BRO 134/85

Before the Broadcasting Tribunal

IN the matter of the Broadcasting Act 1976, and in the matter of applications by HAURAKI ENTERPRISES LIMITED and BRIERLEY INVESTMENTS LIMITED for consent to hold prescribed interests in two AM warrants in Auckland:

Chairman: B. H. Slane.

Members: Ann E. Wilson and Robert Boyd-Bell.

Hearing: Auckland, 5 and 6 December 1985.

Counsel: D. J. S. Laing for the applicants. L. J. Newhook for A. I. Gibbs. J. F. Timmins for Messrs Edwin, Cook, Maragan and Warren.

DECISION

THE applicants sought the Tribunal's consent pursuant to regulation 20 (4) (b) of the Broadcasting Regulations 1977 to Hauraki Enterprises Ltd. (Hauraki) and Brierley Investments Ltd. (BIL) having prescribed interests in the radio warrants for Radio Hauraki (1XA) and Radio I (1XI).

Hauraki is the holder of the warrant for Radio Hauraki and Radio I Holdings Ltd. is the owner of Radio I Ltd., holder of the warrant for Radio I.

Before the matters arose which led to the application, Radio Hauraki held 24.9 percent shareholding in Radio I Holdings Ltd. but this was not a prescribed interest because at the time it was acquired the Broadcasting Regulations provided that the entitlement to exercise a voting power of 25 percent or less of the total voting powers of the company did not of itself constitute a prescribed interest.

The Broadcasting Regulations 1977, Amendment No. 5 (S.R. 1981/295) changed the trigger point for a prescribed interest from 25 percent to 15 percent but in regulation 12 (S.R. 1981/295) saved Radio Hauraki's interest in Radio I.

The Broadcasting Regulations 1977 as amended by Broadcasting Regulations Amendment 1977, Amendment No. 7 (S.R. 1985/197):

"20. *General restrictions on interests in sound-radio warrants and sound-radio programme warrants*—(1) This regulation applies to—

- (a) Every sound-radio warrant held in respect of a private broadcasting station; and

(b) Every sound-radio programme warrant.

(2) Except as provided in subclause (3) of this regulation, and subject to subclause (4) of this regulation, no person shall have a prescribed interest in more than 2 warrants to which this regulation applies.

(3) A person may, with the consent of the Tribunal, have a prescribed interest in 5, but not more than 5, warrants to which this regulation applies.

(4) Notwithstanding subclauses (2) and (3) of this regulation, no person shall have a prescribed interest—

(a) In more than one sound-radio warrant in respect of a commercial frequency modulation private broadcasting station serving substantially the same area as another commercial frequency modulation private broadcasting station; or

(b) In more than one sound-radio warrant in respect of a commercial amplitude modulation private broadcasting station serving substantially the same area as another commercial amplitude modulation private broadcasting station—

without the consent of the Tribunal, which consent shall be given only in special circumstances.

"21. *Restrictions on directorships of companies holding sound-radio warrants and sound-radio programme warrants*—(1) This regulation applies to—

(a) Every sound-radio warrant held in respect of a private broadcasting station; and

(b) Every sound-radio programme warrant.

(2) Except with the approval of the Tribunal, no person shall act either—

(a) As a director of a company that has a prescribed interest in more than 2 warrants to which this regulation applies; or

(b) As a director of 2 or more companies that have interests in warrants to which this regulation applies, being interests which, if aggregated and held by one of those companies, would be such as to give that company a prescribed interest in more than 2 warrants to which this regulation applies.

(3) Where any person other than a body corporate has a prescribed interest in a warrant to which this regulation applies, that person shall be deemed for the purpose of this regulation to be a director of the company holding the warrant, whether or not that person is in fact a director of that company.

(4) Where a person (other than a body corporate) has a prescribed interest in at least one warrant (being a television warrant in respect of a private broadcasting station or a television programme warrant) or acts as a director of a company that has a prescribed interest in any such warrant, that person shall be deemed for the purposes of this regulation to be a director of a company that has a prescribed interest in a warrant to which this regulation applies.

