Determinations

Determination G6A: Foreign Currency Rates

This determination may be cited as "Determination G6A: Foreign Currency Rates".

1. *Explanation* (which does not form part of the determination).

This determination rescinds and replaces Determination G6: Foreign Currency Rates.

Apart from minor amendments, this determination differs from Determination G6: Foreign Currency Rates only in respect of the definition of "authorised foreign exchange dealer".

The definition of "authorised foreign exchange dealer" set out in clause 5 (b) of Determination G6: Foreign Currency Rates refers to the First Schedule to the Exchange Control Regulations 1985.

The First Schedule to the Exchange Control Regulations 1985 was revoked as from 1 June 1988 by the Exchange Control Regulations 1985, Amendment No. 15.

This determination applies where, for the purpose of calculating the income or expenditure of a person in respect of a financial arrangement denominated in a foreign currency, it is necessary to establish the rate in New Zealand currency of a foreign currency. This will be required in the circumstances outlined in clause 3 of this determination.

This determination sets out the approved markets, sources of information and method, to be used for determining the rate for foreign currency conversion.

2. *Reference*—This determination is made pursuant to section 64E (1) (a) to (f) and section 64E (6) of the Income Tax Act 1976.

This determination rescinds and replaces Determination G6: Foreign Currency Rates, made on 30 September 1987.

3. *Scope of Determination*—This determination applies where it is necessary for the purposes of sections 64B to 64M of the Income Tax Act 1976 to ascertain the value in New Zealand currency of:

- (a) A cashflow paid or received in a foreign currency under a financial arrangement; or
- (b) A financial arrangement denominated in a foreign currency using a method that has regard to market valuation; and
- (c) In any other circumstances, an amount expressed in foreign currency.

4. *Principle*—(1) Markets in foreign currencies are approved having regard to the following criteria—

- (a) The number of participants in the market or having access to the market;
- (b) Frequency of trading in the market;
- (c) The nature of trading in the market—how the rate for the foreign currency is determined and how the foreign currency is traded on the market;
- (d) The potential or demonstrated capacity of a person or group of persons to significantly influence the market;
- (e) Significant barriers to entry;
- (f) Discrimination on the basis of the quantity bought and sold unless based on the risks involved or the transaction costs or economies of scale.

(2) Sources of information for foreign currency rates are approved having regard to the following criteria—

- (a) Reliance on the sources of information by participants in the market;
- (b) The accessibility of the sources of information for participants in the market.

(3) Methods of obtaining a rate for foreign currency at the end of the income year for the purposes of valuing a financial arrangement are approved if—

- (a) The rate is obtained at the cut-off time;
- (b) The method for determining the cut-off time adopted by a person will be consistently applied in respect of each income year.

5. *Interpretation*—(1) In this determination, unless the context otherwise requires—

Expressions used, except the expression “income year”, have the same meanings as in sections 2 and 64B to 64M of the Income Tax Act 1976;

“Authorised foreign exchange dealer” means a person for the time being designated by the Reserve Bank, by notice in the *Gazette*, as an authorised foreign exchange dealer for the purposes of Exchange Control Regulations 1985;

“Contributor page” means a page of information provided by an authorised foreign exchange dealer that is displayed on a screen provided by Reuters New Zealand Limited or Telerate New Zealand Limited;

“Cut-off time”, in relation to a person and an income year, means the time at the end of the income year when all financial arrangements held or issued by the person are valued in order to determine the assessable income of the person for the income year;

“Forward contract” means a contract, other than a contract traded on any futures market or a spot contract, for the sale or purchase of a foreign currency for delivery at a specified future time;

“Futures contract” means a contract traded on the New Zealand Futures Exchange;

“Income year” means—

- (a) Where a taxpayer furnishes a return of income under section 15 of the Income Tax Act 1976 for an accounting

year ending with an annual balance date other than the 31st day of March, the period of 12 months ending on that balance date;

- (b) In respect of the income of any other person, the year in which that income has been derived by that person;

“New Zealand foreign currency market” means the market in spot contracts and forward contracts;

“Spot contract” means a contract for the sale or purchase of a foreign currency for delivery in 2 days;

“Multicontributor page” means a multicontributor page of information that is displayed on a screen provided by Reuters New Zealand Limited or Telerate New Zealand Limited.

(2) Any reference in this determination to another determination made by the Commissioner shall be construed as referring to any fresh determination made by the Commissioner to vary, rescind, restrict, or extend that determination.

