IN the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for decision in respect of the following publications: *Sex Volume 3; Physique*, publishers, Gay Sunshine Press, California, U.S.A.

District Court Judge: W. M. Willis (Chairman).

Mesdames: H. B. Dick; L. P. Nikera.

Messrs: J. V. B. McLinden; I. W. Malcolm.

Hearing: At Wellington on the 16th day of August 1983.

Appearances: Mr C. F. Hillman for Comptroller of Customs. No appearance for importer, manager of 'Out'.

DECISIONS

THESE publications were imported through Auckland's Parcel Post in November 1982 and seized in December. As forfeiture has been disputed they come before the Tribunal for classification.

Sex Volume 3 is a series of short stories purported to be of true homosexual experiences. As submitted by Mr Hillman these stories are extremely graphic and they are interspersed with black and white full page photographs of nude males. It has no literary or artistic merit. It would have an appeal only for the lewd and prurient. The main objection to the publication is the fact that it is homosexually orientated. Homosexuality remains a crime in New Zealand and for that reason the publication must be classified as indecent.

Physique is presented as a pictorial history with the Athletic Model Guild. Most of the book consists of photographs of nude or near-nude males. No objection can be taken to the semi-nude photographs but the complete nudes show males in contrived or posed positions. It was submitted by Mr Hillman that the publication is similar to *The Best of Sierra Domino* which was ruled as indecent in Decision 974. Once again this publication would appeal to the lewd and prurient and on that account, it must be considered as injurious to the public. It is also classified as indecent.

Dated at Wellington this 13th day of September 1983.

District Court Judge W. M. WILLIS, Chairman.

Before The Indecent Publications Tribunal

IN the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for decision in respect of the following publication *The Complete Manual of Sexual Positions* by Jessica Stewart.

District Court Judge: W. M. Willis (Chairman).

Mesdames: H. B. Dick; L. P. Nikera.

Messrs: J. V. B. McLinden; I. W. Malcolm.

Hearing: On the 16th day of August 1983.

Appearances: Mr C. F. Hillman for Comptroller of Customs. Written submissions for Importer, Waverly International Ltd.

DECISION

THIS publication is a single sample copy imported through Auckland Parcels Post on 3 March 1983. Forfeiture has been disputed by the importer so that it is referred to the Tribunal for classification prior to condemnation proceedings.

The publication is a soft cover book with text and photographs. Most of the photographs are mono-chromatic but there are 8 pages of coloured photographs. The preface of the book states: "This manual is both a fantasy guide and a practical collection of examples . . ." The text reflects this statement because it often diverges from technical description. A large number of pages are devoted to topics of group sex, oral sex, and anal intercourse.

It was submitted by the importer that this was a good quality sex manual from a publisher in this field. It contains over 200 photographs and illustrations. The author is said to have consulted a noted sex educator to obtain proof and it is claimed an excellent source for any man or woman who desires to refine and enhance their lovemaking techniques. It is claimed by the importer that it is similar to *Perfecting Erotic Passions*, Decision 1017 and *Sexual Adventures in Marriage*, Decision 988. Following those decisions an age restriction was suggested.

While in many respects this book is not very different from sex manuals which have come before the Tribunal on earlier occasions it certainly differs from the two publications already mentioned. The subject of group sex has already been made a subject of comment in Decisions Nos. 1053 and 1054. In any event anal sex

is a crime under the Crimes Act and for that reason the publication is classified as indecent.

Dated at Wellington this 13th day of September 1983.

District Court Judge W. M. WILLIS, Chairman.

Decision No. 1080

Reference No. Ind. 20/83

Before The Indecent Publications Tribunal

IN the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for decision in respect of the following publications *Gallery* Volume 11, No's. 5, 6, and 7.

District Court Judge: W. M. Willis (Chairman).

Mesdames: H. B. Dick, L. P. Nikera.

Messrs: J. V. B. McLinden; I. W. Malcolm.

Hearing: Wellington on the 16th day of August 1983.

Appearances: Mr C. F. Hillman for Comptroller of Customs, Ellis for Importer, Gordon & Gotch (N.Z.) Limited, Wellington.

