# **SUMMARY**

OF THE

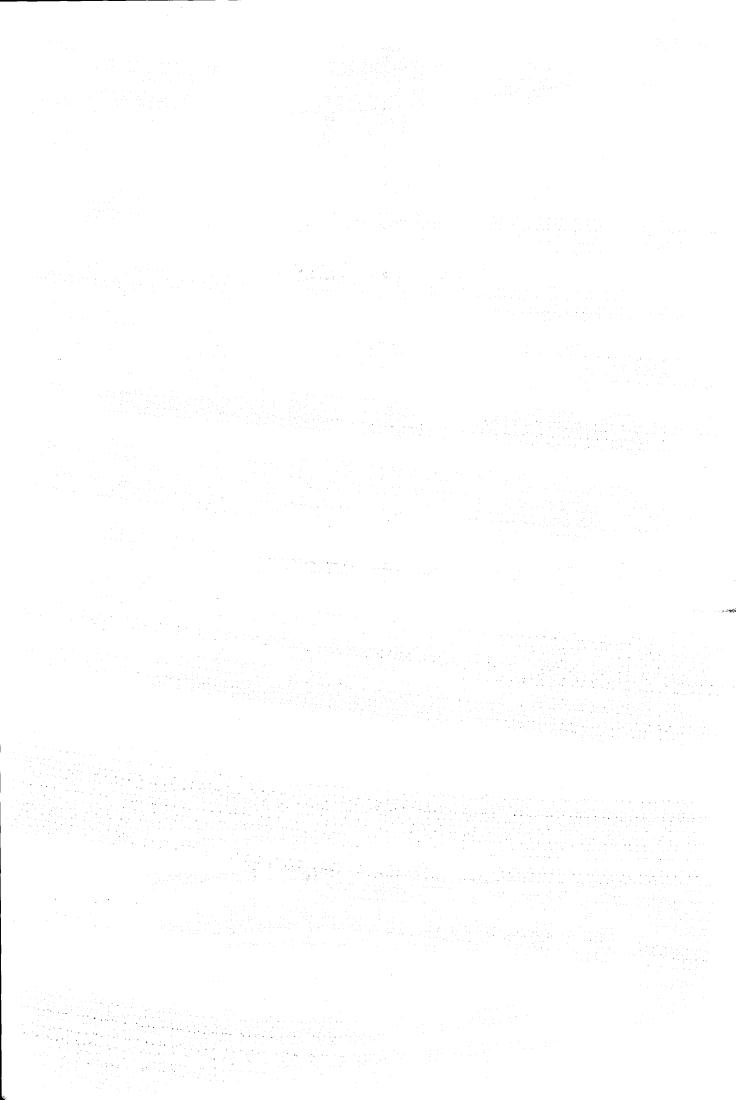

# **RECEIPTS AND PAYMENTS**

OF THE

# **PUBLIC ACCOUNT**

FOR THE

SIX MONTHS ENDED 30 SEPTEMBER 1984

### INTRODUCTION

This summary of the receipts and payments of the public accounts is produced quarterly and published in terms of section 67 of the Public Finance Act 1977. The contents of the summary are as follows:

- Statement of Accounting Policies, outlines the general accounting principles on which the accounts are prepared, and the particular accounting policies adopted.
- Statement of Source and Application of Funds, a summary financial report of the aggregated transactions for the year to date.
- Consolidated Account, the main operating account within the Public Account. All receipts must be credited to this account unless there is specific statutory provision to the contrary. e.g., proceeds of loans, and Road User Charges. The main revenue items in the account are direct and indirect taxation, interest received, dividends and profits from Corporations and trading undertakings, and departmental receipts.
  - The bulk of Government expenditure is met from this account by way of annual appropriations through votes (see the Estimates of Expenditure B. 7 [Pt. I]), and permanent appropriations made pursuant to various statutes.
- Loans Account, records the proceeds from all new loans raised (except those raised for redemption of loans) in New Zealand or Overseas during the financial year. The payments side of the account records the disbursement of these proceeds by annual and permanent appropriations, and by way of transfers to other accounts within the Public Account. A non cash item is included on both the receipts and payments side of the account to record the value of capital equipment purchased under credit arrangements.
- Loans Redemption Account, records how loan moneys received specifically for the purpose of repaying or redeeming public debt, together with other receipts credited to the account, have in fact been applied to convert or repay public debt. The account also records cash received and paid in respect of the issue and redemption of Treasury bills.
- National Roads Fund, is established under section 22 of the National Roads Act 1953. Its purpose is to record certain indirect taxation
  revenues specifically set aside to fund expenditure on construction and maintenance of roads. The account also records other moneys
  appropriated for these purposes.
- Reserve Account, records funds set aside to meet future contingencies. Transfers into this account are made from the Consolidated Account, but if a contingency arises the funds may be transferred to any of the other accounts within the Public Account.
- Trust Account, contains over 50 separate accounts and is primarily used to record moneys received or held in trust. Moneys paid into
  the account are generally available to be applied only for the specific purpose for which they were received.
- The Summary of Balances and the Composition of Balances.
- Notes to the Accounts, contains additional explanatory information on specific receipts or payments items.

### STATEMENT OF ACCOUNTING POLICIES

### **General Accounting Principles**

The Public Accounts comprise the 5 operating accounts established by sections 38 to 42 of the Public Finance Act 1977, together with a suspense account created under section 37 (1) (c) of that Act, and the National Roads Fund established by section 22 of the National Roads Act 1953. A brief description of each of the operating accounts is given in the introduction to this summary. The Suspense Account is a clearing account for receipts banked to the Public Account.

The "Public Account" refers to the bank account of that name kept at the Reserve Bank of New Zealand.

This summary reflects only those transactions relating to departments or activities operating within the Public Account. It does not reflect transactions of accounts to which sections 68 and 69 of the Public Finance Act apply. All transactions are reported on the cash basis of accounting

The amounts shown in this summary represent the cumulative result of transactions from the beginning of the financial year at historic cost.

#### Recognition of Receipts and Payments

Receipts for money paid into the Public Account are initially credited to the Suspense Account. The receipts are subsequently recognised by debiting the Suspense Account when the revenue receiver advises Treasury of the particular account code to be credited. The balance to the credit of the Suspense Account at the end of each accounting period is disclosed in the Summary of Balances.

Payments are brought to charge as expenditure in two ways:

— if money is paid from the Public Account Disbursement Account, it is recognised as a payment immediately.

if money was paid from an imprest account, it is recognised as a payment when Treasury is advised of the particular account code to be debited. Money advanced to Imprestees but remaining unspent at the end of each accounting period forms part of the cash balances.

### **Particular Accounting Policies**

The following particular accounting policies which affect the contents of the accounts have been adopted-

### Recognition of Interdepartmental Transactions

Transactions occurring between Government Departments are recognised on the following basis:

if it was a cash transaction, then the accounting policy on recognition of receipts and payments above applies. if it was a non-cash transaction, then the transaction is recognised when Treasury is advised of the accounting codes to be credited and debited.

### Foreign Currencies

As a general rule receipts and payments are converted into New Zealand currency at a special exchange rate fixed at the mid-point between the buying and selling rates for each foreign currency quoted by the Reserve Bank. This rate is retained until it is at variance by 2 percent with the actual mid-point of the buying and selling rate.

All rates are adjusted on an official revaluation and on 1 March in each year.

Any gains or losses arising from differences between actual rates of exchange used for transactions and the special mid-point rate are disclosed in the public accounts.

An exception to the general rule is made for certain types of receipts such as the proceeds from loans raised overseas and repatriated to New Zealand. In these cases the exchange rate used is the actual bank rate at which the foreign currency was converted to New Zealand dollars.

### Investments

Investments of Public Account Balances are recorded at cost price in foreign currency and converted at the relevant mid-point exchange rate into New Zealand dollars. Capital gains or losses arising from investment transactions are recognised when realised and are disclosed in the public accounts. Balances of investments in Companies and Government Agencies are not reported in quarterly summaries.

