**Customs**

**Customs Act 1966**

**Preliminary Determination: Dumping Investigation Refined sugar, (refined from sugar cane or sugar beets).**

Pursuant to the provisions contained in section 186J of the Customs Act 1966, notice is hereby given by the Minister of

Customs of a preliminary determination that he has reasonable cause to believe, in relation to the importation or intended importation into New Zealand of refined sugar, being refined white sugar and other types of refined sugar (refined from sugar cane or from sugar beets) exported from Malaysia, Thailand and the Federal Republic of Germany, that they are goods in respect of which the Minister may direct the imposition of an anti-dumping duty in accordance with section 186L of the Act.

Pursuant to the provisions contained in section 186N of the Customs Act 1966, the Minister of Customs hereby gives notice of a provisional direction that payment of duty in respect of those goods described above shall be secured in accordance with Part IX of the Act.

The rate or amount of such duty to be secured shall be as set out in the Schedule, this being an amount not greater than the difference between the export price of the goods and their normal value and considered sufficient to prevent material injury being caused during the remaining period of investigation.

### Schedule

Country of Export	Rate of Dumping Duty
Malaysia	US\$65 per tonne.
Thailand	US\$60 per tonne.
Federal Republic of Germany	US\$68 per tonne.

Dated at Wellington this 16th day of August 1988.

**Energy****Australasian Institute of Mining and Metallurgy****Approving Amendments of the Bylaws of the Australasian Institute of Mining and Metallurgy**

PAUL REEVES, Governor-General

ORDER IN COUNCIL

At Wellington this 15th day of August 1988

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL

Whereas by Letters Patent of Her Majesty The Queen, dated the 16th day of September 1955, the Australasian Institute of Mining and Metallurgy (hereinafter called the Institute) was, by Charter passed under the Great Seal, established, created, and incorporated into a body corporate and public: And whereas by clause 15 of the said Charter it is provided that the majority of the corporate members present in person or by proxy and voting at a general meeting of the Institute specially called for the purpose of which due notice has been given shall have power from time to time to make such bylaws as shall seem requisite and convenient for the regulation, government, and advantage of the Institute its members and property and for the furtherance of its objects and purposes, and from time to time to revoke, alter, or amend any bylaw or bylaws previously made but so that the same be not repugnant to the Charter or to the laws and Statutes of Australia and New Zealand or any State or Territory thereof: And whereas it is further provided by clause 15 of the said Charter that no such bylaws, revocation, alteration, or amendment shall take effect until approved by the Governors-General-in-Council of Australia and New Zealand: And whereas certain bylaws were made in accordance with the provisions of the said Charter on the 30th day of November 1956 and were approved, as required by the Charter, on the 25th day of September 1957: And whereas the said bylaws subsequently have been amended from time to time in accordance with the provisions of the said Charter and the amendments approved, as required by the Charter: And whereas the said bylaws as so amended were further amended in accordance with the provisions of the said Charter by resolution of general meetings of the Institute specially called

for the purpose of which due notice had been given and held on the 24th day of October 1984 and the 18th day of May 1987.

Now therefore, His Excellency the Governor-General of New Zealand, acting by and with the advice and consent of the Executive Council, hereby approves the said further amendments of the bylaws of the Institute set out in the Schedule hereto.

**Schedule**

1. In these By-Laws, unless there be something in the subject or context inconsistent therewith—

“The Institute” shall mean The Australasian Institute of Mining and Metallurgy.

“The Charter” shall mean the Charter bearing the date the 16th day of September, 1955, by virtue of which The Institute was incorporated, and any Supplemental Charter repealing, amending or adding to the provisions of the same.

“Minerals” shall include all metalliferous and non-metalliferous minerals, and shall include coal, shale, petroleum, mineral oils and gases, bitumens, asphalts and the like, rocks, sands, earths, water and also metals and their compounds and alloys.

“Mining” shall include surface and underground mining and shall embrace the search for and extraction of all minerals and shall include the geosciences.

“Metallurgy” shall include metallurgical chemistry, metal physics, chemical engineering, materials science, and materials engineering.

“State” shall mean each State of the Commonwealth of Australia, taken individually except that New South Wales shall include the Australian Capital Territory; the Territories of Australia (excepting the Australian Capital Territory) being taken collectively as one State; New Zealand and its Territories taken collectively as one State, and all other places taken collectively as one State.

“The Register” shall mean the register of members to be maintained at the headquarters of The Institute in the keeping of the Council.

“Year” shall mean calendar year.

“Month” shall mean calendar month.

“Headquarters” shall mean the registered office for the time being of The Institute.

Words importing the singular include the plural and vice versa, and each gender includes each other gender.

3. Branches may be formed throughout the Commonwealth of Australia and New Zealand and in any other country or place, with the approval of the Council, upon the request of a sufficient number of Corporate Members.

4. Members may be organised by the Council into Preferred Interest Divisions which shall be groups of members whose primary interest is one of similar professional discipline or activity within The Institute in order to carry out more effectively all or any of the objects of The Institute. Regional Sub-Divisions of Preferred Interest Divisions may be created as required. Members may register their preferred interest in a Division as shall be defined by Council from time to time.

6. The Institute shall consist of Honorary Fellows, Fellows, Members and Company Members who shall be Corporate Members; and Associates, Affiliates, Graduates, Students and Visiting Members.

8. Any Honorary Fellow, Fellow or Member, having occasion to designate himself as belonging to The Institute, shall state the grade to which he belongs according to the following abbreviated forms respectively: HonFAusIMM, FAusIMM, MAusIMM.

9. **Honorary Fellows**—The Council may elect as an Honorary Fellow any person of distinction in the mining and/or

metallurgical industries, the public service, science or the arts. Any person who is elected to the grade of Honorary Fellow shall have the same rights as if he were a Fellow.

**10. Fellow**—Every candidate for election or transfer to this grade shall—

either

(a) be qualified for election as a Member; and

(b) have been engaged in practising his profession in mining, metallurgy, engineering or science for at least ten years, during which period he shall have occupied a position of major responsibility for at least five years in the mining and/or metallurgical industries, or in government, educational or research organisations concerned with those industries.

or

(c) have held a position of major responsibility in the mining and/or metallurgical industries, government, educational or research organisations for a minimum of 15 years during which time he has achieved distinction by some definite personal contribution to the science and practice of these industries either through personal participation in technical activities or through administrative direction and leadership of qualified technical personnel, and be not less than fifty years of age.

Any candidate may be required to pass an examination before a board of examiners appointed by the Council.

**11. Member**—Every candidate for election or transfer to this grade shall—

(a) satisfy the Council he has had a good general and scientific engineering or technological education in that he shall either have a degree or diploma in science, engineering or technology approved by the Council or produce evidence satisfactory to the Council that such degree, diploma or other qualification he may possess is equivalent to a degree or diploma approved by the Council; and

(b) have been engaged in the mining and/or metallurgical industries or in government, educational or research organizations in a capacity directly concerned with those industries for a period of not less than three years subsequent to the award of the degree or diploma or to the acquiring of such other qualification as may be accepted by the Council as equivalent, provided that he has in the specified three years attained a position of professional responsibility.

Any candidate may be required to pass an examination before a board of examiners appointed by the Council.

Notwithstanding anything to the contrary, a candidate who has obtained a degree, diploma or other qualification by part-time study over an extended period and who has attained a position of professional responsibility before completing the educational requirements for membership, may be admitted at the discretion of the Council after a shorter period than the specified three years.

**12. Company Member**—The Council may elect as a Company Member any approved company or organization whose activities have a substantial connection with mining and/or metallurgy. A Company Member shall have the right to nominate one representative with full voting power. The nomination may be changed at any time, and shall in any event be confirmed or amended as from 1st January each year.

**13. Associate**—Every candidate for election or transfer to this grade shall—

(a) have been engaged in the mining and/or metallurgical industries or in government, educational or research organizations in a capacity directly concerned with these industries for a period of not less than two years; and

(b) hold such qualifications in science, engineering or technology as may be approved by the Council, or produce evidence satisfactory to the Council that such qualifications he

may possess are equivalent to those approved by the Council, or have such experience as may be approved by the Council.

**14. Affiliate**—Every candidate for election to this grade shall—

(a) hold a position of responsibility in the mining and/or metallurgical industries, government, educational or research organizations;

(b) not be eligible for election as a Corporate Member, Graduate, Associate or Student;

(c) satisfy the Council that he holds professional qualifications in his own field.

**15. Graduate**—Every candidate for election or transfer to this grade shall have attained the required educational and technological standard for admission to Corporate Membership as approved by the Council but shall lack the period of experience and/or responsibility required to qualify for Member, and further shall not continue as a Graduate on becoming eligible for Member except at the discretion of the Council.

**16. Student**—Every candidate for election to this grade shall either be a student of some school of mining, metallurgy, engineering or science approved by the Council or shall satisfy the Council that he is receiving such education and/or practical experience as will ultimately qualify him for either Graduate or Associate. No person shall continue as a Student if he ceases to follow such education and/or practical experience nor one year after being eligible as a Graduate nor upon being eligible as an Associate, nor in any case after a period of six years after election except at the discretion of the Council.

**17. Visiting Member**—The Council may elect as a Visiting Member any person of distinction in the mining or metallurgical industries, the public service, science or the arts, or any person being a member of a kindred Institute recognised by the Council, who is visiting the Commonwealth of Australia or New Zealand. The period of his membership shall be at the discretion of the Council.

18. Every proposal for admission as Fellow, Member, Associate, Affiliate, Graduate or Student or for transfer from one grade to another, shall be in accordance with the prescribed form on which, over the signature of the candidate, his name, age, usual residence and qualifications shall be distinctly stated.

