The Tebbutt Road Area Irrigation Order 1983

DAVID BEATTIE, Governor-General
ORDER IN COUNCIL

At the Government House at Wellington this 25th day of July 1983

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL

PURSUANT to section 208 of the Public Works Act 1981, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, hereby makes the following order:

ORDER

1. This order may be cited as the Tebbutt Road Area Irrigation Order 1983.

2. The Minister of Works and Development is hereby authorised to construct, maintain and control water supply works described in the First Schedule to serve the land described in the Second Schedule hereto. On completion The Tauranga County Council shall administer the scheme on behalf of the Minister.

3. The area of land described in the said Second Schedule is hereby constituted as an irrigation district, to be known as the Tebbutts Road Area Irrigation District (herein referred to as "the district").

4. It is hereby declared that the annual basic charge payable on all irrigable land within the district shall be \$180 an irrigable hectare and the water availability charge shall be \$240 per 1000 m³ (thousand cubic metres). Reductions shall be made to the annual basic charge and the water availability charge during the first 6 irrigation seasons so that the charges for the first 7 seasons shall be as set out in the Third Schedule hereto.

5. It is hereby declared that on the commencement of water supply and from the end of the seventh season of water availability,

both basic and availability charges may be adjusted annually to take into account of variations between the estimated and actual construction costs, variations between estimated and actual costs for operation, maintenance and renewals, and variations in quantity of water or subject to availability agreements.

6. The charges payable shall be for a period of 20 consecutive seasons commencing at the start of the first year of supply for the scheme as determined and notified according to section 217 of the Act.

7. The supply of water will be subject to the water right granted by the Bay of Plenty Regional Water Board. This right (No. 1021) is for 3000 m³/day (3 thousand cubic metres per day) of water to be taken from the Wairoa River adjacent to the Waireia Stream mouth.

FIRST SCHEDULE

WATER SUPPLY WORKS

THE Tebbutt Road Area Irrigation Works by which means water can be drawn from the Wairoa River by a piped water supply to a storage reservoir from which point the said water will be either gravity or pump reticulated to each property through a control valve as appropriate to enable trickle irrigation for horticultural plantings.

The said works include all reservoirs, electrical supply equipment, piping, gauges, boxes, valves, pumps, filters, meters, and all other works incidental to or required for the construction, maintenance and control of the said works for the irrigation of the district.

Consent to Generation of Electricity by Use of Water

I, William Francis Birch, Minister of Energy, hereinafter called "the Minister" acting pursuant to section 25 of the Electricity Act 1968, hereby consent to Ararawa Land Company Limited, a duly incorporated company having its registered office at Raetihi, generating electricity by the use of water subject to the following conditions:

CONDITIONS

1. This consent is subject to compliance with the Electrical Supply Regulations 1976, the Electrical Wiring Regulations 1976 and all regulations hereinafter made in amendment of or substitution for any of those regulations together with all other enactments and regulations which may be in force.

2. The generation of electricity by the use of water pursuant to this consent shall be carried out only by means of the works described in the Schedule hereto.

3. The consent shall, unless it is sooner lawfully determined, continue in force until the 31st day of March 1985, or until such time as the grantee disposes of the works whichever is the sooner.

4. This consent confers no rights to water under the Water and Soil Conservation Act 1967 or otherwise.

5. For the purposes of assessing the rental or annual sum payable in respect of this consent the maximum generating capacity of the plant at the date of this consent is 55 kW.

6. (1) For the rights conferred by this consent the grantee shall pay a rental or annual sum assessed in accordance with the following provisions:

(a) The rental shall be at the rate of 25 cents per annum for each kilowatt or part of a kilowatt of maximum demand.

(b) For the purposes of assessing the rental payable, the grantee may install a suitable maximum demand indicator to the satisfaction of the Deputy Secretary of the Ministry of Energy, Electricity Division and failing such an installation the maximum demand shall be deemed to be the maximum generating capacity of the plant installed.