DECISION

THESE publications are sample copies supplied by the importer prior to placing an order. In his submission Mr Hillman said:

"The magazines consist of usual articles, jokes, nude, and semi-nude female model sequences common to this style of publication.

Although *Gallery* appears to have a literary standard slightly lower than that of *Penthouse*, it does not have the same emphasis on deviant sexual activities that the Tribunal noted in *Penthouse* in Decision 1053 of 16 March 1983.

These issues of *Gallery* are considered more analogous to *Oui* magazine, which was considered to be indecent in the hands of persons under 18 years of age in Decision 1002 of 30 July 1981."

Mr Ellis made very full submissions in respect of each issue and pointed out in his general submissions that the basic format of the magazine is similar to *Playboy*. *Playboy* has, of course, been held to be not indecent so that the Tribunal thinks the analogy should be with *Penthouse* rather than *Playboy*. The dominant effect is the presentation of sex, but this is balanced by articles, stories (fiction and non-fiction) and features of social and literary merit. They are not up to the standard of articles in *Penthouse*, but nevertheless, are of general interest. It is true that there are photographs of nude and semi-nude females, some in contrived or posed positions. There is however, an absence of a sado-masochism or deviant aspects of sex. As mentioned by Mr Hillman, there are no lesbian aspects. The Tribunal has had the occasion recently, to consider the publication *Oui*. In the Tribunal's view these publications are remarkably similar in format and style. They are therefore classified indecent in the hands of persons under the age of 18. Both the comptroller and the importer ask for a serial restriction order pursuant to section 15A. Such an order is made for a period of 2 years from the date of publication in the *New Zealand Gazette*.

Dated at Wellington this 13th day of September 1983.

District Court Judge W. M. WILLIS, Chairman.

Before The Indecent Publications Tribunal

IN the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for decision in respect of the following publications:

Improvised Munitions Handbook (TM 31-210). Publisher: Headquarters Department of the Army.

Improvised Munitions Black Book Volumes 1 and 2. Publisher: Desert Publications, Cornville, Arizona, 86325 U.S.A.

Home Workshop Guns For Defence And Resistance Volumes 1 and 2. Publisher: Paladin Enterprises Inc., Box 1307 Boulder Colorado 80306, U.S.A.

Bare Kills. Publisher: Paladin Enterprises Inc., Box 1307, Boulder Colorado 80306, U.S.A.

District Court Judge: W. M. Willis (Chairman).

Mesdames: H. B. Dick; L. P. Nikera.

Messrs: J. V. B. McLinden; I. W. Malcolm.

Hearing: On the 16th day of August 1983.

Appearances: Mr C. F. Hillman for Comptroller of Customs. No appearance for Importer.

DECISION

Mr Hillman informed the Tribunal that these publications had been seized from various individuals over the past 12 months. Forfeiture has not been disputed but both the Police and the Customs Department seek a classification by the Tribunal as it would be of great assistance in dealing with this type of publication. *The Improvised Munitions Handbook* is an official publication of the United States War Office. It was produced in 1969 and is stated to be "For official use only".

On page 5 of this statement is made:

"The manual contains simple explanations and illustrations to permit construction of the items by personnel not normally familiar with making and handling munitions".

The book also includes methods for fabricating explosives, detonators, propellants and similar items from indigenous materials, mainly from items which are obtainable without very much difficulty by any member of the public. *The Improvised Munitions Black Book Vols. 1 and 2* are in the main identical with the War Office publication and can be considered for the purpose of this decision as being identical.

Home Workshop Guns for Defence Resistance Vols 1 and 2 give illustrations in the one case for making a submachine gun and in the other for making a hand gun. Both books are printed in the United States and they contain warnings that the manufacture of arms mentioned therein could be against United States law. Whatever may be the position in United States of America, section 3 of the Arms Act 1958 states:

"It shall not be lawful for any person to sell, or offer to sell, or have in his possession, in the way of his business, any firearms or ammunition or manufacture for sale any firearms unless he is the holder of dealer's licence issued to him by a Police Officer under this Act".

