Preliminary Determination : Dumping Investigation  
Refined sugar, (refined from sugar cane or sugar beets).

Pursuant to the provisions contained in section 186J of the Customs Act 1966, notice is hereby given by the Minister of Customs of a preliminary determination that he has reasonable cause to believe, in relation to the importation or intended importation into New Zealand of refined sugar, being refined white sugar and other types of refined sugar (refined from sugar cane or from sugar beets) exported from Malaysia, Thailand and the Federal Republic of Germany, that they are goods in respect of which the Minister may direct the imposition of an anti-dumping duty in accordance with section 186L of the Act.

Pursuant to the provisions contained in section 186N of the Customs Act 1966, the Minister of Customs hereby gives notice of a provisional direction that payment of duty in respect of those goods described above shall be secured in accordance with Part IX of the Act.

The rate or amount of such duty to be secured shall be as set out in the schedule, this being an amount not greater than the difference between the export price of the goods and their normal value and considered sufficient to prevent material injury being caused during the remaining period of investigation.