"18. *'Prescribed Interest' defined*—For the purposes of this part of these regulations, a person has a prescribed interest in a warrant to which this part of these regulations applies if that person is—

(a) The holder of the warrant; or

(b) Entitled to exercise or control the exercise of voting power exceeding 15 percent of the total voting powers exercisable by all members of the company holding the warrant; or

(c) In a position to exercise control of—

(i) The operations conducted under or by virtue of the warrant; or

(ii) In the case of a sound-radio warrant held in respect of a private broadcasting station, the management of the private broadcasting station in respect of which the warrant is in force; or

(iii) (Not relevant)

(iv) In the case of a sound-radio programme warrant or a television programme warrant, the management of the programmes, broadcast under the authority of the warrant; or

(v) The selection of provision of programmes to be broadcast under the authority of the warrant, other than programmes provided under a network arrangement approved by the Tribunal; or

(d) A person having a shareholding interest or interests, as defined by regulation 19 of these regulations, which, when aggregated, exceeds 15 percent of the total voting powers exercisable by all members of the company holding the warrant.

"19. *Shareholding interests*—(1) For the purposes of these regulations a person has a shareholding interest in a company if that person is beneficially entitled to, or is beneficially entitled to an interest in, any shares in the company (whether or not the whole or any part of the legal ownership of the shares is vested in the person).

(2) The amount of the shareholding interest of any person is the amount of the nominal value of the shares, whether the shares are fully paid or not.

(3) A person who is beneficially entitled to, or is one of the persons beneficially entitled to, any shares shall be deemed (but not to the exclusion of any other person) to be in a position to exercise control of the voting rights in respect of those shares.

(4) For the purposes of these regulations (other than regulation 21A (4)), where any person has a shareholding interest in a company that has a shareholding interest in a company that has a shareholding interest in another company, that person shall be deemed to have a shareholding interest in that other company (in addition to any other shareholding interests but not to the exclusion of any other person) to the following extent:

(a) Where the shareholding interest of the person exceeds 15 percent of the total voting power of the first-mentioned company, to the full extent of the shareholding interest of that company in the other company;

(b) Where the shareholding interests of the person exceeds 5 percent but does not exceed 15 percent of the total voting power of the first-mentioned company, to the extent of such proportion of the shareholding interest of the first-mentioned company in the other company as the shareholding interest of the person bears to the total voting power of the first-mentioned company;

Provided that if the shareholding interest of the person in the other company, as determined by this subclause, is 5 percent or less, such shareholding interest shall not be aggregated pursuant to this regulation.

(5) (Not relevant)

(6) Subclauses (4) and (5) of this regulation shall each extend and apply to all shareholding interests of a person whether in a single company or in a number of companies, and whether at one remove or through a series of companies (whether subsidiary companies or not) to the intent that the total shareholding interests of a person shall be the aggregate of all that person's shareholding interests as defined by this regulation, direct or indirect.

(7) Notwithstanding the foregoing provisions of this regulation, a company, within the meaning of the Life Insurance Act 1908, which at the commencement of these regulations is carrying on in New Zealand the business of life insurance (in this subclause referred to as the insurance company) shall not, while it continues to carry on such business in New Zealand, be deemed for the purposes of these regulations (other than regulation 21A (4)) to have a shareholding interest in a company holding a warrant to which this part of these regulations applies in relation to any share in that company acquired by the insurance company (whether before or after the commencement of these regulations) out of funds held by the insurance company in New Zealand.

Broadcasting Regulations 1977, Amendment No. 5, regulation 12 (S.R. 1981/295)

"12. *Saving in respect of "prescribed interests"*—(1) Subject to subclause (2) of this regulation, where, immediately before the commencement of these regulations, a person—

(a) Was entitled to exercise or control the exercise of voting power exceeding 15 percent but not exceeding 25 percent of the total voting powers exercisable by all members of a company holding a warrant; or

(b) Had a shareholding interest or interests, as defined by regulation 19 of the principal regulations (as that regulation stood immediately before the commencement of these regulations), which, when aggregated, exceeded 15 percent but did not exceed 25 percent of the total voting powers exercisable by all members of a company holding a warrant,—

that person shall, while he continues to exercise or control the exercise of such voting power or to have that shareholding interest or those shareholding interests, be deemed, notwithstanding anything in regulations 18 to 20 of the principal regulations (as amended by these regulations), not to have a prescribed interest in any warrant held by the company.