Every proposal for admission as a Company Member shall be in accordance with the prescribed form on which the name and registered office of the candidate shall be distinctly stated, and shall be duly executed by or signed on behalf of the candidate.

Every proposal shall contain an undertaking by the candidate, if elected or transferred, to conform to the Charter and By-Laws of The Institute and any rules made by the Council.

19. Every proposal for admission as Fellow, Member, Company Member, Associate, Affiliate or Graduate, or for transfer from one grade to another, shall be signed by not less than three Corporate Members each of whom must certify to personal knowledge of the candidate, and to a full conviction of his qualifications, experience and character.

In special circumstances where the candidate cannot obtain three signatures of Corporate Members possessing personal knowledge, the Council may admit the candidate on production of satisfactory evidence as to qualifications, experience and character.

22. The Council shall seek confirmation of the qualifications and experience of the candidate and determine whether they are in accordance with the By-Laws.

23. All elections and transfers other than for Student shall take place by ballot of members of the Council, and if the majority of the Council voting be in favour of the candidate, he shall be declared elected and shall be so notified by letter by the

Secretary. The manner of election of a Student shall be determined by the Council, and without prejudice to the foregoing such election may be delegated to a Committee of Council.

26. A rejected candidate for admission or transfer may be renominated when the matter which caused the rejection has been remedied.

27. A member of any grade in The Institute may resign his membership by a written communication to the Secretary, and his resignation shall be accepted by the Council when all his dues and other indebtedness have been paid as provided by the By-Laws.

28. The Council shall have the right by a majority of four-fifths of its recorded votes, provided that at least half the number of Councillors vote, to suspend or expel from The Institute any member convicted by a competent tribunal of felony, embezzlement, larceny, or misdemeanour, or other offence, or for any conduct which in the opinion of the Council renders him undesirable as a member.

In the case of the Council being of the opinion that the conduct of any member warrants enquiry with a view to ascertaining whether there are grounds for his suspension or expulsion: or in case ten or more Corporate Members shall think fit to draw up and sign a proposal for the expulsion of a member on any grounds whatever and shall deliver the same to the Secretary to be laid before the Council, the Council shall appoint a Disciplinary Committee to advise whether the member so charged has a case to answer. The Committee, after having sought a statement from the member and after reference to sources selected by it in its discretion, shall recommend to Council whether or not the member has a case to answer and in the former case Council shall call upon the member to further explain that member's position to the Committee. If the Committee finds that further explanation unsatisfactory it shall advise Council accordingly and shall recommend a penalty which may be a warning, suspension or expulsion. Council shall notify the member of the recommendation of the Committee. The member shall have the right of appeal to an Appeal Committee to be appointed by Council which shall consist of four Corporate Members who have not previously been concerned with the member's case. The Appeal Committee shall after the conclusion of its hearing report its findings to Council. Council shall then assess the findings and recommendations of the Disciplinary Committee and the Appeal Committee and may in its discretion dismiss the charges or may confirm or modify the penalty recommended by the Disciplinary Committee.

If the charges are dismissed the member shall be advised accordingly, and no entry of the enquiry shall be made in the Minutes, but if the Council by a majority of four-fifths of the recorded votes, provided at least half the number of Councillors vote, finds good reason for expulsion on the grounds of unacceptable conduct in any respect, it shall direct the Secretary to address a letter to the person or organization proposed to be expelled requesting him to withdraw from The Institute.

If the decision of the Council be to apply a warning or suspension the Secretary shall be instructed to convey the decision to the member by registered mail and to advise him of the conditions and term of any suspension which the Council shall determine.

In the event that the member is not prepared to accept the decision of the Council he shall have the right to appeal to the President of The Institute of Arbitrators Australia to appoint an arbitrator to make a determination in accordance with the procedures of that Institute. The determination of the arbitrator shall be accepted by the Council of the Institute and by every person concerned.

30. Every member of The Institute shall observe and be bound

by the Code of Ethics and the Code for Consultants as published by The Institute and as amended from time to time.

Any alleged breach of these codes or any alleged unprofessional conduct by a member, which may be brought before the Council shall be investigated and, if proved, shall be dealt with in accordance with By-Law 28.

31. Entrance and transfer fees and annual subscriptions shall be fixed on the recommendation of the Council and approved by members at an Extraordinary General Meeting.

A member who has reached the age of 60 years and has a combined age plus years of paid subscription amounting to 95 may apply to pay a reduced annual subscription equal to 25 per cent of the annual subscription payable by the grade of member to which he belongs. In special cases the Council may waive these requirements.

32. Annual subscriptions shall be payable on 1st January each year. Any member elected on or after 1st July of any year shall pay the prescribed entrance or transfer fee and half the annual subscription for that year.

33. Any member whose subscription is six months in arrears shall not be entitled to receive notice of any meeting, attend, participate or vote at any meeting or business of The Institute nor shall he be entitled to receive publications until such subscription is paid. Any member in arrears for twelve months shall be reported by the Secretary to the Council, who may direct application to be made for immediate payment, and in the event of the subscription continuing in arrears for six months after the date of the said application, the Council shall have power to remove the name of the defaulter from the Register. He may be restored to membership on payment of all arrears.

Where a person has been recorded as an 'Address Unknown' in the records of The Institute for two years the Council may order that the member's name be removed from the Register.

35. A member may not compound annual subscriptions for future years. Council may remit annual subscriptions compounded by a member before the date on which this By-Law takes effect, and which have not become payable by that date.

37. The Council shall consist of not more than thirty-four (34) Corporate Members composed of:

(a) Twenty (20) Corporate Members to be elected by the States in proportion to the number of Corporate Members resident therein as at 30 June of the year of election, each State to have at least one member of Council to represent it.

(b) Each Preferred Interest Division shall elect one Corporate Member to represent it on Council. Council shall define such Divisions and reconsider their definition every four years.

(c) Not more than four (4) members to be appointed by Council who shall be known as Councillors representing Australasia and whom Council deem may make a special contribution to the running of The Institute.

(d) The President if not elected from amongst the members of Council.

(e) The most immediate Past President if not an elected member of Council.

39. **Vice-Presidents**—There shall be five (5) Vice-Presidents elected by the Council from amongst its own members; such elections shall not create vacancies in the Council. They shall be elected on a regional basis for a two year term with two and three retiring in alternate years. Council shall define the regions to ensure a geographic representation of Vice-Presidents. Council shall redefine these regions every four years taking into account any changes in activities and distribution of the membership within the regions.

40. **Election and retirement of Councillors**—

(a) Subject to By-Law 47 Councillors shall be elected for a term of two years. A retiring Councillor shall be eligible for re-

election provided he does not serve beyond four successive terms, after which Councillors may offer themselves again for election after a break of one term.

(b) Councillors nominated for election to represent the States shall normally be resident in that State at the time of nomination excepting those representing "other places".

(c) In the event of insufficient nominations being received for the vacancies in any year, the Council is empowered to fill the vacancies.

41. Those Councillors to retire at the end of any year shall be:

(a) any Councillors appointed during the year in accordance with By-Law 47.

(b) those Councillors having served for a period of two years since their last election.

42. Only Corporate Members may be nominated to the Council.

43. Any vacancy in the office of a Councillor shall be filled by the Council until the next election of Council, due consideration being given to adequate representation being maintained of the State which the former Councillor represented.

44. Any member of the Council who is unable to attend a meeting of the Council, as defined in By-Law 56, may nominate a Corporate Member to act as his substitute, but the Secretary must be notified in writing before the meeting.

45. Should a Councillor be unable to attend his duties and fail to resign, or to obtain leave, the Council after due warning may appoint a substitute until the next election of the Council, due consideration being given to adequate representation being maintained of the State which the former Councillor represented.

46. All the powers of The Institute and the management and control of its business and affairs shall be vested in the Council, which (in addition to the powers and authorities expressly conferred upon it by these By-Laws) may exercise all such powers and do all such acts and things as are within the scope of the Charter and are not hereby or by statute expressly directed or required to be exercised or done by The Institute in general meeting but subject nevertheless to all applicable laws and subject also to these By-Laws; provided that no By-Law shall invalidate any prior act of the Council which would have been valid if such By-Law had not been made. The Council shall exercise its powers either itself or through its appointed Committees.

47. There shall be at least four meetings of the Council per annum and eight members of the Council shall form a quorum. A Council meeting is one to which all members of the Council or their nominees are summoned to attend.

48. The Council may appoint an Executive Committee from its members. Notice of its meetings shall be given to each member of the Executive Committee who is for the time being in Australia or New Zealand. Three members of the Executive Committee shall constitute a quorum. Routine business may be carried out by the Executive Committee, but matters of policy or important business must be submitted to all members of the Council, and, except at a meeting of the Council, shall be decided by postal ballot. Copies of minutes of all business transacted by the Executive Committee must be sent by the Secretary to all the remaining members of the Council not more than five office working days after the meeting of the Executive Committee.

49. The Council may appoint a Finance Committee as a sub-committee of the Executive Committee. It shall consist of the Chairman of the Executive Committee, the Honorary Treasurer and the Chief Executive Officer. The Finance Committee shall submit its recommendations for approval at the next meeting of the Executive Committee unless already charged by the Executive Committee to make that decision.

50. The President shall be an ex officio member of every committee appointed by the Council.

51. The affairs of every Branch and/or Preferred Interest Division shall be administered under the direction of the Council and in conformity with the Charter and By-Laws, and the Committees to be appointed under By-Laws 63 and 64 shall exercise such powers as the Council may delegate.

52. Each Branch shall be managed by a Committee known as a Branch Committee, elected annually by the members of that Branch.

