The Waimea East Irrigation District Order 1982

DAVID BEATTIE, Governor-General
ORDER IN COUNCIL

At the Government Buildings at Wellington this 17th day of May 1982

Present:

THE RIGHT HON. D. S. THOMSON PRESIDING IN COUNCIL

PURSUANT to section 208 of the Public Works Act 1981 and Part XIX of the Public Works Act 1981, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, hereby makes the following order.

ORDER

1. This order may be cited as the Waimea East Irrigation Order 1982.

2. The area of land described in the First Schedule hereto is hereby constituted as an irrigation district to be known as the Waimea East Irrigation District (herein referred to as "the district").

3. It is hereby declared that the annual basic charge payable in respect of irrigable land within the district shall be \$135 per hectare and that the annual water availability charge payable in respect of water supplied shall be \$155/water unit where a water unit is a flow rate of 1 cubic metre of water/hour.

4. The annual basic and water availability charges shall be reduced for the first 6 seasons of supply as set out in the Second Schedule hereto.

5. Basis of Allocation. Supply of water is subject to Crown Water Right No. 1232 and 1232A issued by the National Water and Soil Conservation Authority. The right provides for the continuous taking of up to 700 litres per second from the Wairoa River. The scheme will generally be capable of providing sufficient water to meet the design application rates of 38 mm/week for spray systems and 28 mm/week for trickle systems at all times over the whole irrigation district. It is anticipated that in dry seasons some rationing of water may be necessary. Water will be supplied at a pressure of approximately 320 kPa downstream of the 'farm gate' flow controls which will limit the flow of water on to a property to that allocated under the water availability agreement. The agreement will be based on the requirements of an approved on-farm irrigation plan that will ensure a system capable of meeting the scheme design application rates. The agreement shall be in accordance with section 216 of the Public Works Act 1981. In seasons where rationing is required, the water availability charges may be reduced by the Minister of Works and Development for that season as allowed for in section 218 in the Act.

6. It is hereby declared that after the seventh season of water availability, the annual basic and water availability charges shall be subject to annual adjustment to compensate for any difference in any element of these charges from the amount previously estimated as stated under section 210 and 212 of the Public Works Act 1981.

7. It is hereby declared that 'land' in relation to any occupier or ratepayer in the irrigation district means all that land occupied by that person in the district which aggregates not less than 2 hectares.

IN THE MATTER of the Charitable Trusts Act 1957, and **IN THE MATTER** of the LEYS INSTITUTE BUILDING AND LIBRARY ENDOWMENT TRUST:

NOTICE is hereby given that Geoffrey Thomson Upton and Thomson Hilton Leys, both of Auckland, company directors (hereinafter called "the Trustees"), have filed in the High Court at Auckland a motion for an order approving a scheme under the provisions of the CHARITABLE TRUSTS ACT 1957, for the future administration and application of the capital and income of certain trust property held by them. The scheme relates to a gift made by the late Sir William Cecil Leys by a deed bearing date the 6th day of June 1945, to provide an addition to the buildings of the Leys Institute in St. Mary's Road, Ponsonby, and to provide a supplement to the income of the Director of the Leys Institute. The buildings have been fully provided and the continuing income is more than sufficient for the remaining purposes of the gift.

If the scheme is approved by a Judge of the High Court of New Zealand, the income from the trust will thereafter be held by the trustees not only for its original purposes, but also for enlarged and additional purposes for the enhancement of the library at the Leys Institute and for the assistance in the education (particularly with regard to illiteracy and reading difficulties) of persons in the Ponsonby area, and otherwise upon the trusts and in accordance with the provisions more particularly set out in the said scheme.

Notice is also given that the motion is to be heard at the High Court at Auckland on Friday, the 9th day of July 1982, at 10 o'clock in the forenoon; and that any person desiring to oppose the scheme is hereby required to give written notice of his intention so to do to the Registrar of the High Court at Auckland and to the trustees at the offices of their solicitors undermentioned and to the Attorney-General (at the Crown Law Office, Waring Taylor Street, Wellington), not less than 7 clear days before the said date of hearing.

Dated at Auckland this 19th day of May 1982.

BEEKEEPING IN NEW ZEALAND*By T. S. Winter*

Ministry of Agriculture and Fisheries Bulletin 267

155 p. 1980 reprint. \$8.95 plus 85c p & p

Though fundamental successful beekeeping is the same the world over, the varying seasonal conditions and the variety of nectar sources in different areas mean that the beekeeper must study local conditions and adjust his methods accordingly. Three factors govern success in beekeeping—locality, management, and the right strain of bees. This excellent book covers all aspects of beekeeping in text, photographs, and illustrations.

FISHING METHODS AND DEVICES OF THE MAORI*By Elsdon Best*

National Museum Bulletin No. 12

264 p. \$15.95 plus \$1.50 p & p

Another in the series of the Best publications, it has been reprinted without revision so that the basic studies may be accessible in the original style.

This particular bulletin still remains the only comprehensive account of most aspects of Maori fishing. The descriptions of methods employed in fishing given here are still quite basic for any future studies in this field since no first-hand observations can now be made. The detailed fishing methods outlined are accompanied by descriptions of the artifacts used, together with associated chants, magic formulae, special observances, and fishing lore.