(2) Notwithstanding anything in subclause (1) of this clause, the rental shall not be less than \$1.25 per annum.

7. Every rental or annual sum payable under this consent shall be payable for the financial year ending on the 31st day of March in every calendar year.

8. Every annual sum or rental payable under the consent shall fall due and be paid on the 14th day of April in every year following the period for which the same is payable and shall be recoverable as a debt due to the Crown and may be paid to the District Manager of the Ministry of Energy (Electricity Division) or otherwise as the Minister may by notice in writing to the grantee direct.

9. Except so far as may be expressly set out in this consent, this consent shall not be deemed to authorise the generation of electricity by the use of water for consumption by any person other than the grantee or consumption on any premises other than premises occupied by the grantee.

10. The grantee shall at all times maintain all works for the time being in use so as to be in good and proper working order in accordance with the requirements of the regulations and at all times maintain all works erected by the grantee pursuant to the consent whether in use or not in such good and safe condition as in the opinion of the Minister to be unlikely to cause any danger to life or property.

11. It shall be lawful for any person acting as an Inspecting Engineer of the Ministry of Energy (Electricity Division) at all times after the grant of the consent whether during or after the construction of any works to enter upon and inspect such works for the purpose of ascertaining whether these conditions and the regulations are complied with, and for that purpose to require that any motive machinery be set in motion and to take specimens of material, make tests and measurements, and do all other things reasonably necessary or convenient for the purposes of such inspection, and the grantee will at all times comply with the reasonable requirements of any such person in the premises.

12. If the parties so agree it shall be lawful at any time for the grantee to surrender this consent and the Minister to accept such surrender subject to such terms and conditions as may be agreed upon.

13. The grantee shall indemnify and keep indemnified the Ministry of Energy (Electricity Division) against all liability to pay compensation to any person or local authority by reason of the exercise by the grantee of the powers conferred by the consent.

14. Neither the granting of the consent nor anything in the consent expressly or by implication contained shall affect or prejudice any liability imposed by law on the grantee to pay compensation or damages to any person arising by reason of the exercise by the grantee of the powers conferred by the consent.

15. The rights granted by the consent shall be subject to all existing rights theretofore granted and validly held and enjoyed under any enactment or otherwise.

16. If at any time during the continuance of the consent the grantee fails or neglects to observe, perform, and comply with any of the provisions in the consent expressly or by implication contained, or otherwise makes default in complying with the terms of the consent, then the Minister may forthwith by notice in writing to the grantee revoke and determine the consent.

17. The grantee of this consent must give notice to the Ministry of Energy (Electricity Division) Wellington of any change of address of the grantee, or of the registered office, or usual place of business of the grantee.

18. (a) Any notice to be given to the grantee shall be sufficient if served personally on the grantee or (in the case of the grantee being a corporate body) delivered at the registered office or usual place of business of the grantee to a person appearing to have for the time being the control of such premises, or sent by registered post letter addressed to the grantee at the postal address set out in the application for a consent or any subsequent address notified by the grantee to the Minister.

(b) Any notice to be given on the part of the Minister shall be sufficient if given in writing signed by the Minister or by any person purporting to act on behalf of or under the authority of the Minister.

(c) Any notice to be given to the Minister shall be sufficient if given in writing delivered to or sent by registered post letter addressed to the General Manager, New Zealand Electricity, Private Bag, Wellington.

Date of Hearing: 15 June 1983.
Date of Decision: 29 July 1983.

Appearances: Inspector Bates for Police. Written submissions from R. J. Stapleton, solicitor for Milton Allen.

DECISION OF INDECENT PUBLICATIONS TRIBUNAL

ON 29 April 1982 an information was laid against Milton Allen charging him with having the above publications in his possession for the purposes of sale. On 18 October 1982, the District Court at Auckland referred the publications to the Tribunal for classification. They were, however, not received until 2 February 1983. On 22 February 1983, notice of hearing to be held on 15 March 1983 was sent to the defendant but it was returned marked "address unknown". Just prior to the hearing, Mr Stapleton, solicitor for Mr Allen, sought an adjournment presumably on the grounds that he had only just received the instructions. The adjournment was granted, and the publications came before the Tribunal for consideration on 15 June 1983.