53. Each Preferred Interest Division shall be managed by a Committee known as a Preferred Interest Division Committee, elected annually by the Corporate Members of that Division. Each regional Sub-division shall have at least one representative on the Preferred Interest Division Committee.

54. A Secretary of each Branch and/or Preferred Interest Division shall be elected annually by the Committee of such Branch and Preferred Interest Division respectively.

55. Each Branch and each Preferred Interest Division shall have the right to make rules for its own government, subject to the approval of the Council. The Council shall have the right to amend, annul or add to these rules.

56. Branches and Preferred Interest Divisions shall forward to the Council reports and audited accounts as at 30th September each year.

57. No Committee shall publish or communicate to any party or parties who are not members of The Institute any matter which may purport to represent the policy of The Institute, or any Branch or Preferred Interest Division, without the expressed sanction of the Council.

58. The Council shall, if requested, and as far as practicable, contribute from its funds to the necessary expenses of any Branch or Preferred Interest Division.

59. Any ballot paper received after forty (40) days from the date of posting from The Institute shall be deemed to be invalid. All ballot papers received within forty (40) days shall be opened and examined by two scrutineers appointed by the Council who shall report the results to the Council. The ballot papers shall be destroyed after the results have been certified by the scrutineers.

60. **Notices of Meetings**—There shall be at least two (2) meetings of The Institute in the course of the year, viz.:

- (a) an Annual Meeting; and
- (b) one Ordinary Meeting.

At least thirty (30) days' notice of Annual and Ordinary Meetings shall be sent to members by the Secretary. The non-receipt of a notice by or the accidental omission to give notice to any of the members of the meeting shall not invalidate any resolution passed by such meeting.

61. **Annual Meetings**—The Annual Meeting shall be held in the first six months of each year. The Meeting shall be for the purpose of receiving and considering the report of the Council and the certified statement of accounts to the end of the preceding year, and for any other business dealing with the affairs of The Institute. The quorum for an Annual Meeting shall be twenty (20) Corporate Members present in person or, in the case of a Company Member, present by representative.

62. **Ordinary Meetings**—Ordinary Meetings of The Institute shall be held at such places and on such dates as may be determined by the Council. The quorum for an Ordinary Meeting shall be eight (8) Corporate Members present in person or, in the case of a Company Member, present by representative.

63. **Annual Conference**—At least one Ordinary Meeting, which shall be termed the Annual Conference, shall be so arranged as to include visits of inspection to places of mining or allied interest. The Annual Conference shall as far as practicable include:

(a) a meeting of the Council which shall review the activities of The Institute and shall deal with business submitted by the Branches and Preferred Interest Divisions or by petition signed by ten (10) Corporate Members, and with such other business as the Council may see fit;

(b) the presentation by the Council for open discussion by members of a report on the activities of The Institute and important matters of policy;

(c) a meeting of representatives of Branches and Preferred Interest Divisions;

(d) visits to mines and works of interest;

(e) presentation and discussion of papers.

#### 81. Extraordinary General Meeting—

(i) The Council may at any time call an Extraordinary General Meeting of Corporate Members for a specific purpose relative to the concerns of The Institute; and the Council shall be bound to do so within ninety (90) days of the receipt by the Secretary of a requisition in writing from not fewer than twenty-five (25) Corporate Members. This requisition shall specify the nature of the business to be transacted. Notice of an Extraordinary General Meeting shall be posted to all Corporate Members (subject to By-Law 33) at least forty (40) days before the date on which it is to be held, together with a form of proxy for such Corporate Members to sign. The notice shall state the business for which the meeting is called, and no other business shall be transacted at such Meeting.

Twenty (20) Corporate Members present in person shall constitute a quorum; and in the event of a quorum not being present within thirty (30) minutes of the hour fixed for the commencement of the Meeting, the Meeting shall be adjourned for one week at a time and place to be determined at the Meeting, when the Corporate Members present, whatever their number, shall constitute a quorum.

(ii) Any proposal moved at an Extraordinary General Meeting shall be decided by the vote of those present in person or by proxy, provided that, except in the case of a proposal to make, revoke or amend any By-Laws:

(a) if the Council shall so resolve, or

(b) if any twenty-five (25) Corporate Members present at the Meeting so desire, such proposal shall be decided by a postal ballot of Corporate Members.

(iii) If a postal vote is required in accordance with paragraph (ii) of this By-Law, the Extraordinary General Meeting shall be adjourned for at least sixty (60) days. The Secretary shall send a notice of the adjourned Meeting, containing particulars of the proposals to be decided, and a voting paper, to all Corporate Members (subject to By-Law 33) at least forty (40) days before the date of the adjourned Meeting. The Corporate Member, on receipt of his voting paper, if he desires to vote, shall record his vote thereon and return the voting paper in a sealed envelope to the Secretary. At the adjourned Extraordinary General Meeting the sealed envelopes containing the voting papers received by the Secretary shall be handed by him to scrutineers appointed by the Meeting, who shall examine them and report the result of their scrutiny to the Meeting. At such adjourned Meeting the Corporate Members present, whatever their number, shall constitute a quorum. Where a resolution is passed at an adjourned meeting of The Institute the resolution shall for all purposes be treated as having been passed on the date on which it was in fact passed and not on any earlier date.

82. The President shall take the chair at all meetings of The Institute at which he is present. In the absence of the President a Vice-President shall preside; but, in the case of the absence of the President and Vice-Presidents the meeting may elect any member of the Council or in the absence of such any Corporate Member present to take the chair.

83. The Council or the Executive Committee shall meet as

often as the business of The Institute may require. In the absence of a quorum the meeting shall be adjourned, notice of such adjourned meeting being issued to members of the Council or the Executive Committee, and the business for which such meeting was adjourned may be dealt with by members present at the resumed meeting. Where a resolution is passed at an adjourned meeting of the Council or Executive Committee or any Committee of the Council the resolution shall for all purposes be treated as having been passed on the date on which it was in fact passed and not on any earlier date.

87. The Institute shall provide for the publication of approved papers in "The Proceedings of The Australasian Institute of Mining and Metallurgy" and in any other publication as directed by Council.

90. The Council shall have power to decide on the propriety of communicating to The Institute any papers which may be received, and it shall be at liberty, when thought desirable, to direct any paper read before The Institute or any abstract therefrom shall be printed in the Proceedings or any other publication of The Institute, and early notice shall be given to the author whether the paper is to be printed or not. If a paper is not accepted for publication by The Institute the author shall have the right to publish it elsewhere.

92. Arrangements regarding publications shall be in the hands of committees or persons approved by the Council.

93. The copyright of all papers accepted for publication by The Institute shall be vested in it unless agreed otherwise by the Council.

94. An author wherever practicable shall have an opportunity to personally correct proofs of his paper before it is printed. For multi-authored papers, proofs need to be sent only to the person who submitted the paper. If proofs have not been returned within fourteen (14) days of the date of postage by The Institute, it may be considered that the author or any co-author has no corrections to make.

95. The author of any publication of The Institute shall be entitled to a limited number of copies as decided by Council, free of cost, for his own use. For some publications, as decided by Council, the author or his organisation shall have the right to order any number of copies at the cost of production provided the said copies are not intended for sale.

96. The Council may sell copies of publications of The Institute to members at a price to be determined.

97. The Council may sell copies of publications of The Institute to non-members at a price to be determined.

98. The Council may sell publications of The Institute to approved persons who wish to subscribe regularly on payment of a sum determined by the Council from time to time.

101. The Council shall authorise four (4) members of the Council to sign cheques. All cheques shall be signed for and on behalf of The Institute by one authorised member of the Council, and countersigned by the Secretary or some other officer authorised by the Council, or in such other manner as the Council may from time to time determine.

103. If the Council or any member thereof or any officer of The Institute shall become personally liable for the payment of any sum primarily due from The Institute, the Council may execute or cause to be executed any mortgage, charge or security over or affecting the whole or any part of the assets of The Institute by way of indemnity to secure the persons or person so becoming liable as aforesaid from any loss in respect of such liability.

104. Every Councillor, Auditor, Chief Executive Officer, Secretary, Treasurer and other officer for the time being of The Institute shall be indemnified out of the assets of The Institute against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgement is given in his favour or in which he is acquitted or in connection

with any application in relation thereto in which relief is granted by the Court.

### Video Recordings Act 1987

#### Decision of the Video Recordings Board of Review

1. The video recording, *Penitentiary III*, is the first review to come before the Video Recordings Board of Review (the board) since the Video Recordings Act 1987 (the Act) came into effect on 1 July 1987.

2. Pursuant to section 29 (1) (e) of the Act, *Penitentiary III* was classified as 'Indecent' by the Video Recordings Authority (the authority).

3. The distributor, Warner Home Video Ltd., has sought a review of the authority's decision pursuant to section 36 of the Act.

4. The board, in accordance with section 38 of the Act, has re-examined the video. It was not considered necessary to seek consultation with other persons. It would however have invoked its powers under the Act and consulted either the authority or the distributor, had it considered it necessary to do so.

5. The video is an implausible story of a boxer, with considerable talent, who is wrongfully imprisoned when he batters to death an opponent through no fault of his own.

Such a theme provides a setting for a considerable number of antisocial acts. The boxing scenes, although portrayed to look like authentic fights, bear no relationship to the sport of boxing: there are no rules and the prolonged excessively violent fight scenes would not be permitted in a real boxing match.

One of the main characters, a dwarf, is depicted in the first half of the video as a deranged animal. He behaves in a sub-human manner; his function being to terrify and torture those inmates who do not comply with the demands of a psychotic prisoner who controls the prison.

Although extreme violence dominates the video other antisocial themes including cruelty, torture, corruption, misuse of power and designation are also featured.

