Public Notice—Commerce Commission: Inquiry into the Desirability of Amending the Third Schedule or Schedule 3A to the Commerce Act or of Revoking any such Schedule and Substituting a New Schedule

1. In terms of section 68 (4) of the Commerce Act the Minister of Trade and Industry has, in a letter dated 15 December 1976, requested the Commerce Commission to inquire into and, after hearing all parties desirous of presenting submissions, to report to him as to the desirability of amending the Third Schedule and Schedule 3A to the Commerce Act or revoking any such Schedule and substituting a new Schedule.

2. The Minister has stated *inter alia*, "The Commission's inquiry should cover both prior and post notification of mergers and takeovers and its report to me should incorporate recommendations as to:

(i) The criteria which should be applied in determining the classes of mergers and takeovers which should be required to be notified and cleared prior to implementation, and those classes which should be notified on a *post facto* basis.

(ii) The specific class or classes of mergers and takeovers which should be incorporated in amended schedules to the Act, covering both pre and post notification.

The Commission's basic aim in carrying out this exercise should be to provide for those instances where aggregation of economic power would be likely to have effects injurious to the public interest, while as far as practicable avoiding impediment or hindrance to transactions which may not only have no objectionable features but, through the opportunity they provide for rationalisation and economies of scale, actually bring positive benefit to the economy."

3. Copies of the full text of the Minister's letter are available to interested parties on request from the office of the Commission.

4. Parties intending to make submissions to the Commission in connection with this inquiry are invited to notify the Executive Officer of the Commission of that intention no later than Friday, 11 March 1977. Where possible, such parties should also indicate briefly the general or specific nature of their interest.

5. In any case where two or more separate parties wish to be heard and or represented jointly in the inquiry they should so inform the Commission so that the Commission can consider giving leave for this to be done in terms of section 14 (4) of the Act.

6. All parties notifying the Commission in accordance with paragraph 4 of this notice will be informed later of the procedure to be followed, of the dates of public hearings and of the date for the lodging of submissions. Such information will also be publicly advertised.

7. All parties notifying the Commission in terms of paragraph 5 of this notice will be advised in due course of the Commission's intentions as to any necessary consultation and as to the granting of leave.

D. J. KERR, Executive Officer, Commerce Commission.

P.O. Box 3781, Wellington.

The Commerce Act 1975—Decision of the Commerce Commission

PUBLIC notice is hereby given that the Commerce Commission has heard and determined an appeal by the New Zealand Association of Bakers' (Inc.) against a decision of the Secretary of Trade and Industry relating to the maximum wholesale and retail prices of certain standard types of breads, as described in Price Order No. 6.

After considering all the submissions and evidence, and after having regard to the relevant sections of the Act, the commission determined in its decision No. 8, that pricing relief accorded by the Secretary in his decision which resulted in Price Order No. 6 (Bread) should have been greater by \$87,115 less an investment income adjustment.

The commission also resolved that the appellant and the Secretary should confer with a view to reaching agreement on the means by which this pricing relief might be given effect to.

The parties have done so and reported back to the commission by letter dated 19 January 1977.

The Commerce Commission has therefore, in its decision No. 11, ordered the Secretary to incorporate the relief ordered by the commission in its decision No. 8 in the appellant's next application for pricing relief in terms of the request contained in the letter hereinbefore referred to.

Copies of the full text of the relevant commission decisions are available at a cost of \$2.30 per copy on application to D. J. Kerr, Executive Officer, Commerce Commission, P.O. Box 3781, Wellington.

D. J. KERR, Executive Officer.

Notice Setting out the Requirements for the Importation of Seeds, Stock Feeds and Related Dried Products (Notice No. 1575 Ag. 31005)

PURSUANT to the Introduction and Quarantine of Plants Regulations 1973, and the Stock Foods and Agricultural Seeds Importation Regulations 1958, the Director-General of Agriculture and Fisheries hereby gives the following notice.