Plainly therefore the manufacture of firearms is illegal. The other 3 books may well be very useful for the army but a perusal indicates quite clearly that freely available they could be used by elements of the public who are concerned with achieving their ends through violence. *Bare Kills* while not an official publication has been dedicated to the United States Military Armed Forces and to the United States Marine Corps. In some detail it gives complete step by step instructions on how to kill with the bare hands. It is stated to be used for United States soldiers and special agents. That may well be so but once again in the hands of persons with violent dispositions it could be very dangerous.

It must be borne in mind that the word "indecent" is defined in section 2 of the Indecent Publications Act as including "describing, depicting, expressing, or otherwise dealing with matters of sex, horror, crime, cruelty or violence in a manner that is injurious to the public good".

Publications which could very easily lead members of the public to criminal offending can properly be classified as indecent. All these books come within that classification and they are therefore declared as unconditionally indecent.

Decision No. 1082

Reference No. Ind. 22/83

Before The Indecent Publications Tribunal

IN the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for decision in respect of the following publication. *Intime Schlafzimmer—Geheimnisse*, published by Clausen & Bosse, West Germany.

District Court Judge: W. M. Willis (Chairman).

Mesdames: H. B. Dick; L. P. Nikera.

Messrs: J. V. B. McLinden; I. W. Malcolm.

Hearing: At Wellington on the 16th day of August 1983.

Appearances: Mr C. F. Hillman for Comptroller of Customs. No appearance by importer, Mr P Sowa, Lower Hutt.

DECISION

THIS publication was imported privately through Wellington Parcels Post on 4 March 1983 and later seized. Forfeiture has been disputed by the importer so that the Tribunal is asked to classify the publication prior to the commencement of condemnation proceedings.

The Tribunal has been told that the title translates approximately to *Intimacy of the Mysterious Bedroom*. The publication consists of text all in German, and as the Comptroller's submission states, is liberally interspersed with photographs in both black and white and colour. The photographs are, in the main, all nude and semi-nude females often with male partners. A variety of sexual acts are depicted. The text is, we are told, a series of sexually orientated articles by a variety of authors on such topics as 'I can make every woman weak'; 'Cleopatra—her private parts got world fame' and 'How we react to Sex Films'. The Tribunal was invited to consider the publication as indecent.

For the vast majority of the public in New Zealand the only interest in this work would be in the photographs. Many of them are in posed or contrived positions and a number consist of more than two models. In such circumstances the publication can only be of interest to the lewd and prurient and thus injurious to the public good. It might be possible to make another classification if the text were in English. The Tribunal finds the publication as unconditionally indecent.

Dated at Wellington this 13th day of September 1983.

District Court Judge W. M. WILLIS, Chairman.

Decision No. 1084

Reference No. Ind. 34/82

Before The Indecent Publications Tribunal

IN the matter of the Indecent Publications Act 1963, and in the matter of an application by the Comptroller of Customs for decision in respect of the following publications:

Gallery Album Vol. 1, No. 3. New English Library, Barnard's Inn, Holborn, London.

Eveline; Eveline II; Beatrice; Pleasure Bound; Rapture; Grove Press Inc., 196 West Houston Street, New York.

Sex Fire, Stag Publishing Company, Princes Building, 8th Floor, Hong Kong BCC.

Young Ladies International; Australian Debonair No's 5, 6, and 8; Damsel. Western Colour Print Pty. Ltd., Morricksville, N.S.W. 2204, Australia.

The Ultimate Kiss, Helios Publications, Los Angeles.

District Court Judge: W. M. Willis (Chairman).

Mesdames: H. B. Dick; L. P. Nikera.

Messrs: J. V. B. McLinden; I. W. Malcolm.

Hearing: At Wellington on the 16th day of December 1982.

Appearances: Mr C. F. Hillman for Comptroller of Customs. No appearance for Importer, Waverley International Ltd.

DECISION

THESE publications were imported commercially through parcels post and seized in August 1982. As forfeiture was disputed they were referred for classification.

Damsel and *Young Ladies International* are girlie type magazines consisting of coloured and black and white photographs of nude and semi-nude females in a variety of poses. In *Damsel* there is some text relating to the models and in *Young Ladies International* there are sex-related articles.

Australian Debonair magazines are pictorial—mainly nude and partly clad females, with a range of topics of a sexual but mainly non-sexual nature.

