#### DECISION OF FILMS CENSORSHIP BOARD OF REVIEW

PURSUANT to section 82 of the Cinematograph Films Act 1976, Amalgamated Theatres Limited applied for a review of the feature film *Scum* which had been rejected for exhibition by the Chief Censor of Films.

Having conducted a review of the film and in accordance with its authority under section 84 (5) of the Act, the Board approved the feature film for exhibition only to persons 20 years of age and over.

The Board approved the trailer for *Scum* for exhibition only to persons 18 years of age and over.

The Board considered that the accuracy of the film's portrayal of the English borstal system and the likelihood of New Zealand audiences relating what they saw in *Scum* to the borstals in this country was important in the determination of whether or not the film could be injurious to the public good.

It was considered that the film did not exploit violence for its own sake but portrayed facilities and incidents accurately. The depiction of borstal life in the film is in no way appealing. The Board considered that the film is more likely to act as a deterrent.

With respect to the trailer for *Scum* it was noted that it was not as graphic as the feature film and that therefore an R. 20 certificate in line with the feature, would not give an accurate indication of the content of the trailer.

Date of review: 2 May 1980.

A. B. BEATSON, Chairman.

#### DECISION OF THE FILMS CENSORSHIP BOARD OF REVIEW

PURSUANT to section 82 of the Cinematograph Films Act 1976, 20th Century Fox Corporation Ltd. applied for a review of the feature film *Nightmares* which had been rejected for exhibition by the Chief Censor of Films.

The film, a horror story, portrays a series of sexual murders performed by a psychologically disturbed young woman.

The Board found the film tasteless, repetitive and totally devoid of artistic merit. The violence it contained was explicit and completely gratuitous.

The Board unanimously agreed to refuse to approve the film *Nightmares* for exhibition.

Date of review: 20 March 1981.

A. B. BEATSON, Chairman.

#### Industries Development Commission Notice No. 1981/7—Study of the New Zealand Writing Instruments Industry

1. In a letter of 12 December 1980, the Minister of Trade and Industry requested the Commission to undertake a study of the above industry and recommend a plan for its future development. The Minister's letter reads:

"Following a report by the Emergency Protection Authority, I have decided that urgent action is necessary to protect the domestic writing instrument industry.

"Accordingly, I request the Commission:

"(a) To inquire into and report on the present situation of the industry engaged in the manufacture and servicing in New Zealand of the writing instruments of Tariff Headings 98.03, 98.04, and 98.05; the potential for its development; and its potential to contribute to New Zealand's economic growth, taking into account the interests of the manufacturers, users and the distributive trade;

"(b) To recommend lines of development considered desirable and the nature and extent of assistance, if any, by way of protective devices or otherwise it considers appropriate for this industry; and in doing so to review in terms of section 10E of the Industries Development Commission Act 1961, the temporary protection accorded the industry under Import Control Exemption Notice (No. 20) 1980, published in the *New Zealand Gazette*, of 4 December 1980, following a report of the Emergency Protection Authority;

"(c) To report on the above inquiry by 4 December 1981;

"(d) When making its inquiry and report the Commission may take evidence on and otherwise have regard to any other matter or product it considers relevant to the inquiry under reference, or exclude from its consideration any matter or product it considers not relevant."

2. It should be noted that the reference covers all writing instruments of Tariff Headings 98.03, 98.04, and 98.05 and is thus wider than the recent inquiry carried out by the Emergency Protection Authority into this industry. The content of these Tariff headings is set out in the Schedule to this notice.

3. The Commission invites parties who have an interest in any of the areas covered by the above reference to register that interest in writing with the Commission not later than 7 May 1981.

4. Registration should include the following:

- (a) Name and address of party registering interest.
- (b) Area or areas of interest.
- (c) Status of interest under one or more of the following classes:

New Zealand manufacturer of goods under reference;  
 New Zealand manufacturer using goods under reference;  
 Overseas manufacturer;  
 Importer;  
 Distributor;  
 Raw material supplier;  
 Trade organisation;  
 Trade union;  
 Other (specify).

5. The Commission will, as soon as possible after 7 May, distribute to registered parties copies of detailed guidelines for submissions and advise the timetable and procedures it intends to follow in undertaking this study.

6. It is anticipated that these procedures will involve the preparation and public distribution of a draft report based on the submissions received in response to guideline questionnaires. This draft report will then be the subject of a public hearing following which the Commission will prepare its final report.