6. *Method*—(1) Determination G6: Foreign Currency Rates is hereby rescinded with effect from the day on which this determination is signed.

(2) *Approved Markets*—The New Zealand foreign currency market in European Currency Units and in the currencies of the following countries and territories are approved—

Japan	The Independent State of
Canada	Papua New Guinea
French Republic	Republic of Ireland
The Territory of Hong Kong	Portuguese Republic
Commonwealth of Australia	Republic of Austria
Republic of Singapore	Kingdom of Sweden
The Swiss Confederation	Kingdom of Denmark
Federal Republic of Germany	Republic of Italy
The United States of America	Kingdom of Norway
Kingdom of the Netherlands	Kingdom of Spain
United Kingdom of Great	Republic of Turkey
Britain and Northern Ireland	The Hellenic Republic
The Federation of Malaysia	Finland

(3) *Sources of Information*—The following sources of information for foreign currency rates are approved—

- (a) In relation to spot contracts, a multicontributor page that quotes rates for spot contracts;

- (b) In relation to forward contracts, a multicontributor page or a contributor page that quotes rates for forward contracts;

- (c) Where a person does not have access to a multicontributor page or a contributor page or where the rates for a forward contract are not available from a multicontributor page, advice as to the buy and sell rates for a forward contract or spot contract given to that person by an authorised foreign exchange dealer, which rates shall be derived from an approved source and shall be the rates at which the authorised foreign exchange dealer would perform the foreign exchange transaction.

(4) *Spot Contracts*—(a) Where, for the purposes of determining the income or expenditure of a person in respect of a financial arrangement, it is necessary to determine the rate for a spot contract at the end of an income year, the rate for the spot contract shall be the midpoint between the buy and sell rates for that spot contract.

(b) Where, for the purposes of determining the income or expenditure of a person in respect of a financial arrangement, it is necessary to ascertain in New Zealand currency the value of a cashflow paid or received in a foreign currency, the rate of exchange to be applied shall be—

- (i) Where the cashflow is not converted to New Zealand currency on the day it is paid or received, the midpoint between the buy and sell rates for a spot contract for that currency at any time on that day; or

(ii) Where the cashflow is converted to New Zealand currency on the day it is paid or received, the rate of exchange obtained in relation to the cashflow.

(c) Where a buy and sell rate for a spot contract is not quoted on a multicontributor page, the rate for the spot contract shall be the cross rate calculated by reference to:

(i) The rate quoted on a multicontributor page for the foreign currency against the United State Dollar; and

(ii) The rate quoted on a multicontributor page for the United States Dollar against the New Zealand Dollar.

(5) *Forward Contracts*—Where, for the purposes of determining the income or expenditure of a person in respect of a financial arrangement, it is necessary to determine the rate for a forward contract at the end of the income year, and—

(a) Where the buy and sell points for the forward contract are quoted on a multicontributor page, the rate for the forward contract shall be the midpoint between the buy and sell rates for that forward contract obtained by reference to the multicontributor page;

(b) Where the buy and sell points for the forward contract are not quoted on a multicontributor page, but the buy and sell points for similar forward contracts of shorter term (“the shorter contract”) and of longer term (“the longer contract”) are quoted on a multicontributor page, then the rate shall be the rate obtained by reference to the multicontributor page using straight line interpolation of the midpoints between the buy and sell rates for the shorter contract and the longer contract which have terms closest to the term of the forward contract;

(c) Where the rate cannot be obtained by reference to points on a multicontributor page and where the rate for that forward contract is available by reference to contributor pages, then the rate shall be arithmetic mean of the midpoints of not less than 3 buy and sell rates for that forward contract obtained from contributor pages;

(d) Where the rate cannot be obtained by reference to paragraphs 6 (5) (a) to (c) of this determination, the rate shall be the arithmetic mean of not less than three rates being any of—

(i) the midpoints of the buy and sell rates quoted for the forward contract by one or more authorised foreign exchange dealers; or

(ii) where the points for similar forward contracts of shorter term (“the shorter contract”) and of longer term (“the longer contract”) are quoted on a contributor page, then the rate shall be the rate obtained by reference to the contributor page using straight line interpolation of the midpoints between the buy and sell rates for the shorter contract and the longer contract which have terms closest to the forward contract.