LIVING LETTERS

STATE SERVICES COMMISSION

36 p. 1980 reprint. \$1.75 plus 55c p & p

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old clichés of "acknowledging receipt of", "according to our records", and "enclosed please find" it is almost certainly time to change your attitude to writing living letters.

MAORI AGRICULTURE*By Elsdon Best*

NATIONAL MUSEUM BULLETIN No. 9

315 p. 1976. \$13.50 plus \$1.50 p & p

The only comprehensive study of Maori agriculture available, this bulletin adds a further volume to the series of Elsdon Best's works which the Government Printer undertook to reprint preserving the original text and bulletin numbers. I recommend this book and the series as a whole; to collectors, archaeologists, and to those studying the prehistoric economy of the Maori people. (Government Printer.)

THE MAORI CANOE*By Elsdon Best*

NATIONAL MUSEUM BULLETIN No. 7

451 p. 1976. \$17.50 plus \$1.50 p & p

A reprinted edition without textual alterations and retaining the old Dominion Museum number. Another example of Elsdon Best's dedicated effort to preserve Maori culture. The material presented on canoes, their materials, types, methods of construction, and associated artifacts make interesting reading for the layman as well as for scholars of the Maori. (Government Printer.)

THE MAORI AS HE WAS*By Elsdon Best*

295 p. 1974 reprint. \$6.50 plus 85c p & p

Fifty years of public demand since this book was first published resulted in the need for reprints in 1934 and 1952. The text has been reproduced unchanged but the originals of some of the figures could not be traced and these have been replaced with similar illustrations. There have been many advances in our knowledge of Maori life since this book first appeared. The work of numerous ethnologists, and more recently archaeologists, has critically examined many of the earlier concepts, confirming some, disproving others, and altering others to varying degrees. No one has yet produced a synthesis of the results of all this scholarship and there is still nothing as comprehensive as this book of Best's to give a general account of the Maori. This book was first published when Best was 68 and thus represents the accumulated knowledge of a lifetime. It has now become a classic introduction to Maori life. Its continued availability should help the reader to obtain a basic background to old time Maori life which can be extended by further reading.

MAORI*By Witi Ihimaera*

Each chapter has a quotation from a Maori proverb, phrase, saying, or canoe chant and these concepts are presented in words and pictures.

Continues with the arrival of the pakeha and the pattern of events which followed, the Treaty of Waitangi and the Land Wars. Moves on to the Maori today, finishing with the theme, one country, two heritages in unity.

Well illustrated with 64 coloured photos, of interest to all New Zealanders and tourists. (Tourist and Publicity Department.)

MAORI RELIGION AND MYTHOLOGY PART 1*By Elsdon Best*

NATIONAL MUSEUM BULLETIN No. 10

424 p. 1976. \$18 plus \$1.50 p & p

MOA-HUNTER PERIOD OF MAORI CULTURE

ROGER DUFF—CANTERBURY MUSEUM BULLETIN No. 1

436 p. 3rd edition, 1977. \$17.50 plus \$1.50 p & p

This book deals with the most important site yet investigated and in its discussions it traverses most of the New Zealand archaeological field.

A chance discovery in 1939 by a 13-year-old boy revealed the grave of a chief in the gravels of the Wairau boulder bank. The grave, goods, and bones of the ancient chief, prone in his gravel grave, with skull directed towards the setting sun, spoke with more authority regarding his race than the distorted memories of Maori tradition.

Although scholarly and technical, the book sustains throughout the drama of this archaeological discovery, and recreates from the evidence of bone and stone the life of our first Polynesians in the Moa-hunter period of Maori culture.

FOREST LORE OF THE MAORI*By Elsdon Best*

DOMINION MUSEUM BULLETIN No. 14

421 p. 1977. \$17.95 plus \$1.50 p & p

Printed without textual alteration, the work provides an important basis for any study of old-time Maori economics and perhaps more important of his attitude to what was a major part of his environment. It will be more of general interest today than when first written, since it stresses so fully the uses made by the Maori people of their natural resources, and supplies basic materials for further studies in ethnobotany and ethnozoology. The reverence which the old time Maori showed towards natural resources mirrors the modern concern for ecological principles.

NATIONAL PARKS OF NEW ZEALAND

178 p. Revised third edition. 1974. \$10.50 plus \$1.50 p & p

The revision of this popular publication has included numerous new colour plates and additional information on some of our parks. Because of the popularity of this book it is expected this edition will be in great demand. In addition to the book being an ideal souvenir for the overseas visitor it makes an ideal gift and also a valuable asset to anyone's home library.

NETBALL Revised—A Guide Book for Teachers, Coaches and Players

DEPARTMENT OF EDUCATION

58 p. 1978. \$2 plus 55c p & p

Netball is a spectacular exciting game which is played and enjoyed in many countries both by the very young and the more experienced and mature international players.

To obtain the utmost enjoyment it is essential that each player becomes skilful in the techniques and tactics of the game and to know and understand the rules.

While the publication is specially designed to assist teachers, coaches and players in schools, people interested in netball at all levels should find the material contained in this booklet of great assistance.

NATIONAL MUSEUM BULLETIN No. 6

459 p., illustrated. Reprinted 1975 \$15 plus \$1.50 p & p

The bulletin contains a wealth of information and descriptions of many Pa sites and structures. Although great advances in archaeology have modified some of the details listed by Best and some of the PAs included in the book no longer exist, the information contained in this bulletin is still an important contribution in this field and is not readily available elsewhere.