(2) Where a person to whom subclause (1) of this regulation applies wishes to increase the number of warrants in which he has a prescribed interest (as defined in regulations 18 and 19 of the principal regulations as amended by regulations 9 and 10 of these regulations) he may, notwithstanding subclause (1) of this regulation, increase that number only in accordance with regulation 20 of the principal regulations (as enacted by regulation 11 of these regulations)."

The Application—The applicants made their approach to the Tribunal at short notice and an immediate hearing was accorded them. With the concurrence of Mr Timmins the applicants informed the Tribunal that Hauraki Enterprises Ltd. had agreed to purchase shares in Radio I Holdings Ltd. belonging to Messrs A. Cook and G. E. Edwin and other substantial shareholders.

Messrs Cook and Edwin, Hauraki Enterprises and Brierley Investments Ltd. had given evidence to the Tribunal in the course of an inquiry to advise the Minister of Broadcasting on certain shareholding matters relating to radio broadcasting in New Zealand, part of which involved Radio I.

It is not necessary to traverse the details. It is sufficient to say that this application was based on the fact that there were differences between the approach to the management of Radio I taken by Messrs Cook, Edwin and the majority of the present directors on the one hand and Hauraki's nominee on the board (P. B. Nelson) and A. I. Gibbs on the other. They had hoped that the matter might have been resolved one way or the other by the Tribunal's report but as this has not yet been given to the Minister and there had been a continuing unsatisfactory relationship between some members of the board, the managing director and some shareholders, it was considered that it was not in the interests of anybody for the existing position to continue. It had therefore been decided that Hauraki Enterprises Ltd. would purchase the shares of the other major shareholders which would leave all the shares in the hands of Mr A. I. Gibbs and Hauraki Enterprises Ltd. except for about 10 percent.

The applications made to the Tribunal were limited to seeking the consent of the Tribunal to the acquisition of prescribed interests in a second AM station in Auckland under regulation 20 (4).

In support the following arguments were put to the Tribunal:

1. That Hauraki had had a longstanding and significant shareholding in Radio I.
2. The only feasible solution to the differences between the existing shareholders (other than the acquisition of shares by one party from another) was litigation which would be detrimental to all parties and to the small shareholders.
3. The effect upon competition would be minimal because there are 7 commercial stations in Auckland and Radio I and Radio Hauraki are not directly competing in the sense of seeking identical audiences.
4. Hauraki would immediately apply to convert from AM to FM and would be prepared to undertake to make such an application forthwith. That would further lessen the competition for audience between the two stations.
5. The two stations had high cost structures and BIL wanted some rationalisation but they would be programmed separately.

The application was also supported by Mr Gibbs because it brought to an end a potentially litigious situation.

C. J. Thompson, a director of Hauraki and an employee of BIL gave evidence in support.

The existing directors were Mr Nelson, a chartered accountant appointed by Hauraki, Mr Gibbs, a substantial shareholder of Radio I and also a director of Hauraki, together with Messrs Cook (chairman), Edwin (managing director), A. L. Margan and P. R. Warren, all of whom were parties to the proposed transfer of shares. In total they represented some 90 percent of shareholders, and there was no significant individual parcel among the remaining 10 percent.

The Tribunal was informed that upon the agreement to transfer the shares being approved it was proposed that the existing directors who had sold their shares would resign and Mr McDonald, chairman of Radio Hauraki, would also become a director and chairman of Radio I Ltd. Mr Ross Weavers, an Auckland sharebroker, would be appointed a director and the existing directors Messrs Gibbs and Nelson would remain directors. Both Mr Gibbs and Mr McDonald would then be directors of both Hauraki and Radio I.

Mr Thompson assured the Tribunal that apart from the possibility of joining the news dissemination service being set up in Wellington and the sports news service there was no proposal to combine the news operations.

They would maintain separate autonomous independent editorial control, but Hauraki may take a voice feed from another station later if it became an FM station.

Savings would be made by combining in the cost of a traffic plane and company secretarial and financial services. They would be competing for advertising, but there would be continued use of PRISM. The research done by Radio Hauraki is at present provided on a contract basis to Radio I, but the stations would be independently programmed.