(b) A person applying paragraphs 6 (4) (a) or 6 (5) of this determination may obtain the rate for a spot contract or forward contract using the method prescribed in those paragraphs at any time on the last day of the income year:

Provided that—

(a) The rate applied is the rate obtained at the cut-off time in relation to the person and the income year; and

(b) The method for determining the cut-off time adopted by that person is consistently applied in respect of each income year:

Provided further that where there is no market at the cut-off time, the rate shall be—

(c) The rate obtained at the later of—

(i) The end of trading in forward contracts or spot contracts by that person in the income year:

(ii) 3 p.m. New Zealand Standard Time on the last day in the income year on which there was a market; or

(d) The rate for the earlier of—

(i) The commencement of trading in forward contracts or spot contracts by that person in the following income year:

(ii) 7.30 a.m. New Zealand Standard Time on the first day in the following income year on which there was a market.

7. *Example*—This is an example of the application of the averaging process and straight line interpolation required for certain forward foreign exchange contracts under the determination.

On its balance date of 30 June 1987 a New Zealand corporate had a forward foreign exchange contract for delivery of 1.2 million New Zealand Dollars for 612,000 United States Dollars on 1 August 1988.

The contract therefore is to be fulfilled in approximately 13 months time.

At the balance date the foreign exchange quotations for the New Zealand Dollar against the United States Dollar were (from the multicontributor page ASAP of the Reuters system):

	Buy	Sell
Spot Rate	0.6095	0.6100

Also at that date the quotations of forward foreign exchange points for the United States Dollar against the New Zealand Dollar by three market participants were (as provided on their Reuters screens):

Forward Points

FX Dealer 1:		
Delivery in 1 year	585	555
Delivery in 2 years	1030	960
FX Dealer 2:		
Delivery in 1 years	580	530
Delivery in 2 years	1040	970
FX Dealer 3:		
Delivery in 1 years	575	540
Delivery in 2 years	1035	965

Note that to obtain the forward rates the forward points need to be subtracted from the spot rate.

The mid-rates for use in the interpolation formula are therefore:

	Buy	Sell	Mid-Rate
Forward Rate			
FX Dealer 1:			
Delivery in 1 year	0.5510	0.5545	0.55275
Delivery in 2 years	0.5065	0.5140	0.51025
FX Dealer 2:			
Delivery in 1 year	0.5515	0.5570	0.55425
Delivery in 2 years	0.5055	0.5130	0.50925
FX Dealer 3:			
Delivery in 1 year	0.5520	0.5560	0.55400
Delivery in 2 years	0.5060	0.5135	0.50975

The arithmetic mean of the midpoints of the forward rates is calculated to be:

Delivery in 1 year	0.55366
Delivery in 2 years	0.50976

A suitable formula for straight line interpolation to obtain the required rate is:

$$\text{So } P_x = P_1 + \frac{(T_x - T_1) \star (P_1 - P_2)}{(T_2 - T_1)}$$

P1 is the mid-rate for the forward contract with the shorter term (= 0.55366).

P2 is the mid-rate for the forward contract with the longer term (= 0.50975).

Px is the required rate.

T1 is the term till delivery (expressed in days) of the forward contract with the shorter term (= 365).

T2 is the term till delivery (expressed in days) of the forward contract with the longer term (= 730).

Tx is the term till delivery of the contract held (= 398).

The required rate is therefore calculated as follows:

$$\begin{aligned} \text{So } P_x &= P_1 + \frac{(T_x - T_1) \star (P_1 - P_2)}{(T_2 - T_1)} \\ &= 0.55366 + \frac{(398 - 365)}{(730 - 365)} \star (0.50975 - 0.55366) \\ &= 0.55366 + \frac{33}{365} \star (-0.04391) \\ &= 0.54969 \end{aligned}$$

The current value of the 612,000 United States Dollars receivable on 1 August 1988 is therefore 1,113,354.800 New Zealand Dollars.

This determination is signed by me on the 21st day of November in the year 1988.

Determination G10: Present Value Calculation Methods

This determination may be cited as "Determination G10: Present Value Calculation Methods".

1. *Explanation* (which does not form part of the determination)—

(1) For the purposes of the accrual tax accounting regime it may be necessary to calculate present values for a variety of reasons, for example:

(a) To calculate the yield to maturity of a financial arrangement. The yield to maturity is the interest rate at which the first amount payable under the financial arrangement is equal to the present value of all subsequent amounts payable under the financial arrangement calculated as at the due date of the first payment:

(b) To calculate present values at intermediate times during the term of a financial arrangement in order to calculate the amount of the income derived or expenditure incurred by a person in respect of the financial arrangement.

