Environmental Impact Audit Suspended, Huntly West No. 1 Mine Development, State Coal Mines

THE Audit of the Huntly West No. 1 Mine Development Environmental Impact Report (EIR) was suspended on 9 March 1987. The EIR was received by the Commission for the Environment on 6 December 1986 and submissions invited up to 13 February 1987.

Under the interim arrangements for the administration of the Environmental Protection and Enhancement Procedures, the Office of the Parliamentary Commissioner for the Environment assumed responsibility for the audit on 1 January 1987.

On 26 February 1987 the Coal Corporation Board announced that production from the West Mine would be 150 000 tonnes for the 1987–88 year and that longwall mining technology was unlikely to be introduced in the short term.

Because this proposal differed significantly from that outlined in the EIR, agreement was reached with the chairman of the Coal Corporation Board to suspend the audit until the corporation clarified its future intentions for the West Mine.

HELEN R. HUGHES,

Parliamentary Commissioner for the Environment.
