Bylaw to Control the Use of Unofficial Signs on State Highways

1. This bylaw shall be known as the Signs on State Highways Bylaw 1987/3 and shall come into force on the 26th day of February 1987.

2. The bylaw is made under the authority of the National Roads Act 1953 in respect of State highways throughout New Zealand.

3. In this bylaw:

"Board" means the National Roads Board.

"District Commissioner of Works" shall mean the District Commissioner of Works of the Ministry of Works and Development.

"Sign" means any name, figure, character, outline, display, notice, placard, delineation, poster, handbill, advertising device or appliances or any other thing of a similar nature to attract attention and which is on a State highway, and shall include all parts, portions, units, and materials composing the same, together with the frame, background, structure and support or anchorage thereof, and shall also include any of the foregoing things when displayed on a stationary vehicle, but shall exclude all traffic signs as detailed in the Fourth Schedule of the Traffic Regulations 1976.

"State highway" means a State highway declared as such by the board under the provisions of the National Roads Act 1953; and, subject to the provisions of section 39 of that Act, includes a motorway:

"Vehicle" has the same meaning as defined in section 2 of the Transport Act 1962.

4. No person shall, construct, maintain or display or cause to be constructed, maintained or displayed any sign on any part of a State highway subject to this bylaw unless the board consents to the construction, maintenance or display of such a sign in writing.

5. If the sign meets the size and other requirements specified in the First Schedule to this bylaw and should the board determine that the colours of or wording on the sign will not;

(i) confuse it with official road signs; or

(ii) cause alarm, offend public decency or unduly attract the attention of persons operating vehicles on the State highway; or

(iii) consist of any reflectorised material; or

(iv) in any other way detract from the safe and efficient operation of vehicles on the State highway;

then the board may consent in writing to the construction, maintenance or display of the sign subject to the imposition of such conditions as to colour wording and siting of the sign as the board shall consider reasonable to achieve the objectives of this regulation.

5A. In imposing a condition as to siting, the board shall have regard to the proximity of any official road sign.

6. In considering whether the proposed sign meets the criteria specified in section 4 hereof, the board may in its discretion consider any report submitted in that regard by the Ministry of Transport, the District Commissioner of Works, any local authority whose territory the State highway passes through or any employee of the board. Should such a report or reports be received by the board then the person seeking consent to the construction, maintenance or display of any sign shall be given the opportunity to comment on the report before the board decides whether the consent should be granted.

The board shall give reasons for and record its decision on the application for consent by way of a formal resolution of the board.

7. Any consent given under this bylaw may be made subject to such time limitations as the board may think reasonable and may be revoked:

(i) if any condition of the consent is not adhered to; or

(ii) if any unauthorised sign is constructed, maintained or displayed on any part of a State highway when the person so responsible for construction, maintenance or display has been given consent in respect of another sign then consent to the other sign may be revoked in addition to any action the board may take in respect of the unauthorised sign; or

(iii) if the council is of the opinion that forthcoming changes to the State highway or official road sign scheme on that portion of the State highway makes the continuance of the consent contrary to the criteria specified in section 5 hereof or otherwise undesirable.

8. Notice of revocation of the consent may be signed by the board's secretary on the board's behalf and shall take effect upon the expiration of 14 days after the date on which the notice is received by the person to whom the consent was given.

9. Should the sign continue to be maintained or displayed after revocation of the consent then the board by its agents and servants may at its discretion remove the sign from the State highway without giving any further notice.

10. Notwithstanding anything contained in section 8 or 9 hereof the board by its agents and servants may at any time without notice remove any unauthorised sign if the sign is considered to create a traffic hazard or otherwise is considered to impede the safe and efficient operation of a State highway.

11. Every person committing any breach of this bylaw shall be liable upon conviction to a fine not exceeding \$40.

12. The board may, in writing, delegate any or all of its powers under this bylaw to the District Commissioner of Works in whose district the State highway or highways to which this bylaw relates are situated.

This bylaw was made by resolution duly passed at a meeting of the National Roads Board held in Wellington on the 18th day of February 1987.

R. K. THOMSON, Secretary.

CITY OF WAITEMATA

NOTICE OF INTENTION TO TAKE LAND FOR ROAD IN THE CITY OF WAITEMATA

NOTICE is hereby given that the Waitemata City Council proposes, under the provisions of the Public Works Act 1981, to take the land described in the Schedule hereto for road, such land to be used for the completion of the construction of the intersection of Central Park Drive and Lincoln Road.

A plan of the land intended to be taken is open for public inspection during ordinary office hours at the Waitemata City Civic Centre, 6 Waipareira Avenue, Waitemata City.

REASONS FOR TAKING THE LAND

THE reasons why the Waitemata City Council considers it essential to take the land described in the Schedule hereto are:

- The property is an integral part of the industrially zoned land lying between Lincoln Road and Henderson Creek. The development of this area for industrial purposes is an important factor in the described commercial and industrial growth of the city.
- The development of the area requires the provision of further roading for frontage and access purposes and the road is required as part of the primary roading network to serve the district.
- The location of the junction of the proposed road with Lincoln Road is of critical importance in relation to the other major intersection being the motorway and because of the existing high and projected traffic flows in the area.
- The location of the proposed road is shown on the operative district scheme and the junction of it with Lincoln Road includes the land to be taken.
- The intention of providing for the proposed road has been shown on the council's district schemes since 1969.
- The road and the intersection cannot be completed without the land to be taken. Also, neither Lincoln Road, Central Park Drive nor the intersection can function properly or satisfactorily until the road and intersection are fully constructed. It is urgent that this situation is remedied by the taking of the Land.

THE RIGHT TO OBJECT

THE land has not yet been taken.

Objections may be made to the taking of the land.

Any person wishing to object must send a written objection to the Registrar, Planning Tribunal, Tribunals Division, Justice Department, Private Bag, Postal Centre, Wellington, so as to reach the Registrar on or before Tuesday, the 31st day of March 1987.

If an objection is made, a public hearing of the objection will be held unless the objector gives written notice to the Tribunal that it is desired that the hearing be held in private.

Any person making an objection:

- Will be advised of the time and place of the hearing; and
- Will have the right to appear and be heard personally or to be represented by a barrister and solicitor or any other person authorised by the objector.
