*Direction Not to Disclose Information*

PURSUANT to section 32 (4) of the Official Information Act 1982, a copy of a direction to the Director-General of the Post Office is hereby published for public information. The grounds for the direction and the source and purport of the advice on which it is based are set out in the direction.

POST OFFICE TENDER FOR SUPPLY OF WALL PLUGS

1. I have decided that the information sought by Mr A. H. Dazeley on behalf of Ratio Industries (NZ) Ltd., and recommended to be released by the Ombudsman pursuant to section 30 (2) of the Official Information Act 1982, namely the price of the plugs successfully tendered, should not be made available to him, and accordingly direct you pursuant to section 32 (1) (a) of the Official Information Act 1982 not to disclose it.

2. The grounds for the direction are:

(1) The making available of the information could reasonably be expected to prejudice significantly the commercial activities of the Crown.

(2) The withholding of the information is necessary to enable the Crown, the Post Office and other departments to carry out without prejudice or disadvantage their commercial activities and there are no other considerations which render it desirable in the public interest to make that information available.

(3) Access to information relating to Government tenders is governed by the Public Finance Act 1977, the Government Stores Regulations 1960 and the Government Stores Board Instructions. I have been advised and have concluded that

on a proper construction of these provisions and of the Official Information Act 1982, the former provisions govern the proper response to the company's request and that these provisions do not authorise compliance with the request that has been made.

3. The advice on which this direction is based has been received from the Crown Law Office as to legal issues and from the Director-General of the Post Office as to factual issues. The purport of that advice is as set out above.

Dated at Wellington this 2nd day of July 1984.

#### Direction Not to Disclose Information

PURSUANT to section 32 (4) of the Official Information Act 1982, a copy of a direction to the Director-General of the Post Office is hereby published for public information. The grounds for the direction and the source and purport of the advice on which it is based are set out in the direction.

#### POST OFFICE PACKET SWITCHING TENDER

1. I have decided that the information sought by Mr P. W. Harpham on behalf of Progeni Systems Ltd., and recommended to be released by the Ombudsman pursuant to section 30 (2) of the Official Information Act 1982, namely two evaluation reports and a contract relating to a Post Office packet switching tender, should not be made available to him, and accordingly direct you pursuant to section 32 (1) (a) of the Official Information Act 1982 not to disclose it.

2. The grounds for the direction are:

- (1) (a) The information sought contains information which was supplied in confidence to the Post Office by tenderers and relates to competitive commercial activities of those tenderers;
- (b) It is in the public interest that similar information continue to be supplied; and
- (c) The making available of the information could reasonably be expected to prejudice the supply of similar information.

(2) The withholding of the information is necessary to maintain the effective conduct of public affairs through the free and frank expressions of opinions by officers of the Post Office, and there are no other considerations which render it desirable in the public interest to make that information available.

(3) The withholding of the information is necessary to enable the Crown and the Post Office to carry out, without prejudice or disadvantage its commercial activities, and there are no other considerations which render it desirable in the public interest to make that information available.

(4) Access to information relating to Government tenders is governed by the Public Finance Act 1977, the Government Stores Regulations 1960 and the Government Stores Board Instructions. the proper response to the company's request and that these provisions do not authorise compliance with the request that has been made.

3. The advice on which this direction is based has been received from the Crown Law Office as to legal issues and from the Director-General of the Post Office, as to factual issues. The purport of that advice is as set out above.

Chairman: Judge W. M. Willis.

Members: H. B. Dick, L. P. Nikera, J. V. B. McLinden, I. W. Malcolm.

Hearing at Wellington on the 23rd day of May 1984.

Appearances: C. Hillman for Comptroller of Customs. No appearance of importers.

#### DECISION

THESE publications were seized from 2 private importers by the Customs Department at Tauranga. The Collector has exercised his discretion and has decided to prosecute the importer for an offence under section 48 of the First Schedule of the Customs Act 1966 for importing prohibited imports. The District Court at Tauranga has referred the publications to the Tribunal for classification. One of these publications is *Searchlight No. 326*. This is a newspaper published fortnightly and as such is outside the jurisdiction of this Tribunal. Whether or not it is indecent must be decided by the Court.

The remaining publications can be put in several distinguishing categories.

(a) *Hard Core Magazines*: The publications in this group include *Fantasy Fuck No. 1, Parklane No. 1, Ribald No. 561, Sex Paper No. 183, Sex Paper No. 181, Vibrations Vol. 6, No. 7, Vibrations May 1982, Bizzarr Sex Lovers No. 1, Xotica No. 4, Wishsvor Lage No. 11, Rodox Special Magazine No. 8, Exciting, Teenage Sex No. 15, Chick Licks No. 9, Porno Weekend and Baby Blue Anal.*

This collection of books and magazines can be classified as hard core pornography. There is a limited amount of text in each publication and it is solely related to matters of sex.