NOTICE

1. **Title**—This notice may be cited as the Importation of Seeds Notice 1977.
2. **Types of Seed**—For importing purposes, seed is divided into the following categories based on the proposed end use: sowing; human consumption; stock feed; bird seed; processing or manufacturing; and other uses.
Where seed has been imported under one category and then found not suitable for that purpose, it must not be used for any other purpose without the prior approval of the Director-General of Agriculture and Fisheries.
Most tree and shrub seeds are excluded from this notice and may be imported provided they are accompanied by an International Health Certificate (Appendix I, Certificate No. III, Basic Form) and comply with the conditions of paragraph 4 below. Exceptions included in this notice are: avocado; beech; chestnut; many conifers; elm; pecan (hickory); oak and poplar.
Flower seeds except chrysanthemum and sunflower must comply with the conditions of paragraph 4 below.
3. **Imports of Seed for Treatment and Re-export**—The Director-General of Agriculture and Fisheries may authorise firms to import seed for the purpose of treatment (e.g., ratcheting, dressing, and coating) and re-export. Application for authorisation should be made to the Officer in Charge, Plant Health and Diagnostic Station, Ministry of Agriculture and Fisheries, Private Bag, Levin.
4. **General Condition**—All imports under this notice must be clearly identifiable, substantially free from injurious extraneous matter, apparently free from pests and disease, and packed in clean new sacks or packages or in clean containers that are secured against loss or spillage in transit.
5. **Prohibited Seed**—For plant health reasons, the importation of seed of the following plants is normally prohibited from some or all countries: *Citrus* (e.g., orange, lemon, lime); *Helianthus* (e.g., sunflower); *Hevea* (rubber); *Humulus* (hop); *Nicotinia* (e.g., tobacco); *Prunus* (stone fruit); and *Zea mays* (e.g., maize, popcorn, sweetcorn).
6. **Revocation**—The Importation of Agriculture and Vegetable Seeds Notice 1974 (Notice No. 788, Ag. 31005, *New Zealand Gazette*, No. 67, 11 July 1974, pages 1407 et. seq.) and the amendment to that notice (No. 805, Ag. 31005, *New Zealand Gazette*, No. 72, 25 July 1974, page 1540) issued, pursuant to the Introduction and Quarantine of Plants Regulations 1973, and the Stock Foods and Agricultural Seeds Importation Regulations 1958, are hereby revoked.

NOTE.—The Introduction and Quarantine of Plants Regulations 1973 provide that no agricultural seed can be introduced without a prior permit to import from the Director-General of Agriculture and Fisheries. This notice indicates the likely conditions for the issue of permits, and the items currently under general consent (see Note 3 to Schedule A), but the Director-General may, for phytosanitary reasons, withdraw his consent for the importation of any item specified or vary the conditions for entry without prior notice. Alterations, additions, and deletions to this notice will be notified by the issue of amendment notices. Persons wishing to be placed on the mailing list for any subsequent amendments to this notice should send their names and addresses to the Officer in Charge, Plant Health and Diagnostic Station, Ministry of Agriculture and Fisheries, Private Bag, Levin.

Information on the conditions for the import of seeds not mentioned in this notice may be obtained from the above address.

NOTES TO SCHEDULE A—SEEDS FOR SOWING

This Schedule sets out the likely conditions for the import of seeds that are to be used for sowing purposes.

1. **Acceptable Cultivars**—Schedules of acceptable cultivars are contained in Appendix II to this notice. These are lists of New Zealand and overseas cultivars considered to be of value to New Zealand agriculture. Seed of overseas cultivars included on the lists may be imported for use in New Zealand.
2. **Permits Required**—(a) A prior permit from the Director-General of Agriculture and Fisheries to import any seed is required where the word 'Permit' appears in column 4 in this Schedule beside the name of that seed, or where the seed is not named in this Schedule. A permit may be issued subject to such conditions as the Director-General thinks fit. (Where the conditions are reasonably stable, these are indicated in this Schedule).
(b) Import permits for seeds of cultivars additional to those listed on the acceptable cultivar Schedules may be granted for multiplication and re-export purposes. Quarantine conditions must be fulfilled and acceptable evidence of a contract with an overseas concern produced. The crop must be grown under the supervision of the ministry, and no seed, either imported or taken from the resultant crop, is to be used or sold in New Zealand for seed without the prior approval of the Director-General.
Imports of herbage seeds for multiplication and re-export are limited to cultivars certified under an official seed certification system in the country of origin.
(c) Where the 'End Use' of the seed is limited to evaluation purposes only, the Director-General has approved the following maximum quantities of seed that may be imported:

Cereals (wheat, oats, barley, rye)	5 kg.
Ryegrass, cocksfoot and fescue	1 kg.
Lucerne	500 g.
Timothy, bents, etc.	500 g.
Rape and kales	200 g.
Turnips and swedes	50 g.

Additional import quantities required for further testing may be granted at the discretion of the Director-General. Two of the conditions on the permit to import for evaluation purposes will be that seed must be grown at a place approved by the Director-General, and that the seed, or seed subsequently produced, may not be sold as seed within New Zealand unless and until such time as any of the new introductions qualify for 'acceptable listing.' Maximum quantities for seed of species not included in the above list will be given on application.

- (d) Applications for permits to import any item shall be made to:

The Officer in Charge
Plant Health and Diagnostic Station
Ministry of Agriculture and Fisheries
Private Bag
Levin

stating:

- (1) Name and address of the importer;
 - (2) Quantity of seed to be imported;
 - (3) Common name of the seed;
 - (4) Botanical name of the seed;
 - (5) Cultivar name;
 - (6) Country of origin; and
 - (7) Purpose of importation: (e.g., general sowing, sowing for evaluation, sowing for personal use)
3. **General Consent**—Where the word 'Consent' appears in column 4 in this Schedule beside the name of any seed, the importation of that seed may be made without the need to apply for a prior permit to import, subject to compliance with the general condition and the conditions listed in respect of that seed.

Consent has also been given to the importation of 500 g of commercially packed broad bean seed and to 100 g of the following commercially packed vegetable, herb and spice seed without the need of a health or purity analysis certificate:

Anise, artichoke (globe), asparagus, balm, basil, borage, brassicas (e.g., cabbage, turnip), capsicum, carrot, catnip, celery, chervil, chicory, chives, coriander, cress, curcubits (e.g., cucumber, squash), dill, egg plant, endive, leek, lentils, lettuce, lovage, majoram, okra, onion, parsley, parsnip, peppers (capsicum), radish, rhubarb, sage, salsify, sesame, spinach, thyme, and tomato.

4. Unless otherwise specified, seed may be imported from any country.

5. On arrival in New Zealand, all seed imported under this Schedule will be inspected by the Port Agriculture Service and treated if necessary. The ministry reserves the right to inspect any crop grown from imported seed and to require treatment of the crop if necessary.

EXPLANATION OF COLUMNS AND TERMS USED IN SCHEDULE A

Column 1 Common Name—Lists plants in alphabetical order by the name by which they are most commonly known.

Column 2 Botanical Name—Gives the botanical name of plants named in Column 1.

Column 3 End Use—Specifies the end use for which the conditions for import are given. "Sowing" means that the seed may be sown for any purpose. "Eval'n" (Evaluation) means that the seed may be sown for trial purposes only, to assess its performance in New Zealand.

Column 4 Permit/Consent—Denotes whether a permit to import is necessary, or whether the Director-General has given his consent to the importation. (See Notes 2 and 3).

Column 5 Quantity—Indicates whether the quantity of seed that may be imported is limited. (See also Note 2 (c)). "Any" means there is no restriction on quantity imposed by the Ministry of Agriculture and Fisheries.

Column 6 Limited to Cultivar—Specifies whether import is restricted to particular cultivars. "Acceptable" means that import is restricted to those cultivars listed on the Schedule of Acceptable Cultivars for that species. (See Note 1 and Appendix II). "Named" means that the cultivar imported must be distinguishable either by a name or by a breeder's reference number. Unnamed cultivars will not be permitted entry. "No" means that import is not restricted to any particular cultivars.

