Exchange Rates

IN terms of section 25 (2) of the Reserve Bank of New Zealand Act 1964, the Reserve Bank today released outer limits for rates of exchange to be used in transactions involving the conversion of New Zealand currency into foreign currencies and foreign currencies into New Zealand currency when delivery of the foreign currency dealt in will be effected by telegraphic transfer. The following range of rates, for the main currencies used by New Zealand traders in settling foreign exchange transactions, will remain in force until replaced by a new Schedule issued by the Reserve Bank. These rates do not apply to transactions for settlement after the expiration of 2 business days (forward transactions) or to transactions in which instruments are purchased which do not entitle the buyer to foreign currency balances in the foreign centre until the instruments have been delivered at the foreign centre. In the latter case interest at foreign centre rates may be deducted from the telegraphic transfer rate to compensate the purchaser for his loss during the transit period.

Import Control Regulations 1973—Import Licence Tendering Scheme

PURSUANT to the provisions of regulation 9A of the Import Control Regulations 1973 (S.R. 1973/86), as inserted by regulation 2 of the Import Control Regulations 1973, Amendment No. 3 (S.R. 1980/246), the Secretary of Trade and Industry, being duly authorised in this behalf by the Minister of Trade and Industry hereby publishes a guide to the Import Licence Tendering Scheme, amended for Round Two.

OUTLINE OF SCHEME

1. (a) This scheme applies to certain import licences for commodities falling within the general category of consumer goods. It derives from the Import Control Regulations 1973, Amendment No. 3 and is administered by the Department

of Trade and Industry under delegated authority from the Minister of Trade and Industry. Within the department a Registrar, Import Licence Tendering, appointed by the Secretary of Trade and Industry is in charge of the specific functions of the scheme.

(b) Tenders are being called for import licences for each product category in up to four rounds, not necessarily equal in value, as six monthly intervals. Each product category is assigned a separate tender number.

The department will publish as part of the Call for Tenders the total value of licences for each product category that is put up for tender. Goods covered by each tender number are identified in greater detail by reference to the relevant tariff items in the New Zealand Customs Tariff.

(c) These Calls for Tenders will be advertised in the *Gazette* and the press.

(d) Any enterprise as defined in section 4 below is eligible to submit a bid in response to a specific Call for Tender issued by the department.

(e) The successful tenderers will be those who submit the highest valid bids for the available licence units in each tender number. A nil bid is not acceptable.

(f) Details of all tenders will be published in the *Gazette*.

(g) Otherwise than as may be provided in this guide, licences granted under the scheme will be subject to the usual procedures, and terms and conditions, laid down pursuant to the Import Control Regulations 1973, and nothing in these guidelines shall limit any provision of those regulations.

(h) The goods imported will be subject to the appropriate rate of duty and also sales tax where applicable. The calculation of sales tax on goods imported under tender licences will include the amount bid.

(i) Licences obtained under the Import Licence Tendering Scheme will not count towards history for the general import licensing system.

ALLOCATIONS FOR EACH TENDER NUMBER

2. (a) Calls for Tenders will specify amounts' of licence to be allocated for each tender number (made up of whole or part Item Codes).

IT IS THE RESPONSIBILITY OF THE TENDERER TO ENSURE THAT THE GOODS TO BE IMPORTED AGAINST A GIVEN TENDER NUMBER ARE CORRECTLY CLASSIFIED IN A TARIFF ITEM THAT IS INCLUDED IN THE RELEVANT TENDER NUMBER.

(b) Allocations for each tender number will be split into licence units expressed in value terms for tendering purposes (e.g. Item Code Ex 82.005, Tariff Item 82.04.011, screwdrivers as may be determined by the Minister, first round tender allocation—\$15,000, licence unit size—\$1,500 and the number of licence units a tenderer may bid for—one). The size of such licence units will vary for each tender number, but will be as large as possible taking into account such diverse factors as the nature of the goods, the structure of the trade, the value of the allocation for tendering, the diversity of licence-holdings, and the need to consider minimum economic orders and shipments.

SPARE PARTS AND SERVICE

3. (a) Tenderers will be expected to provide an adequate spare parts and servicing back-up where relevant. However, for certain tender numbers marked with an asterisk in the Calls for Tenders the tenderer will be required to pre-register an undertaking to provide these.

(b) A separate form for this purpose is available with tendering forms. This form must be forwarded either by hand or mail in a separate envelope marked "Spare Parts and Servicing Pre-registration", to the Registrar, Import Licence Tendering, Department of Trade and Industry, Private Bag, Wellington, to reach him as early as possible after the prospective tenderer decides to make a bid and *no later than the closing date for that/those tenders*.

