Decision No. 2/83
Bro. 32/82

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976, and in the matter of an application by RADIO RHEMA INCORPORATED for amendment of sound radio warrant 3XG:

B. H. Slane, Chairman; Lionel R. Sceats, member; Ann E. Wilson, member.

Counsel: C. Anastasiou for applicant, G. R. Rowe for Broadcasting Corporation of New Zealand.

DECISION

THE applicant holds a sound radio warrant to operate a non-commercial radio station in Christchurch.

The applicant sought to amend the warrant to provide for a further relay station at Nelson with a maximum power of 1 kilowatt to broadcast during the hours of 0600-2400 daily. These are the hours which the station broadcasts in Christchurch and Wellington.

The application was based on the applicant's experience during a short-term broadcast for 25 days from 16 April to 10 May 1981, audience surveys carried out at that time, public reaction to that broadcast, and the committed response to the station shown by the membership of the applicant in the area.

The applicant said it would provide for the need for pleasant carefully chosen music and informative programmes free of commercial advertising pressure, the need for promotion of community projects and ideals without commercial connections, the need for children's programmes without commercial associations and which do not ignore spiritual values. It would fill the need for a station which has a policy of promoting personal development, hope and other such positive values, the need for material which provides spiritual assurance and comfort in times of stress or loneliness, a general desire of people to hear a greater variety of material of a spiritual nature and the need for a telephone counselling ministry operated in conjunction with a visible public medium.

The applicant said the New Zealand content of the programming would be 47 percent and a news service provided by the Christchurch station would include items provided by a Nelson newsroom.

The applicant proposed to broadcast on a frequency of 801 kHz at a power output of 1 kilowatt. The Broadcasting Corporation of New Zealand did not oppose the grant of the application but raised questions as to power of the station and the frequency on which it should broadcast.

The Tribunal has considered the evidence and the submissions made by both the applicant and the Corporation.

The Tribunal considers that a case has been made for the grant of the relay station and is satisfied that the service would be desirable in the public interest. In considering this the Tribunal has considered both the programme content and the support evidenced for the programme by the membership of Radio Rhema in the area which is nearly 1.8 percent of the population.

The Tribunal does not consider that the station will have any significant economic effect on the existing commercial station in the area or on the broadcasting services provided by the Corporation in the public interest.

The Tribunal accepts that there is some public desire for services of the kind provided by the station. It is clear from the Christchurch station's Wellington relay that Radio Rhema can capture a small but clearly discernible audience. It may prove to be a larger proportion in this market than in the more competitive radio markets of Christchurch and Wellington.

The Tribunal is satisfied from the evidence and the past performance of the applicant that it has the financial ability to carry on the proposed service. Past experience has shown that the applicant will carry on the service satisfactorily.

In view of our conclusions we do not need to traverse the survey material.

The main issue to be determined was the allocation of frequency. The Tribunal was concerned that this particular frequency may be needed for some other purpose and explored the possibilities with the Post Office and BCNZ witnesses of an alternative choice of frequency. It was clear that there were no current plans for the use of this frequency and that although there are other frequencies which could be certified for this station, the Tribunal prefers to approve the use of the frequency 801 kHz although it must be understood by the applicant that for the best use of the available spectrum the frequency may have to be changed in the future.

The BCNZ considered that further time should be taken for research and produced a plan for consideration by Radio Rhema for use in planning for the future. We believe that there is much value in such thinking and planning being carried out but consider in the present instance that until further research shows that there are satisfactory alternatives which will provide a reasonable coverage to the proposed audience to be served in this area, the Tribunal should approve the use of 801 kHz.

The warrant will be amended to show the following conditions:

The warrant holder shall operate—

- (a) A relay station at Wellington, during the hours 0600-2400, with a maximum power of 5 kW on the frequency of 1503 kHz; and
- (b) A relay station at Nelson, during the hours 0600-2400, with a maximum power of 1 kW on the frequency of 801 kHz; and

(c) May establish and operate such other relay stations as may from time to time be approved by the Tribunal by way of short term broadcasting authorisation.

It will be a condition of the warrant that the applicant will remedy any intermodulation product problem to the satisfaction of the New Zealand Post Office. The approval of the frequency is subject to the International Frequency Regulation Board approval.

Dated the 7th day of February 1983.