6. After viewing the video, the board agrees that:

(a) The video is technically competent. It was obviously not a cheap video to produce in that the camera work, background music, lighting and production are of an acceptable commercial standard.

(b) The lengthy scenes of violence are brutal, unnecessary, exploitive and gratuitous. Out of a total 88 minutes running time half the video consisted of unrelieved violent scenes.

(c) The unrealism of the majority of scenes are of

considerable concern. For example, the extreme acts of violence occurring at frequent intervals throughout the video should have resulted in death or grievous bodily harm and permanent damage and yet these acts caused little or no longstanding harm to the principal characters. Similarly, a totally dishonest depiction of prison life was portrayed.

(d) The depiction of a dwarf is distasteful and could offend little people.

(e) Women were included in brief scenes as sex objects, enjoying violence and subservient to the male characters.

(f) The many antisocial themes running through the video in which the purported message is ultimately that 'good triumphs over evil' could confuse its target audience of young males, particularly if they are immature and unsophisticated. Only violence is used to obtain 'the good'. No other means of redressing the wrongs and resolving the conflict was shown.

7. The board took into consideration, as it is required to do pursuant to section 38 (3) of the Act:

(a) The dominant effect of the video.

(b) The extent to which the video recording has merit, value, or importance in relation to artistic, social, cultural or other matters.

(c) The persons, classes of persons, or the age groups of the persons, by whom the video recording is most likely to be viewed.

(d) The extent and degree to which and the manner in which the video recording depicts, includes or treats antisocial behaviour or offensive language or behaviour.

(e) The extent and degree to which and the manner in which it denigrates any particular class of the general public by reference to colour, race, ethnic or national origins, sex or religious beliefs.

(f) The particular purpose for which the video is intended to be used.

(g) Whether or not the soundtrack is an integral part of the video, its content and relationship with the video.

The board also considered the number of videos of a similar

nature available to the public and the likely cumulative effect of those videos.

8. Having considered these matters, the board concluded that:

(a) The dominant effect of the video was the depiction of brutality, violence and cruelty.

(b) Although technically competent, it had no artistic, social or cultural merit. The prison setting and boxing was used merely as a means of showing violence and brutality.

(c) As already noted, the video was obviously targeted at the young male audience.

(d) A large part of the video portrayed antisocial acts. For this reason, it would be difficult to make cuts in the video. There was little use of offensive language.

(e) The video, as already noted, denigrates women.

(f) The video is intended to be used for home viewing, principally by a male audience.

(g) The soundtrack was an integral and important part of the video. It was used effectively to enhance the violent acts. For example, the thudding beats every time a blow was struck compounded the violence.

9. A large number of videos that are available to the public depict violence and cruelty. Videos such as *Penitentiary III* which depict violence in unrealistic and glamorised ways could have the effect of inuring the public, particularly young impressionable males to whom the video is targeted.

#### Conclusion

Taking into account the matters referred to in section 21 of the Act and reaching the conclusions outlined above, the board, by a majority of 4 to 1, has determined that the video *Penitentiary III*, be classified as indecent. One member of the board was of the view that the video be classified as indecent in the hands of persons under 18 years of age providing cuts were made to the protracted violent scenes.

BRENDA CUTRESS, Chairperson.

### Determinations

#### Determination G8: Financial Arrangements that are Denominated in a Currency or Commodity Other Than New Zealand Dollars

This determination may be cited as "Determination G8: Financial Arrangements that are Denominated in a Currency or Commodity other than New Zealand dollars".

1. *Explanation* (which does not form part of the determination)—

(1) This determination sets out a method for calculating the income or expenditure in respect of a financial arrangement where any rights and obligations of the parties are expressed in a "base currency" other than New Zealand dollars; this base currency might be a foreign currency or a commodity.

(2) The method used is essentially the base price method set out in Chapter 9 of the *Consultative Document on Accrual Tax Treatment of Income and Expenditure* (Government Printer, October 1986). Income or expenditure is calculated for each income year in accordance with the Act and other determinations where appropriate (for example G3) in the base currency.

(3) This income or expenditure, together with the opening tax book value and adjusted for amounts paid or received during the income year, is used to calculate the closing tax book value of the financial arrangement as at year end. In the case of a conventional loan, this closing tax book value is equivalent to the outstanding principal and accrued interest under the loan as at year end, in the base currency. This closing tax book value is converted to New Zealand dollars at the spot rate applicable at that date.

(4) The income or expenditure in New Zealand dollars is determined from:

(a) The amounts paid and/or received during the income year, converted to New Zealand dollars on the dates of payment; together with

(b) The net change in the amount of closing tax book values in New Zealand dollars during the income year.

This brings to account for income tax purposes all accrued gains and losses on the financial arrangement, including gains and losses arising from currency translation.

(5) This determination requires that where a financial arrangement involves or is expressed in more than one currency or commodity, each separate currency or commodity tranche is to be treated as a separate financial arrangement.

(6) Where—

(a) A facility provides for the rollover of a financial arrangement; and

(b) No payment under any arrangement arising from the rollover is material to or contingent upon the financial arrangement;

the financial arrangement matures when the rollover occurs. However, where a payment under an arrangement arising from the rollover is material to or contingent upon the financial arrangement, any arrangement that includes the payment is a part of the financial arrangement.

2. *Reference*—This determination is made pursuant to section 64E (1) (b) of the Income Tax Act 1976.

3. *Scope of Determination*—(1) This determination shall apply where it is necessary to calculate the income or expenditure of a person in respect of a financial arrangement and any right or obligation of the person in relation to the financial arrangement is fixed or otherwise determined in a currency or commodity other than New Zealand dollars (NZD) and is not fixed in NZD.

(2) This determination shall not apply to—

- (a) A forward or future contract;
- (b) A futures contract;
- (c) A swap contract;
- (d) An option;
- (e) A security arrangement;

or to any agreement for the sale and purchase of property.

(3) This determination shall apply only to financial arrangements entered into after the day on which this determination is signed.

4. *Principle*—(1) Income or expenditure shall be calculated in the base currency or commodity in accordance with the Act and determinations, as if the base currency or commodity were NZD.

(2) Amounts paid or received during an income year shall be converted to NZD at spot rates at the time of the payment or receipt.

(3) At the end of each income year the closing tax book value is calculated in the base currency equal to—

(a) The closing tax book value (if any) in relation to the previous income year;

Plus (b) Amounts paid by the holder or received by the issuer (as the case may be) during the income year and in relation to the financial arrangement;

Plus (c) Income or expenditure calculated as in clause 4 (1) of this determination;

Less (d) Amounts received by the holder or paid by the issuer (as the case may be) during the income year in relation to the financial arrangement.

(4) The closing tax book value is converted to NZD at the then spot rate and the net change from the previous income year is brought into income or expenditure for the income year.

(5) The total income or expenditure is the sum of the amounts calculated in clauses 4 (2) and 4 (4) of this determination.

(6) For the purpose of determining the income deemed to be derived or expenditure deemed to be incurred in respect of a financial arrangement that involves separate amounts expressed in more than one currency or commodity and in respect of an income year, the financial arrangement shall be treated as separate financial arrangements in relation to each separate amount.

5. *Interpretation*—In this determination, unless the context otherwise requires—

Expressions used have the same meanings as in the Act, except that where there is a conflict between the meaning of an expression in sections 64B to 64M of the Act and the meaning

of the expression elsewhere in the Act the expression shall have the same meaning as in the said sections 64B to 64M:

"The Act" means the Income Tax Act 1976;

"Base currency" in relation to a financial arrangement means the currency or commodity in which rights and obligations under the financial arrangement are fixed;

"Base currency expenditure" in relation to a person and a financial arrangement and an income year, means the amount of the expenditure of the person in respect of the financial arrangement and the income year, calculated in the base currency in relation to the financial arrangement but otherwise in accordance with the Act and determinations made under it (subject to paragraph 6 (3) of this determination regarding the application of Determination G2: Requirements as to Precision);

"Base currency income" in relation to a person and a financial arrangement and an income year, means the amount of the income of the person in respect of the financial arrangement and the income year, calculated in the base currency in relation to the financial arrangement but otherwise in accordance with the Act and determinations made under it (subject to paragraph 6 (3) of this determination regarding the application of Determination G2: Requirements as to Precision);

"Closing tax book value" in relation to an income year, means the value of a person's rights and obligations under a financial arrangement, calculated in accordance with the following formula

$$e + f + g - h - i$$

where—

e is—

- (i) Where the person was a party to the financial arrangement at the beginning of the income year, the opening tax book value of the person's rights and obligations under the financial arrangement; and
- (ii) In every other case, nil; and

f is the sum of the value (expressed in the base currency in relation to the financial arrangement) of all consideration given during the income year by or on behalf of the person in relation to the financial arrangement; and

g is the base currency income of the person in respect of the financial arrangement; and

h is the sum of the value (expressed in the base currency in relation to the financial arrangement) of all consideration given during the income year to or for the benefit of the person in relation to the financial arrangement; and

i is the base currency expenditure of the person in relation to the financial arrangement;

"Currency" includes any commodity used as a medium of exchange or account, whether in general use or for the purpose of an arrangement;

"Exchange rate" means the price of one currency expressed in another currency;

"Financial arrangement" has the same meaning as in sections 64B to 64M of the Act;

Provided that, where a financial arrangement creates obligations in two or more currencies and the consideration to be given and received in respect of the obligations in each of the currencies is separately identifiable, the consideration to be given and received in respect of the obligations in each currency shall be treated as relating to separate financial arrangements;

"NZD" means the currency of New Zealand;

"Opening tax book value" in relation to an income year and the rights and obligations of a person under a financial

arrangement, means the closing tax book value of the person's rights and obligations under the financial arrangement at the end of the last preceding income year:

"Spot rate" means the exchange rate for a spot contract as defined in Determination G6: Foreign Currency Rates.

