CONDITIONS

This consent is subject to compliance with the Electricity Act 1968 and the Water and Soil Conservation Act 1967 and the Electrical Supply Regulations 1984, the Electrical Wiring Regulations 1976, the Water and Soil Conservation Regulations 1968, and all Acts or Regulations hereinafter made in amendment of or substitution for any of those regulations together with all other enactments and regulations which may be in force.

2. Where there is continued non-compliance by the grantee with any of the Acts and Regulations set out in clause 1 of this consent the Minister may withdraw this consent to the generation of electricity.

3. The generation of electricity by the use of water pursuant to this consent shall be carried out only by means of the works described in the Schedule hereto.

4. This consent shall, unless it is sooner lawfully determined, continue in force until the 31st day of March 2006, or until such time as the grantee disposes of the works or ceases to hold a current and valid right to use the water for the works described in the Schedule hereto.

5. This consent confers no rights to water under the Water and Soil Conservation Act 1967 or otherwise.

6. For the purposes of assessing the rental or annual sum payable in respect of this consent the maximum generating capacity of the plant at the date of this consent is 8 kW.

7. (1) For the rights conferred by this consent the grantee shall pay a rental or annual sum assessed in accordance with the following provisions:

(a) The rental shall be at the rate of 25c per annum for each kilowatt or part of a kilowatt of maximum demand.

(b) For the purpose of assessing the rental payable, the grantee may install a suitable maximum demand indicator to the satisfaction of the Deputy Secretary of the Ministry of Energy, Electricity Division, and failing such an installation the maximum demand shall be deemed to be the maximum generating capacity of the plant installed.

(2) Notwithstanding anything in subclause (1) of this clause, the rental shall not be less than \$1.25 per annum.

8. Every rental or annual sum payable under this consent shall be payable for the financial year ending on the 31st day of March in every calendar year.

11. The grantee shall at all times maintain all works for the time being in use so as to be in good and proper working order in accordance with the requirements of the regulations and at all times maintain all works erected by the grantee pursuant to the consent whether in use or not in such good and safe condition as in the opinion of the Minister to be unlikely to cause any danger to life or property.

12. It shall be lawful for any person acting as an Inspecting Officer of the Ministry of Energy (Electricity Division) at all times after the grant of the consent whether during or after the construction of any works to enter upon and inspect such works for the purpose of ascertaining whether these conditions are complied with, and for that purpose to require that any motive machinery be set in motion and to take specimens of material, make tests and measurements, and do all other things reasonably necessary or convenient for the purposes of such inspection, and the grantee will at all times comply with the reasonable requirements of any such person.

13. If the parties so agree it shall be lawful at any time for the grantee to surrender this consent and the Minister to accept such surrender subject to such terms and conditions as may be agreed upon.

14. Neither the granting of the consent nor anything in the consent expressly or by implication contained shall affect or prejudice any liability imposed by law on the grantee to pay compensation or damages to any person arising by reason of the exercise by the grantee of the powers conferred by the consent.

15. The rights granted by the consent shall be subject to all existing rights theretofore granted and validly held and enjoyed under any enactment or otherwise.

16. If at any time during the continuance of the consent the grantee fails or neglects to observe, perform, and comply with any of the provisions in the consent expressly or by implication contained, or otherwise makes default in complying with the terms of the consent, then the Minister may forthwith by notice in writing to the grantee revoke and determine the consent.

The Path to Reform, derived from the 1981 Convention of the New Zealand Institute of Public Administration is about the path to administrative reform in the State Services in New Zealand. It continues the exploration of the States Services begun in "State Servants and the Public in the 1980's" and continued in the "Accountability of Executive." Like its predecessors, "The Path to Reform" reads like a Who's Who of New Zealand public administrators.
