PURSUANT to section 3A(3) of the Local Authorities Loans Act 1956 (as inserted by section 3 of the Local Authorities Loans Amendment Act 1982), notice is hereby given that the Local Authorities Loans Board (the "Board") has determined as follows:

1. This general determination shall:

- Apply to all money which any local authority may borrow by way of special loan and for which pursuant to the Local Authorities Loans Exemption Order 1983 it is exempted from obtaining the sanction of the Board and the consent of the Minister of Finance;
- Notwithstanding subclause (a) hereof not apply except in respect of clause 11 hereof to special loans wholly funded by the Housing Corporation of New Zealand or the Rural Banking and Finance Corporation of New Zealand.

2. The maximum term for which the loan or any part thereof may be borrowed shall be the life of the assets created provided that the term in any event shall not exceed 30 years and provided further that:

- Where the loan is a renewal or redemption loan the term of such loan shall be calculated to extinguish the loan liability in respect of the original borrowing within the maximum permitted term of such original borrowing.

The life of the assets shall be as set out in Schedule I to this determination. Where a loan involves a mixture of assets with different life periods a composite life period shall be calculated based on the weighted average of the individual lives of the parts of the asset created.

3. The loan or any part thereof, together with interest thereon, shall be repaid by any of the following methods of repayment:

- By equal aggregate annual or half-yearly instalments of principal and interest;
- By establishing a sinking fund before raising the said loan or any issue relating thereto and by making annual payments to such sinking fund at a percentage rate of the amount of the loan or of that issue, as the case may be (other than any part being repaid pursuant to subparagraph (a) of this clause), for the time being borrowed and not repaid. 6. No agreement or arrangement shall be entered into with any person to invest loan moneys or any part or parts thereof whereby such investment would yield a rate of interest less than that which would be paid by the National Provident Fund on deposits with the Local Authorities Investment Pool from time to time.

7. The rate or rates of interest, that may be paid by any local authority in respect of any such money borrowed by it, shall be such as shall not produce to the lender or lenders a rate or rates of interest exceeding the following rates:

ORAL DECISION

THE application by the BCNZ is in respect of 4 television warrants, 1, 2, 3, and 4 and known as Television One.

The effect is to start broadcasting earlier by 30 minutes on weekdays, 90 minutes on Saturdays, and 2 hours on Sundays.

The reasons given for the application were that the weekday proposals were in response to the demand for the reintroduction of the *Keep Fit* series, that the earlier time for transmission on Saturdays would allow the presentation of specialist children's programmes at a time convenient to its significant number of younger viewers, that is prior to sports, chores, and other traditional Saturday morning activities, and the system of hours on Sunday morning would give the Corporation the opportunity to present an additional religious programme.

It is also proposed to follow that with a 2-hour sports review analysis programme. Evidence in detail of the proposals was given by Mr D. J. Monaghan, the Controller of Programming, who answered questions from the Tribunal.

The application of the factors of section 80 leads us to the conclusion that the amendments are desirable and in the public interest.

To grant them would not be contrary to Government policy, since the applicant has undertaken to make an application to amend the warrants to accommodate any television programme warrants that may be granted. Indeed, that is contemplated by the direction of the Minister of Broadcasting to the Corporation. We see no reason to deprive viewers of the opportunity for increased programme services in the meantime.

Contrary to the ATN submission there is not competing private application for the Tribunal to consider now. The grant of this application will not prejudice any private broadcaster granted a warrant later for morning television.

The application is therefore granted, effective from 21 February for weekdays and 22 April for Saturdays and Sundays. In each warrant for Television One stations there will be endorsed this condition:

The warrant holder shall apply for amendments to this warrant to enable the broadcast of programmes pursuant to any television programme warrants granted by the Tribunal.

Signed for the Tribunal.

B. H. SLANE, Chairman.

*Exchange Rates*

In terms of section 25 (2) of the Reserve Bank of New Zealand Act 1964, the Reserve Bank today released outer limits for rates of exchange to be used in transactions involving the conversion of New Zealand currency into foreign currencies and foreign currencies into New Zealand currency when delivery of the foreign currency dealt in will be effected by telegraphic transfer. The following range of rates, for the main currencies used by New Zealand traders in settling foreign exchange transactions, will remain in force until replaced by a new Schedule issued by the Reserve Bank. These rates do not apply to transactions for settlement after the expiration of 2 business days (forward transactions) or to transactions in which instruments are purchased which do not entitle the buyer to foreign currency balances in the foreign centre until the instruments have been delivered at the

foreign centre. In the latter case interest at foreign centre rates may be deducted from the telegraphic transfer rate to compensate the purchaser for his loss during the transit period.

#### EXPLANATORY NOTE

*This note is not part of the bylaws, but is intended to indicate their general effect.*

These bylaws, which come into force on 1 April 1983, regulate the conduct of persons within the Cape Rodney - Okakari Point Marine Reserve, and the conduct of scientific study in the reserve.

Any person who wishes to undertake scientific study in the reserve must make a written application to the Secretary at least 2 months before the intended date of commencement of the study, and obtain the approval of the Committee to the conduct of the study.

Except for areas of the reserve that are closed for scientific study, the public has unrestricted access to and the right to dive in the reserve.

Vessels may be anchored in the reserve so long as damage is kept to the minimum practicable level, but no vessel may be anchored within a closed area or within 100 metres of a buoy marking a closed area.

There is a speed restriction of 5 knots imposed on all vessels operating within 200 metres of the shore, and a requirement that a watch be kept from all vessels for divers using the reserve.

Areas closed for scientific study must be clearly marked by yellow buoys.

These bylaws were approved by the Minister of Fisheries on the 14th day of March 1983.