Hauraki on FM would be targeting the 20-29-age group but with less talk. There would be no change in the target audience of either station. Mr Thompson indicated that it was likely that Hauraki would apply to simulcast for a period of 5 years, but it was conceivable the Tribunal may not grant that. Hauraki would accept a period in accordance with the Minister's direction (3 months). It was not proposed to carry on a dual operation or separate programming for Hauraki on AM and FM.

Mr Thompson said BIL had:

1. 52.6 percent of Hauraki. Hauraki owned 24.9 percent of Radio I Holdings Ltd.

2. 100 shares in each of Stereo FM, Independent Broadcasting Co. Ltd., Manawatu Radio Ltd.

3. Less than 5 percent of Northland FM Ltd. directly and indirectly (including a small parcel owned by Hauraki).

4. 14.8 percent in Capital City Radio ("CCR") in which Hauraki has 30 percent). When reminded that CCR Ltd. had advised the Registrar of the purchase of shares by BIL, taking its shareholding to 15.5 percent, Mr Thompson corrected this figure. This directly gave BIL a prescribed interest in CCR.

5. Forty percent of New Zealand Ltd. (An application to increase this to 51 percent was refused by the Commerce Commission and an appeal to the High Court has been heard but no decision given yet).

New Zealand News Ltd. has 14.6 percent of CCR and 25 percent of Hawke's Bay FM Ltd. through Hawke's Bay Newspapers Ltd. These shareholding interests by New Zealand News are by regulation 19 also ascribed to BIL.

6. 27.4 percent of Radio Avon Ltd. of which only 15 percent has been registered. The balance is held in the name of the vendor.

7. Less than 4 percent in Radio Otago Ltd. and 4 percent in Radio Foveaux Ltd. But Radio Avon Ltd. has 24 percent of Otago and 25 percent of Foveaux.

It was submitted on behalf of BIL that in law it does not have a prescribed interest in Radio Avon Ltd. because the excess over 15 percent had not been registered. A nominee of BIL, Mr Croft, a director of CCR had been appointed a director of Radio Avon Ltd.

Mr Laing submitted that, since the Tribunal had consented under regulation 20 to Hauraki having a 30 percent shareholding in CCR, the prescribed interest in CCR thus gained by BIL was also consented to and saved by the consent given to Hauraki.

It was further argued that since Hauraki's shareholding in Radio I was saved by regulation 12 of the 1981 regulations, that regulation 12 extended to protect BIL and exempted it from being deemed to have a prescribed interest in Radio I Ltd.

The Tribunal asked if Hauraki was prepared to give an undertaking to lodge its application within a limited period and confirm that the application for the FM warrant would be in respect of the same target audience as Hauraki's present audience. It was also asked to indicate whether it would confirm that Radio I would be separately programmed (including news services) and whether it was prepared to undertake that if the FM warrant application was declined by the Tribunal Hauraki would divest itself of its shares in Radio I Holdings Ltd.

An oral undertaking was given in respect of these matters and later that day an undertaking was presented in writing but with an added proviso that the divestment would not occur until an application had also been considered and refused in respect of Radio I. The Tribunal considered this to be different from the undertaken given orally during the hearing and asked for a further written undertaking in the original terms.

We then received another written undertaking which dealt with the point raised. However it was different in another respect and that difference had not been brought to our attention. The undertaking was changed to limit the undertaking to divest to the shares now being acquired. (Mr Laing did bring to our attention that this undertaking was given only by Hauraki not by BIL and we accept that).

The Tribunal also asked for confirmation of BIL shareholdings held in other radio companies as Mr Thompson's evidence differed slightly from that stated in the BIL annual report.

Subsequently a statement was filed by Mr Thompson setting out the position regarding shareholdings.

Only when the Tribunal drew attention to the fact that it would appear that BIL would need a consent under regulation 20 to have a prescribed interest in more than two stations and appeared to have needed that consent for some time, was there added to the application a statement that the applicant applied for all necessary consents.

The Tribunal considered this casual approach quite unsatisfactory.

