Decision No. 26/82.
BRO. 46/82

Before the Broadcasting Tribunal

In the matter of the Broadcasting Act 1976, and in the matter of an application by UNITED BROADCASTERS LIMITED for a short-term broadcasting authorisation to serve Waikanae and Paraparaumu between 18 December 1982 and 15 January 1983:

B. H. Slane, Chairman; L. R. Sceats, Member.

Hearing: 29 October 1982.

Counsel: H. B. Rennie for applicant; J. V. McLinden for Radio Kapiti Limited.

ORAL DECISION

The Twenty-ninth day of October 1982

THE Tribunal has decided to grant the application by United Broadcasters Limited for the hours and dates applied for. The frequency and site have of course still to be confirmed as far as the Post Office is concerned as the application is not yet certified in its amended form.

There will be the condition of no networking or simulcasting; there will be a condition related to advertising including a maximum of 5 minutes in any hour and providing an average for a day of no more than 4 minutes per hour.

Accounts have to be filed within 4 months and also an analysis of advertising separating national advertisers from within the coverage area and other advertisers from outside the coverage area. That will have to be verified by declaration.

In relation to that the Tribunal will if there is difficulty in making such an analysis give a further direction to the applicant.

There will be the usual conditions as to insurance, standards, and compliance with rules. The grant still remains subject to the technical certification by the Post Office under the Act. We will also insert a condition that the company will have to cease broadcasting if required to by the Post Office due to any interference with any other services.

Leave is reserved to the applicant to apply in relation to any other matters related to the authorisation.

Dated the 14th day of December 1982.

COM. 25/82

Before the Broadcasting Tribunal

In the matter of the Broadcasting Act 1976, and in the matter of a complaint by BRIAN FRANK LONG of Lower Hutt.

WARRANT HOLDER BROADCASTING CORPORATION OF NEW ZEALAND. Television New Zealand:

B. H. Slane, Chairman; Lionel R. Sceats, Member; Gordon Ell, Co-opted Member; Robert Boyd-Bell, Co-opted Member.

DECISION

MR Long complained about the Eye Witness news broadcast on 11 March which he described as biased, superficial, and inaccurate reporting and presentation. The coverage associated by proximity and inter-relation of subject matter and treatment, was superficial, emotive, unfair, and unprofessional. The programme appeared designed to report, support, condone, and encourage the view of one group in a troubled area of current events: a role which was mischievous and unprofessional.

In particular, he referred to the news report that 5 Rugby Football Union executive members had, despite a ministerial request, decided to proceed with plans to go on a fact finding trip to South Africa. The president of the Rugby Union who was not going on the trip and who "was not a particularly forthcoming or capable interviewee, and to whom were posed questions asking for personal judgments on the topic of sport with South Africa" was interviewed. After comments on a possible boycott of the Commonwealth Games, the Lord Privy Seal, Mr Humphrey Atkins was interviewed. He was a competent interviewee and he pointed out several times that the questions asked were pointless and hypothetical and that answers could not sensibly be given, said Mr Long.

There was then a film of a disturbance outside the Wellington hotel at a cocktail party of Mr Lindhorst where Mr Long said, people were clearly shouting at and for the cameraman who no doubt had been informed of the planned demonstration by the demonstrators.

After the film he said there was an unfair and gratuitous statement "the long batons in evidence during the Springbok Tour were not in use". He said the presenter might just have fairly said, "the tacks and fish hooks in evidence during the Springbok Tour were not in use", except, of course, that such a comment would not have been anti-police. At the end of the first part of the programme, they were told that in the next part, there would be news of the "English cricket rebels in South Africa".

The Corporation considered the complaint in the light of section 24 (1) (d) which referred to accurate and impartial gathering and presentation of news and to the television rules which referred to broadcasts dealing justly and fairly with any person taking part or referred to in any programme and the need to show balance and partiality and fairness.

The Corporation did not uphold the complaint.

Mr Long complained that the Corporation should have given reasons for its decision with no careful rebuttal of any point.

The Tribunal does not consider that the Corporation is obliged to give detailed decisions in dealing with all complaints.

