#### Exchange Rates

IN terms of section 25 (2) of the Reserve Bank of New Zealand Act 1964, the Reserve Bank today released outer limits for rates of exchange to be used in transactions involving the conversion of New Zealand currency into foreign currencies and foreign currencies into New Zealand currency when delivery of the foreign currency dealt in will be effected by telegraphic transfer. The following range of rates, for the main currencies used by New Zealand traders in settling foreign exchange transactions, will remain in force until replaced by a new schedule issued by the Reserve Bank. These rates do not apply to transactions for settlement after the expiration of 2 business days (forward transactions) or to transactions in which instruments are purchased which do not entitle the buyer to foreign currency balances in the foreign centre until the instruments have been delivered at the foreign centre. In the latter case interest at foreign centre rates may be deducted from the telegraphic transfer rate to compensate the purchaser for his loss during the transit period.

## NOTICE OF PRIVATE BILL

## THE ANZ BANKING GROUP (NEW ZEALAND) BILL

Australia and New Zealand Banking Group Ltd., hereby gives notice that it intends to apply for leave to bring in the above-mentioned Private Bill during the present session of Parliament.

The objects of the Bill are to enable Australia and New Zealand Banking Group Ltd. (hereafter called "the existing Bank") to form a company limited by shares under the Companies Act 1955, having among its objects the carrying on in New Zealand of the business of banking and to effect the transfer to that company of the undertaking in New Zealand of the existing Bank.

The company so formed shall be called ANZ Banking Group (New Zealand) Ltd. (hereafter called "the new Bank").

The principal purpose for which the new Bank is to be incorporated will be to acquire the whole of the assets and undertaking of the existing Bank relating to its business in New Zealand, and to carry on in New Zealand and elsewhere the business of banking in all its branches and departments.

As the New Zealand Companies Act 1955, in section 458, provides that no company having for its object the carrying on in New Zealand of the business of banking shall be registered under that Act, the formation of the proposed new banking company can be made possible only by special legislation, and legislation is also the only means by which the transfer of the undertaking of the existing Bank to the new Bank can be effected efficiently and instantaneously, and without interference with the conduct and continuity of the business of banking.

The Bill is divided into two parts. The first part contains the provisions enabling the existing Bank to form and incorporate the new Bank under the Companies Act 1955.

The second part is designed to transfer the undertaking of the existing Bank relating to its New Zealand business to the new Bank, followed by provisions for the transfer of the New Zealand assets of certain other subsidiaries.

On the appointed day all the assets liabilities and obligations of Australia and New Zealand Banking Group Ltd., will be assets liabilities and obligations of the new Bank. Customers of the existing Bank will have the same relationship with the new Bank as they had with the existing Bank.

The promoter of the Bill is Australia and New Zealand Banking Group Ltd.

Communications or notices to the promotor can be sent to Messrs Bell Gully and Co., Solicitors, 109-117 Featherston Street, Wellington (P.O. Box 1291).

A copy of the Bill can be inspected at the offices of Messrs Bell Gully and Co. at the address stated during normal office hours on every weekday other than Saturday.

## NOTES TO THE ACCOUNTS

(A) *Statement of Accounting Policies*—The general accounting principles recommended by the New Zealand Society of Accountants for the measurement and reporting of results on an historical cost basis, consistent with previous years, have been used in the preparation of the financial accounts.

The following particular principles have been applied:

1. *Depreciation*—Straight-line depreciation has been applied to the Bank's E.D.P. equipment to write it off over the period of its expected useful life. All other assets have been depreciated at the rates allowable by the Inland Revenue Department. The difference between these rates, and the straight-line method, is not considered to be material.

2. *Government Stock*—It is the Bank's policy to amortise discounts and premiums on Government stock securities over the term of the investment on a straight-line basis and to show the value of the stock in the balance sheet at its cost price adjusted by the amortised discount to date.

The market value of the Bank's Government stock holding is \$24,832,356.

3. *Personal Loans*—The Bank's policy is to add total interest due to the loan when advanced, and interest is brought into revenue on the basis of the "Rule of 78".

4. *Taxation*—(a) The provision for Income Tax charged in the profit and loss account is the calculated tax liability in respect of the accounting profit after adjusting for permanent differences.

(b) The provision for deferred taxation arises from timing differences relating to income accrued into the accounts but not received as at balance date.

(B) *Shares—Northern Trustee Computerbank Ltd.*—These shares have been shown in the accounts according to the standard accounting practice adopted by the New Zealand Society of Accountants for an associate company.

Shares issued to the Bank (100,000 shares at \$1 per share) .. ..	\$100,000
Shares paid up by the Bank (100,000 shares paid up to 80 cents per share) .. ..	80,000
Plus share of accumulated profit of Northern Trustee Computerbank Ltd. .. ..	39,594
	\$119,594

The Bank has a contingent liability for uncalled capital of 100,000 shares at 20 cents per share .. \$20,000

(C) *Commitments*—

Mortgages—mortgages approved but not advanced as at 31 March 1979 .. .. \$1,052,455

Capital—capital commitments in respect of plant, land, and buildings as at 31 March 1979 totalled \$55,646

## NOTES TO THE ACCOUNTS

*Statement of Accounting Policies*—The general accounting principles recommended by the New Zealand Society of Accountants for the measurement and reporting of results on an historical basis have been adopted in the preparation of the financial statements.

The particular accounting principles which the Bank considers appropriate for the measurement of profit and financial position are detailed below:

1. *Revenue*—(a) Interest accrued on investments has been taken into account.

(b) *Personal Loans*—The "Rule of 78" has been used in determining interest accrued.

2. *Depreciation*—Calculation has been made on basis of Inland Revenue Department rates. First year depreciation has been claimed where applicable. Straight line basis for calculation of depreciation has not been adopted as it is considered the difference in the amount of depreciation would not be material.

3. *New Zealand Government Stock*—In accordance with established policy New Zealand Government stock has been shown at face value. Prior to 1 April 1975, certain parcels of New Zealand Government stock were purchased at a discount.

4. *Taxation*—No provision has been made for "deferred taxation".

5. During the year repairs and maintenance costs of extraordinary amounts were incurred in conjunction with the remodeling and extending of Invercargill Branch and Head Office premises and also Strathearn Sub-branch premises.

These amounts which total \$527,593 have been certified as expenditure of a revenue nature by the Bank's architects.

This expenditure has accordingly been charged to revenue and has the tendency to distort any comparison of the financial result of the year ended 31 March 1979 with that of any previous year.

## GENERAL PUBLICATIONS

### SCENIC RESERVES OF OTAGO

26 p. 1975. \$1.75

### SHADOW OF THE LAND

By Ian Wards

422 p. 1968. \$9

The title for this book was provided by Nopera Panakarero, a Kaitaia chief of much influence, who, in May 1840, believed that only the "shadow of the land" had gone to Queen Victoria whilst the substance remained with the Maoris. Less than a year later he revised this opinion convinced that only the "shadow" would be the Maori portion.

The author examines the British acquisition of New Zealand, the Maoris trust in the Treaty of Waitangi and their confidence that its terms would be honoured and explains it was only by accident that the Maoris were guaranteed the possession of their lands and ancient privileges.

It is under these circumstances that the book considers the use of military force in New Zealand, analyses the arguments surrounding the provision of troops and concludes that, beyond any reasonable doubt there was never an attempt to govern by "moral suasion".

New Zealand followed the normal nineteenth century British pattern of territorial acquisition.

The book is an essential introduction to the Maori wars of a later date.