The Tribunal considered the application insofar as it related to the holding of prescribed interests in two warrants in Auckland to be a reasonable one. The Tribunal considered it was not in the interests of radio in Auckland for the dispute between shareholders to continue, but primarily it considered the application justified on the special circumstances that Hauraki would be applying for an FM warrant immediately so the situation would only be temporary. In view of that fact and that the regulations permitted the holding of one FM and one AM warrant as of right, the Tribunal was prepared to grant the application in that respect.

The applicant was therefore informed on 22 December that the Tribunal had approved the application for consent subject to the undertakings given. It was also told that a written decision was being prepared and would be issued after the Christmas/New Year vacation.

The Tribunal also informed the applicants that it would reject the argument that shareholding interests of BIL in Hauraki are protected—

1. In the case of CCR by the consent of the Tribunal given to Hauraki or
2. In the case of Radio I by the savings provisions of regulation 12 (S.R. 1981/295) as far as regulation 20 (2) and (3) are concerned.

The Tribunal added:

“Brierley Investments Ltd. has informally applied for consent to have prescribed interests in Hauraki, Windy, Hawke’s Bay FM and Radio I under regulation 20 (3). However, as the position disclosed is a serious one and the Tribunal’s interpretation of the law may have application to other shareholdings it will be necessary for Brierley Investments Ltd. to file applications in respect of all consents which might be required under regulations 20 and 21 by 31 January 1986.”

(That date was later extended to enable this decision to be considered).

Attention was also drawn to the amendment of regulation 21 made by S.R. 1985/197. The parties had been dealing with the previous regulation 21 which it was agreed was ambiguous, but the ambiguity had been removed by the amendment made in August 1985.

The parties were informed of the Tribunal’s minute by telephone.

The Tribunal is concerned that the effect of the BIL and Hauraki shareholdings in Radio I could produce a combined competitive position that would be detrimental to other individual stations in Auckland. But that was not its prime concern. It was concerned that the diversity of programming and news and current affairs should be maintained. It was less important from the regulatory point of view that separate spotter planes should be used for traffic or other matters on which there had been previous disagreement within the Radio I board.

It was therefore concerned that the undertakings should be given in respect of these matters, and the consent be based on those undertakings.

The Tribunal was also concerned that if Hauraki’s application did not succeed or, if it were withdrawn, that the Tribunal’s consent would permit the continuation by one company of prescribed interests in two AM stations. However the undertaking given deals with that position.

Finally the Tribunal was concerned at the attitude of BIL to the acquisition of shareholding interests in radio stations.

BIL had acquired further shareholding in CCR after giving an undertaking to the Tribunal that it would not acquire any further shareholding during the currency of the inquiry the Tribunal was conducting at the request of the Minister. We can understand the concern that BIL expressed that the inquiry had taken longer than expected but the company was well aware of the Tribunal’s willingness to consider such an application to increase shareholdings as it had done so in another case. In fact at the time the undertaking was given the chairman had made it clear that the reason the undertaking was required was so that time could be taken over the inquiry and the position should not be prejudiced by further purchases. Whereas if notice were given and the purchases were considered undesirable, the Minister would be free to promote some regulatory hold on the situation.

Mr Timmins had no difficulty earlier in approaching the Tribunal when his client wished to purchase some shares. BIL appears to have increased its direct shareholding in CCR from nearly 6 percent to 15.5 percent and made no such application.

Such an attitude puts in peril the warrants of stations in which it has a prescribed interest. It also displays an attitude towards compliance that leaves the Tribunal with few grounds for confidence in the responsibility of those directors who have a duty to see that no breaches of warrant are committed.

The Tribunal does not accept the legal argument by Mr Laing that BIL did not have more than two prescribed interests in stations before increasing its shareholding in Radio I. Leaving aside the Radio Avon situation, it is clear that it has a prescribed interest in Hawke’s Bay Radio Ltd. through Hawke’s Bay Newspapers Ltd. and New Zealand News Ltd.

It also clearly has a prescribed interest in Hauraki.

Hauraki had consent to take a shareholding of 30 percent in CCR some years before BIL had a prescribed interest in Hauraki. It is specious to suggest that that consent applied to every person or company who is or becomes a shareholder of Hauraki. The consent was given to Hauraki and thus BIL on the acquisition of 52.6 percent shareholding in Hauraki was not for that reason deemed to have consent to have a prescribed interest in CCR.

