Energy**Electrical Wiring Regulations 1976****Electrical Apparatus Which May Constitute an Electrical Hazard**

This notice is subsequent to the public notice in the *New Zealand Gazette*, No. 12 of 11 March 1965, page 319.

Prohibition Notice

Pursuant to regulation 8 of the Electrical Wiring Regulations 1976, notice is hereby given that:

1. The apparatus described below may, in my opinion, constitute an electrical hazard.

Description: Three pin flat pin type 10 amp plugs constructed from moulded thermoplastic material in two parts, the two parts being held together in a manner allowing separation without the use of a tool.

2. The possible electrical hazard is similar to that arising from the prohibited two-piece rubber plugs that have been the cause of fatal electrical accidents in New Zealand. The cover portion over the terminals of these thermoplastic plugs is intended to be secured to the body portion by being of tight fit when pressed into position but with age, damage or elevated ambient temperature the cover is considered to become sufficiently loose that it could be easily removed and thus expose live terminals.

3. The plugs also fail to comply with the following requirements of New Zealand Standard Specification 198:1967 3 pin flat pin plugs, plug-sockets, tap-ons and cord extension sockets with 10 amp 250 volt (maximum) rating:

Clause 4—Materials and Construction.

Clause 11—Identification of contact pins.

Compliance with NZSS 198 is a statutory requirement for such plugs.

4. These plugs are likely to be found connected to the flexible cord of portable appliances imported into New Zealand.

5. All persons who have purchased appliances fitted with the above-mentioned plugs should arrange for the plugs to be replaced with ones of a safe type immediately and destroy the unsafe ones.

6. Every person who sells or offers for sale any apparatus which in the opinion of the Secretary of Energy constitutes or may constitute an electrical hazard commits an offence and shall be liable on summary of conviction to a fine not exceeding \$200.00.

This notice revokes the public notice published on page 319 of the *New Zealand Gazette*, No. 12 of 11 March 1965.

Dated at Wellington this 8th day of July 1988.

Notice of Intention to Amend the Clean Air Zone (Christchurch) Order 1977

Notice is hereby given that the Christchurch City Council has made an application to the Minister of Health, pursuant to section 12 of the Clean Air Act 1972, to amend the Clean Air Zone (Christchurch) Order 1977 in the following manner:

"1. Clause 4 of the above order is amended by inserting after sub-clause 2 (a) the following subclause:

(2B) The exemptions from section 15 of the Act specified in subclause (1) of this clause and the exemption from section 16 (1) of the Act specified in subclause (2) of this clause shall not apply from the 1st day of January 1992.

2. Clause 5 of the above order is amended by revoking subclause 2 (a) of clause 5F and renaming subclause (2) (b)

and subclause (2) (c) as subclause (2) (a) and (2) (b) respectively.

The general effect of the amendments would be to apply to provisions of the clean air zone to all premises from 1 January 1992 and require that only approved appliances and approved fuels are permitted to be installed and used in premises to which the order applies.

A copy of the application may be inspected at the City Health Department, Fourth Floor, Civic Offices, 163 Tuam Street, between the hours of 8.30 a.m. and 4.30 p.m., Monday to Friday, during a period of 6 weeks from 20 July 1988.

Within the said period any person who will be affected by the amendment may, by notice in writing to the Minister of Health, and supplying a copy of the notice to the local authority, object to the recommendation.