These magazines would compare with *Mayfair*, Decision 978, where an age restriction of 18 years was imposed. The Tribunal classifies these magazines as indecent in the hands of persons under the age of 18 years.

Rapture is a photographic publication of erotic fantasies. The photographs in black and white feature nude and semi-nude males and females in contrived poses. There is some text which is intended to explain each of the thirteen fantasies.

The Ultimate Kiss is a guide to oral sex. The photographs are of nude males and females and often display genitalia. The text contains detailed descriptions on the different aspects of oral sex. The photography in both magazines concentrates on the genitalia. The Tribunal classifies them as indecent.

Gallery Album Vol. 1, No. 3, is a collection of 3 *Gallery International* magazines flimsily bound inside the one cover. Each

is a self-contained magazine containing various articles both sexual and non-sexual. Each magazine contains black and white and coloured photographs, several 'pictorials' of nude or semi-nude models.

In each magazine there are 1 or 2 serious articles, but the remainder of the book is given over to sex related articles and photographs which concentrate on the genitalia. The Tribunal classifies this magazine as indecent.

Eveline, Eveline II, Beatrice, Pleasure Bound, and Sex Fire are all paperback novels. *Eveline, Eveline II* and *Beatrice* are anonymously written, described as classics and tell in detail the amorous adventures of Victorian ladies. *Pleasure Bound* contains 3 erotic novels written by an anonymous Edwardian author. Each novel tells of the sexual encounters of its hero or heroine. *Sex Fire* describes the sexual adventures of the main characters, and like the four previous novels, these accounts become the dominant feature of the book.

The Tribunal classifies each of these 5 novels as indecent.

CONDITIONS OF APPROVAL

CNG fuel cylinders are approved subject to the following conditions—

1. That they be permanently and clearly marked, on a thickened portion of the cylinder, with characters not less than 6 mm high, if space permits, but in any case not less than 3 mm high, displaying the following information:

- The specification to which the cylinder was manufactured.
- The manufacturer's name or mark and the serial number of the cylinder.
- The date of the original cylinder inspection and the identification mark of the inspection authority who made the inspection.
- The date of any periodic cylinder test and the identification mark of the cylinder testing station who made each test.

Cylinder shut off valves shall be fitted with a handwheel to facilitate ease of opening and closing of the valve and shall be fitted with a pressure relief device, which remains in contact with the gas contained in the cylinder whether the handwheel is in the open or closed position, comprising of a burst disc backed by fusible alloy. The fusible alloy is to have a nominal yield temperature of 100° centigrade and the burst disc shall yield at a pressure of not less than 24.75 MPa and not more than the test pressure of the cylinder. Cylinder valves shall be provided with an outlet thread of ¼ in. NPT (female) and a stem thread compatible with the cylinder neck thread.

5. That they shall not be charged with CNG to a greater pressure than 16.5 MPa at 15° centigrade.

6. That they be tested at periods not exceeding five years in accordance with the requirements of Australian Standard AS 2337-1980 and in accordance with the periodic test requirements laid down in the specification to which the cylinder was manufactured.

Concessional CNG Fuel System Approvals

PURSUANT to regulation 90B of the Traffic Regulations 1976* (as inserted by the Traffic Regulations 1976, Amendment No. 7) and pursuant to the powers delegated to me by the Secretary for Transport, I, Trevor Alan Lister, Senior Automotive Engineer, hereby approve the CNG fuel cylinders listed in Schedule I hereunder for inclusion in any CNG fuel system installed and operated in accordance with the requirements of New Zealand Standard NZS 5422, Part 2, 1980 (and any standard made in amendment thereto or in substitution therefor) subject to the conditions set out in Schedule II hereunder.