However, the Tribunal has had an opportunity of viewing the whole of the programme and has decided it cannot uphold the complaint, except to the extent that the complaint covers the same ground as the complaint by Mr Jensen which was upheld by the Corporation in respect to accuracy. The Corporation in that complaint agreed that there was an error in the television reporting in stating the function had been arranged by the diplomatic community for Mr Lindhorst.

This was not specifically a matter complained of by Mr Long but his complaint is upheld to that extent.

With regard to the reference to the long batons, the Tribunal does not consider that the statement was an indication of inaccuracy or bias but a reporters assessment of the level of the disturbance taking place and of the police action required.

The news items may have provided programme material distasteful to Mr Long but there was justification for reporting all of them.

We cannot uphold the complaint based on a spokesman for a body being a not very capable interviewee. We pass no comment on the abilities of the President of the Rugby Union in this respect, but it is evident that if he was President of the Union, he was acceptable to the Union. If the Corporation was taking these matters further by way of current affairs treatment, it would be incumbent on it to ensure that those who put forward views opposed to those of the demonstrators were people who could competently express the views and the different opinions that can be expressed by people broadly in the same camp.

Hearing: 29 October 1982.

Counsel: J. V. McLinden for applicant; H. Williams for Manawatu Radio Company Limited.

ORAL DECISION

The Twenty-ninth day of October 1982

THE Radio Kapiti application has been considered and an authorisation granted for a station in Paraparaumu, broadcasting from 1 December 1982 to 30 January 1983 and also for a relay station at Levin which will be permitted for the period commencing on 15 December 1982 to 30 January 1983. Studios may be situated at Levin and Paraparaumu.

Other aspects of the application, frequencies and the like, are as applied for. The usual conditions will be imposed as to insurance, standards, and compliance with rules and there will be a similar condition imposed as in the United application relating to the filing of audited accounts within 4 months and with an analysis in the 3 categories of national advertisers, those within the coverage area and other advertisers outside the coverage area.

Leave is given to the applicant to apply if they find difficulty in completing that analysis so that the information can be provided in another form. It will have to be verified by declaration.

Permission is granted for networking as applied for, and in respect of this application also there will be leave given to the applicant to apply for directions as to any aspect of the authorisation.

I should say that in this application, as with the other applications, that the Tribunal regards contra as revenue as defined in the regulations that relate to levies in respect of warrant-holders. Warrant holders returns are required to be based on revenue including contra revenue.

Dated the 14th day of December 1982.

For the Tribunal:

B. H. SLANE, Chairman.

But a news situation is different. A spokesman for an organisation is sought and obtained. Efforts were made to seek the comments of the Chairman of the Union who was overseas and the President was interviewed locally. There was no reason to do more.

The complaint is upheld only on the point of accuracy accepted by the Corporation in Mr Jensen's complaint. It is not upheld in all other respects.

Dec. No. 23/82
COM. 20/82

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976, and in the matter of a complaint by HAROLD EARL JENSEN of Wellington

WARRANT HOLDER BROADCASTING CORPORATION OF NEW ZEALAND. Television New Zealand, and Radio New Zealand:

B. H. Slane, Chairman; Lionel R. Sceats, Member; Gordon C. Ell, Co-opted Member; Robert Boyd-Bell, Co-opted Member.

DECISION

Mr Jensen was dissatisfied with the outcome of a complaint to the Broadcasting Corporation concerning television and radio news treatment of a farewell function for Mr Lindhorst, retiring Consul-general for the Republic of South Africa. The television news on Thursday evening, March 11 and Radio New Zealand news on the morning of Friday March 12 were specific broadcasts complained of.

The allegation was of incorrect statements, bias, and lack of balance. Mr Jensen said it was not a diplomatic evening, it was held for many hundreds of New Zealand friends representing the majority of New Zealand sports bodies, business people, and others.

He said that the television and radio news were only interested in "the carryings on of those louts outside the hotel; no attempt was made to talk with the several hundred guests". He said radio news made great play on the statement made by the Hart leader and background noises.