6. *Method*—(1) The income or expenditure of the person in respect of a financial arrangement and an income year shall be calculated in accordance with the following formula:

$$a + b - c - d$$

where—

a is the value in NZD of the closing tax book value; and

b is the sum of the value in NZD of all consideration given during the income year to or for the benefit of the person in relation to the financial arrangement; and

c is the value in NZD of the opening tax book value; and

d is the sum of the value in NZD of all consideration given during the income year by or on behalf of the person in relation to the financial arrangement—

and the amount so calculated shall—

(a) In relation to a holder—

(i) Where it is a positive amount, be deemed to be income derived by the holder in the income year;

(ii) Where it is a negative amount, be deemed to be expenditure incurred by the holder in the income year;

(b) In relation to an issuer—

(i) Where it is a positive amount, be deemed to be expenditure incurred by the issuer in the income year;

(ii) Where it is a negative amount, be deemed to be income derived by the issuer in the income year.

(2) Where—

(a) An amount at any time is expressed in a currency other than NZD or the base currency in relation to a financial arrangement; and

(b) It is necessary to convert the amount to NZD or the base currency or otherwise to calculate the value of the amount in NZD or the base currency—

the exchange rate for the purpose of the calculation shall be—

(c) Where the matter is dealt with in a determination made by the Commissioner under section 64E (1) of the Act, the price or spot rate at the time and so determined;

(d) Where the exchange rate is not dealt with in a determination made by the Commissioner under section 64E (1) of the Act and the amount is expressed in a currency for which there is an accessible and active market in—

(i) NZD or the base currency, as the case may be; or

(ii) Another currency that satisfies the requirements of this sub-paragraph—

an exchange rate determined in a manner consistent with determinations made by the Commissioner for the purpose of ascertaining the price or rate for any currency.

(e) In any other circumstance, a price or spot rate at which an arm's-length dealing would be expected to take place at the time.

(3) Determination G2: Requirements as to Precision, shall apply to the calculation of income and expenditure under clause 6 (1) of this determination.

7. *Examples*—

#### EXAMPLE 1. DISCOUNTED BOND

A NZ investor has a United States Treasury bond on its balance date of 30 June 1989. The bond has a term of 5 years and bears 10% interest payable semi-annually on 1 September and 1 March. It has a face value of USD 10 million. The bond

was purchased at issue for USD 8,300,000 and matures on 1 September 1993.

For the purposes of this example USD refers to the currency of the United States of America and NZD refers to the currency of New Zealand. Suppose the spot rates on important dates in this example are:

Date	Rate (1NZD = USD)
1 September 1988	0.6310
1 March 1989	0.6455
30 June 1989	0.6580
1 September 1989	0.6500
1 March 1990	0.6550
30 June 1990	0.6500
1 September 1990	0.6570
1 March 1991	0.6580
30 June 1991	0.6460
1 September 1991	0.6400
1 March 1992	0.6380
30 June 1992	0.6200
1 September 1992	0.6150

The accrued income in USD associated with the bond is given in the following table—this is calculated in accordance with Determination G3: Yield to Maturity Method, and allocated to income years according to Determination G1.

	6,700,000	6,700,000		6,700,000

Y-T-M 14.9474% p.a.

At first balance date—30 June 1989.

The Closing Tax Book Value (CTBV) is given by:

$$e + f + g - h - i.$$

e is 0 since the investor was not a party to this financial arrangement at the beginning of this income year.

f is USD 8.3 million the price paid for the bond on 1 September 1988, being the sum of all consideration given by the investor during the income year.

g is USD 1,034,154 the base currency income accruing to the person in this income year calculated in accordance with the provisions of sections 64B to 64M of the Act.

h is USD 500,000 (the interest payment of 1 March 1989) the sum of all consideration given to the person in the income year.

i is 0 as there is not expenditure incurred by the investor.

The formula gives a CTBV of:

$$0 + 8,300,000 + 1,034,154 - 500,000 - 0 = \text{USD } 8,834,154.$$

The income or expenditure in respect of the bond for the income year is calculated according to  $a + b - c - d$ .

Where:

a is the NZD value of the CTBV  
 $= 8,834,154 / 0.658 = \text{NZD } 13,425,766.$

b is the NZD value of all consideration given to the person during the income year  $= 500,000 / 0.6455 = \text{NZD } 774,593.$

c is the opening tax book value and has a nil value.

d is the NZD value of all consideration given by the person during the income year  $= 8,300,000 / 0.6310 = \text{NZD } 13,153,724.$

The income or expenditure is thus NZD 1,046,635. The investor is a holder of the bond so that this amount is income derived by the investor.

At the second balance date—30 June 1990.

The CTBV is:

e is 8,834,154 the opening tax book value equal to the CTBV of the previous year.

f is 0 since no consideration is given by the investor in this income year.

g is USD 1,281,465 the base currency income accruing to the person in this income year calculated in accordance with the provisions of sections 64B to 64M of the Act.

h is USD 1,000,000 (the interest payments of 1 September 1989 and 1 March 1990) the sum of all consideration given to the person in the income year.

i is 0 as there is no expenditure incurred by the investor.

The CTBV ( $e + f + g - h - i$ ) is then equal to USD 9,115,619.

The income or expenditure associated with the bond on this date is calculated according to  $a + b - c - d$ .

Where:

a is  $9,115,619 / 0.6500 = \text{NZD } 14,024,029$

b is  $500,000 / 0.6500 + 500,000 / 0.6550 = \text{NZD } 1,532,590$

c is  $\text{USD } 8,834,154 / 0.6580 = \text{NZD } 13,425,766$

d is nil.

This equates to NZD 2,130,853. As this is a positive amount it is income derived by the investor.

At the end of the third income year—30 June 1991.

The CTBV (USD)  $= 9,115,619 + 1,325,110 - 1,000,000 = 9,440,729.$

The income derived/expenditure incurred in NZD is therefore:

$9,440,729 / 0.6460$   
 plus  $500,000 / 0.6570 + 500,000 / 0.6580$   
 minus  $9,115,619 / 0.6500$   
 equals  $\text{NZD } 2,111,016$

as this is a positive amount it is income derived by the investor.

On 30 September 1991 the bond is sold for USD 10 million (i.e. an approximate yield of 16% p.a.). At this date the USD/NZD spot rate was 0.6320.

At this date the investor is subject to the base price adjustment of section 64F:  $a - (b + c)$ .

Where:

a is all consideration that has been paid to the investor:

$500,000 / 0.6455 + 500,000 / 0.6500 + 500,000 / 0.6550$   
 $+ 500,000 / 0.6570 + 500,000 / 0.6580 + 500,000 / 0.6400$   
 $+ 10,000,000 / 0.6320$

$= \text{NZD } 20,432,131$

b is the acquisition price of the bond:  $8,300,000 / 0.6310 = \text{NZD } 13,153,724$

c is all amounts of income derived under section 64C:  $1,046,635 + 2,130,853 + 2,111,016$  (as calculated above)

$= \text{NZD } 5,288,504$

So the Base Price Adjustment is

$$\begin{aligned}
 & a - (b + c) \\
 & = 20,432,131 - (13,153,724 + 5,288,504) \\
 & = \text{NZD } 1,989,903.
 \end{aligned}$$

Since this is a positive amount it is income derived by the holder of the bond in this income year.

#### EXAMPLE 2. MULTI-CURRENCY LOAN FACILITY WITH EARLY REPAYMENT.

A corporate taxpayer has a multi-currency loan facility that allows funds to be drawn down in any of three currencies—US Dollars (USD), Sterling (GBP) and Deutchmarks (DM). The total initial amount of the loan is USD 100 million and may be taken in any combination of the three currencies. The term of the loan is 10 years and any tranche may be repaid at any time by payment of the principal outstanding. The mixture of currencies can be changed at each six monthly interest payment date. Interest is payable in the currency of the principal amount at rates depending on the currency as shown below.

The loan is initially drawn down on 1 October 1988 in the configuration below. Interest is payable six monthly in arrears on 1 February and 1 August.

The corporate has a 31 March balance date. Its base currency is New Zealand dollars (NZD).

#### INITIAL DRAWDOWN CONFIGURATION.

Currency	Amount	Spot Rate (against USD)	USD Equivalent	Interest Rate
USD	\$55m		\$55m	9%
GBP	STG36m	0.55	\$19.8m	11%
DM	DM60m	2.45	\$24.5m	5%
			\$99.3m	

For taxation purposes each of these tranches is treated as a separate financial arrangement.

For example, with respect to the Sterling (GBP) tranche the expenditure incurred as at 31 March 1989 is calculated as follows:

The base currency is GBP. The interest payment for the 4 months ended 1 February 1989 in GBP 1.32 million.

The CTBV is equal to  $e + f + g - h - i$ .

$e$  is 0 since the corporate is not a party to this financial arrangement at the beginning of this income year.

$f$  is GBP 1.32 million the interest payment paid on 1 February 1989

$g$  is 0 since there is no base currency income accruing to the person in this income year.

$h$  is GBP 36 million (the amount drawn down) the sum of all consideration given to the person in the income year.

$i$  is GBP 1.98 million the base currency expenditure of the person calculated in accordance with the provisions of sections 64B to 64M of the Act.

The CTBV is then equal to GBP—36.66 million at 31 March 1989.

Suppose that the spot rates for the conversion of GBP to NZD were:

- 0.3300 GBP to 1 NZD on 1 October 1988, and
- 0.3345 GBP to 1 NZD on 1 February 1989, and
- 0.3350 GBP to 1 NZD on 31 March 1989.