Inspector Bates for the Police submitted some detailed submissions in respect of each publication. They are in magazine format, they are of approximately the same size and can be said to be well produced. The Inspector referred to *Waverly Publishing Company Limited v Comptroller of Customs* 1980 1 NZLR 631 and mentioned the words of Jeffries J. at page 646 where he said,

"The central issue in these publications of indecent or not, concerns the manner of presentation of the female nude."

All the publications contain numerous photographs in monochrome and colour while one uses sepia toning. Photographs are exclusively of females mostly naked but some clothed in one way or another. Predominately, the photographs concentrate on the naked breast with the pubic and vaginal areas exposed in many cases. Most of the photographs are contrived giving a grotesque effect. The captions accompanying many of the photographs are banal. Inspector Bates numbered the volumes as above and he made the following submissions:

3. Numbers 1, 4, 5 and 8 contain either stories, or articles, or both, usually occupying no more in each case than 2 or 3 pages. In number 1 on pages 8-11 the story is a bizarre tale of sex-related violence based upon a theme of jealousy. It is without literary merit and is written in such terms as would appeal to the basest human attitudes and emotions. In number, 4 on pages 10-13 the story implies acts of bestiality and incest. To say it is base would be to give it the greatest possible credit. In number 5 on pages 8-11 the story concerns itself in a most unmeritorious way with drug abuse, violence and sex.
4. Numbers 1-10 contain advertisements for either martial-sexual aids or similar publications. Several of the advertised publications bear titles the same as magazines previously declared indecent by this Tribunal, e.g., *Foxette*, Decision No. 930; and *Waverley Publishing Company Limited*, supra.
5. Number 11 contains some photographs of poses of 2 or more naked women. Accompanying captions indicate bi-sexual preferences of the models, and implicitly, lesbian tendencies and sexual conduct. There is possibly less emphasis on the female breast than in the other 10 magazines, but this might be more apparent than real, given that the poses generally emphasise the breasts of the models less grotesquely. There does, however, appear to be more explicit portrayal of female genitalia.

He compared the current publications with the 10 held to be indecent by full Court in *Waverley* and suggested that they were similar in content and form. He suggested that most aspects of the 4 reasons numbered by Jeffries J. in *Waverley* were equally relevant to these publications; these 4 reasons are:

- (1) Concentration on large to grotesque breasts, full frontal nudity and female genitalia, and most without any redeeming feature of material of non-sexual nature. When there is such material it is unconvincing as a genuine alternative to the sexual theme.
- (2) I think there is a distinction between "posed" and "contrived". A pose can be artistic but a contrivance is rarely, if ever, described as that having undertones of deceit. Almost all photographs in these magazines are clearly contrived, with

masturbation a prominent feature. The body positions and facial expressions of the women are designed to impart action and movement into the photographs to achieve the maximum verisimilitude. In one case (Busts—"The Finish Line") text is directly in support of the "action" photography.

- (3) The publications have in many of them overtones of female sexual deviation, and in one an explicit photograph of this.
- (4) The texts are almost exclusively concerned with sexual stimulation and arousal, and completely devoid of any literary content, or even a gesture towards serious writing. They are shallow to the extreme.

In the Tribunal's view these submissions are careful and accurate.

In written submissions Mr Stapleton submitted that in the light of Waverley new guidelines were set for this type of publication, and he went on to say that the Tribunal in addition to any other matters, should take into account how much Community standards have changed over the years. His final submission was that the publications referred to were similar in style, content, and presentation to a publication *Look*, classified indecent in the hands of persons under the age of 18.

The Tribunal cannot agree that the publications under consideration warrant the same classification. For the reasons given by Jeffries J., the Tribunal classifies all publications as indecent. By way of comment, it should be noted that *Kingsize* and a publication called 38-26-34 was classified by the full Court as indecent in Waverley.