Columns 7-11 Certificates Required—Specify the certificates that are required to accompany the seed on arrival in New Zealand. For an explanation of the certificates and abbreviations used in these columns see Appendix I to this notice.

Column 12 Post Entry Control—Indicates whether some form of control will be exercised over the seed after arrival in New Zealand (e.g., seed to be grown in post-entry quarantine).

NOTES TO SCHEDULE B: SEEDS AND RELATED DRIED PRODUCTS FOR HUMAN CONSUMPTION, STOCK FEED, BIRD SEED, PROCESSING OR MANUFACTURING AND OTHER USES EXCEPT SOWING

This Schedule sets out the likely conditions for the import of seeds and related dried products that are to be used for human consumption, stock feed, bird seed, processing or manufacturing, and other uses, except sowing.

1. General Condition—On arrival in New Zealand any seed or product imported under this Schedule may be inspected by the Port Agriculture Service and treated, if necessary.

2. Statement of End Use Required—Due to the possible risk of the introduction of animal disease from seeds and related dried products, importers are required to provide the port agriculture officer, at the port of entry, with a certificate stating the purpose for which the seed or product is to be used. Imports will only be permitted entry in accordance with the use shown in column 3 of this Schedule. In the event of the seed or seed product not being found suitable for the purpose for which it has been imported, the importer must refer any proposed alternative use to the regional veterinary officer in whose region the port of entry is situated. This statement will only be necessary for quantities in excess of 20 kg in any one shipment.

3. Special Conditions for the Importation of Stockfeed—
 (a) For Animal Health reasons, stockfeed may only be imported from Australia, North America, and the Pacific Islands. Imports of stockfeed from other countries will be considered, but these will be subject to a prior permit to import (see Note 2 to Schedule A).
 (b) In addition to any other import conditions specified in this Schedule, all imports of stockfeed must be accompanied by a declaration of origin as set out in Appendix I.

4. Unless specified otherwise, either in this Schedule or in a permit to import, imports under this Schedule are not limited to any particular cultivars, nor are they subject to post-entry control.

5. The ministry reserves the right to inspect and treat, if necessary, any seed or product imported under this Schedule after it has been released by the Port Agriculture Service if plant or animal health reasons should require it.

EXPLANATION OF COLUMNS AND TERMS USED IN SCHEDULE B

- Column 1 Common Name—Lists the seed and products in alphabetical order under the name by which they are most commonly known.
- Column 2 Botanical Name—Gives the botanical name of the seed or product named in column 1.
- Column 3 End Use—Specifies the end use for which the conditions for import are given.
 'H.C.' stands for human consumption.
 'S.F.' stands for stock feed.
 'B.S.' stands for bird seed.
 'P' stands for processing or manufacturing.
 'Any' means any purpose other than sowing.
- Column 4 Permit/Consent—Denotes whether a permit to import is necessary, or whether the Director-General has given his consent to the importation. (See Notes 2 and 3 to Schedule A).
- Column 5 Quantity—Indicates whether the quantity of seed that may be imported is limited. 'Any' means there is no restriction on quantity imposed by the Ministry of Agriculture and Fisheries.
- Columns 6-11 Certificates Required—Specify the certificates that are required to accompany the seed or product on arrival in New Zealand. For an explanation of the certificates and abbreviations used in these columns see Appendix I to this notice.

APPENDIX I

CERTIFICATES AND ENDORSEMENTS

For the purposes of certification, origin is defined as "the country in which the seed was grown", not merely packaged, or re-exported from another source.

I Certificate No. I—Certificate of Origin:

A certificate signed by an official employed full time by the government of the exporting country, certifying that the seed was grown in the country of export, or that the product is derived from seed that was grown in the country of export.

II Certificate No. II—Storage Certificate:

A declaration by the owner or consignor that the seed has been stored in a seed store for a period of 18 weeks in the country of export, after harvest or before shipment; or

In lieu of this declaration, importers may elect to have the seed fumigated with methyl bromide either before shipment or on arrival.

III Certificate No. III—International Health Certificate:

B—Basic: An International Health Certificate issued in accordance with the Introduction and Quarantine of Plants Regulations 1973.

