Consent to Generation of Electricity by Use of Water

I, William Francis Birch, Minister of Energy, hereinafter called "the Minister" acting pursuant to section 25 of the Electricity Act 1968, hereby consent to David Stanton Kerr of Kaitia generating electricity by the use of water subject to the following conditions:

CONDITIONS

1. This consent is subject to compliance with the Electricity Act 1968 and the Water and Soil Conservation Act 1967 and the Electrical Supply Regulations 1976, the Electrical Wiring Regulations 1976, the Water and Soil Conservation Regulations 1968, the Fish Pass Regulations 1947, and all Acts or regulations hereinafter made in amendment of or substitution for any of those regulations together with all other enactments and regulations which may be in force.

Provided that where there is continued non-compliance with any of the aforementioned acts and regulations the Minister may withdraw this consent to the generation of electricity.

2. The generation of electricity by the use of water pursuant to this consent shall be carried out only by means of the works described in the Schedule hereto.

3. The consent shall, unless it is sooner lawfully determined, continue in force until the 31st day of March 2004, or until such time as the grantee disposes of the works whichever is the sooner.

4. This consent confers no rights to water under the Water and Soil Conservation Act 1967 or otherwise.

5. For the purposes of assessing the rental or annual sum payable in respect of this consent the maximum generating capacity of the plant at the date of this consent is 3 kW.

6. (1) For the rights conferred by this consent the grantee shall pay a rental or annual assessed in accordance with the following provisions:

- (a) The rental shall be at the rate of 25c per annum for each kilowatt or part of a kilowatt of maximum demand.
- (b) For the purpose of assessing the rental payable, the grantee may install a suitable maximum demand indicator to the satisfaction of the Deputy Secretary of the Ministry of Energy, Electricity Division, and failing such an installation the maximum demand shall be deemed to be the maximum generating capacity of the plant installed.

(2) Notwithstanding anything in subclause (1) of this clause, the rental shall not be less than \$1.25 per annum.

7. Every rental or annual sum payable under this consent shall be payable for the financial year ending on the 31st day of March in every calendar year.

8. Every annual sum or rental payable under the consent shall fall due and be paid on the 14th day of April in every year following the period for which the same is payable and shall be recoverable as a debt due to the Crown and may be paid to the District Manager of the Ministry of Energy (Electricity Division) or otherwise as the Minister may by notice in writing to the grantee direct.

9. Except so far as may be expressly set out in this consent, this consent shall not be deemed to authorise the generation of electricity by the use of water for consumption by any person other than the grantee or consumption on any premises other than premises occupied by the grantee.

10. The grantee shall at all times maintain all works for the time being in use so as to be in good and proper working order in accordance with the requirements of the regulations and at all times maintain all works erected by the grantee pursuant to the consent whether in use or not in such good and safe condition as in the opinion of the Minister to be unlikely to cause any danger to life or property.

11. It shall be lawful for any person acting as an Inspector of the Ministry of Energy (Electricity Division) at all times after the grant of the consent whether during or after the construction of any works to enter upon and inspect such works for the purpose of ascertaining whether these conditions are complied with, and for that purpose to require that any motive machinery be set in motion and to take specimens of material, make tests and measurements and do all other things reasonably necessary or convenient for the purposes of such inspection, and the grantee will be at all times comply with the reasonable requirements of any such person in the premises.

12. If the parties so agree it shall be lawful at any time for the grantee to surrender this consent and the Minister to accept such surrender subject to such terms and conditions as may be agreed upon.

13. Neither the granting of the consent nor anything in the consent expressly or by implication contained shall affect or prejudice any liability imposed by law on the grantee to pay compensation or damages to any person arising by reason of the exercise by the grantee of the powers conferred by the consent.

14. The rights granted by the consent shall be subject to all existing rights theretofore granted and validly held and enjoyed under an enactment or otherwise.

15. If at any time during the continuance of the consent the grantee fails or neglects to observe, perform, and comply with any of the provisions in the consent expressly or by implication contained, or otherwise makes default in complying with the terms of the consent then the Minister may forthwith by notice in writing to the grantee revoke and determine the consent.

16. The grantee of this consent must give notice to the Minister of Energy (Electricity Division) Wellington of any change of address of the grantee, or of the registered office, or usual place of business of the grantee.