In any event the consent given under the former regulations was to enable Hauraki to have a prescribed interest in a *second* warrant. It was not a consent to have one more than the regulations may from time to time permit a station to have as of right.

Furthermore BIL acquired a shareholding interest in CCR when it acquired shares in New Zealand News Ltd. The shareholding of New Zealand News Ltd. in CCR has been less than 15 percent and no *prescribed interest* in CCR could have been imputed to that company and through it to BIL. But a *shareholding interest* in regulation 19 (4) (b) imputed also to BIL.

The acquisition of shares by BIL directly (an increased shareholding of about 10 percent bringing the holding to 15.5 percent), when added to the other shareholding interests through New Zealand News, clearly created another prescribed interest even before the 15.5 percent level was reached.

The Hauraki shareholding in Radio I has until now been exempt under regulation 12 of the Broadcasting Regulations 1977, Amendment No. 5 (S.R. 1981/295).

That regulation made it clear that Hauraki, which was entitled to exercise or control the exercise of voting power exceeding 15 but not exceeding 25 percent of the total voting powers, would be deemed (while it continued to exercise or control that voting power or to have that shareholding interest), not to have a prescribed interest in any warrant held by the company. (Hauraki wished to increase the number of warrants in which it had a prescribed interest by the acquisition of further shares in Radio I, but it is permitted to increase the number of prescribed interests only if it does so in accordance with regulation 20.)

BIL argued that it was entitled to the benefit of regulation 12 (2) as a shareholder with a shareholding interest as defined by regulation 19 of the principal regulations (as that regulation stood immediately before the commencement of the 1981 regulations).

We have no evidence that BIL held its shares in Hauraki immediately before the October 1981 amendment and therefore cannot find that the saving provision would apply.

In any event BIL clearly requires a consent because it has increased its prescribed interests since 1981 by the acquisition of prescribed interests in Hawke’s Bay Radio Ltd. and Capital City Radio Ltd. and possibly in Radio Avon Ltd. It has therefore lost any protection it might have had under regulation 12.

We find that regulation 12 (2) merely protects the shareholdings as they stood in October 1981 insofar as shareholdings in Hauraki are concerned and for so long as the person who is deemed not to have the prescribed interest does not increase the number of warrants in which he has a prescribed interest.

On the face of it therefore BIL need significant consents and yet had failed to apply for any of them, even at the stage of making the present application to the Tribunal for the consent under regulation 20 (4).

This raises considerable doubt about the bona fides of the company insofar as regulatory controls are concerned. BIL applied for an obvious consent but, until the question was raised by the Tribunal, made no effort to apply for the consequential consents which, without any doubt at all would arise upon the increase in shareholding in Radio I which brought about the application to the Tribunal.

The Tribunal considered refusing the application made under regulation 20 (4) on the grounds that it would have resulted in a breach of regulation 20 (2).

However it was considered that in the interests of radio broadcasting in Auckland it was more appropriate to require BIL and Hauraki to make application for such consents as may be necessary. If they are not granted then it will be for BIL to decide which prescribed interests to discard.

The applicant’s attention is also drawn to the provision relating to beneficial interest under regulation 19. The company is at present claiming that it has less than a 15 percent shareholding in Radio Avon Ltd. and yet has an agreement to acquire further shares from Mr Stewart. The Tribunal may find that beneficial interest would give BIL a prescribed interest in Radio Avon Ltd. and any consequential prescribed interests that may be derived from Radio Avon’s shareholding in other warrant holders.

In respect of Radio I, we do find that, under regulation 18 (c) (ii), BIL would have a prescribed interest in Radio I Ltd. because it will be entitled to exercise control of the management of the private broadcasting station in respect of which the warrant is in force.

It could well be argued (but it was not raised before us) under the same regulation that BIL had a prescribed interest in CCR when it controlled Hauraki and New Zealand News which together owned 44.6 percent (30 percent and 14.6 percent) of CCR shareholder voting powers together with its direct shareholding (6 percent increased later to 15.5 percent) now totalling 60.3 percent.

