I ANZCERTA: MANUFACTURERS EXCLUSIVE AUSTRALIAN LICENCE (MEALS) RESULTS

The following is the official allocation of Manufacturers Exclusive Australian Licences for the 1986/87 licensing period, valid for imports from 1 July 1986 to 30 June 1987.

Goods imported with these licences must meet the New Zealand/Australian Rules of Origin criteria contained in Customs Regulations 1968 as amended and in Article 3 of the ANZCER Trade Agreement.

Unallocated MEAL balances were transferred to the tender pool and advertised in Tender Round 35, the results of which are also published here.

In applying for MEALS, manufacturers undertook to use licences obtained fully, and consistently with the principles of the ANZCERTA, (rationalising existing production by substituting Australian imports for higher cost domestic lines or complementing existing lines).

Procedures are set out in the department's publication "Guide to Import Licence Tendering: ANZCERTA: TEAL and MEAL Procedures".

It should be noted that there is no automatic reissue of MEALS from year to year: specific application is required, accompanied by evidence of usage.

Manufacturers interested in obtaining MEALS for the following period will be advised through an issue of the *New Zealand Gazette* in February 1987. The closing date for applications will be 2 March 1987.

Calendar Year MEALS: Applications for MEALS issued on a calendar year basis must reach the department by the end of November 1986.

It should be noted that this allocation employs item codes as they existed before 1 July 1986. Changes to item codes are shown on page 4748.

All enquiries should be addressed to:

ANZCERTA Section,
Business Operations Division,
Department of Trade and Industry,

II (C) ANZCERTA: TENDERED EXCLUSIVE AUSTRALIAN LICENCE (TEALS)—ROUND 35 RESULTS

The following are the official results of Round 35—the Annual Allocation of Exclusive Australian Licence which closed on 9 June 1986. An additional three item codes were advertised in Round 37 and those results will be published along with the complete results of Round 37.

ANZCERTA licences are issued for goods of Australian origin as contained in the Customs Regulations 1968, as amended. The New Zealand/Australia Rules of Origin are detailed in Article 3 of the ANZCERTA. All licences are issued for the licensing year 1 July 1986 to 30 June 1987. Extensions of the licence period are not normally granted.

Any applicant who held a 1986/87 MEAL was not eligible to bid for a TEAL.

A second ANZCERTA tender round will be announced shortly. This is the Unused MEALS tender round in which MEALS, taken up but unused in the 1985/86 licensing period are offered for public tender in accordance with ANZCERTA requirements. MEAL holders in the current period are not barred from tendering in this round provided they used 75 percent of their licence in 1985/86. These licences will also be valid until 30 June 1987.

NOTE—"Tender Withdrawn" means that the goods in the item code became exempt for Australia after the Call for Tenders closed.

Item Code descriptions will be found in the Call for Tenders reprinted on pp. 4740-4747. The item codes shown here are those applying from 1 July 1986.

Any residual amounts are shown at the end of the list of tenderers in each item code: see page 4818.

III ANZCERTA: RESIDUAL EXCLUSIVE AUSTRALIAN LICENCES (REALS)—INVITATION FOR APPLICATIONS

Applications, including the applicant's importer code and the item code as given in the TEAL result should be addressed to:

ANZCERTA Section,
 Business Operations Division,
 Department of Trade and Industry,
 Private Bag,
 Wellington.

Balances will be available on demand until 30 June 1987.

IV CALL FOR 1987/88 MANUFACTURERS EXCLUSIVE AUSTRALIAN LICENCES (MEALS)

Applications are hereby invited for allocations of manufacturers exclusive Australian import licences in the 1987/88 licensing period. Licences are *not* reissued automatically to holders of 1986/87 licences: application is required.

Holders of MEALs in the current period were advised that the closing date for applications for the next period would be on 3 November 1986. It has now been decided however that the earlier system of allocating these licences in two stages will be abandoned, and replaced by a one stage procedure following the final calculation of MEAL amounts. The closing date for receipt of applications has therefore been fixed as 2 March 1987.

The allocation procedure will also be simplified by making applications dependent on evidence of usage. While applicants must of course meet the other criteria in the guidelines, approval will depend finally on evidence of usage.

Every application must therefore be accompanied by a photocopy of both sides of the MEAL held in 1985/86. If usage in that period was less than 75 percent, evidence of usage in the 1986/87 period can be adduced instead.

If you did not hold a MEAL in 1985/86, but held one in 1986/87, you can expect to receive the same amount plus an inflation factor, in 1987/88, provided some usage is evidenced.

Applications not accompanied by evidence of usage will not be considered.

Applicants are free to seek amounts greater than they received in 1986/87: these will be accommodated where possible.

New applicants are also invited and will be considered along with existing holders who seek larger amounts. They should provide all the information required in the guidelines.

ANZCERTA Calendar Year Licences

Applications are also invited for MEALs which are issued on the calendar year basis: these are carpets (Item Code 58.120) and sheets, plates, strips, etc., of vulcanised rubber, excluding rubber sheet soling (Item Code Ex 40.022).

Applications should be received in the department before 12 December 1986.