17. (a) Any notice to be given to the grantee shall be sufficient served personally on the grantee or (in the case of the grantee being a corporate body) delivered at the registered office or usual place of business of the grantee to a person appearing to have for the time being the control of such premises, or sent by registered post letter addressed to the grantee at the postal address set out in the application for a consent or any subsequent address notified by the grantee to the Minister.

(b) Any notice to be given on the part of the Minister shall be sufficient if given in writing signed by the Minister or by any person purporting to act on behalf of or under the authority of the Minister.

(c) Any notice to be given to the Minister shall be sufficient given in writing delivered to or sent by registered post letter addressed to the Electricity Division, Minister of Energy, Private Bag, Wellington.

Act 19

RESERVE BANK OF NEW ZEALAND ANNUAL ACCOUNTS—continued

NOTES

1. *Statement of Accounting Policies*—Except for the change outlined in (b) below, the particular accounting policies adopted by the Bank which significantly affect the measurement and the reporting of its results and financial position on an historical cost basis, modified by the revaluation of land, have been consistently applied during the year.

They are as follows:

(a) *Foreign Currency Conversions*—Overseas assets and liabilities at balance date are converted to New Zealand currency using appropriate exchange rates ruling at that date.

(b) *Investments*—The value of New Zealand investments has this year been assessed on the basis of the buying price to the Bank on balance date whereas in earlier years investments were valued at the lower of cost or market value (market value being determined by the Bank's selling price).

The effect of the foregoing has resulted in \$14 million relating to previous years being written off the value of New Zealand investments and charged against profits in the current year.

(c) *Exchange Rate Fluctuations*—The profit or loss arising from appreciation or depreciation of the Bank's overseas assets and liabilities (including contracts for the future purchase and sale of overseas currency) due to movements in basic exchange rates is settled with Treasury in terms of section 26 of the Reserve Bank of New Zealand Act 1964. The loss in respect of the

year ended 31 March 1983 subject to such settlement was \$517.8 million (1982 \$252.8 million).

(d) *Fixed Assets and Depreciation*—Land held at Christchurch and Wellington is valued in the Bank's books at the July 1979 Government valuation. The Bank's buildings at Auckland, Wellington and Christchurch, along with other fixed assets, are written off over their estimated economic lives on a straight-line basis as follows:

Buildings 1 percent per annum
Other fixed assets 20 percent per annum

(e) *Gold*—Gold is valued in the accounts at cost (market value \$14.2 million, 1982 \$9.5 million).

2. *Contingent Liabilities*—

(a) In respect of an investment of 250,000 one pound sterling shares in the Commonwealth Development Finance Company Ltd., of which 50p per share is uncalled (New Zealand equivalent \$282,000, 1982 \$290,000)

(b) In respect of Exchange Contracts entered into for the future purchase and sale of overseas currency, if this is less than \$500,000. (The risk on these contracts is covered by the indemnity described in Note 1 (c). In terms of that indemnity the Bank receives compensation only if its net losses for the year exceed \$500,000.)

3. *Capital Commitment*—A tender for \$3.6 million has been accepted for the completion of Stage III of the new Auckland Building.

REPORT OF THE AUDITORS TO THE RESERVE BANK OF NEW ZEALAND

We have audited the accounts of the Reserve Bank of New Zealand for the year ended 31 March 1983 and have obtained all the information and explanations we have required.

In our opinion the above financial statements are properly drawn up so as to give, under the historical cost convention as modified by the revaluation of land, a true and fair view of the state of affairs of the Bank as at 31 March 1983 and of its results for the year then ended

28.40 Decision No. 1071
 Reference No. Ind. 31/82

Before the Indecent Publications Tribunal

14.60 In the matter of the Indecent Publications Act 1963, and in the
 34.00 matter of an application by the Controller of Customs for a
 decision in respect of the following publications: *Men Loving
 Themselves*, published by Down There Press, Burlingame,
 19.40 California:
 19.40 Judge W. M. Willis (Chairman).
 19.40 Mesdames H. B. Dick, L. P. Nikera:
 Messrs J. V. B. McLinden, I. W. Malcolm.
 Hearing: 16 December 1982.
 28.40 Decision: 5 July 1983.
 28.40 Appearances: McNeice for Controller of Customs. No appearance
 of importer Mr A. J. Duke.

DECISION

63.80 A single copy of the above publication was seized at Auckland in
 July 1982 by the Customs Department. As the importer has disputed
 forfeiture the Department has referred the publication to the Tribunal
 for classification prior to the commencement of condemnation
 proceedings pursuant to the Customs Act 1966.

