NOTES TO THE ACCOUNTS

A. Statement of Accounting Policies:

The general accounting principles recommended by the New Zealand Society of Accountants for the measurement and reporting of results on an historical cost basis, consistent with previous years, have been used in the preparation of the financial accounts.

The following particular principles have been applied:

Note 1: Depreciation:

Straight-line depreciation has been applied to the Bank's EDP equipment to write it off over the period of its expected useful life. All other assets have been depreciated at the rates allowable by the Inland Revenue Department. The difference between these rates, and the straight-line method, is not considered to be material.

Note 2: *Government Stock:*

Total discounts and premiums on Government stock securities are amortised over the term of the investment on a straightline basis. The value of the stock in the balance sheet is shown at its cost price adjusted by amortised discount or premium to date.

Note 3: *Personal Loans:*

The Bank's policy is to add total interest due to the loan when advanced, and interest revenue is recognised on the basis of the "Rule of 78".

Note 4: *Taxation:*

(a) The provision for income tax charged in the profit and loss account is the calculated tax liability in respect of the accounting profit after adjusting for permanent differences.

AUDITORS' REPORT

We report that we have examined the Balance Sheet of the Bay of Plenty Savings Bank as at 31 March 1984 and the Revenue Statement for the year ended on that date, and have received all the information and explanations we have required.

In our opinion, the accompanying Balance Sheet and Revenue Statement present fairly the financial position of the Bank as at 31 March 1984 and the results of the operations for the year ended on that date, and were in general conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We have also examined the statement of changes in financial position which, in our opinion, gives a true and fair view of the changes in financial position of the Bank for the year ended 31 March 1984.
