#### BAY OF ISLANDS ELECTRIC POWER BOARD

TAKE notice that the Bay of Islands Electric Power Board proposes to take under the Public Works Act 1981, 804 square metres, being parts of Te Puia A1, Te Puia A2 and Te Puia A3, part Omanaia 36, Block II, Waoku Survey District, which is situated at Omanaia on State Highway 12, opposite and to the south-west of the Duddy's Road intersection.

The land is required for a site for a 33,000 to 11,000 volt substation to supply power to the South Hokianga area.

The taking of the land is considered essential as electricity supply to the South Hokianga at the present time is only just being maintained within the statutory voltage limits. Any future increase in load would have a detrimental effect on this voltage and the present growth rate is 6 percent per annum.

Objections by persons having any estate or interest in the land may be made to the Bay of Islands Electric Power Board, or their solicitors, Messrs Wallace, Spencer and Co., P.O. Box 8, Kaikohe, within 2 weeks of publication of this notice.

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old clichés of "acknowledging receipt of", "according to our records", and "enclosed please find" it is almost certainly time to change your attitude to writing living letters.