52.80 *Men Loving Themselves* is a soft back publication approximately
 99 pages in length. Its dimensions are approximately 215 mm x
 275 mm. The book is divided into 3 main sections. First of all it
 has an introduction which is followed by 12 portfolios of different
 24.00 male models. These photographs are accompanied in each case by
 2.90 text written by the model concerned. The text is in restrained
 3.80 language. Finally the book finishes with a written section on the
 psychology of male self sexuality.

21.50 The view taken by the Customs Department was ambivalent.
 13.40 While on the one hand it accepted that the publication purported
 to be a serious work, it submitted that the content of the publication
 might cause the Tribunal to rule the book indecent. Although those
 2 views may be seen as inconsistent, we feel that the department
 was suggesting that because the publication had homosexual
 overtones the Tribunal might feel constrained to rule the publication
 indecent because of that aspect of the subject-matter. Unfortunately
 there was no submissions received from the importer to assist us
 in our consideration of the book.

57.60 We turn now to examine the various relevant matters under
 9.60 section 11 (1) of the Indecent Publications Act.

The dominant purpose of the publication

red from t This is an unusual book in that it deals almost exclusively both
 [rade Cent text and pictorially with the subject of masturbation. We hope
 the following extracts taken from the introduction to the book fairly
 disclose in the author's own words, the purpose of the book:

w Zealand. "The men who volunteered to be photographed for this book
 have relatively little in common; they are about as
 heterogeneous as any group of 12 adult American males can
 be. They range in age from the early twenties to the late
 fifties. They represent a broad spectrum of racial groups and
 cultural backgrounds. Education and income levels, political
 and religious beliefs, body types and, of course, personalities
 all vary considerably. Some are involved in monogomous
 sexual relationships; some have multiple partners; and some

have only casual encounters. Each has his own favourite sexual activities, and no 2 have the same preferences. Some are straight, some gay, some bisexual. Although each now feels comfortable with his sexuality, most have had to overcome the negative effects of misinformation and early messages about sex.

One of the few things these men do have in common is a positive attitude toward self-pleasuring and masturbation

At another time, each man made a personal statement, either in writing or in a taped interview. The statements, which appear with the photographs of each person, express some of their feelings toward self-sexuality and how it relates to their overall sexual expression. The men were asked to leave the gender of their sexual partners ambiguous (except in a few instances where this could not be done without distorting what they were trying to say). Sexual orientation is relevant to self-sexuality only insofar as it influences fantasy. Nonetheless, knowledge of the subjects' sexual orientations might lead to stereotyping and limit the ability of some people to identify with the photographs.

The statements and photographs give us a rare opportunity to observe an aspect of male sexuality which, for most people, has been shielded from view and largely absent from conversation (except jokes)

The final section of the book, entitled *The Psychology of Male Self-Sexuality*, provides a conceptual framework for understanding the uses of masturbation. The complex psychosocial dynamics which often inhibit self-pleasure are also explored. Practical suggestions for enhancing self-sexuality are included as well. Many men (women too) have found these useful in adding subtlety and depth to the sensual an sexual experiences they have with and for themselves."

There is a little doubt that the subject-matter of this publication concerns an important aspect of a man's sexual and emotional development. But in the past myths as to the results of the practice have abounded. In keeping with knowledge based on hearsay, old wives tales and little factual information, it is not unknown for guilt complexes, frustrations, and sexual hang-ups to be magnified out of all proportion in the minds of those who cannot come to terms with their physical and sexual needs.

Mr Morin's text deals sensibly with what one might call a liberal view of the issues involved. Had it not been for the presence of the photographs we would have had no difficulty in classifying this publication as not indecent.

The pictures however give us cause to hesitate. We feel there is really no need for them to be in the publication. We think the pictures' presence goes merely beyond a simple matter of taste, to the stage where they are entirely inappropriate. Many of the photographs are explicit, and how the act of masturbation in full frontal view both before and after ejaculation. We have little hesitation in saying that we find the photographs likely to be corruptive to younger readers, and prurient interest to sections of the community who would otherwise not be attracted to the text.

We think it is fair to say that the author has himself acknowledged that the photographs may be offensive and injurious to the public good so far as certain sections of the community are concerned. He states, at page 99, that an alternative publication will be available without the photographs. We set out the author's remarks because they reflect our own concern:

"An expanded version of this material, integrated with a discussion of women's self-sexuality, will be available from Down There Press late in 1981. This book will contain no sexually explicit photographs. It will be particularly useful in education, therapeutic and other settings where explicit photographs may be considered inappropriate or too anxiety-provoking".

