Direction not to Disclose Information

PURSUANT to section 32 (4) of the Official Information Act 1982, a copy of the direction to the Director-General of Education made under section 32 (1) (a) of that Act and set out in the Schedule below, together with the grounds for the direction and the source and purport of any advice on which the direction was based (also set out in the Schedule below) are hereby published.

SCHEDULE

DIRECTOR-GENERAL OF EDUCATION

1. This is to advise you that I have decided that the computer evaluation report, prepared by the Department of Education and the Computer Services Division of the State Services Commission which is sought by Mr W. J. Rosenberg and by the New Zealand Post Primary Teachers Association and recommended to be released by the Chief Ombudsman pursuant to section 30 (2) of the Official Information Act 1982, should not be made available. Accordingly, I direct the department pursuant to section 32 (1) (a) of the Official Information Act 1982, not to release the report. My decision is recorded in accordance with section 32 (2) of the said Act.

2. The grounds for this direction are that the information contained in the evaluation report is related to the competitive commercial activities of those companies who supplied information to the department. It is my opinion that this material was supplied in confidence and I believe that the making available of the information

could prejudice the supply of similar information. I consider that it is very much in the public interest that such commercial information continue to be supplied to government for use in policy making and, that to ensure this, confidentiality must be maintained. This decision is not based on any advice.

M. L. WELLINGTON, Minister of Education.

The Standards Act 1965—Draft New Zealand Amendment Available for Comment

PURSUANT to subsection (3) of section 23 of the Standards Act 1965, notice is hereby given that the following draft amendment is being circulated.

Number and Title of Specification

DZ 4603 Draft specification for the installation of low pressure thermal storage electric water heaters with copper cylinders (open-vented systems). *Gratis*.

This draft is a revision of NZS 4603:1976 Installation of low pressure thermal storage electric water heaters with copper cylinders (open-vented systems). Installation in accordance with the revised Standard will ensure safe and reliable hot water supply.

Changes and additions from the earlier Standard include:

Provision for pipe materials other than copper, in view of the increasing use of plastics materials;

Requirements for the securing of hot water storage tanks, cold water supply tanks and piping against seismic forces;

Changes in hot water pipe insulating materials from the traditional plumbers felt, in light of research carried out by the Building Research Association of New Zealand;

Addition of sections on natural and pumped circulation systems.

A recommendation is also given on suitable thermostat settings to minimise the danger of scalding.

All persons who may be affected by this publication and who desire to comment thereon may obtain copies from the Standards Association of New Zealand, Wellington Trade Centre, 15-23 Sturdee Street (or Private Bag), Wellington.

The closing date for receipt of comment is 29 February 1984.

Dated at Wellington this 28th day of November 1983.

DENYS R. M. PINFOLD,

Director, Standards Association of New Zealand.