He considered it biased, sour, ill-mannered reporting.

The Corporation noted that reporters and camera crews had been debarred from entering the building and from speaking to guests, despite requests, and that it was not possible to provide coverage of events inside the hotel. The next day, Mr Lindhorst was invited to be interviewed by 2ZB live (and therefore unedited), but he declined.

The Corporation said:

Inability to provide "balancing" viewpoint cannot be used for suppression of a story, as long as "reasonable efforts are made to present significant points of view either in the same programme or in other programmes within the period of current interest", as the Broadcasting Act requires. The Corporation considered that these efforts had been made, and declined to uphold your complaint on the grounds of bias.

The Corporation did, however, find there had been an error in fact in television reporting and in 2YA local news when in both cases there were references to the function being arranged by the diplomatic community for Mr Lindhorst. As that was incorrect, the Corporation upheld that part of the complaint in respect of accuracy. The attention of staff had been drawn to the mistakes and the need for accuracy reinforced.

Mr Jensen did not accept the finding of the Corporation and referred it to the Tribunal describing it as a "fabricated fob-off on all counts". He said that no tangible proof had been produced to substantiate the statement that staff were debarred from entering the hotel and speaking to guests, and alleged that that was not the case. But he produced no evidence to support his statement. He said that reporters and camera crews had an opportunity to interview guests as there were several hundred.

The Tribunal has had the benefit of viewing the television tape. It does not consider that in the context of the news item the fact that it was not a diplomatic evening is of any importance beyond the point of accuracy on which Mr Jensen's complaint was upheld by the Corporation.

The Tribunal finds no grounds for upholding the complaint. The protest was newsworthy, the reporting, except in the respects, stated did not depart from the recognised standards of objective journalism as to accuracy and impartiality. It is not necessary that balance

Decision No. 21/82
BRO. 58/82

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976; and in the matter of an application by RADIO OTAGO LIMITED to amend warrant 4XA to delete the requirement to establish a relay station at Cromwell.

B. H. Slane, Chairman; L. R. Sceats, Member; A. E. Wilson, Member.

Hearing: 1 December 1982

Council: J. E. Farry for the applicant

ORAL DECISION

The First day of December 1982

THE Tribunal has been able to arrive at a decision on this application:

The warrant for 4XA contains a condition which arises from an undertaking given by the warrant-holder with the intention that it should constitute condition of the warrant. In particular the undertaking includes the following:

"To establish the Alexandra station within 12 months of the grant of the warrant and, unless exempted by the Tribunal, establish the three relay stations within six months of the date upon which the Alexandra station commences broadcasting."

In this case the applicant wishes to have that condition amended to delete the requirement to establish the relay station at Cromwell.

It should be said that the relay stations at Queenstown and Wanaka were established within the period required and in the case of Wanaka only because the company at considerable expense was prepared to establish its own method of getting the programme from its studios to its Wanaka transmitter.

It was contemplated by the Tribunal that it may be necessary for there to be some variation in that timetable and in the Tribunal's decision granting the warrant it is stated:

"It will be a condition of the warrant that the relay stations be established. In the light of the international negotiations and its own planning, leave is given to Radio Otago Ltd. to apply for variation in its timetable for the establishment of the stations which is also dependent on the availability of Post Office circuits."

The applicant fairly soon after broadcasting from Alexandra realised that the initial calculation of the coverage of the transmission from Alexandra had been conservative and that better signal strengths were experienced in Cromwell than had been expected.

It would not have been possible to have established that station at Cromwell immediately since it was not until earlier in 1982 that the Post Office could have made available link circuits to take the programme to a transmitter in Cromwell.

The Tribunal is satisfied on the evidence that the application should be granted. It is satisfied that the signal strength in the area is satisfactory and that there would be no significant advantage in the establishment of a low-powered relay station in the area other than perhaps for a comparatively small number of people, and for civil defence emergency reasons. We do not think those factors should weigh sufficiently to prevent the granting of this application.