The income or expenditure of the corporate for the year ended 31 March 1989 in respect of this financial arrangement is given by:

$$\begin{aligned}
 & a + b - c - d, \text{ where} \\
 & a \text{ is the CTBV in NZD} = -36.66 \text{ million} / 0.3350 \\
 & \quad = \text{NZD } -109,432,836 \\
 & b \text{ is the sum of all consideration given to the person during}
 \end{aligned}$$

the financial year, i.e. the amount drawn down. In NZD this is equal to 36 million / 0.3300 = NZD 109,090,909.

$c$  is the value of the opening tax book value and has nil value.

$d$  is the sum of all consideration given by the corporate in the financial year, i.e. the interest payment = 1.32 million / 0.3345 = NZD 3,946,188.

The income or expenditure of the corporate is then, NZD -4,288,115. To the corporate, which is an issuer of the facility, this amount is income derived in this income year.

At the corporate's second balance date—31 March 1990.

The CTBV is equal to  $e + f + g - h - i$ .

Where:

$e$  is the GBP -36.66 million the CTBV of the previous year.

$f$  is GBP 3.96 million the interest payments paid on 1 August 1989 and 1 February 1990.

$g$  is nil.

$h$  is nil.

$i$  is GBP 3.96 million the base currency expenditure of the person.

The CTBV is then equal to GBP—36.66 million at 31 March 1990.

Suppose that during the year the relevant spot rates for the conversion of GBP to NZD were:

- 0.3340 GBP to 1 NZD on 1 August 1989, and
- 0.3310 GBP to 1 NZD on 1 February 1990, and
- 0.3280 GBP to 1 NZD on 31 March 1990.

The income or expenditure of the corporate for the year ended 31 March 1990 in respect of this financial arrangement is given by:

$a + b - c - d$  where

$a$  is -36.66 million / 0.3280 = NZD -111,768,292

$b$  is nil

$c$  is NZD -109,432,836

$d$  is 1.98 million / 0.3340 + 1.98 million / 0.3310 = NZD 11,910,017

The income or expenditure of the corporate is then, NZD -14,245,473. This amount is income derived in this income year.

On 1 June 1990 the corporate decides to switch out of GBP and borrow more USD. For the purposes of calculating the corporate's income or expenditure the GBP tranche is deemed to be repaid and is subject to the Base Price Adjustment in this income year. The spot rate GBP to NZD was 0.3200 on the date of repayment.

The Base Price Adjustment is given in section 64F of the Act. It calculates an amount by application of the formula:

$a - (b + c)$ , where

$a$  is all consideration that has been paid by the corporate. This is the interest payments received plus the deemed principal repayment amount.

This amount is equal to:

1.32 million / 0.3345 + 1.98 million / 0.3340 + 1.98 million / 0.3310 = NZD 15,856,205 in respect of the interest amounts plus 36 million / 0.3200 = NZD 112,500,000 in respect of the deemed principal repayment.

So "a" then equals NZD 128,356,205

$b$  is the acquisition price of the facility. This is equal to the amount of GBP drawn down, i.e. 36 million / 0.3300 = NZD 109,090,909

$c$  is the amounts of expenditure incurred less the amounts of income derived as calculated under section 64C. These

are the amounts calculated above and total NZD  
—18,533,588.

The Base Price Adjustment is therefore:

$$128,356,205 - (109,090,909 + -18,533,588) = \text{NZD } 37,798,884.$$

Being a positive amount in respect of the corporate issuer, this amount is deemed to be expenditure incurred by the issuer in this income year.

This determination is signed by me on the 19th day of July in the year 1988.

### **Determination G9: Financial Arrangements that are Denominated in a Currency or Commodity Other Than New Zealand Dollars**

This determination may be cited as "Determination G9: Financial Arrangements that are Denominated in a Currency or Commodity other than New Zealand Dollars".

1. *Explanation* (which does not form part of the determination)—

(1) This determination rescinds and replaces Determination G8: Financial Arrangements that are Denominated in a Currency or Commodity other than New Zealand dollars, made on 19 July 1988.

(2) This determination sets out a method for calculating the income or expenditure in respect of a financial arrangement where any rights and obligations of the parties are expressed in a "base currency" other than New Zealand dollars; this base currency might be a foreign currency or a commodity.

(3) The method used is essentially the base price method set out in Chapter 9 of the *Consultative Document on Accrual Tax Treatment of Income and Expenditure* (Government Printer, October 1986). Income or expenditure is calculated for each income year in accordance with the Act and other determinations where appropriate (for example G3), in the base currency.

(4) This income or expenditure, together with the opening tax book value and adjusted for amounts paid or received during the income year, is used to calculate the closing tax book value of the financial arrangement as at year end. In the case of a conventional loan, this closing tax book value is equivalent to the outstanding principal and accrued interest under the loan as at year end, in the base currency. This closing tax book value is converted to New Zealand dollars at the spot rate applicable at that date.

(5) The income or expenditure in New Zealand dollars is determined from:

- (a) The amounts paid and/or received during the income year, converted to New Zealand dollars on the dates of payment; together with
- (b) The net change in the amount of closing tax book values in New Zealand dollars during the income year.

This brings to account for income tax purposes all accrued gains and losses on the financial arrangement, including gains and losses arising from currency translation.

(6) This determination requires that where a financial arrangement involves or is expressed in more than one currency or commodity, each separate currency or commodity tranche is to be treated as a separate financial arrangement.

(7) Where—

- (a) A facility provides for the rollover of a financial arrangement; and
- (b) No payment under any arrangement arising from the rollover is material to or contingent upon the financial arrangement;

the financial arrangement matures when the rollover occurs. However, where a payment under an arrangement arising from the rollover is material to or contingent upon the financial arrangement, any arrangement that includes the payment is a part of the financial arrangement.

(8) This determination corrects clause 6 (1) of Determination G8: Financial Arrangements that are Denominated in a Currency or Commodity other than New Zealand dollars, with consequential changes to the examples.

2. *Reference*—This determination is made pursuant to section 64E (1) (b) of the Income Tax Act 1976.

3. *Scope of Determination*—(1) This determination shall apply where it is necessary to calculate the income or expenditure of a person in respect of a financial arrangement and any right or obligation of the person in relation to the financial arrangement is fixed or otherwise determined in a currency or commodity other than New Zealand dollars (NZD) and is not fixed in NZD.

(2) This determination shall not apply to—

- (a) A forward or future contract;
- (b) A futures contract;
- (c) A swap contract;
- (d) An option;
- (e) A security arrangement;

or to any agreement for the sale and purchase of property.

4. *Principle*—(1) Income or expenditure shall be calculated in the base currency or commodity in accordance with the Act and determinations, as if the base currency or commodity were NZD.

(2) Amounts paid or received during an income year shall be converted to NZD at spot rates at the time of the payment or receipt.

(3) At the end of each income year the closing tax book value is calculated in the base currency equal to—

- (a) The closing tax book value (if any) in relation to the previous income year;

*Plus* (b) Amounts paid by the holder or received by the issuer (as the case may be) during the income year and in relation to the financial arrangement;

*Plus* (c) Income or expenditure calculated as in clause 4 (1) of this determination;

*Less* (d) Amounts received by the holder or paid by the issuer (as the case may be) during the income year in relation to the financial arrangement.

(4) The closing tax book value is converted to NZD at the then spot rate and the net change from the previous income year is brought into income or expenditure for the income year.

(5) The total income or expenditure is the sum of the amounts calculated in clauses 4 (2) and 4 (4) of this determination.

(6) For the purpose of determining the income deemed to be derived or expenditure deemed to be incurred in respect of a financial arrangement that involves separate amounts expressed in more than one currency or commodity and in respect of an income year, the financial arrangement shall be treated as separate financial arrangements in relation to each separate amount.

5. *Interpretation*—In this determination, unless the context otherwise requires—

Expressions used have the same meanings as in the Act, except that where there is a conflict between the meaning of an expression in sections 64B to 64M of the Act and the meaning of the expression elsewhere in the Act the expression shall have the same meaning as in the said sections 64B to 64M:

"The Act" means the Income Tax Act 1976;

"Base currency" in relation to a financial arrangement means

the currency or commodity in which rights and obligations under the financial arrangement are fixed;

“Base currency expenditure” in relation to a person and a financial arrangement and an income year, means the amount of the expenditure of the person in respect of the financial arrangement and the income year, calculated in the base currency in relation to the financial arrangement but otherwise in accordance with the Act and determinations made under it (subject to clause 6 (4) of this determination regarding the application of Determination G2: Requirements as to Precision);

“Base currency income” in relation to a person and a financial arrangement and an income year, means the amount of the income of the person in respect of the financial arrangement and the income year, calculated in the base currency in relation to the financial arrangement but otherwise in accordance with the Act and determinations made under it (subject to clause 6 (4) of this determination regarding the application of Determination G2: Requirements as to Precision);

“Closing tax book value”, in relation to an income year, means the value of a person’s rights and obligations under a financial arrangement, calculated in accordance with the following formula—

$$e + f + g - h - i$$

where—

e is—

(i) Where the person was a party to the financial arrangement at the beginning of the income year, the opening tax book value of the person’s rights and obligations under the financial arrangement; and

(ii) In every other case, nil; and

f is the sum of the value (expressed in the base currency in relation to the financial arrangement) of all consideration given during the income year by or on behalf of the person in relation to the financial arrangement; and

g is the base currency income of the person in respect of the financial arrangement; and

h is the sum of the value (expressed in the base currency in relation to the financial arrangement) of all consideration given during the income year to or for the benefit of the person in relation to the financial arrangement; and

i is the base currency expenditure of the person in relation to the financial arrangement;

“Currency” includes any commodity used as a medium of exchange or account, whether in general use or for the purpose of an arrangement;

“Exchange rate” means the price of one currency expressed in another currency;

“Financial arrangement” has the same meaning as in sections 64B to 64M of the Act;

provided that, where a financial arrangement creates obligations in two or more currencies and the consideration to be given and received in respect of the obligations in each of the currencies is separately identifiable, the consideration to be given and received in respect of the obligations in each currency shall be treated as relating to separate financial arrangements;

“NZD” means the currency of New Zealand;

“Opening tax book value” in relation to an income year and the rights and obligations of a person under a financial arrangement, means the closing tax book value of the person’s rights and obligations under the financial arrangement at the end of the last preceding income year;

“Spot rate” means the exchange rate for a spot contract as defined in Determination G6: Foreign Currency Rates.

