The Standards Act 1965—Draft Amendment to New Zealand Standard Specification Available for Comment

PURSUANT to subsection (3) of section 23 of the Standards Act 1965, notice is hereby given that the following draft amendment is being circulated.

Number and Description of Draft

DZ 5401/2A Draft amendment No. 2 to NZS 5401:1976 Seat belt assemblies for motor vehicles.

This proposed amendment would delete the requirements of clause 7.2.5 covering the area of the locking mechanism to which force has to be applied to release the buckle. This would allow the use in New Zealand of some superior types of overseas-produced buckles which are easier to release, but which still do not permit inadvertent release. Deletion of the specification for the size of the lettering of the release procedure is also proposed, but the new clause would provide for lettering to be clearly and permanently marked.

All persons who may be affected by this amendment and who desire to comment thereon may obtain copies from the Standards Association of New Zealand, World Trade Center, 15-23 Sturdee Street (or Private Bag), Wellington.

The closing date for the receipt of comment is 13 April 1979.

Dated at Wellington this 14th day of March 1979.

DENYS R. M. PINFOLD,
Director, Standards Association of New Zealand.

NEW ZEALAND WOOL BOARD

The Adjusted Weighted Average Sale Price for the auction sale of wool held on 8 March 1979, at Dunedin, was 234.60 cents per kilogram.

As this price is above the Government Supplementary Minimum Wool Price of 205 cents per kilogram (greasy average basis) no supplement is payable.

There is likewise no retention applicable as the A.W.A.S.P. is less than the Trigger Price of 250 cents per kilogram set by the Minister of Agriculture for the 1978-79 wool season.