### Changes in Accounting Policies

There have been no changes in accounting policies. All policies have been applied on bases consistent with those used in previous years.

### THE NEW ZEALAND GAZETTE

### NOTES TO THE ACCOUNTS

### 1. Income Tax

Income tax is net of refunds.

Refunds to exporters in terms of the Income Tax Act 1976 were \$60,907,573 for the six months ended 30 September 1984 and \$112,683,321 for the corresponding period in 1983.

#### 2. Miscellaneous Payments

This item includes payments made this financial year totalling \$533,373 under a guarantee given by the Government in terms of section 86 (2) of the Public Finance Act 1977 in respect of Timber Stockpile Ltd.

### 3. Government Life Insurance Corporation

On 1 October 1983 the Government Life Insurance Office became a corporation under the provisions of the Government Life Insurance Corporation Act 1983. Payments recorded in the Consolidated Account are for fees and expenses of appointed directors of the corporation.

#### 4. Annual Appropriations-Vote Stabilisation

Payments previously made from this vote are now made as follows-

Subsidy on milk-from Vote Agriculture and Fisheries.

Subsidy on transport of liquid petroleum gas-from Vote Energy.

#### 5. Ministry of Energy

The Consolidated Account receipts and payments relate only to the non-trading activities of the Ministry. The Loans Account payments relate to the portion of the Ministry's trading activities advanced from the Public Account.

### 6. Special Receipts

### **Auckland Harbour Bridge Authority**

The Auckland Harbour Bridge Authority was dissolved on 31 March 1984. Investments in property and securities have been acquired by the New Zealand Government and these are being administered by the Ministry of Works and Development.

The receipt for \$750,000 represents principal repayment of short term investments matured during the quarter.

### **Christmas Island Phosphate Commission**

The receipt of \$1,414,731 is the final payment received in respect of New Zealand's share of the net assets and liabilities of the Christmas Island Phosphate Commission which has now been wound up.

#### Government Printing Office

The receipt of \$11,969,881 is a transfer from the Government Printing Office Fund in the Trust Account being funds surplus to normal operational requirements at 31 March 1984.

The receipt of \$440,000 is a payment to the Consolidated Account in lieu of Income Tax.

### Effect of 18 July 1984 Devaluation on Public Account Balances

In accordance with the particular accounting policies pertaining to Investments and to Foreign Currencies, investments of Public Account Balances were realigned to reflect the devaluation of 18 July 1984. This has resulted in an increase in investment balances of \$53,009,197 for Reserve Account investments and \$140,552,770 for other public account investments. These figures are included respectively under the items "Adjustment of value of investments consequent on changes in exchange rates" in the Reserve Account, and "Adjustment of balances consequent on changes in exchange rates" in the Consolidated Account.

### Rural Banking and Finance Corporation

The repayment is in respect of an overclaim of concessions on interest for general lending in 1983-84.

### 7. Loan Receipts Unallocated

With reference to the Statement of Accounting Policies, receipts for loan moneys paid into the Public Account are cleared from the Suspense Account and credited to the item loan receipts unallocated. This clears the Suspense Account of moneys which are identifiable as loan moneys but for which no final accounting documentation was received in Treasury at the end of the quarter.

### 8. Suspense Account

As set out in the General Accounting Policy pertaining to recognition of receipts and payments the Suspense Account contains moneys received but not yet allocated to a particular fund or account.

B. V. GALVIN, Secretary to the Treasury. 24 October 1984. C. F. SPROULE, Director, Financial Management, Treasury. 24 October 1984.

# REPORT OF THE AUDIT OFFICE

The Audit Office, having been appointed in terms of section 25 of the Public Finance Act 1977, has audited the foregoing summary of the receipts and payments of the Public Account for the six months ended 30 September 1984. In terms of section 67 of that Act, the Audit Office is of the opinion that the summary on pages 5434 to 5447 properly reflects, in accordance with the accounting policies set out on page 5434, the financial transactions of the Public Account for the six months.

S. T. KEENE, Assistant Controller and Auditor-General. 7 November 1984.
