Com. 12/82

Decision No. 9/82

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976, and in the matter of a complaint by HAROLD EARL JENSEN, WARRANT HOLDER—Broadcasting Corporation of New Zealand (Television One):

B. H. Slane, Chairman, Lionel R. Sceats, member, Murray J. Henshall, deputy member, Gordon C. Ell, co-opted member, Robert Boyd-Bell, co-opted member.

DECISION

MR Jensen's complaint concerns a Kaleidoscope programme broadcast on 11 September 1981. Mr Jensen's complaint is couched in intemperate language but amounts to this:

During a live broadcast of the presentation of the *Wattie Book Awards* Mr Geoff Chapple accepted the award on behalf of Mr Maurice Shadbolt who was not present. He gave an unscheduled statement in which he stated that Mr Shadbolt was on an anti-tour march in Auckland. He also made some comments on the Springbok tour and apartheid. Mr Jensen complained that no effect was made to retrieve the microphone and the television camera remained on Mr Chapple. Mr Jensen alleged that the exercise was "pre-organised and orchestrated by the 'lefts' in TV news". He considers it was out of keeping with the evening, rude in the extreme and sour to the viewers who saw the programme. He alleged that television staff applauded Mr Chapple's statement and asked that those responsible should be made to publicly apologise.

The Corporation considered the complaint under Rule 1.1 (b) which required the Corporation "to take into consideration currently accepted norms of decency and taste in language and behaviour, bearing in mind the context in which any language or behaviour occurs;" 1.1 (d) "to acknowledge the right of individuals to express their own opinions" and 1.1 (e) "to deal justly and fairly with any person taking part or referred to in the programme".

The Corporation observed that the complaint had been lodged 4 months after the event and noted that many of the points made in support of the complaint were factually incorrect. The Corporation said the awards was not a television show as such but a live telecast of an outside event which, like other direct telecasts of this nature, could not be subject to editing or evaluation before transmission. Like a sport telecast, any unscheduled activity was there to be seen.

Mr Chapple was receiving the award at Mr Shadbolt's request and on his behalf, said the Corporation. After he received it he moved near to the fixed microphone being used by the compere who remained in his position. Mr Chapple's contribution of 1 minute 5 seconds had not been preplanned by Television New Zealand and was not part of any programming decision. Though there was a brief cutaway to audience applause no Corporation staff member had been visible or had joined in the spontaneous applause. The Corporation did not uphold the complaint.

From that decision Mr Jensen referred his complaint to the Tribunal. He alleged that the Corporation could not have seen the performance and was relying on production staff. He considered a public apology should be given and that Mr Chapple's statement took 3 minutes and 4 seconds by Mr Jensen's timing. He maintained his allegation that applause by the compere and television staff operating the various areas of filming could be seen.

Mr Jensen is not a reliable witness. His dislike of the statements made by Mr Chapple has coloured his recollection of the occasion.

We have seen a tape of the programme. The episode did not take 3 minutes 4 seconds or anything like it. It took little more than a minute. No microphone was handed to Mr Chapple. He moved to stand alongside the compere who was to be the next person to speak.

In fact the compere spoke over the lengthy applause which followed Mr Chapple's comments. He showed no signs of pleasure at the unscheduled interruption to the programme.

The Tribunal is satisfied that no statement was made that would have warranted the producer terminating the telecast on the grounds of any breach of the programme rules.

Having seen the tape and listened carefully to what Mr Chapple said, it is clear that there is no possible ground for complaint as to the content being in breach of any rules.

The action did not warrant a termination in the broadcast or any physical action from the point of view of rules and standards. Discretion and broadcasting courtesy, as the Corporation put it, tend to militate against such action being taken.

The Tribunal upholds the Corporation's finding and considers that the complaint has no basis. The Tribunal could not require any apology to be made because of any breach of rules or standards, as none occurred.

The complaint is not upheld.

Co-opted Members: Messrs Boyd-Bell and Ell were co-opted as persons whose qualifications and experience were likely to be of assistance to the Tribunal in determining the complaint. They took part in the deliberations of the Tribunal but the decision is that of the members and deputy member.

Dated the 30th day of June 1982.

1. *Statement of Accounting Policies*—The particular accounting policies adopted by the Bank which significantly affect the measurement and the reporting of its results and financial position on an historical cost basis, modified by the revaluation of land, have been consistently applied during the year. They are as follows:

- Foreign Currency Conversions*—Overseas assets and liabilities at balance date are converted to New Zealand currency using appropriate telegraphic transfer rates ruling at that date.
- Investments*—Overseas assets are shown in the balance sheet at cost. A market value is not available for the majority of investments held; the maturity value is \$NZ12.1 million, 1981 \$NZ10.2 million. New Zealand investments are shown at the lower of cost or market value (market value \$911.0 million, 1981 \$309.6 million).
- Exchange Rate Fluctuations*—The profit or loss arising from appreciation or depreciation of the Bank's net overseas assets (including contracts for the future purchase and sale of overseas currency) due to movements in basic exchange rates is settled with Treasury in terms of section 26 of the Reserve Bank of New Zealand Act 1964. The loss in respect of the year ended 31 March 1982 subject to such settlement was \$252.8 million, 1981 \$9.5 million.
- Fixed Assets and Depreciation*—Land held at Christchurch and Wellington is valued in the Bank's books at the July 1979 Government valuation. The Bank's buildings at Wellington and Christchurch, along with other fixed assets, are written off over their estimated economic lives on a straight line basis as follows:

Buildings	1 percent per annum
Other Fixed Assets	20 percent per annum

At balance date the building occupied by the Bank in Auckland has been fully written off.

- Gold*—Gold is valued in the accounts at cost (market value \$9.5 million, 1981 \$12.5 million).

2. *Contingent Liabilities*—

- In respect of an investment of 250,000 one pound sterling shares in the Commonwealth Development Finance Co. Ltd. of which 50p per share is uncalled (New Zealand equivalent \$290,000, 1981 \$307,000).
- In respect of Exchange Contracts entered into for the future purchase and sale of overseas currency, if this is less than \$500,000. (The risk of these contracts is covered by the indemnity described in Note 1 (c). In terms of that indemnity the Bank receives compensation only if its net losses for the year exceed \$500,000.)

3. *Capital Commitment*—There is a capital commitment of approximately \$1.3 million for the completion of Stage II of the new Auckland building. Estimated costs for the completion of Stage III are unavailable as tenders have not yet been called.

R. J. LANG, Chief Accountant.

D. L. WILKS, Governor.
R. S. DEANE, Deputy Governor.

REPORT OF THE AUDITORS TO THE RESERVE BANK OF NEW ZEALAND

We have audited the accounts of the Reserve Bank of New Zealand for the year ended 31 March 1982 and have obtained all the information and explanations we have required.

In our opinion the above financial statements are properly drawn up so as to give, under the historical cost convention as modified by the revaluation of land, a true and fair view of the state of affairs of the Bank as at 31 March 1982 and of its results for the year then ended.