**SCHEDULE**

- (i) Tariff Heading 98.03 "Fountain pens, stylograph pens and pencils (including ballpoint pens and pencils) and other pens, pen holders, pencil holders and similar holders, propelling pencils and sliding pencils; parts and fittings thereof, other than those falling within heading No. 98.04 or 98.05."

**FETTERED FREEDOM—A SYMBIOTIC SOCIETY OF ANARCHY***By B. L. Dallard*

DEPARTMENT OF JUSTICE

162 p. 1980 \$8.95 plus 70c p &amp; p

In this book on penal sanctions, Mr Dallard sets out the conclusions of a life time experience and a vast fund of knowledge. His historical survey of prisons and imprisonment of earlier times reveals the penal philosophy and the administrative practices which we now find appalling and intolerable. Mr Dallard's comments on the controversial topics of homosexual behaviour and of capital and corporal punishment, both now abolished, are revealing and provocative.

This particular bulletin still remains the only comprehensive account of most aspects of Maori fishing. The descriptions of methods employed in fishing given here are still quite basic for any future studies in this field since no first-hand observations can now be made. The detailed fishing methods outlined are accompanied by descriptions of the artifacts used, together with associated chants, magic formulae, special observances, and fishing lore.

**FOREST LORE OF THE MAORI***By Elsdon Best*

DOMINION MUSEUM BULLETIN No. 14

421 p. 1977. \$17.95 plus \$1.25 p &amp; p

Printed without textual alteration, the work provides an important basis for any study of old-time Maori economics and perhaps more important of his attitude to what was a major part of his environment. It will be more of general interest today than when first written, since it stresses so fully the uses made by the Maori people of their natural resources, and supplies basic materials for further studies in ethnobotany and ethnozoology. The reverence which the old time Maori showed towards natural resources mirrors the modern concern for ecological principles.

**INVESTMENT ISSUE**

By Donald T. Brash, et al.

NEW ZEALAND PLANNING COUNCIL No. 16.

86 p. 1980. \$6.75 plus 70c p &amp; p

Recently, investment has been very low, compared with that prevailing from the mid-1950s to the mid-1970s. If we are to take advantage of the opportunities for development before us, there will have to be a resurgence of fixed investment for the next few years. It is needed in plant, machinery, and equipment for the development of our energy resources.

**LAND ALONE ENDURES**

DSIR Discussion Paper No. 3

286 p. 1980. \$12 plus \$1.25 p &amp; p

This discussion document comes at the start of a decade of significant national development and, hence, of changes in land use. "Land use" like "Energy" will be of key importance during the 1980s as New Zealand moves to diversify its primary production, develop its resources of minerals and energy, and conserve its flora and fauna.

**LAND USE POLICIES**

185 p. 1976. \$5 plus 45c p &amp; p

*Land Use Policies* is an up-to-the-minute publication resulting from the NZIPA Convention of 1975. Contributors include the Hon. D. MacIntyre, then Minister of Maori Affairs and Agriculture; the Parliamentary Under-Secretary to the Ministers of Agriculture, Forests, Lands, and Science for the previous Government; the Commissioner for the Environment; the Assistant Director-General of Lands; the Head of the Urban Research Unit of Canberra; and many others. Topics range from land tenure systems to the history of the development of land use policies to the public acquisition of land for urban development. To assist readers each contribution is accompanied by a short summary. In addition most are also followed by a commentary and an edited record of the convention discussion of the paper.

**LIVING LETTERS**

STATE SERVICES COMMISSION

36 p. 1980 reprint. \$1.75 plus 45c p &amp; p

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old clichés of "acknowledging receipt of", "according to our records", and "enclosed please find" it is almost certainly time to change your attitude to writing living letters.

**MAORI**

By Witi Ihimaera

45 p. 1975. \$1.20 plus 35c p &amp; p

A colourful booklet describing the coming of the Maori to New Zealand, his history, heritage, folklore, beliefs, and cultural unity.

Each chapter has a quotation from a Maori proverb, phrase, saying, or canoe chant and these concepts are presented in words and pictures.

Continues with the arrival of the pakeha and the pattern of events which followed, the Treaty of Waitangi and the Land Wars. Moves on to the Maori today, finishing with the theme, one country, two heritages in unity.

Well illustrated with 64 coloured photos, of interest to all New Zealanders and tourists. (Tourist and Publicity Department.)

**MAORI AGRICULTURE**

By Elsdon Best

NATIONAL MUSEUM BULLETIN No. 9

315 p. 1976. \$13.50 plus \$1.25 p &amp; p

The only comprehensive study of Maori agriculture available, this bulletin adds a further volume to the series of Elsdon Best's works which the Government Printer undertook to reprint preserving the original text and bulletin numbers. I recommend this book and the series as a whole; to collectors, archaeologists, and to those studying the prehistoric economy of the Maori people. (Government Printer.)