Signed for the Tribunal:

B. H. SLANE, Chairman.

Decision No. 3/83
Bro. 66/82

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976, and in the matter of an application by the INDEPENDENT BROADCASTING COMPANY LIMITED for an amendment to the warrant No. AM-45 (1XW):

B. H. Slane, Chairman; Lionel R. Sceats, member; Ann E. Wilson, member; Murray J. Henshall, co-opted member.

APPLICATION

AMENDMENT of the terms and conditions of the above-described warrant by deleting therefrom condition 5 and substituting in lieu thereof the following condition:

"5. Except with the prior written consent of the Tribunal, the total aggregate shareholding by one or more news companies as hereinafter defined, whether as beneficial owner or otherwise in Independent Broadcasting Company Limited shall not exceed 30 percent of the issued capital of the company, the term "news companies" meaning any of the following:

- (i) Any company that operates a private broadcasting station.
- (ii) Any company that publishes a newspaper.
- (iii) Any company that or person who holds 20 percent or more of the issued capital carrying a right to vote of any company referred to under (i) or (ii) above.
- (iv) Any wholly owned subsidiary of any company referred to under (i), (ii) or (iii) above or any company or person under the control of any person referred to in (iii) above or any company under the control of any company referred to under clause (i), (ii) or (iii) above.
- (v) Any company or person with control over any company referred to in clause (i) or (ii) above or with the control over any company or person referred to in clause (iii) above.

AND "control" in relation to a company means the power of a person or company to secure, whether by means of the holding of shares, the possession or control of voting power, the membership of the Board of Directors, a number of subsidiaries and sub-subsidiary companies in or in relation to that or any other company or by virtue of any powers conferred by the Articles of Association or other instrument regulating that or any other company or otherwise that the affairs of the first-mentioned company are conducted in accordance with the wishes of that person or company and without limiting the generality of the foregoing provisions of this definition includes control as a result of or by means of trusts, agreements, undertakings and practices whether or not having legal or exercisable force and whether or not based on legal or exercisable rights and the relation to the person shall have a like meaning.

Hearing: Auckland, 2 February 1983.

Counsel: R. L. Maclaren for applicant; D. F. B. Stevenson for Independent Newspapers Ltd.

ORAL DECISION

THE Tribunal has decided to grant the application. The present clause provides that the total shareholding by a news company, as defined by the News Media Ownership Act 1965, whether as beneficial owner or otherwise and whether by one or more such news companies in Independent Broadcasting Company Limited shall not exceed 30 percent of the issued capital of the company.

The purpose of the new clause is, as Mr Maclaren has put it, to tighten and strengthen the definition of a news company. Under the previous definition it may have been possible for a company which was associated with a news company but which itself was not a news company to hold shares in excess of this provision.

Another purpose was to enable an application to be made for an increased percentage holding by a news company without the necessity of an application by the company for the amendment of the warrant. It was stated that the purpose was also as a preliminary step to an application for an increase in shareholding in the warrant holder by Independent Newspapers Limited.

The Tribunal considers it in the public interest to approve the clause which it has already approved in respect of the Radio Avon warrant.

We make no comment on the merits of the proposed application which will be dealt with separately.

The new form of the clause provides a more flexible method of variation of the percentage requirement and avoids the possibility of changes to conditions on the warrant to accommodate special situations. The warrant will be amended accordingly.

Signed for the Tribunal:

B. H. SLANE, Chairman.

BEFORE THE HONOURABLE MR JUSTICE GREIG

UPON reading the notice of motion for sanction of scheme of arrangement and confirmation of reduction of capital and the affidavits of Robert Lloyd Henry and David Hamilton Scott filed herein this Court hereby orders:

1. That the underwritten Scheme of Arrangement be sanctioned and be binding upon the holders of the 5 percent cumulative participating preference shares, the 12 percent convertible specified preference shares, and the ordinary shares of the company and also upon the company itself.

2. That the reduction of paid up capital of \$67,500, being part of the underwritten scheme of arrangement approved by special resolution of the company passed at the extraordinary general meeting held on 26th November 1982, be confirmed.

3. That a minute pursuant to section 78 of the Companies Act 1955 in the underwritten form be approved for registration with the Registrar of Companies and publication in the *New Zealand Gazette*.