District Court Judge W. M. WILLIS, Chairman.

Trading Bank Reserve Asset Ratio

PURSUANT to section 33 of the Reserve Bank of New Zealand Act 1964, the Reserve Bank, acting with the approval of the Minister of Finance, hereby gives notice that as from the close of business on 1 August 1983 and until further notice each trading bank shall maintain during each calendar month balances at the Reserve Bank plus holdings of Reserve Bank notes, of New Zealand coin, and of New Zealand Government securities, such that the aggregate of the averages of those balances and holdings during that calendar month (determined in accordance with clauses 1, 2, 3 and 4 of this notice) equals or exceeds the aggregate of:

25.0 percent of that trading bank's average demand and time deposit liabilities in New Zealand in the immediately preceding calendar month (determined in accordance with the provisions of Clause 5 of this notice);

Provided that a trading bank may make up its balances and holdings as aforesaid for a calendar month to the amount hereinbefore required for that calendar month by way of borrowings from the Reserve Bank made during the next following calendar month and on terms and conditions to be determined by the Reserve Bank and the proceeds of all such borrowings shall be credited to the account of that trading bank with the Reserve Bank termed "Contra Deposit Account" and on terms and conditions to be determined by the Reserve Bank.

For the purposes of this notice:

- (1) Balances held by a trading bank at the Reserve Bank shall (subject to clause 6 of this Notice) include both demand deposit balances and time deposit balances of that trading bank.
- (2) The average of a trading bank's holdings of Reserve Bank notes and of New Zealand coin for a calendar month shall be the average of the figures shown in all weekly returns of Banking Statistics by that trading bank under the Statistics Act 1975 received during that calendar month.
- (3) The average of a trading bank's balances at the Reserve Bank and holdings of New Zealand Government securities for a calendar month shall in each case be the average of the figures for balances and such securities held by that trading bank on each day during that calendar month.
- (4) Government securities held by a trading bank shall consist of Government stock and Treasury bills (all at nominal value) held by that trading bank.
- (5) The average demand and time deposit liabilities of a trading bank in a calendar month shall be the average of the figures for days within that calendar month, as shown in that trading bank's weekly returns of Banking Statistics under the Statistics Act 1975.
- (6) The proceeds of any borrowings made by a trading bank pursuant to the proviso to this notice shall be deemed to be a part of and be included in the balances held by that trading bank at the Reserve Bank on the last day of the preceding calendar month;

And the proceeds of any such borrowing shall not be included in the balances held by that trading bank at the Reserve Bank during any other calendar month.

D. L. WILKS, Governor.

Tariff Quota Tendering—Call for Tenders 1983/84

PURSUANT to section 120 (5) of the Customs Act 1966 and within the terms of the Australia - New Zealand Closer Economic Relations Trade Agreement (ANZCERTA), the Comptroller of Customs, acting under delegated authority, is calling tenders for Tariff Quotas (Tendered Australian Tariff Quota—TATQ) for grape wine with an f.o.b. value of \$2 or more.

Guide notes to Tariff Quota Tendering are set out below.

Tenders should be addressed to the Comptroller of Customs, Private Bag, Wellington—attention Tariff Concessions, or delivered by hand to the Ninth Floor, Investment House, Whitmore Street, Wellington. Tenders should reach the Office of the Comptroller of Customs no later than 4 p.m. on Friday, 26th of August 1983. Envelopes should be marked Tariff Quota Tender.

Notes

1. Tenderers are advised that quotas issued under this call for tenders will be for the importation of grape wine classified under Tariff Items 22.05.022 and 22.06.022 only. (Refer to Schedule of Tariff Items.)
2. Quota allocations made under this call for tenders will be for goods from Australia which comply with the ANZCERTA rules of origin as detailed in the Agreement. Enquiries should be directed to the Collector of Customs.
3. Tenderers should be conversant with the various statutes and regulations governing the importation and sale of wine.
4. Tenderers should note that the number of TATQ allocations could be increased where winemakers do not apply for the full winemakers' Australian Tariff Quota allocation by the 26th of August 1983.