We observe that all the directors of BIL would appear to be in breach of regulation 21 (2) (a) which was amended in August 1985 by Amendment No. 7 (1985/197). This regulation provides that no person shall, except with the approval of the Tribunal, act as a director of a company that has a prescribed interest in more than two warrants to which the regulation applies.

There are other directors who require consent, under regulation 21 (2) (b) which states that no person, except with the approval of the Tribunal, shall act as a director of two or more companies that have interests in warrants which if aggregated and held by one of those companies would be such as to give the company a prescribed interest in more than two warrants.

The Registrar has been directed to inform all warrant holders of the changes to this regulation and to request the warrant holders to draw regulation 21 to the attention of any shareholding company that has a prescribed interest so that it can be seen whether directors comply, and, if necessary, any existing appointments regularised.

Decision—The Tribunal consents to Hauraki Enterprises Ltd. and Brierley Investments Ltd. having prescribed interests in more than one sound-radio warrant (Radio Hauraki and Radio I) in respect of a commercial amplitude modulation private broadcasting station serving substantially the same area as another commercial amplitude modulation private broadcasting station (Auckland) pursuant to regulation 20 (4). The consent is given on the basis of the attached undertaking of Hauraki and it is a condition of the consent that the undertaking be complied with. The consent will lapse if the undertaking is not complied with in any respect.

Attention is drawn to regulation 26 which provides that it is a condition of every warrant to which the regulations apply that the provisions of regulations 20 to 23 and all lawful requirements of the Tribunal thereunder shall be complied with.

Dated the 12th day of February 1986.

Signed for the Tribunal.

B. H. SLANE, Chairman.

M. No. 724/85

IN THE MATTER of the Judicature Act 1908 and IN THE MATTER of the Charitable Trusts Act 1957 and IN THE MATTER of "THE TWIGGER ENDOWMENTS" CHARITABLE ENDOWMENTS, created under the Will of JOHN TWIGGER, deceased and IN THE MATTER of an application by THE CANTERBURY HOSPITAL BOARD having its office at Christchurch and acting as trustee of the said trust for the approval of a scheme under section 35 of the said Act—
Applicant:

NOTICE is hereby given that on Friday, the 7th day of March 1986 at 10 o'clock in the forenoon, counsel for the above-named applicant will move the High Court sitting at Christchurch for an order that the scheme dated the 2nd day of October 1984 and set out hereunder be approved.

THE SCHEME

THE CANTERBURY HOSPITAL BOARD (hereinafter referred to as "the trustee") constituted under section 25 of the Hospitals Act 1957, pursuant to Part III of the Charitable Trusts Act 1957 hereby seeks an order for the variation of the disposition of income from and for the alteration of the mode of administering trust funds vested in the trustee as sole trustee of the Twigger Endowments for a charitable purpose:

WHEREAS:

- (i) The Will of John Twigger made on the 6th day of March 1885, Probate of which was granted by the Supreme Court at Canterbury on the 10th day of November 1885 (hereinafter referred to as "The Will") provides that the Twigger Endowments should have been divided into three equal parts, each separate from the others and each enjoying its own profit and bearing its own losses.
- (ii) The Twigger Endowments have never been so divided and remain undivided.
- (iii) Section 157A of the Hospitals Act 1957 is inconsistent with the provisions of the Will in that it provides that the trustee shall pay to the Ashburton Hospital Board for the Tuarangi Home one-third of the net income derived from the trust known as the Twigger Bequest which is the same trust referred to herein as the Twigger Endowments.
- (iv) The Will provides that the objects for which the Twigger Endowments should be held are the Ashburton Home (now known as the Tuarangi Home), the Christchurch Female Refuge and the Canterbury Orphanage, but the second and third of these institutions are defunct and those objects have therefore failed. It is therefore impossible for the trustee to carry out the Christchurch Female Refuge and the Canterbury Orphanage Endowments.
- (v) The trustee is claimant in a claim dated the 30th day of March 1983 under the Public Works Act 1981 for compensation from the Commissioner of Works and Development for loss of and to land forming part of the Twigger Endowments arising out of the taking of part of that land and the construction of a motorway.