The photographic section of the book runs from page 5 to page 88 inclusive. It can be seen that this is the substantive part of its content. There are 2 points that follow from that observation. The first is that we find the dominant purpose of the book is to discuss sexual issues that arise out of male masturbation. However the dominant effect of the presentation of the material, is that by far the greatest part of the book is taken up with the photographic presentation of male persons depicted in the act of masturbation.

We think that the major segment of the book is therefore capable of corruption and of appealing to the prurient and salacious in the community. We very much doubt if the book would be bought for its text alone.

In its other respects we think the book is unimpeachable, and we are relatively sure that if the other publication (sans pictures) was brought before us, we would have little hesitation in ruling it not indecent. Nevertheless on a balance, because of the bulk of the content of this publication, we feel that it is capable of doing more damage than benefit to the community and so we rule it unconditionally indecent.

District Court Judge W. M. WILLIS, Chairman.

Service Association should be entitled to remain as party to the proceedings and consider that the Broadcasting Corporation is entitled to be faced by its accusers.

In the first instance the Tribunal will make an order in appropriate terms under section 4C (3) of the Commission of Inquiries Act for the production of the contract to the Tribunal. It will then decide, after considering any submissions by the corporation, what parts or if all the contract should be made available to named persons and whether any order for confidentiality should be made at the same time. The question of whether any order will be made under the same section as requested in relation to any directions and audited statements will be considered when the contract has been produced to the Tribunal. The television warrants and the authorisation are part of the record of the Tribunal and no order has to be made for them to be produced.

The Tribunal considers that the company, Northern Television Limited, should be notified as a person likely to be affected as should the credited producers of the programme for Northern Television. In that respect we request the Corporation or Northern Television Limited to produce information as to the names and addresses of the producer or producers.

Decision No. 10/83
Bro. 19/83

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976; and in the matter of an application by NORTHERN TELEVISION LIMITED, to the Tribunal to make rules or issue directions pursuant to Regulation 7 of the Broadcasting Regulations 1977, and/or Rules 3.2 and 3.3 of the Procedural Rules relating to warrants:

Lionel R. Sceats, Acting Chairman; Ann E. Wilson, Member.

Counsel: Mr B. R. Latimour for applicant; Mr E. W. Thomas for CTV Television Ltd.

DECISION

WE have considered this matter. The applicant submitted the information in a document which became a public document as from 29 June 1983.

The financial situation is fundamental to the application and may affect the support or objections made by members of the public. It is a consequence of applying for a warrant that the applicant's financial situation becomes subject to public scrutiny. Once the material has been supplied the Tribunal considers it has no power to either accept it solely for the Tribunal or to order confidentiality.

The Tribunal has considered counsel's proposals that the financial information relating to Northern Television be supplied by way of evidence rather than in the application, but as the material has already been lodged with the Registrar the Tribunal feels this course cannot be adopted.

The Tribunal intends to make the material available in its entirety.

Dated at Wellington this 7th day of July 1983.

Decision No. 27/82
Bro. 22/83

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976; and in the matter of an allegation by THE NEW ZEALAND PUBLIC SERVICE ASSOCIATION that the Broadcasting Corporation of New Zealand is in breach of section 82 (1) of the Act:

Chairman: B. H. Slane, Member: Lionel R. Sceats, Member: Ann E. Wilson, Co-opted Member: Gordon C. Ell, Co-opted Member: Brian W. Stephenson.

Hearing: 16 December 1982.

Counsel: P. J. Bartlett for New Zealand Public Service Association; B. Hudson for Broadcasting Corporation.

ORAL PROCEDURAL RULING

The Sixteenth day of December 1982

THE Tribunal has decided that it will proceed but that a notice will be given to the BCNZ specifying the allegations based on the information and statements made by the Public Service Association, in their original correspondence with the Tribunal. The Corporation is already in substance aware of the allegations made because of the correspondence, based on the allegation by the Public Service Association, that the corporation has permitted Northern Television to obtain the benefit of the advertising in the contracted time.

So a formal notice will be sent with adequate notice of the date of the hearing. The Tribunal will be happy to suggest submission be made to the Registrar as to a suitable date.

The Tribunal does not accept the submission made by Mr Hudson that the bona fides of the Public Service Association should be inquired into before the matter is dealt with or that it should form part of the inquiry by the Tribunal. We consider that the Public