Guide to Tariff Quota Tendering

1. Tenderers are to express their bids as an amount per litre, e.g., (\$1 per litre) even though the quotas will be issued on a value basis.
2. Quotas will be allocated to the successful tenderers on the basis of the number of Tariff Quota allocation sizes. The successful tenderers will receive a duty concession, issued under Reference 99 of Part II of the Customs Tariff, for Tariff Items 22.05.022 and 22.06.022 which will reduce the normal rate of duty down to the level of the bid plus 85c per litre plus 10 percent, e.g., if a bid was received for \$1 per litre the concession rate would be \$1.85c per litre plus 10 percent of the Customs Value.
3. The successful tenderers will be those who submit the highest valid bids for the available Tariff Quota units. A bid of more than \$2 per litre is unnecessary because any Australian wine with an f.o.b. value of \$2 or more per litre may be imported without Quota provided duty of \$2.85 per litre plus 10 percent of the Customs Value is paid. A Tariff Quota will not be issued for wine having an f.o.b. value of less than \$2 per litre.
4. Results of all tenders will be published in the *Gazette* which is available at Government Bookshops. Government Bookshops are located at Hannaford Burton Building, Rutland Street (Private Bag, C.P.O.), Auckland 1; Northern Automobile Building, Alexandra Street (P.O. Box 857), Hamilton; Head Office, Mulgrave Street (Private Bag), Wellington 1; Wellington Trade Centre, Cubacade (Private Bag), Wellington 1; Avon House, 130 Oxford Terrace (Private Bag), Christchurch 1, T and G Building, Princes Street (P.O. Box 1104), Dunedin.
5. Quotas obtained under the Tariff Quota Tendering will not count towards history for the Global Tariff Quota and will not be taken into account in the administration of any policies under the general system.

Who Can Bid

Tenders may be submitted by any person or enterprise domiciled in New Zealand.

Limitation on Bids

There is not restriction on the number of bids a tenderer may bid for, but it may be necessary to review the number of units allocated to individual tenderers if the total amount available for allocation is exceeded.

Tendering Format

1. Tenders are to be made by letter.
2. The following information must be given:
 - (a) Name and address of tenderer;
 - (b) Number of units tendered;
 - (c) Amount per litre of the bid.

Advice and Publication

1. Following the closing of Tenders, bids will be publicly opened in the Department's Head Office Conference Room, Investment House, Wellington, in the presence of a Justice of the Peace, on Wednesday, 31 August at 11 a.m.
2. Successful tenderers will receive a Tariff Quota Allocation which will show the c.i.f. value of the wine which may be imported and the concession rate of duty applicable.
3. Unsuccessful tenderers will be notified by letter.
4. The name and location of all tenderers, successful and invalid and the amount bid in each case will be published in the *Gazette* as soon as possible after the opening of the tenders.

Period of Tariff Quota

Tariff Quotas issued under this ANZCERTA Tendering will be available till the 30th of June 1984.

Concessional CNG Fuel System Approvals

PURSUANT to regulation 90B of the Traffic Regulations 1976* (as inserted by the Traffic Regulations 1976 Amendment No. 7) and pursuant to the powers delegated to me by the Secretary for Transport, I, Trevor Alan Lister, Senior Automotive Engineer, hereby approve the CNG fuel cylinders listed in Schedule One hereunder for inclusion in any CNG fuel system installed and operated in accordance with the requirements of New Zealand Standard NZS 5422 Part 2 1980 (and any standard made in amendment thereto or in substitution therefor) subject to the conditions set out in Schedule Two hereunder.

