the Educational Development Conference. The Advisory Council has recommended the directions it considers New Zealand education should go in the next 5 or 10 years.

Five principal areas are identified as requiring attention. Education is seen as a lifelong activity, and emphasis is therefore placed on the "foundations"—early childhood education, the school curriculum and special provision for special needs, and parent education.

Special attention is given also to the relationships between the school and the community, the need for close mutual support and co-operation, including understanding and respect for minority cultures.

A key to the quality of education is the people involved in it. Teacher education, the availability of advisory and ancillary staff, as well as resources for materials and research, have a chapter devoted to them.

Since education is seen as a lifelong activity, this is considered at some length. Facets such as accessibility, transfer of credits, and the role of existing institutions are discussed, together with ways in which continuing education could be provided for the whole community.

In discussing the administration and organisation of education, the principle followed is the maximum devolution of authority and responsibility to the agencies and the community, at for instance, school committee and district level.