We place considerable reliance on the fact that there have been no objectors to the proposal which was advertised and was made known by the company in the area. In particular, the Cromwell Borough Council has informed the Tribunal by letter that in a newsletter accompanying rate instalments on 22 December 1981 there was an item relating to the quality of Radio Otago's reception. Residents who were encountering poor reception were requested to advise the Town Clerk's office by the end of January 1982. No comments were, in fact, made to the council by that date or subsequently. The council concluded that the existing reception was seemingly acceptable by the community.

The Tribunal is satisfied also that the warrant holder is not making an attempt to avoid a responsibility undertaken at the time of the warrant application and this should be made abundantly clear. However, the Tribunal members are concerned that a condition in

the warrant given by way of undertaking or otherwise should be complied with by the warrant holder or the appropriate exemption or application made to the Tribunal. In this particular instance we have concluded that the failure to formally apply for an exemption or variation of the timetable for establishment of a relay station in Cromwell was an oversight.

We are in fact concerned, however, that there were other conditions which could easily be overlooked by a warrant holder unless a warrant holder takes steps annually to review its warrant to ensure that it is currently in compliance with the terms of the warrant.

For instance, there has not yet taken place a meeting with organisations in the area to discuss communication needs this considerable time since establishment of the station at Alexandra.

The rule condition provides that, from time to time, surveys will be conducted and that obviously contemplates that everything cannot be done at once. But the provisions for convening meetings with community organisations did not contemplate calling a meeting two-fifths of the way through the terms of the warrant. It should have taken place at an earlier time. We mention this one specifically because it may well be that in relation to other conditions that we have canvassed today it was not contemplated at the time of the application that these proposed conditions would be fulfilled immediately upon the establishment of the Alexandra station.

We cannot emphasise too much, however, that it is really important that conditions in warrants be reviewed and if necessary applications made promptly for either amendment to the warrant or, as could have been done in this case, the exemption contemplated by the conditions applied for by letter.

As we say, in relation to the relay station, we did not consider this is more than an oversight but it is appropriate that we should mention our concern that warrant conditions are taken not only seriously as we believe this company does intend to take them but also to be kept under review.

We make this comment conscious of the steps outlined by Mr Farry that the company has taken, particularly in relation to the establishment of the Wanaka relay station, to provide the best possible service to the listeners in the coverage area as contemplated at the time of the application.

The warrant will therefore be amended to provide that the third relay station at Cromwell need not be established by the Company.

IN the matter of the Broadcasting Act 1976, and in the matter of an application by the OTAGO RADIO ASSOCIATION INC. for amendment to warrant MF-1 to permit a change of transmitter site to Centre Road, Otago Peninsula:

B. H. Slane, Chairman; L. R. Sceats, Member; A. E. Wilson, Member.

Hearing: 1 December 1982

Counsel: C. K. Ashton for the applicant

ORAL DECISION

The First day of December 1982

APPLICATION to amend the warrant to permit a change of site for the station's transmitter from 180 Rattray Street, Dunedin, to Centre Road, Otago Peninsula, Dunedin (Map reference NZMS 144/212773). There is no opposition to the application.

The information set out has satisfied the Tribunal in relation to the requirements of the Act. The criteria under the Act for the granting of amendments to a warrant are satisfied and therefore the amendment you sought will be granted.

There will be a continued exemption from the Technical Rules but the applicant should keep the Tribunal informed of progress. That is not to put pressure on the applicant but to keep up to date

the Tribunal's records as to the extent to which the station is able to comply.

The amendment will be made to the warrant effective from a date the applicant advises it intends to switch to the new transmitter site for actual programme broadcasts.

Exchange Rates

In terms of section 25 (2) of the Reserve Bank of New Zealand Act 1964, the Reserve Bank today released outer limits for rates of exchange to be used in transactions involving the conversion of

New Zealand currency into foreign currencies and foreign currencies into New Zealand currency when delivery of the foreign currency dealt in will be effected by telegraphic transfer. The following range of rates, for the main currencies used by New Zealand traders in settling foreign exchange transactions, will remain in force until replaced by a new Schedule issued by the Reserve Bank. These rates do not apply to transactions for settlement after the expiration of 2 business days (forward transactions) or to transactions in which instruments are purchased which do not entitle the buyer to foreign currency balances in the foreign centre until the instruments have been delivered at the foreign centre. In the latter case interest at foreign centre rates may be deducted from the telegraphic transfer rate to compensate the purchaser for his loss during the transit period.