SCHEDULE I

CNG FUEL CYLINDERS MANUFACTURED PRIOR TO 1 SEPTEMBER 1980

MOT Reference	Manufacturer	Drawing No.	Material	Specification	Inspection Authority	Nominal Water Capacity (litres)	Test Pressure (MPa)

SCHEDULE II

CONDITIONS OF APPROVAL

CNG fuel cylinders are approved subject to the following conditions—

1. That they be permanently and clearly marked, on a thickened portion of the cylinder, with characters not less than 6 mm high, if space permits, but in any case not less than 3 mm high, displaying the following information:

- The specification to which the cylinder was manufactured.
- The manufacturer's name or mark and the serial number of the cylinder.
- The date of the original cylinder inspection and the identification mark of the inspection authority who made the inspection.
- The date of any periodic cylinder test and the identification mark of the cylinder testing station who made each test.
- The cylinder test pressure.
- The design charging pressure of the cylinder at 15°C.
- The nominal water capacity of the cylinder.
- Where required by the marking provisions of the specification to which the cylinder was manufactured, the tare weight of the cylinder.

2. That they be clearly marked or labelled to indicate that the cylinder is suitable for use with CNG.

3. That they be provided with valve threads of the type 3/4 inch NGT (National Gas Taper) and that each cylinder be supplied with a metal tag attached around the cylinder neck, between the cylinder and the cylinder valve, which identifies the valve thread type.

4. That they be provided with a cylinder shut off valve designed for a working pressure of 16.5 MPa and capable of withstanding the test pressure of the cylinder. Cylinder shut off valves shall be fitted with a handwheel to facilitate ease of opening and closing of the valve and shall be fitted with a pressure relief device, which remains in contact with the gas contained in the cylinder whether the handwheel is in the open or closed position, comprising of a burst disc backed by fusible alloy. The fusible alloy is to have a nominal yield temperature of 100° centigrade and the burst disc shall yield at a pressure of not less than 24.75 MPa and not more than the test pressure of the cylinder. Cylinder valves shall be provided with an outlet thread of 1/4 in. NPT (female) and a stem thread compatible with the cylinder neck thread.

5. That they shall not be charged with CNG to a greater pressure than 16.5 MPa at 15° centigrade.

6. That they be tested at periods not exceeding five years in accordance with the requirements of Australian Standard AS 2337-1980 and in accordance with the periodic test requirements laid down in the specification to which the cylinder was manufactured.

NOTE—The effect of this notice is to allow the continued use in New Zealand of CNG fuel cylinders imported into New Zealand prior to the introduction of the Dangerous Goods (Class 2—Gases) Regulations 1980, and which were acceptable under previous dangerous goods requirements, but whose cylinder neck threads would disqualify them for general approval under the Traffic Regulations 1976. They are approved subject to the additional proviso that the cylinder valve thread type be clearly marked on a metal tag attached between the cylinder and the cylinder valve.

The terms of this approval do not allow the continued importation of such CNG fuel cylinders.

Dated at Wellington this 21st day of September 1983.

T. A. LISTER, Senior Automotive Engineer.

- (2) The trustee may at any time demolish, replace, or sell the said property and all buildings thereon provided any funds realised from such demolition replacement or sale are applied in pursuit of the objects of this trust.
- (3) The trustee may purchase, take on lease, or otherwise acquire any land or any estate for the purposes of erecting thereon a public hall to be used in pursuit of the objects of this trust.
- (4) The trustee may erect, purchase, hire, lease or otherwise acquire or obtain the use of buildings in pursuit of the objects of this trust.

- (9) The trustee may in its discretion delegate the control and management of the Wanaka Public Hall to one or more agents or attorneys or committees consisting of such persons whether members of the Lake County Council or not as the trustee thinks fit, and may from time to time regulate and determine the manner of appointment of every such agent, attorney or committee and define the duties powers and functions of every such agent, attorney or committee.
- (10) The trustee shall take all reasonable and proper care to keep in a state of good order and repair all buildings and other permanent improvements forming part of the Wanaka Public Hall and to procure and maintain such policy or policies of insurance as may be reasonable against public liability, loss or damage by fire or earthquake, and such

other policy or policies of insurance as the trustee may from time to time deem expedient to protect the trustee against any other insurable liability.

- (11) The trustee may levy such charges as it thinks fit against persons or groups of persons using the Wanaka Public Hall to recover the costs and expenses of operating the hall.

If the Court approves the proposed variation and incorporation of the powers of the trustees the Wanaka Hall Committee Incorporated will resign as trustee and appoint the Lake County Council as trustee in its place.