THE TRUSTEE IS THEREFORE HEREBY EMPOWERED:

1. To continue to hold the Twigger Endowments as one undivided fund.
2. To pay the income derived from the Twigger Endowments to the following beneficiaries in the percentage shown:
 - (a) 33½ percent to the Ashburton Hospital Board for the Tuarangi Home as required by section 157A of the Hospitals Act 1957
 - (b) 26½ percent to the Canterbury Hospital Board for its service known as the Child and Family Guidance Centre, Whakatata House for the establishment and operation of a day unit
 - (c) 6½ percent to the Womens Refuge Centre (Inc.) Society Christchurch
 - (d) 13½ percent to the Nurse Maude District Nursing Association for the provision of home aid services for mothers and new babies in the Canterbury Hospital Board district who are at some social disadvantage or subject to undue stress,
 - (e) 3½ percent to Birthright (Christchurch) Incorporated
 - (f) 16½ percent in the discretion of the trustee to any or all of the beneficiaries set out in (b) to (e) above provided that no beneficiary shall receive more than 33½ percent of the income in any one financial year or invested in a second capital fund to be known as "the Second Twigger Fund".
The income from "the Second Twigger Fund" shall be paid to the objects set out in (b) to (e) hereof in the following percentages:
 - (b) 40 percent
 - (c) 10 percent
 - (d) 20 percent
 - (e) 5 percent

The remaining 25 percent of income from this "the Second Twigger Fund" shall, in the absolute discretion of the trustee be either capitalised or paid to all or any of the beneficiaries prescribed by paragraphs (b) to (e) inclusive but with the proviso that no beneficiary shall receive more than 50 percent of the income in any one financial year from this "the Second Twigger Fund".

3. To capitalise the accrued income payable to the Christchurch Female Refuge and the Canterbury Orphanage Endowment but not paid to beneficiaries at the time of the approval of this scheme by the High Court by adding it to "the Second Twigger Fund" or in the discretion of the trustee to pay any or all such income to one or more of the objects set out in 2 (b) to (e) above.

4. To capitalise any compensation paid pursuant to the claim dated the 30th day of March 1983 under the Public Works Act 1981 by adding it to the Twigger Endowments.

Dated this 2nd day of October 1984.

R. I. PARKER,
Chief Executive, Canterbury Hospital Board.

Any person desiring to oppose the scheme shall give written notice of his intention to do so not less than 7 clear days before the 7th day of March 1986 to the following:

- (1) To the Registrar, High Court, Christchurch and,
- (2) To the Canterbury Hospital Board, care of its solicitors, Messrs Lane Neave Ronaldson, Level 7, Amuri Courts, 293 Durham Street, Christchurch and,

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 30TH SEPTEMBER 1985

1. Statement of Accounting Policies—

General Accounting Policies—The measurement base adopted is that of historical cost. Reliance is placed on the fact that the company is a going concern.

Accrual accounting is used to match expenses and revenues.

Significant Particular Accounting Policies—

Consolidation—

Group Accounts have not been prepared as the Directors are of the opinion that the expense of preparation would be out of proportion to the value to the members of the company.

Valuation of Investments—

New Zealand public securities are valued at cost adjusted annually for the proportion of discount or premium on purchase so as to allow redemption value by maturity date.

Whilst in the ordinary course of business some realisation of New Zealand public securities may take place at prices below book values, in the majority of cases these securities are held to, or close to maturity dates when they would be redeemed at face value. Accordingly, no provision is made for any difference between book value and market value of individual securities.

Sale of Public Securities—

Profit or losses realised on sale of public securities are reflected in the statement of profit in equal annual instalments over the unexpired period to maturity or five years, whichever is the shorter.

Taxation—

The liability method of interperiod tax allocation has been applied primarily in respect of public security interest income.

Changes in Accounting Policies—There have been no changes in accounting policies. All policies have been applied on bases consistent with those used in previous years.

Book, redemption and market value of these securities at 30 September were:

During the year the company acquired all of the issued capital of The Commercial Bank Savings Bank (N.Z.) Limited for a consideration equivalent to the value of the outstanding shares. Subsequently the book value of the investment was revalued to the net asset value of the investee company. Distributions by way of dividend of \$3,985,000 have been offset against the book value of the investment in order to recognise the diminution in the value of its underlying net assets arising from the payment.