6. *Method*—(1) Determination G8: Financial Arrangements that are Denominated in a Currency or Commodity other than New Zealand dollars, is hereby rescinded with effect from the day on which this Determination G9: Financial Arrangements that are Determined in a Currency or Commodity Other Than New Zealand Dollars is signed.

(2) The income or expenditure of the person in respect of a financial arrangement and an income year shall be calculated in accordance with the following formula—

$$a + b - c - d$$

where—

a is the value in NZD of the closing tax book value; and

b is the sum of the value in NZD of all consideration given during the income year to or for the benefit of the person in relation to the financial arrangement; and

c is the value in NZD of the opening tax book value; and

d is the sum of the value in NZD of all consideration given during the income year by or on behalf of the person in relation to the financial arrangement—

and the amount so calculated shall—

(a) Where it is a positive amount be deemed to be income derived by the person in the income year;

(b) Where it is a negative amount be deemed to be expenditure incurred by the person in the income year.

(3) Where—

(a) An amount at any time is expressed in a currency other than NZD or the base currency in relation to a financial arrangement; and

(b) It is necessary to convert the amount to NZD or the base currency or otherwise to calculate the value of the amount in NZD or the base currency;

the exchange rate for the purpose of the calculation shall be—

(c) Where the matter is dealt with in a determination made by the Commissioner under section 64E (1) of the Act, the price or spot rate at the time and so determined;

(d) Where the exchange rate is not dealt with in a determination made by the Commissioner under section 64E (1) of the Act and the amount is expressed in a currency for which there is an accessible and active market in—

(i) NZD or the base currency, as the case may be; or

(ii) Another currency that satisfies the requirements of this sub-paragraph—

an exchange rate determined in a manner consistent with determinations made by the Commissioner for the purpose of ascertaining the price or rate for any currency.

(e) In any other circumstance, a price or spot rate at which an arm’s length dealing would be expected to take place at the time.

(4) Determination G2: Requirements as to Precision, shall apply to the calculation of income and expenditure under clause 6 (2) of this determination.

7. *Examples*—

#### EXAMPLE 1. DISCOUNTED BOND

A NZ investor has a United States Treasury bond on its balance date of 30 June 1989. The bond has a term of 5 years and bears 10% interest payable semi-annually on 1 September and 1 March. It has a face value of USD10 million. The bond was purchased at issue for USD8,300,000 and matures on 1 September 1993.

For the purposes of this example USD refers to the currency of the United States of America and NZD refers to the

currency of New Zealand. Suppose the spot rates on important dates in this example are—

Date	Rate (1 NZD = USD)
1 September 1988	0.6310
1 March 1989	0.6455
30 June 1989	0.6580
1 September 1989	0.6500
1 March 1990	0.6550
30 June 1990	0.6500
1 September 1990	0.6570
1 March 1991	0.6580
30 June 1991	0.6460
1 September 1991	0.6400
1 March 1992	0.6380
30 June 1992	0.6200
1 September 1992	0.6150

The accrued income in USD associated with the bond is given in the following table—this is calculated in accordance with Determination G3: Yield to Maturity Method and allocated to income years according to Determination G1: Apportionment of Income and Expenditure on a Daily Basis.

Y-T-M 14.9474% p.a.

At first balance date—30 June 1989

The Closing Tax Book Value (CTBV) is given by:

$$e + f + g - h - i.$$

e is 0 since the investor was not a party to this financial arrangement at the beginning of this income year.

f is USD 8.3 million the price paid for the bond on 1 September 1988, being the sum of all consideration given by the investor during the income year.

g is USD 1,034,154 the base currency income accruing to the person in this income year calculated in accordance with the provisions of sections 64B to 64M of the Act.

h is USD 500,000 (the interest payment of 1 March 1989) the sum of all consideration given to the person in the income year.

i is 0 as there is no expenditure incurred by the investor.

The formula gives a CTBV of:

$$0 + 8,300,000 + 1,034,154 - 500,000 - 0 = \text{USD } 8,834,154.$$

The income or expenditure in respect of the bond for the income year is calculated according to  $a + b - c - d$ .

Where—

a is the NZD value of the CTBV  
=  $\text{USD } 8,834,154 / 0.658 = \text{NZD } 13,425,766$

b is the NZD value of all consideration given to the person during the income year =  $\text{USD } 500,000 / 0.6455 = \text{NZD } 774,593$

c is the opening tax book value and has a nil value

d is the NZD value of all consideration given by the person during the income year =  $\text{USD } 8,300,000 / 0.6310 = \text{NZD } 13,153,724$

The income or expenditure is thus NZD1,046,635. This positive amount is income derived by the investor.

At the second balance date—30 June 1990.

The CTBV is:

e is USD8,834,154 the opening tax book value equal to the CTBV of the previous year

f is 0 since no consideration is given by the investor in this income year

g is USD 1,281,465 the base currency income accruing to the person in this income year calculated in accordance with the provisions of sections 64B to 64M of the Act

h is USD 1,000,000 (the interest payments of 1 September 1989 and 1 March 1990) the sum of all consideration given to the person in the income year

i is 0 as there is no expenditure incurred by the investor.

The CTBV ( $e + f + g - h - i$ ) is then equal to USD9,115,619.

The income or expenditure associated with the bond on this date is calculated according to  $a + b - c - d$ .

Where—

a is  $\text{USD } 9,115,619 / 0.6500 = \text{NZD } 14,024,029$

b is  $\text{USD } 500,000 / 0.6500 = \text{NZD } 500,000 / 0.6550 = \text{NZD } 1,532,590$

c is  $\text{USD } 8,834,154 / 0.6580 = \text{NZD } 13,425,766$

d is nil.

This equates to NZD 2,130,853. As this is a positive amount it is income derived by the investor.

At the end of the third income year—30 June 1991.

The CTBV (USD) =  $9,115,619 + 1,325,110 - 1,000,000 = 9,440,729$ .

The income derived/expenditure incurred in NZD is therefore—

$$\begin{aligned} & 9,440,729 / 0.6460 \\ & \text{plus } 500,000 / 0.6570 + 50,000 / 0.6580 \\ & \text{minus } 9,115,619 / 0.6500 \\ & \text{equals } \text{NZD } 2,111,016 \end{aligned}$$

As this is a positive amount it is income derived by the investor.

On 30 September 1991 the bond is sold for USD 10 million (i.e., an approximate yield of 16% p.a.). At this date the USD/NZD spot rate was 0.6320.

At this date the investor is subject to the base price adjustment of section 64F:  $a - (b + c)$ .

Where—

a is all consideration that has been paid to the investor—  
 $\text{USD } 500,000 / 0.6455 + \text{USD } 500,000 / 0.6500 + \text{USD } 500,000 / 0.6570 + \text{USD } 500,000 / 0.6580 + \text{USD } 500,000 / 0.6400 + \text{USD } 10,000,000 / 0.6320 = \text{NZD } 20,432,131$

b is the acquisition price of the bond—  
 $\text{USD } 8,300,000 / 0.6310 = \text{NZD } 13,153,724$

c is all amounts of income derived under section 64C—  
 $1,046,635 + 2,130,853 + 2,111,016$  (as calculated above) =  $\text{NZD } 5,288,504$

So the Base Price Adjustment is—

$$\begin{aligned} & a - (b + c) \\ & = 20,432,131 - (13,153,724 + 5,288,504) \\ & = \text{NZD } 1,989,903 \end{aligned}$$

Since this is a positive amount it is income derived by the investor in this income year.

EXAMPLE 2. MULTI-CURRENCY LOAN FACILITY WITH EARLY REPAYMENT.

A corporate borrower has a multi-currency loan facility that allows funds to be drawn down in any of three currencies—US Dollars (USD), Sterling (GBP) and Deutchmarks (DM). The total initial amount of the loan is USD100 million and may be taken in any combination of the three currencies. The term of the loan is 10 years and any tranche may be repaid at any time by payment of the principal outstanding. The mixture of currencies can be changed at each six monthly interest payment date. Interest is payable in the currency of the principal amount at rates depending on the currency as shown below.

The loan is initially drawn down on 1 October 1988 in the configuration below. Interest is payable six monthly in arrears on 1 February and 1 August.

The corporate borrower has a 31 March balance date. Its base currency is New Zealand dollars (NZD).

#### INITIAL DRAWDOWN CONFIGURATION.

Currency	Amount	Spot Rate (against USD)	USD Equivalent	Interest Rate
USD	55 million		55 million	9%
GBP	36 million	0.55	19.8 million	11%
DM	60 million	2.45	24.5 million	5%
			<u>USD99.3 million</u>	

For taxation purposes each of these tranches is treated as a separate financial arrangement.

For example, with respect to the Sterling (GBP) tranche the expenditure incurred as at 31 March 1989 is calculated as follows—

The base currency is GBP. The interest payment for the four months ended 1 February 1989 in GBP 1.32 million.