(c) Tenderers who submitted a pre-registration form in the first round need not submit a further form in subsequent rounds for the same goods. However, it is the responsibility of tenderers to ensure that, where relevant, the goods tendered for are covered by the necessary pre-registration form.

(d) NO TENDER FOR ITEMS SO MARKED CAN BE ACCEPTED AS VALID UNLESS THE PRE-REGISTRATION FORM HAS PREVIOUSLY BEEN RECEIVED BY THE REGISTRAR. A single pre-registration form will suffice for tenderers intending to tender for more than one such item, provided that *all* the tariff items sought (and their corresponding tender numbers) are included on the form.

WHO CAN BID

4. (a) Tenders may be submitted by any enterprise domiciled in New Zealand which has actively traded for the past 12 months.

(b) For the purposes of the scheme, enterprise, does not include:

- (i) any social, recreational or sporting club, any charitable or religious institution, or any person not principally engaged in carrying on a business for financial reward; or
- (ii) any person who in the opinion of the Secretary of Trade and Industry has not actively traded in goods or services for the 12 months preceding the calling of a tender; or
- (iii) any person who has been granted a licence under these provisions but who, not having lawfully assigned his licence, fails to import goods under that licence to the value of 75 percent of that licence within 12 months of the date of the relevant Notice of Results; (see section 11(d)); or
- (iv) any person who has submitted a tender under these provisions but who in the opinion of the Secretary of Trade and Industry—
 - has failed to fulfil any undertaking given to the Secretary relating to the taking up of any licence under the scheme; or
 - has made any false or misleading statement in relation to any tender submitted under the scheme or any licence granted under the scheme.

LIMITATIONS ON BIDS

5. No one enterprise may submit bids for more than the stipulated maximum number of licence units being offered for tender within each tender number.

TENDERING FORMAT

6. (a) Forms are available from Collectors of Customs and the Department of Trade and Industry.

(b) A separate tendering form is required for each individual licence unit being tendered for.

(c) Tenders must be submitted in duplicate.

(d) Each envelope must not contain more than the stipulated number of bids allowed for a particular tender number. The tender number must be marked clearly on the outside of the envelope.

(e) The tariff item(s) against which imports would be made and a brief description of the goods sought are to be set out on the tendering form.

(f) Tenderers must submit tenders in their own names.

DEADLINES AND PROCEDURES

7. (a) Tenders must be received by 5 p.m. on the due date by the REGISTRAR, IMPORT LICENCE TENDERING, DEPARTMENT OF TRADE AND INDUSTRY, PRIVATE BAG, WELLINGTON. There will be no extension of the deadline specified in the Call for Tender.

(b) Tenders may be mailed to the above address or delivered by hand to the first floor reception, Bowen State Building, Wellington. In both cases the department will verify that the tender number is marked on the outside of the envelope and will then stamp the envelope with the time and date of receipt. Hand deliveries may be made between 8.30 a.m. and 5 p.m. Monday to Friday, except public holidays.

(c) In the event of a tie for the last licence units, the successful tender will be the first valid one received. In the event that not all available licence is bid for, the licence left over will not be added to the entitlement of successful bidders.

ADVICE AND PUBLICATION

8. (a) Every Wednesday, following the closing of tenders, bids will be publicly opened in the department's Board Room in the presence of a Justice of the Peace.

(b) All tenderers will be officially informed of the outcome of their bids.

(c) The name and location of each tenderer and the amount bid in each case will be published in the *Gazette* as soon as possible after the opening of tenders.

(NB: The specific goods to be brought in will not be published.)

PAYMENT OF THE SUCCESSFUL BID

9. The amount bid by successful tenderers will be payable to the Department of Trade and Industry from the date when the relevant Notice of Results is published in the *Gazette*. The bid must be paid before the licence can be uplifted from the Customs Department and no later than six months after the publication of the Notice of Results in the *Gazette*.

RETURN OF LICENCE USAGE

10. Successful tenderers are required to provide details of how their tender licence(s) were used, including the country of origin and the value of the goods imported, as soon as the tendered licence(s) has been fully used. A form for this purpose will be attached to the letter of official notification sent to successful tenderers. The completed form should be returned to the Registrar, Import Licence Tendering, Department of Trade and Industry, Private Bag, Wellington. Failure to provide this information is likely to result in the tenderer being debarred from further participation in the scheme.