E—Endorsement: A basic health certificate endorsed that the crop(s) from which the seed was harvested has (have) been inspected during the growing season by a competent officer in full-time government or university employment and found by him to be apparently free from . . . (fill in appropriate endorsement as specified in the list below); or that . . . (fill in appropriate endorsement as specified below) is not known to occur in . . . (country or state of origin).

Endorsement Numbers:

1. Barley stripe mosaic virus.
2. Dwarf bunt (*Tilletia controversa*); or in lieu of this endorsement—"a sample of the seed was examined in a recognised plant pathology laboratory, and no spores of *Tilletia* spp. were found".
3. Dwarf bunt (*Tilletia panicii*) or the alternative given in 2 above.
4. Halo blight (*Pseudomonas phaseolicola*); common blight (*Xanthomonas phaseoli* and *Xanthomonas phaseoli* var. *fuscescens*); wilt (*Corynebacterium flaccumfaciens*); and anthracnose (*Colletotrichum lindemuthianum*).
5. Must have endorsement No. 4 above and in addition either—
(i) Not more than 1 percent common bean mosaic virus was present in the crop; or
(ii) The cultivar is resistant to common bean mosaic virus.
6. Anthracnose (*Colletotrichum lindemuthianum*); bacterial blight (*Xanthomonas phaseoli* and *Xanthomonas vignicola*) and bacterial pustule of soyabean (*Xanthomonas phaseoli* var. *sojense*).
7. Downy mildew (*Peronospora manshurica*).

8. Silvering (*Corynebacterium betae*).
9. Citrus canker (*Xanthomonas citri*).
10. Black patch (*Rhizoctonia leguminicola*).
11. *Cercospora loti*.
12. Bacterial wilt (*Corynebacterium insidiosum*).
13. Downey mildew (*Sclerospora graminicola*).
14. Long smut (*Tolyposporium penicillariae*).
15. Bacterial blight (*Pseudomonas pisi*).
16. Pea seed-borne mosaic virus.
17. Elm mosaic virus.

IV Certificate No. IV—Treatment Certificate:

General wording for treatment certificates 1-11 listed below—"A certificate from an officer in charge of a fumigation station operated by a government agency, or from an authorised officer of an appropriate government controlled quarantine service, or an endorsed International Health Certificate certifying that the seed has been. . . (insert appropriate wording as specified below)."

Temperature Treatments:

*1. Heat treated to destroy its viability (recommended treatment is heat at 90-95°C at 40% relative humidity for at least 15 continuous hours. Re-treatment will be required on arrival if germination has not been destroyed).

*2. Hot water treated at 55°C for 10 minutes, and treated with maneb at 1½-2 g/kg of seed.

Fumigation Treatments:

*3. Fumigated with either—

- (i) Methyl bromide at 48 g per cubic metre at 21°C for 24 hours at atmospheric pressure; or
- (ii) Methyl bromide at 48 g per cubic metre for 2 hours at 21°C under a vacuum of 68 cm; or
- (iii) Carbon bisulphide at a strength of 160 g per cubic metre for not less than 24 hours at a minimum temperature of 18.5°C.

*4. Fumigated with methyl bromide at the rate of 40 g per cubic metre at 20°C for 20 hours at atmospheric pressure.

(NOTE—It is recommended that the moisture content of the seed is below 12 percent.)

*5. Fumigated with formalin under a vacuum for 8 hours.

Acid Extraction Treatments:

*6. Acid extracted by hydrochloric acid (or other method approved by the Director-General of Agriculture and Fisheries).

*7. Solvent extracted or expeller produced incorporating a heat application of at least 100°C for 15 minutes.

Seed Dressing Treatments:

*8. Treated with captan or thiram at 2-2½ g/kg (treatment rate to be endorsed on health certificate).

*9. Treated with carboxin (75%) or benomyl (50%) at 2-2½ g/kg up to half of which may be replaced by captan or thiram (treatment rate to be endorsed on health certificate).

*10. Treated with carboxin (75%) at 2-2½ g/kg up to half of which may be replaced by captan or thiram (treatment rate to be endorsed on health certificate).