**THE MAORI AS HE WAS**

By Elsdon Best

295 p. 1974 reprint. \$6.50 plus 70c p &amp; p

Fifty years of public demand since this book was first published resulted in the need for reprints in 1934 and 1952. The text has been reproduced unchanged but the originals of some of the figures could not be traced and these have been replaced with similar illustrations. There have been many advances in our knowledge of Maori life since this book first appeared. The work of numerous ethnologists, and more recently archaeologists, has critically examined many of the earlier concepts, confirming some, disproving others, and altering others to varying degrees. No one has yet produced a synthesis of the results of all this scholarship and there is still nothing as comprehensive as this book of Best's to give a general account of the Maori. This book was first published when Best was 68 and thus represents the accumulated knowledge of a lifetime. It has now become a classic introduction to Maori life. Its continued availability should help the reader to obtain a basic background to old time Maori life which can be extended by further reading.

**THE MAORI CANOE**

By Elsdon Best

NATIONAL MUSEUM BULLETIN No. 7

451 p. 1976. \$17.50 plus \$1.25 p & p  
A reprinted edition without textual alterations and retaining the old Dominion Museum number. Another example of Elsdon Best's dedicated effort to preserve Maori culture. The material presented on canoes, their materials, types, methods of construction, and associated artifacts make interesting reading for the layman as well as for scholars of the Maori. (Government Printer.)

**MAORI RELIGION AND MYTHOLOGY PART 1**

By Elsdon Best

NATIONAL MUSEUM BULLETIN No. 10

424 p. 1976. \$18 plus \$1.25 p & p  
An account of the theory of the universe and its creation, study of the origin of man, religious beliefs, rites, magic and folklore of the Maori people of New Zealand. First published in 1924, reprinted without textual alterations and retaining the original bulletin numbers. (Government Printer.)

**MAORI STOREHOUSES AND KINDRED STRUCTURES**

By Elsdon Best

116 p., illustrated. 1974 reprint. \$6.50 plus 70c p & p  
As an authority on Maori culture, the author has compiled in this publication a comprehensive record on the use of the different storage structures, etc., used by the Maori in former times. By studying items pertaining to Maori technology it is hoped this will throw light upon many phases of the social life and customs hitherto unknown. This bulletin is No. 5 in the Dominion Museum Series.

**MICROZONING FOR EARTHQUAKES EFFECTS IN WELLINGTON, NEW ZEALAND**

By T. L. Grant-Taylor, R. D. Adams, T. Hatherton, J. D. G. Milne, R. D. Northey, and W. R. Stephenson of the New Zealand Department of Scientific and Industrial Research

BULLETIN 213

61 p. \$8.50 plus 70c p & p  
This report on earthquake microzoning is aimed at dividing extensive areas of Wellington into smaller zones and is intended as a guide only to planning of future redevelopment. The detailed studies of local geology and soil investigations have resulted in an Earthquake Microzone Map of Wellington. This map accompanies this publication. This report is the first one of a series. Later it is the intention to microzone other areas in the same way.

**MOA-HUNTER PERIOD OF MAORI CULTURE**

ROGER DUFF—CANTERBURY MUSEUM BULLETIN No. 1

436 p. 3rd edition, 1977. \$17.50 plus \$1.25 p & p  
This book deals with the most important site yet investigated and in its discussions it traverses most of the New Zealand archaeological field.

A chance discovery in 1939 by a 13-year-old boy revealed the grave of a chief in the gravels of the Wairau boulder bank. The grave, goods, and bones of the ancient chief, prone in his gravel grave, with skull directed towards the setting sun, spoke with more authority regarding his race than the distorted memories of Maori tradition.

Although scholarly and technical, the book sustains throughout the drama of this archaeological discovery, and recreates from the evidence of bone and stone the life of our first Polynesians in the Moa-hunter period of Maori culture.

**NATIONAL MUSEUM MONOGRAPHS**

Elsdon Best (1856-1931), who was a member of the staff of the then Dominion Museum from 1911 to 1931, made a notable contribution to the study of Maori ethnology. After a lifetime of experience, including many years in close contact with the Maoris of the Urewera, he spent the last 20 years of his life writing particularly of the social customs and beliefs of the Maori people. There is still a demand for the many monographs written by Elsdon Best and the following titles have been reprinted without alteration to the original text (National Museum):

No. 1. Some Aspects of Maori Myth and Religion.	43 p.	\$1
