"2. To recommend any variations to the plan.

"3. To recommend a strategy for future development of the industry and action by the industry itself, other associated sectors and the Government.

"4. To report by 30 June 1980.

"The commission may take evidence on and otherwise have regard to any other material or product it considers relevant to the inquiry or exclude from its considerations any material or product it might consider not relevant to such an inquiry."

*Industries Development Commission Notice No. 1979/12—
Inquiry Concerning the Industry Engaged in the Packaging of Goods*

(1) In a letter of 30 August 1979, the Minister of Trade and Industry requested the commission to undertake inquiries into the packaging industry. The Minister's letter read:

"Arising from the report of the Tariff Review Committee, the Government announced in the 1979 Budget that packaging would be referred to the commission for investigation and report.

"From the Tariff Review Committee's report it is clear that there are instances in the Tariff where there are duty elements affording protection to the packaging industry which are not based on any consistent principle. The industry is fragmented as between the full-time packers and the large grocery chains who perform a similar function. You will be aware also that there are distinctions in import licensing control between goods imported in bulk and those in retail packs and that these distinctions exist beyond the major foodstuffs items.

"I request the commission:

"1. To inquire into all instances where there is a differential based on the method of packaging and/or quantity in the New Zealand Customs Tariff and the Import Licensing Schedule.

"2. To consider the potential of the industry to contribute to New Zealand's economic growth and recommend lines of development and the nature and extent of assistance by means of protective devices or other measures which are considered appropriate in these instances.

"3. Recognising the diverse nature of the packaging industry and in the light of its consideration of these instances and such other evidence as it might invite and receive, to recommend guidelines that might be applied generally in any future consideration of requests for assistance from sections of this industry.

"4. To report by 30 June 1980.

"The commission may take evidence on and otherwise have regard to any other material or product it considers relevant to the inquiry under reference or exclude from its considerations any material or product it might consider not relevant to such an inquiry."

(2) The commission invites parties who have an interest in any of the areas covered by the above reference to register that interest in writing with the commission not later than Thursday, 27 September 1979.

(3) The commission will advise interested parties of its intended procedures, specific matters which should be covered by written submissions, and will give an indication of the items affected by the reference. It is the commission's present intention to distribute a discussion paper to registered parties and to hold a public hearing thereon early in 1980.

*Industries Development Commission Notice No. 1979/11—
Inquiry Concerning the New Zealand Plastics Industry*

(1) In a letter of 30 August 1979, the Minister of Trade and Industry requested the commission to undertake an inquiry into the plastics industry. The Minister's letter read:

"In the 1979 Budget statement the Government announced that the plastics industry was to be referred to the Industries Development Commission as part of the industry studies programme.

"I therefore request the commission:

"1. To inquire into the present situation of the New Zealand plastics industry, and its potential to contribute to New Zealand's economic growth.

"2. To recommend a strategy for future development of the industry and action by the industry itself, other associated sectors and the Government.

"3. To report by 30 June 1980.

"For the purposes of this reference, the I.D.C. should regard the plastics industry primarily as that which produces goods classified within Chapter 39 of the Customs Tariff and, in general, should exclude:

"(a) Industries which are solely or principally engaged in the production of plastic goods classified elsewhere in the Tariff;

"(b) Industries where the use of plastic materials is incidental to the production of goods outside of Chapter 39; and

"(c) Industries which produce plastic components or convert plastic intermediary goods for incorporation by them into products classified elsewhere in the Tariff.

"However, the commission in undertaking this inquiry should be mindful of the considerable production of fully manufactured plastic goods classified other than in Chapter 39 of the Customs Tariff and, to the extent it considers appropriate, may offer recommendations as to the policies that could reasonably be applied in relation to such production consistent with a strategy for the future development of the industry.

"Also, the commission may take evidence on and otherwise have regard to any other material or product it considers relevant to the inquiry or exclude from its considerations any material or product it might consider not relevant to such an inquiry."

(2) The commission invites parties who have an interest in any of the areas covered by the above reference to register that interest in writing with the commission not later than Thursday, 27 September 1979. Parties who intend to be represented by their trade association need not individually register.

Commerce Act 1975—Decision No. 41 of the Commerce Commission

WHEREAS the Examiner of Commercial Practices submitted to the Commerce Commission, pursuant to section 40 of the Commerce Act 1975, a report dated 14 September 1978 on a complaint made by the Property Spot, Tauranga, against an alleged unjustifiable refusal by the Bay of Plenty Times Ltd. to accept advertising material from it.

And whereas the Examiner recommended that the Commission make an order requiring the Bay of Plenty Times to discontinue the practice.

And whereas the Commission at a hearing on 28 and 29 November 1978 heard evidence from the Examiner, the Bay of Plenty Times and the Newspaper Publishers Association of New Zealand (Inc.) relating to that complaint.

And whereas after the presentation of that evidence, counsel for the Bay of Plenty Times and the Newspaper Publishers Association requested that the hearing be adjourned to enable further discussion to take place, which request was agreed to by the Commission and the hearing adjourned to 18 December 1978.

And whereas following this adjournment, the Advertising Advisory Subcommittee of the Newspaper Publishers Association made certain recommendations on the acceptability of the Property Spot, Tauranga, as an advertiser, and thereafter the Bay of Plenty Times agreed to accept and is now accepting advertisements from the Property Spot.

And whereas the Commission is satisfied that the practice which was the subject of the Examiner's report no longer exists.

Now therefore the trade practice not now existing and counsel for the Examiner and the Bay of Plenty Times consenting thereto the Commission resolves and decides not to make an order under section 22 of the Commerce Act 1975 in respect of the Examiner's report dated 14 September 1978.

Dated at Wellington this 30th day of August 1979.

[L.S.] K. B. O'BRIEN, Chairman.

Copies of this decision are available on request to the Executive Officer, Commerce Commission, P.O. Box 10273, Wellington.
