Commerce Act 1975

NOTICE is hereby given of decision No. 151 of the Commerce Commission dated 4 December 1985.

By this decision the Commission consented to the proposal whereby the New Zealand Apple and Pear Marketing Board and the New Zealand Fruitgrowers Federation Limited, through the Fruitgrowers Charitable Trust, or through a subsidiary company owned by the Trust, will each acquire 50 percent of the equity capital of Fruitfed Limited subject to the conditions that:

- (1) Any agency arrangement with Fruitfed would not be on terms and conditions more advantageous than those offered to other wholesalers and in particular the Board will not give Fruitfed any more favourable terms and conditions in relation to discounts or rebates, volume supply, trading terms or distribution arrangements than it offers generally to other wholesale merchants or as the case may be in the future to retailers.
- (2) The Board will not allow its position in the local market for pipfruit to be used by Fruitfed, whether as an authorised agent or through the Board's interest in the company to obtain advantageous terms and conditions in relation to discounts, or rebates, volume supply, trading terms or distribution arrangements for export overruns of kiwifruit or any other fresh fruit.
- (3) The Board will not use its holding in Fruitfed to limit, reduce or prevent competition in the production, supply, transportation, storage or sale of fresh apples and pears.

The full text of this decision is available at the Commission's offices, Sixth Floor, 163 The Terrace, Wellington, P.O. Box 10-273, for inspection or purchase.

THE PUBLIC WORKS ACT 1981

NOTICE OF INTENTION TO TAKE LAND

NOTICE is hereby given pursuant to section 23 (1) (h) of the Public Works Act 1981 that the Franklin County Council proposes to take under the Public Works Act the land described in the Schedule to this notice.

The land is to be taken for sewerage works and the new Drury Sewerage Treatment Plant will be constructed thereon.

The reasons why the taking of the land is considered essential are:

- The existing temporary sewerage treatment plant at Drury has reached the end of its economic life.
- Oxidation ponds are the most energy efficient and suitable type of sewerage system for permanent sewerage treatment for a township of the type and size of Drury.
- Health Department and Ministry of Works criteria for oxidation ponds require such a sewerage system to be isolated from dwellings, exposed to prevailing winds and near a sizable volume of receiving water. All those requirements for the new sewerage system can be met on the land proposed to be taken.

Any persons wishing to object to the proposed taking are called upon to lodge their objection and the reasons therefor in writing to the Registrar, Planning Tribunal, Tribunals Division, Justice Department, Private Bag, Postal Centre, Wellington on or before the 20th day of January 1986.