The CTBV is equal to  $e + f + g - h - i$ .

$e$  is 0 since the corporate borrower is not a party to this financial arrangement at the beginning of this income year

$f$  is GBP 1.32 million the interest payment paid on 1 February 1989

$g$  is 0 since there is no base currency income accruing to the person in this income year

$h$  is GBP 36 million (the amount drawn down) the sum of all consideration given to the corporate borrower in the income year

$i$  is GBP 1.98 million the base currency expenditure of the corporate borrower calculated in accordance with the provisions of sections 64B to 64M of the Act.

The CTBV is then equal to GBP—36.66 million at 31 March 1989.

Suppose that the spot rates for the conversion of GBP to NZD were—

0.3300 GBP to 1 NZD on October 1988, and  
0.3345 GBP to 1 NZD on 1 February 1989, and  
0.3350 GBP to 1 NZD on 31 March 1989.

The income or expenditure of the corporate borrower for the year ended 31 March 1989 in respect of this financial arrangement is given by—

$a + b - c - d$ , where

$a$  is the CTBV in NZD =  $-36.66 \text{ million} / 0.3350 = \text{NZD} - 109,432,836$

$b$  is the sum of all consideration given to the person during the financial year, i.e., the amount drawn down. In NZD this is equal to  $36 \text{ million} / 0.3300 = \text{NZD}109,090,909$

$c$  is the value of the opening tax book value and has nil value.

$d$  is the sum of all consideration given by the corporate in the financial year, i.e., the interest payment  
 $= 1.32 \text{ million} / 0.3345 = \text{NZD}3,946,188$ .

The income or expenditure is then NZD  $-4,288,115$ . For the corporate borrower this negative amount is expenditure incurred in this income year.

At the corporate's second balance date—31 March 1990.

The CTBV is equal to  $e + f + g - h - i$ , where—

$e$  is GBP  $-36.66$  million the CTBV of the previous year

$f$  is GBP 3.96 million the interest payments paid on 1 August 1989 and 1 February 1990

$g$  is nil

$h$  is nil

$i$  is GBP 3.96 million the base currency expenditure of the corporate borrower.

The CTBV is then equal to GBP—36.66 million at 31 March 1990.

Suppose that during the year the relevant spot rates for the conversion of GBP to NZD were—

0.3340 GBP to 1 NZD on 1 August 1989, and  
0.3310 GBP to 1 NZD on 1 February 1990, and  
0.3280 GBP to 1 NZD on 31 March 1990.

The income or expenditure of the corporate borrower for the year ended 31 March 1990 in respect of this financial arrangement is given by:

$a + b - c - d$ , where—

$a$  is GBP  $-36.66$  million / 0.3280 = NZD  $-111,768,292$

$b$  is nil

$c$  is NZD  $-109,432,836$

$d$  is  $\text{GBP}1.98 \text{ million} / 0.3340 + \text{GBP}1.98 \text{ million} / 0.3310 = \text{NZD}11,910,017$

The income or expenditure of the corporate borrower is then NZD  $-14,245,473$ . This negative amount is expenditure incurred in this income year.

On 1 June 1990 the corporate borrower decides to switch out of GBP and borrow more USD. For the purposes of calculating the corporate's income or expenditure the GBP tranche is deemed to be repaid and is subject to the Base Price Adjustment in this income year. The spot rate GBP to NZD was 0.3200 on the date of repayment.

The Base Price Adjustment is given in section 64F of the Act. It calculates an amount by application of the formula—

$a - (b + c)$ , where—

$a$  is all consideration that has been paid by the corporate borrower. This is the interest payments made plus the deemed principal repayment amount.

This amount is equal to—

$\text{GBP}1.32 \text{ million} / 0.3345 + \text{GBP}1.98 \text{ million} / 0.3340 + \text{GBP}1.98 \text{ million} / 0.3310 = \text{NZD}15,856,205$   
in respect of the interest amounts plus  
 $\text{GBP}36 \text{ million} / 0.3200 = \text{NZD}112,500,000$  in respect of the deemed principal repayment.

So "a" then equals NZD128,356,205

$b$  is the acquisition price of the facility. This is equal to the amount of GBP drawn down, i.e.  $\text{GBP}36 \text{ million} / 0.3300 = \text{NZD}109,090,909$

$c$  is the amounts of expenditure incurred less the amounts of income derived as calculated under section 64C. The expenditure calculated for the previous two years of the loan facility was—

For the year ended 31 March 1989	4,288,115
For the year ended 31 March 1990	4,245,473

The total expenditure therefore is NZD18,533,588

In this case there is no income to the corporate borrower.

The Base Price Adjustment is therefore—

128,356,205 - (109,090,909 + 18,533,588) = NZD731,708

This positive amount is deemed to be expenditure incurred by the corporate borrower in this income year in accordance with section 64F (4) (b) of the Act.

This determination is signed by me on the 28th day of July in the year 1988.

## New Zealand Railways Corporation

### General Scale of Charges

#### New Zealand Railways Corporation Amendment to the General Scale of Charges

##### *Section 68 Wharves and Port Container Terminals*

Section 68 of the General Scale of Charges is hereby revoked and the following substituted:

##### 68.1 Charges

Except where otherwise specified the following rates and charges shall be levied in the case of employees engaged by the corporation in shunting, supervising, or in any other way in connection with a ship, wharf, or port container terminal.

##### 68.1.1 Rostered Working Hours

No charges will be levied for employees engaged by the Corporation in shunting, supervising, or in any other way in connection with the ship, wharf or container terminal during rostered working hours. Rostered working hours are deemed to be:

Weekday (except Public Holiday) 0600 hours to 1800 hours.

Saturday 0600 hours to 1200 hours.

##### 68.1.2 Weekday Outside Rostered Hours

The ship or port container terminal shall be charged at the ordinary rate ruling for employees engaged by the Corporation in shunting, supervising, or in any other way in connection with the ship, wharf, or port container terminal between 1800 hours and 2000 hours Monday to Friday inclusive, holidays excepted.

##### 68.1.3 Other Times

Except as provided above the ship or port container terminal shall be charged at double the ordinary rate for employees engaged by the Corporation in shunting, supervising, or in any other way in connection with the ship, wharf, or port container terminal and an undertaking must in every case be given before work is commenced that payment will be made.

##### 68.1.4 Agreement to Payment

In every case where the shipowner does not have an office at the port where extra cost as referred to in Clause 68.1.3 is incurred, it shall be a condition precedent to the work performed by the Corporation's employees, incidental to the handling of such cargo that the ship's agent shall be deemed to have agreed with the Corporation for the payment by such agent of such additional cost.

##### 68.2 Present Clause Revoked

##### 68.3 Renumbered 68.2

##### 68.4 Present Clause Revoked

Dated this 23rd day of August 1988.

### Transport Licensing Authority Inquiry

To: Michael James Dallas (referred to below as "the licensee").

And to: The Secretary for Transport, Wellington.

Take notice that pursuant to section 140 of the Transport Act 1962, the Licensing Authority for the No. 6, Transport District will hold a public inquiry into the operation of Taxi Service Licence No. 0016020.

The reason why the inquiry is to be conducted is that the licensing authority wishes to determine:

(a) Whether or not the licensee meets the criteria set out in section 124 of the Transport Act 1962.

The public inquiry will be held on Tuesday, 27 September at 10 a.m. in the Family Courtroom, Market Place, Wanganui.

The licensee and the Secretary for Transport are entitled to

appear and to be heard at the public inquiry and may be represented by counsel. If, however you fail to appear, the public inquiry may proceed in your absence. Any further information regarding the inquiry may be obtained from the undersigned.

Dated at Wellington this 19th day of August 1988.

### Notice of Private Bill

#### *PGG Trust Limited Bill*

PGG Trust Limited hereby gives notice of its intention to apply for leave to bring in the above-mentioned Private Bill during the present session of Parliament.

The objects of the Bill are as follows:

1. To provide for the transfer to PGG Trust Limited, a newly formed company and a wholly owned subsidiary of Pyne Gould Corporation Limited, of the whole of the undertaking of the Trust Department of Pyne, Gould, Guinness, Limited.
2. To vest in PGG Trust Limited all appointments of Pyne, Gould, Guinness, Limited and its rights and duties as executor, trustee, or fiduciary in any other capacity,

whether made by Will, or any other instrument, and whether or not such appointments have been taken up.

3. To empower PGG Trust Limited to act as executor of the will and administrator of the estate of any deceased person.
4. To include PGG Trust Limited as a trustee company under the Trustee Companies Act 1967.
5. To authorise PGG Trust Limited to transact business with Pyne Gould Corporation Limited or any subsidiary of or company associated with Pyne Gould Corporation Limited, or with any company from time to time holding shares in PGG Trust Limited, in connection with any estate or trust property which PGG Trust Limited may administer from time to time.
6. Make provision for other matters incidental to the foregoing and consequent thereon.

The promoter of the Bill is PGG Trust Limited. Legislation is the only means whereby the above objects can be effected or effected efficiently and economically and without interference with the conduct and continuity of the trustee company, trust, and agency businesses of Pyne, Gould, Guinness, Limited, and in the interests of that company, the trusts under its administration, their clients, and others having business with them.

PGG Trust Limited has a capital of 2,000,000 shares of \$1.00 each, all of which are held by or for Pyne Gould Corporation Limited, and so long as any estate shall remain in part or in whole unadministered by PGG Trust Limited, it shall not be lawful for Pyne Gould Corporation Limited to dispose of any shares it holds which are not fully paid up, or for PGG Trust Limited to wind up voluntarily, without the sanction of the High Court.