SCHEDULE 1

CNG FUEL CYLINDERS MANUFACTURED PRIOR TO 1 SEPTEMBER 1980

MOT Reference	Manufacturer	Drawing No.	Material	Specification	Inspection Authority	Nominal Water Capacity (litres)	Test Pressure (MPa)
AF C03C 005	Pressed Steel Tank U.S.A.	250-126D	Steel	DOT 3AA/2400	T.H. Cochrane Labs	43	27.6

CONDITIONS OF APPROVAL

CNG fuel cylinders are approved subject to the following conditions—

- That they be permanently and clearly marked, on a thickened portion of the cylinder, with characters not less than 6 mm high, if space permits, but in any case not less than 3 mm high, displaying the following information:
 - The specification to which the cylinder was manufactured.
 - The manufacturer's name or mark and the serial number of the cylinder.
 - The date of the original cylinder inspection and the identification mark of the inspection authority who made the inspection.
 - The date of any periodic cylinder test and the identification mark of the cylinder testing station who made each test.
 - The cylinder test pressure.
 - The design charging pressure of the cylinder at 15° Centigrade.
 - The nominal water capacity of the cylinder.
 - Where required by the marking provisions of the specification to which the cylinder was manufactured, the tare weight of the cylinder.
- That they be clearly marked or labelled to indicate that the cylinder is suitable for use with CNG.
- That they be provided with valve threads of the type ¾-14 NPT and that each cylinder be supplied with a metal tag attached around the cylinder neck, between the cylinder and the cylinder valve, which identifies the valve thread type.
- That they be provided with a cylinder shut off valve designed for a working pressure of 16.5 MPa and capable of withstanding the test pressure of the cylinder. Cylinder shut off valves shall be fitted with a handwheel to facilitate ease of opening and closing of the valve and shall be fitted with a pressure relief device, which remains in contact with the gas contained in the cylinder whether the handwheel is in the open or closed position, comprising of a burst disc backed by fusible alloy. The fusible alloy is to have a nominal yield temperature of 100° Centigrade and the burst disc shall yield at a pressure of not less than 24.75 MPa and not more than the test pressure of the cylinder. Cylinder valves shall be provided with an outlet thread of ¼ in NPT (female) and a stem thread compatible with the cylinder neck thread.
- That they shall not be charged with CNG to a greater pressure than 16.5 MPa at 15° Centigrade.
- That they be tested at periods not exceeding five years in accordance with the requirements of Australian Standard AS 2337-1980 and in accordance with the periodic test requirements laid down in the specification to which the cylinder was manufactured.

NOTE: The effect of this notice is to allow the continued use in New Zealand of CNG fuel cylinders imported into New Zealand prior to the introduction of the Dangerous Goods (Class 2-Gases) Regulations 1980, and which were acceptable under previous dangerous goods requirements, but whose cylinder neck threads would disqualify them for general approval under the Traffic Regulations 1976. They are approved subject to the additional proviso that the cylinder valve thread type be clearly marked on a metal tag attached between the cylinder and the cylinder valve.

The terms of this approval do not allow the continued importation of such CNG fuel cylinders.

Dated at Wellington this 26th day of July 1983.

T. A. LISTER, Senior Automotive Engineer.

VISUAL WAYS

By Geoff Moss

46 p. 1982. Illustrated. \$4.75 plus 55c p & p

Too often people find themselves having to speak in public, to train new employees, to teach various skills, or to give advice on arranging displays and exhibits without having had any relevant basic training. If you are such a person, this book was written to help in getting a message across more effectively by using visual aids.

MANPOWER PLANNING IN PUBLIC ADMINISTRATION STATE SERVICES COMMISSION

51 p. 1981. Discussion Paper No. 1. \$3.95 plus 55c p & p

'Manpower planning' is a term which has a wide and rather ill-defined meaning. This report, addressed to the central question: "What is manpower planning?", opens with the philosophy of manpower planning, what it is, its aims and objectives. This is followed by a discussion of what is involved in forecasting the supply and demand for people and skills in the public service. The essentials of departmental manpower is then discussed followed by a chapter devoted to the practice of career development and concluding with a statement on the future development of manpower planning in the public service.
