THEORY OF THE...

CHAPTER I

DEFINITIONS AND NOTATION

The first section of the text discusses the basic definitions and notation used throughout the work. It covers the fundamental concepts and symbols that will be employed in the subsequent chapters.

The second section continues the discussion on definitions and notation, providing further clarification on the terms and symbols introduced in the first section. It also includes some preliminary results and lemmas.

The third section delves deeper into the theory, exploring the relationships between the various concepts and symbols. It includes several propositions and theorems that form the core of the theory.