NOTICE OF APPLICATION TO THE HIGH COURT OF NEW ZEALAND

UNDER PART III OF THE CHARITABLE TRUSTS ACT 1957

By *Wellington Presbyterian Social Service Association as Trustee
of the Ann Sinclair Home Trust*

PUBLIC notice is hereby given that Wellington Presbyterian Social Service Association ("the Trustee") has applied for consent to a Scheme under Part III of the Charitable Trusts Act 1957—

- (1) Varying the trusts, and
- (2) Extending the powers of the Trustee in respect of a trust created by the late Ann Sinclair of Pirinoa, spinster by deed. The Trustee presently holds farm land in the Wairarapa and proposes to sell the property thereby creating a Trust Fund for purposes which are summarised as follows:

Assisting boys with travel to, accommodation and education in various aspects of farming at suitable educational institutes. The boys to be assisted will be primarily those in need and likely to benefit from training for farming. After fulfilling the primary assistance purpose funds can be applied for training other boys in farming as the Trustee sees fit. Further the Trustee will be able to provide funds for farm training institutions and to establish conduct or provide assistance for camps for Bible Classes, Youth Groups, Childrens Homes, and other organised Christian bodies for holidays or retreats.

The existing trust requires that the Trustee hold the farm property for the purpose of a Boys Home and farm training establishment for boys and for the purpose of providing camps as mentioned above. The Trustee has prepared the Scheme because it believes that it is now impracticable and inexpedient to carry out the terms of the trusts in respect of the Ann Sinclair Home and the Trust Deed establishing same.

The Trustee has incorporated further and more extensive powers of management of the Trust Fund in the Scheme and requested consent to same because the powers in the original Trust Deed are restrictive and not conducive to proper management of the trust in its proposed new form.

The Scheme is available for perusal during office hours at the Registry Office of the High Court at Wellington or at the offices of the Solicitors for the Trustee, Messrs Young Swan Morison McKay, Ninth Floor, Challenge House, 105-109 The Terrace, Wellington.

The application for approval of the Scheme and for an order that the costs of the Trustee and the Attorney-General be paid from the Trust Fund is to be heard in the High Court at Wellington on the 2nd day of March 1983 at 10 o'clock in the forenoon.

Any person desiring to oppose the Scheme must give written notice of his intention so to do to the Registrar of the High Court at Wellington and to the Trustee and to the Attorney-General not less than 7 days before the aforesaid date for hearing.

The address of the Trustee for service for notices is at the offices of Messrs Young Swan Morison McKay, at the above-mentioned address.

Dated at Wellington this 16th day of December 1982.

Wellington Presbyterian Social Service Association by its solicitors and duly authorised agents:

GENERAL PUBLICATIONS

FOREST LORE OF THE MAORI

Dominion Museum Bulletin No. 14

By *Elsdon Best*

421 p. 1977.

\$17.95 plus \$1.50 p & p

Printed without textual alteration, the work provides an important basis for any study of old-time Maori economics and perhaps more importantly of his attitude to what was a major part of his environment. It will be of more general interest today than when first written, since it stresses so fully the uses made by the Maori people of their natural resources, and supplies basic materials for further studies in ethnobotany and ethnozoology. The reverence which the old time Maori showed towards natural resources mirrors the modern concern for ecological principles.

Elsdon Best describes it as "An account of various exercises, games, and pastimes of the natives of New Zealand, as practised in former times; including some information concerning their vocal and instrumental music."

Includes an account of musical instruments and Maori song together with games and pastimes of a relaxing nature as well as those involved in ritual and training.

INFORMATION IN FORMATION

A Guide to Report Writing

STATE SERVICES COMMISSION

31 p. 1978.

LIVING LETTERS

STATE SERVICES COMMISSION

36 p. 1980 reprint.