VALIDITY OF LICENCES OBTAINED BY TENDER

11. (a) Licences issued under the tendering scheme will unless otherwise stated, be valid for one year from the date of publication of the results in the *Gazette*. Extensions will be considered only in exceptional circumstances.

(b) Licences will not be transferable to other item codes, inside or outside the tendering scheme.

(c) Licences may not be assigned to third parties without the prior written consent of the department.

(d) Non-use of licence within the validity period stipulated will result in the applicant being debarred, for a period, from further participation in the tendering scheme. Normally non-use of a licence would occur where 25 percent or more of the tendered licence has not been utilised within its validity period.

STATUTORY OBLIGATIONS

12. The issue of an import licence under the tendering scheme will in no way affect the obligation of the tenderer to comply with other relevant statutes and regulations such as the obtaining of relevant veterinary, phytosanitary and any other agriculture, food and drug approvals; the meeting of relevant safety standards; the payment of the appropriate level of duty as set out in the New Zealand Customs Tariff; the payment of sales tax; the meaning of the provisions of the Sale of Liquor Act where relevant; etc.

FOREST LORE OF THE MAORI

By *Elsdon Best*

DOMINION MUSEUM BULLETIN No. 14

421 p. 1977. \$17.95 plus \$1.25 p & p
Printed without textual alteration, the work provides an important basis for any study of old-time Maori economics and perhaps more important of his attitude to what was a major part of his environment. It will be more of general interest today than when first written, since it stresses so fully the uses made by the Maori people of their natural resources, and supplies basic materials for further studies in ethnobotany and ethnozoology. The reverence which the old time Maori showed towards natural resources mirrors the modern concern for ecological principles.

INVESTMENT ISSUE

By *Donald T. Brash*, et al.

NEW ZEALAND PLANNING COUNCIL No. 16.

86 p. 1980. \$6.75 plus 70c p & p

Recently, investment has been very low, compared with that prevailing from the mid-1950s to the mid-1970s. If we are to take advantage of the opportunities for development before us, there will have to be a resurgence of fixed investment for the next few years. It is needed in plant, machinery, and equipment for the development of our energy resources.

LAND ALONE ENDURES

286 p. 1980.

\$12 plus \$1.25 p & p

This discussion document comes at the start of a decade of significant national development and, hence, of changes in land use. LIVING LETTERS

STATE SERVICES COMMISSION

36 p. 1980 reprint.

\$1.75 plus 45c p & p

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old clichés of "acknowledging receipt of", "according to our records", and "enclosed please find" it is almost certainly time to change your attitude to writing living letters.

MAORI RELIGION AND MYTHOLOGY PART 1

MOA-HUNTER PERIOD OF MAORI CULTURE

ROGER DUFF—CANTERBURY MUSEUM BULLETIN No. 1

436 p. 3rd edition, 1977.

\$17.50 plus \$1.25 p & p

This book deals with the most important site yet investigated and in its discussions it traverses most of the New Zealand archaeological field.

A chance discovery in 1939 by a 13-year-old boy revealed the grave of a chief in the gravels of the Wairau boulder bank. The grave, goods, and bones of the ancient chief, prone in his gravel grave, with skull directed towards the setting sun, spoke with more authority regarding his race than the distorted memories of Maori tradition.

Although scholarly and technical, the book sustains throughout the drama of this archaeological discovery, and recreates from the evidence of bone and stone the life of our first Polynesians in the Moa-hunter period of Maori culture.

MAORI

By Witi Ihimaera

45 p. 1975.

\$1.20 plus 35c p & p

A colourful booklet describing the coming of the Maori to New Zealand, his history, heritage, folklore, beliefs, and cultural unity.

Each chapter has a quotation from a Maori proverb, phrase, saying, or canoe chant and these concepts are presented in words and pictures.

Continues with the arrival of the pakeha and the pattern of events which followed, the Treaty of Waitangi and the Land Wars. Moves on to the Maori today, finishing with the theme, one country, two heritages in unity.

Well illustrated with 64 coloured photos, of interest to all New Zealanders and tourists. (Tourist and Publicity Department.)

MAORI AGRICULTURE

By Elsdon Best

NATIONAL MUSEUM BULLETIN No. 9

315 p. 1976.

\$13.50 plus \$1.25 p & p

The only comprehensive study of Maori agriculture available, this bulletin adds a further volume to the series of Elsdon Best's works which the Government Printer undertook to reprint preserving the original text and bulletin numbers. I recommend this book and the series as a whole; to collectors, archaeologists, and to those studying the prehistoric economy of the Maori people. (Government Printer.)