*11. Treated with benomyl (50%) at 2-2½ g/kg up to half of which may be replaced by captan or thiram. (Treatment rate to be endorsed on health certificate).

*— This treatment may be carried out on arrival under supervision.

Inoculum Treatment:

12. A certificate signed by the producer of such inoculum that the medium in which the bacterium is carried was sterilised by either (a) steam under pressure (Autoclaved) before inoculation, or (b) gamma irradiation stating the dose and thickness of the medium exposed.

V. Certificate No. V—Analysis Certificate:

An International Seed Testing Association (I.S.T.A.) Orange or Green International Analysis Certificate or a Certificate of Analysis issued by an official state seed testing station of Australia or the United States of America showing that in an examination of an official sample drawn from an identified seed lot, no seeds were found of species listed in Appendix III. The size of the sample to be examined is as prescribed for a determination of number of other seeds in the current international rules for seed testing issued by the International Seed Testing Association.

No. M. 377/76

In the Supreme Court of New Zealand
Wellington Registry

IN THE MATTER of the Companies Act 1955, and IN THE MATTER of LEVIN DYE-WORKS LIMITED, a duly incorporated company having its registered office at Levin:

BEFORE THE HONOURABLE MR JUSTICE SOMERS
FRIDAY, THE 3RD DAY OF DECEMBER 1976

UPON the motion of the applicant company, dated the 17th day of September 1976, and on reading the notice of motion of the applicant company, the affidavit of VICTOR JAMES PRICE and the exhibits therein referred to; and it appearing that the share premium account is in excess of the requirements of the company; and confirmation of the reduction of the account resolved in the special resolution passed by the company on the 23rd day of July 1976 is desirable; and as steps for the reduction of the account have been duly taken by the company and as the interest of the creditors are not prejudiced thereby and are adequately protected this court hereby orders:

1. That the reduction of the share premium account resolved in the special resolution passed by the company on the 23rd day of July 1976 be, and the same is hereby, confirmed on the following terms and conditions:

(i) Parts (b) and (c) of the resolution may not be varied without the prior approval of the Court.

(ii) So long as any part of the existing share premium account amounting to \$71,324.40 is undistributed, the accounts of the company shall be noted so as to show:

(a) The existence of the resolution of 23 July 1976;

(b) What part of the account remains undistributed but still subject to the resolution.

(iii) No distribution of any part of such sum may be made without the consent of the Minister under regulation 5 of the Companies (Limitation of Distributions) Regulations 1976 so long as that regulation is in force.

2. That notice of the registration with the Registrar of Companies of the order now made, be published once in the *New Zealand Gazette*.

3. That no minute, as referred to in section 78 of the Companies Act 1955, is required and that no minute need be produced to the Registrar or registered.

By the Court:

Mrs V. R. HARRISON, Deputy Registrar.

WELLINGTON CITY COUNCIL

NOTICE OF INTENTION TO TAKE LAND

THE Wellington City Council proposes, under the provisions of the Public Works Act 1928, to take the land described in the Schedule below for street purposes in the City of Wellington.

A plan of the land which the Council proposes to take is available for public inspection during normal office hours free of charge in the office of the City Solicitor, Seventh Floor, Municipal Office Building, Mercer Street, Wellington.

If any person is directly affected by the proposal and has an objection which is not related to the amount or payment of compensation he should put his objection in writing

and send it to the Town and Country Planning Appeal Board, 175 The Terrace, Wellington, within 40 days of the first publication of this notice. If any objection is made, a public hearing of the objection will be held unless the objector does not require this and each objector will be advised of the time and place of the hearing.

SCHEDULE

NINETY-THREE square metres, being part Section 171, Town of Wellington, and part of the land in certificate of title 516/38 (Wellington Registry), more particularly defined on S.O. Plan 31231.

NOTE—This land is part of the property commonly known as No. 12 Sturdee Street, Wellington. It is required in connection with the Victoria Street extension.

Dated at Wellington this 9th day of February 1977.