\$1.75 plus 55c p & p

One of the aims in letter writing is to get ideas across to the reader clearly and briefly. But do letters always say what is meant? Even if they are clear to the writer, will the reader understand them easily? If you are still using the old clichés of "acknowledging receipt of", "according to our records", and "enclosed please find" it is almost certainly time to change your attitude to writing Living Letters.

Each chapter has a quotation from a Maori proverb, phrase, saying, or canoe chant and these concepts are presented in words and pictures.

Well illustrated with 64 coloured photos, of interest to all New Zealanders and tourists. (Tourist and Publicity Department.)

MAORI AGRICULTURE

Dominion Museum Bulletin No. 9

315 p. 1976.

\$13.50 plus \$1.50 p & p

The only comprehensive study of Maori agriculture available, this bulletin adds a further volume to the series of Elsdon Best's works which the Government Printer undertook to reprint preserving the original text and bulletin numbers. I recommend this book and the series as a whole; to collectors archaeologists, and to those studying the prehistoric economy of the Maori people. (Government Printer.)

THE MAORI AS HE WAS

By Elsdon Best

295 p. 1974 reprint.

\$6.50 plus 85c p & p

Fifty years of public demand since this book was first published resulted in the need for reprints in 1934 and 1952. The text has been reproduced unchanged but the originals of some of the figures could not be traced and these have been replaced with similar illustrations. There have been many advances in our knowledge of Maori life since this book first appeared. The work of numerous ethnologists, and more recently archaeologists, has critically examined many of the earlier concepts, confirming some, disproving others, and altering others to varying degrees. No one has yet produced a synthesis of the results of all this scholarship and there is still nothing as comprehensive as this book of Best's to give a general account of the Maori. This book was first published when Best was 68 and thus represents the accumulated knowledge of a lifetime. It has now become a classic introduction to Maori life. Its continued availability should help the reader to obtain a basic background to old time Maori life which can be extended by further reading.

THE MAORI CANOE

Dominion Museum Bulletin No. 7

By Elsdon Best

451 p. 1976.

\$17.50 plus \$1.50 p & p

A reprinted edition without textural alterations and retaining the old Dominion Museum number. Another example of Elsdon Best's dedicated effort to preserve Maori culture. The material presented on canoes, their materials, types, methods of construction, and associated artifacts make interesting reading for the layman as well as for scholars of the Maori. (Government Printer.)

MAORI RELIGION AND MYTHOLOGY PART 1

Dominion Museum Bulletin No. 10

By Elsdon Best

424 p. 1976.

\$18 plus \$1.50 p & p

An account of the theory of the universe and its creation, study of the origin of man, religious beliefs, rites, magic and folklore of the Maori people of New Zealand. First published in 1924, reprinted without textual alterations and retaining the original bulletin numbers. (Government Printer.)

MAORI STOREHOUSES AND KINDRED STRUCTURES

By Elsdon Best

116 p., illustrated. 1974 reprint.

\$6.50 plus 85c p & p

As an authority on Maori culture, the author has compiled in this publication a comprehensive record on the use of the different storage structures, etc., used by the Maori in former times. By studying items pertaining to Maori technology it is hoped this will throw light upon many phases of the social life and customs hitherto unknown. This bulletin is No. 5 in the Dominion Museum Series.

MOA-HUNTER PERIOD OF MAORI CULTURE

Roger Duff—Canterbury Museum Bulletin No. 1

436 p. 3rd edition, 1977.

\$17.50 plus \$1.50 p & p

This book deals with the most important site yet investigated and in its discussions it traverses most of the New Zealand archaeological field.

A chance discovery in 1939 by a 13-year-old boy revealed the grave of a chief in the gravels of the Wairau boulder bank. The gravel, goods, and bones of the ancient chief, prone in his gravel grave, with skull directed towards the setting sun, spoke with more authority regarding his race than the distorted memories of Maori tradition.

Although scholarly and technical, the book sustains throughout the drama of this archaeological discovery, and recreates from the evidence of bone and stone the life of our first Polynesians in the Moa-hunter period of Maori culture.
