NOTES TO THE ACCOUNTS

1. *Statement of Accounting Policies:*(a) *Basis of Consolidation—*

The consolidated accounts include the accounts of the Trusteebank and its wholly owned subsidiary, Eastern and Central Trusteebank Travel Limited.

(b) *Changes in Accounting Policies—*

There has been no change in accounting policy which has had a material effect on the determination of profit for the year and on the accumulated reserves.

From 1. 4.85 Stationery Stock has been treated as an expense in the year purchased. The effects of this change have been a reduction in profit this year of \$53,487.00 and a prior year adjustment to Reserves of \$149,313.00 (decrease).

(c) *General Accounting Policies—*

(i) The measurement base adopted in the preparation of these financial statements is that of historical cost modified by the revaluation of land and buildings. Reliance is placed on the fact that the Bank is a going concern.

(ii) Accrual accounting is used to match expenses and revenue.

(d) *Particular Accounting Policies—*

(i) *Interest Income*—Interest is recognised on an accrual basis. Personal loan income excludes unearned interest, and has been apportioned according to the Rule of 78 method.

(ii) *Depreciation*—The cost or revalued amount of fixed assets (excluding land) less estimated residual value is allocated over their economic lives on a straight line basis. The range of economic lives of the major classes of assets is:

Buildings	40–50 years
Computer and office equipment	5–10 years
Furniture and fittings	7–10 years
Motor vehicles	3 years to estimated residual value

(iii) *Current Assets*—Sundry debtors are valued at expected realisable value.

(iv) *Investments*—Investments are shown at cost with the exception of Government and Local Authority securities.

Government and Local Authority securities are normally held at maturity and redeemed at their face value.

Due provision is made for the difference between cost and face value by the amortisation of the discount or premium on purchase, over the term of the security on a straight line basis.

In accordance with this policy the amortisation credited to revenue for this financial year amounts to \$104,042. (1985: \$139,765).

2. *Investments:*

The realisable value of fixed market securities fluctuates with movements in market yields and it is customary for such fluctuations to be disregarded in the recording of the results of the long term institutional investor.

AUDITOR'S REPORT TO THE TRUSTEES OF THE EASTERN AND CENTRAL TRUSTEEBANK

WE have audited the books and accounts of the Eastern and Central Trusteebank for the year ended 31 March 1986 in accordance with generally accepted auditing standards, and have carried out such procedures as we considered necessary.

In our opinion, the Financial Accounts, together with the notes thereon, are properly drawn up so as to give, using the historical cost method, modified by the revaluation of land and buildings, a true and fair view of the financial affairs of the Eastern and Central Trusteebank as at 31 March 1986 and the results of its operations for the year ended on that date, in accordance with section 43 (2) of the Trustee Banks Act 1983.