I. A. McCUTCHEON, Town Clerk.

THE CHARITABLE TRUSTS ACT 1957

THE GREENMEADOWS MISSION TRUST BOARD

Notice of Application for Variation of Charitable Trusts

NOTICE is hereby given that the Greenmeadows Mission Trust Board, a board duly incorporated under the Charitable Trusts Act 1957, has applied to the Supreme Court, under Part III of the said Act, for an order approving a scheme for variation of charitable trusts. The board is the registered proprietor of some 1590 acres of land in the Taradale, Meeanee, Awatoto, and Waimarama land districts and also owns valuable stock, buildings, and equipment.

The grounds of the application are:

- (1) That the trusts upon which the board holds its property are uncertain.
- (2) That it appears that the board holds its property upon trust for a charitable purpose and the administration of its property and the carrying out of the trusts upon which it is held could be facilitated by extending and varying the powers of the trustees of the board.

The purpose of the scheme is to clarify the objects and powers of the board and to make provision as to the trustees of the board.

A copy of the scheme and the other papers filed by the board may be inspected at both the Wellington and Napier Registries of the Supreme Court upon application to the Registrars there.

The board's application is set down for hearing in the Supreme Court at Wellington, on Wednesday, the 16th day of March 1977, at 10 o'clock in the forenoon.

Any person desiring to oppose the scheme is required to give written notice of his intention to do so to the Registrar of the Supreme Court at Wellington, to the board's solicitors, Messrs Bell Gully & Co., P.O. Box 1291, Wellington, and to the Attorney-General at the Crown Law Office, P.O. Box 5012, Wellington, at least 7 clear days before the above-mentioned date of hearing.

J. D. DALGETY, Solicitor for the Board.

NATIONAL BANK OF NEW ZEALAND SAVINGS BANK LTD.

NOTES TO THE ACCOUNTS

1. STATEMENT OF ACCOUNTING POLICIES:

(a) General: The general accounting principles recognised as appropriate for the measurement and reporting of results and financial position under the historical cost method have been followed.

(b) Tax allocation: The charge for taxation in the profit and loss account is the amount of the estimated tax liability at current company taxation rates in respect of the net profit reported for the year. A timing difference arising from income receivable which has been accrued but not received in the current period is accounted for in a deferred taxation account.

(c) New Zealand Government and local authority securities: These are all redeemable at par at fixed dates. Whilst in the ordinary course of business some realisation of the Bank's investment in these securities may take place at prices below book values, it is the opinion of the Directors that existing reserves are sufficient to cover any losses that are likely to arise on sales undertaken in the normal course of business.

The book values of securities purchased at a discount or a premium are adjusted through New Zealand Government stock revaluation reserve so as to obtain their redemption values by maturity dates. (see note 3 below).

The difference between book values and proceeds on realisation of N.Z. Government stock is taken to profit and loss account in equal annual instalments over a period of 5 years commencing with the year in which it arises. The balance yet to be taken to profit and loss account is held in New Zealand Government stock revaluation reserve. (See note 3 below).

2. As at 31 October 1976, the redemption value of New Zealand Government and local authority securities was \$64,147,186, book value was \$63,549,141, and market value (exclusive of accrued interest) was \$61,816,000.

3. New Zealand Government stock revaluation reserves (see note 1 (c) above): Arising from Adjustment of Book Value of Securities purchased at a discount or a premium and still held:

AUDITORS' REPORT TO MEMBERS OF NATIONAL BANK OF NEW ZEALAND SAVINGS BANK LTD.

We have obtained all the information and explanations that we have required. In our opinion, proper books of account have been kept by the company and proper returns adequate for the purpose of our audit have been received from the branches. In our opinion according to the best of our information and the explanations given to us and as shown by the said books, the balance sheet and the profit and loss account, together with the notes above, are properly drawn up so as to give respectively, a true and fair view of the state of the company's affairs as at 31 October 1976 and of its business for the year ended on that date.

According to such information and explanations the accounts, the balance sheet, and the profit and loss account together with the notes above give the information required by the Companies Act 1955, in the manner so required.