"Form of Minute

ANDAS GROUP LIMITED

Following the sanctioning of a scheme of arrangement on the 20th day of December 1982 whereby each of the existing 135 000 fully paid 5 percent cumulative participating preference shares of \$1 each in the capital of the company were cancelled and in exchange therefor 67 500 ordinary shares of \$1 each credited as fully paid up were issued with a consequent reduction of share capital of \$67,500 the capital of Andas Group Limited is as follows:

Authorised capital: \$2,932,500

Issued and paid-up capital: \$1,966,657

divided into 1 426 657 fully paid ordinary shares of \$1 each and 540 000 fully paid 12 percent convertible specified preference shares of \$1 each having been reduced from \$2,034,157 divided into 135 000 fully paid 5 percent cumulative participating preference shares of \$1 each, 540 000 fully paid 12 percent convertible specified preference shares of \$1 each, and 1 359 157 fully paid ordinary shares of \$1 each.

SCHEME OF ARRANGEMENT

Under section 205 of the Companies Act 1955 to convert all 5 percent cumulative participating preference shares into ordinary shares between Andas Group Ltd. ("the Company"), and:

- (a) The holders of the 5 percent cumulative participating preference shares of the company.
- (b) The holders of the 12 percent convertible specified preference shares of the company.
- (c) The holders of the ordinary shares of the company.

SCHEME OF ARRANGEMENT

1. Cancellation of Preference Shares—Each of the existing 135 000 fully paid 5 percent cumulative participating preference shares of \$1 each (hereinafter referred to as "the Preference Shares") in the capital of the company will be cancelled.

2. Issue of Ordinary Shares—Each holder of preference shares at the time of cancellation will be allotted and issued one ordinary share of \$1 in the capital of the company credited as fully paid up for each two preference shares. Fractions of ordinary shares arising from the implementation of the above scheme will be sold and the proceeds distributed pro rata to those who would otherwise have been entitled to the fractions.

3. Dividends—

- (a) In respect of the year ended 30th June 1982 an interim dividend of 2½ percent on the preference shares was paid on 13th May 1982. Assuming the recommendation of the directors to shareholders is followed a final dividend of 4 percent on the preference shares will be declared at the annual general meeting to be held on Friday, 26th November 1982 immediately before the meetings convened to consider this Scheme of Arrangement. Such dividend will be paid on 29th November 1982. The total dividend of 6½ percent, comprising a preferential dividend of 5 percent and a participating dividend of 1½ percent, will accordingly be up to date to 30th June 1982.
- (b) The holders of the preference shares will not be entitled to a further preferential or participating dividend on those shares as such.
- (c) The ordinary shares allotted and issued in substitution for the preference shares will rank *pari passu* in all respects with the existing issued ordinary shares of the company and accordingly will participate in all dividends in respect of the year ending 30th June 1983. In the normal course an interim dividend will be payable in May 1983 and a final dividend in November 1983.

4. Alteration of Share Capital—The following transactions will take place:

- (i) The authorised share capital will as a result of the cancellation of the preference share capital be reduced by \$135,000.
- (ii) The sum of \$135,000 being the share capital paid up on the preference shares cancelled will be carried to the credit of an account in the books of the company to be called the "Preference Share Conversion Account".
- (iii) Of the sum of \$135,000 thus transferred to the credit of the Preference Share Conversion Account \$67,500 will be applied in paying up in full the 67 500 ordinary shares of \$1 each to be allotted to the holders of the preference shares on cancellation of their shares.

(iv) The balance of \$67,500 remaining to the credit of the Preference Share Conversion Account shall remain in such account and this account shall in all respects be subject to the same provisions, rights and restrictions as apply to a share premium account created pursuant to section 64 of the Companies Act 1955.

(v) The paid up share capital of the company will be reduced by \$67,500 representing the difference between the \$135,000 of preference share capital cancelled and the \$67,500 of new ordinary share capital issued credited as fully paid up as provided for above.

5. Effective Date of Scheme—Subject to the separate approval of each of the three classes of shareholders and of the company in general meeting and to the sanction of the High Court the Scheme of Arrangement will come into force with effect from 16th December 1982 or the date it is sanctioned by the High Court, whichever shall be the later. The Directors may assent to any modifications of the Scheme or to any conditions which the Court may think fit to approve or impose.

4. That notice of the registration of this order and of the said Minute, and the text of the order, be published once in the *New Zealand Gazette*.

5. That so long as the Preference Share Conversion Account referred to in paragraph 4 of the Scheme of Arrangement is in existence, the company shall note every balance sheet of the company to the effect that that account is in all respects subject to the same provisions, rights and restrictions as apply to a share premium account created pursuant to section 64 of the Companies Act 1955.