(b) *Paper Backs*: The particular publications in this case are *Penthouse Variations, Oui Letters, Randy Girls, From Here to Virginity, Us, Two and Women*. Curiously *Us, Two and Women* have been imported commercially in Auckland and have been referred to the Tribunal for classification by the importer. Those 3 books have been dealt with separately and are the subject of Decision No. 14/84. So far as the remaining 4 are concerned the first 2 contain letters and articles explicitly relating to sexual adventures and experiences. There are no articles to give the books any pretence of literary or other merit. *Randy Girls* and *From Here to Virginity* are, as the Comptroller submitted, merely vehicles for weak sexually based stories with skimpy plots and no literary merit.

(c) The remaining 2 are *Lingerie* and *Lace Vol. 3, No. 4* and *Silk*. These can be best described, again as submitted by the Comptroller, as girlie magazines depicting mainly nude and semi-nude models in predominantly unnatural poses.

It is possible to say of all of these publications that they are predominantly concerned with the lewd and prurient aspects of sex, that the subject matter is described or expressed in a patently offensive manner, that they have no literary or artistic merit and are not otherwise redeemed by other characteristics and that the likelihood of corruption far exceeds possible benefit. They are classified as indecent.

*Parklane No. 1, Ribald No. 561, Sex Paper Nos 181 and 183* were said to have been imported by D. R. Page, Tauranga and the remainder by J. J. Fleet, also Tauranga.

Dated at Wellington this 28th day of June 1984.

JUDGE W. M. WILLIS, Chairman.

## Concessional CNG Fuel System Approvals

PURSUANT to regulation 90B of the Traffic Regulations 1976\* (as inserted by the Traffic Regulations 1976, Amendment No. 7) and pursuant to the powers delegated to me by the Secretary for Transport, I, Robert Norman Abram, Chief Automotive Engineer, hereby approve the CNG fuel cylinders listed in Schedule One hereunder for inclusion in any CNG fuel system installed and operated in accordance with the requirements of New Zealand Standard NZS 5422, Part 2, 1980 (and any standard made in amendment thereto or in substitution thereof) subject to the conditions set out in Schedule Two hereunder.

## SCHEDULE 1

## CNG FUEL CYLINDERS MANUFACTURED PRIOR TO 1 SEPTEMBER 1980

MOT Reference	Manufacturer	Drawing No.	Material	Specification	Inspection Authority	Nominal Water Capacity (litres)	Test Pressure (MPa)
AF C03C 007	Norris Industries, U.S.A.	250-126D	Steel	DOT 3AA/2400	Authorised Testing, U.S.A.	43.5	27.6

## SCHEDULE 2

## CONDITIONS OF APPROVAL

CNG fuel cylinders are approved subject to the following conditions—

1. That they be permanently and clearly marked, on a thickened portion of the cylinder, with characters not less than 6 mm high, if space permits, but in any case not less than 3 mm high, displaying the following information:
  - (a) The specification to which the cylinder was manufactured.
  - (b) The manufacturer's name or mark and the serial number of the cylinder.
  - (c) The date of the original cylinder inspection and the identification mark of the inspection authority who made the inspection.
  - (d) The date of any periodic cylinder test and the identification mark of the cylinder testing station who made each test.
  - (e) The cylinder test pressure.
  - (f) The design charging pressure of the cylinder at 15°C.
  - (g) The nominal water capacity of the cylinder.
  - (h) Where required by the marking provisions of the specification to which the cylinder was manufactured, the tare weight of the cylinder.
2. That they be clearly marked or labelled to indicate that the cylinder is suitable for use with CNG.
3. That they be provided with valve threads of the type ¾-14 NPT and that each cylinder be supplied with a metal tag attached around the cylinder neck, between the cylinder and the cylinder valve, which identifies the valve thread type.
4. That they be provided with a cylinder shut off valve designed for a working pressure of 16.5 MPa and capable of withstanding the test pressure of the cylinder. Cylinder shut off valves shall be fitted with a handwheel to facilitate ease of opening and closing of the valve and shall be fitted with a pressure relief device, which remains in contact with the gas contained in the cylinder whether the handwheel is in the open or closed position, comprising of a burst disc backed by fusible alloy. The fusible alloy is to have a nominal yield temperature of 100° centigrade and the burst disc shall yield at a pressure of not less than 24.75 MPa and not more than the test pressure of the cylinder. Cylinder valves shall be provided with an outlet thread of ¼ in NPT (female) and a stem thread compatible with the cylinder neck thread.
5. That they shall not be charged with CNG to a greater pressure than 16.5 MPa at 15° centigrade.
6. That they be tested at periods not exceeding 5 years in accordance with the requirements of Australian Standard AS 2337-1980 or in accordance with the periodic test requirements laid down in the specification to which the cylinder was manufactured.

NOTE: The effect of this notice is to allow the continued use in New Zealand of CNG fuel cylinders imported into New Zealand prior to the introduction of the Dangerous Goods (Class 2-Gases) Regulations 1980, and which were acceptable under previous dangerous goods requirements, but whose cylinder neck threads would disqualify them for general approval under the Traffic Regulations 1976. They are approved subject to the additional proviso that the cylinder valve thread type be clearly marked on a metal tag attached between the cylinder and the cylinder valve.

The terms of this approval do not allow the continued importation of such CNG fuel cylinders.

Dated at Wellington this 5th day of July 1984.

R. N. ABRAM, Chief Automotive Engineer.