(2) The present value of a financial arrangement as at a date excludes any amounts payable under the financial arrangement on that date.

(3) This determination specifies approved methods of calculating present values for use in other determinations. These methods may be added to or removed from time to time.

Method A is a general purpose method suitable for many applications and gives very similar results to Determination G3: Yield to Maturity Method. Method A may be used on either a 360 or 365 day basis.

Method B is used to calculate prices of government or local authority stock, and other financial arrangements having similar characteristics, employing the formula approved by the International Association of Bond Dealers and used in calculators such as the HP12c.

(4) Alternative approved methods may not generate exactly identical results.

(5) Once a person has elected to use an approved method of calculating the present value of a financial arrangement, that method shall be used by the person over the life of the financial arrangement unless the prior consent of the Commissioner is obtained to adopt another method.

(6) This determination is for use in conjunction with other determinations, for example Determination G11: Present Value Based Yield to Maturity Method.

2. *Reference*—This determination is made pursuant to section 64E (1) (a) of the Act.

3. *Scope*—This determination shall be used as required by any other determination which will specify—

(a) The date at which the present value shall be calculated; and

(b) The interest rate that shall be used in the calculation; and

(c) The amounts and due dates for which the present value shall be calculated—

and which may specify the method to be used.

4. *Principle*—This determination specifies alternative methods for calculating the present value of a financial arrangement, equal to the sum of the values as at the specified date of all amounts payable under the financial arrangement after that date, discounted at the specified rate.

5. *Interpretation*—(1) In this determination unless the context otherwise requires—

"The Act" means the Income Tax Act 1976;

"Income year" has the same meaning as in sections 64B to 64M of the Act;

"Period" and "period between payments" in relation to a person means a term—

(a) Commencing immediately after—

(i) A specified date in relation to a financial arrangement; or

(ii) A date on which an amount is payable under a financial arrangement as the case may be; and

(b) Ending on the next succeeding date on which an amount is payable under a financial arrangement.

Provided that if a period or a period between payments exceeds one year it shall be deemed to comprise one or more periods each of one year followed (or preceded, at the option of the person) by a period of not more than one year:

"Specified date" in relation to a financial arrangement means the date at which the present value of the financial arrangement is required to be calculated.

"Specified rate" in relation to a financial arrangement and a person means the annual rate of interest at which the present value of the financial arrangement is required to be calculated.

(2) The number of days in a period calculated on a 365 day basis is the actual number of days in the period including the ending date of the period but excluding the starting date of the period.

(3) The number of days in a period calculated on a 360 day basis is the number of days in the period including the ending date of the period but excluding the starting date of the period and calculated as if every month had 30 days; and for this purpose—

(a) If the ending date of the period is the 31st day of a month and the starting date of the period is not a day in the same month, the ending date shall be deemed to be the 30th day of the month; and

(b) If the starting date of the period is the 31st day of a month it shall be deemed to be the 30th day of the month.

(4) In this determination, unless the context otherwise requires, expressions used that are not defined in this clause have the same meaning as in sections 2 and 64B to 64M of the Act.

(5) Any reference in this determination to another determination made by the Commissioner shall be construed as referring to any fresh determination made by the

Commissioner to vary, rescind, restrict, or extend that determination.

6. *Method*—(1) A person shall elect to use a method allowed under a determination made by the Commissioner under section 64E (1) (a) of the Act for the purpose of calculating a present value in relation to a financial arrangement, and shall apply that method consistently in respect of that financial arrangement, until it matures or is remitted, sold or otherwise transferred by the person unless the prior consent of the Commissioner (which may be given conditionally) to adopt another method is obtained.

(2) *Method A*—(a) For the purpose of applying clause 6 (2) (b) of this determination, in relation to any person N shall be calculated as follows:

(i) Where the greatest common divisor of all periods between payments is—

- (A) A year of 12 months, N shall be taken as 1;
- (B) A "halfyear" or 6 months, N shall be taken as 2;
- (C) A quarter or 3 months, N shall be taken as 4;
- (D) A month, N shall be taken as 12;
- (E) A fortnight, N shall be taken as 26;
- (F) A week, N shall be taken as 52;

Provided that where 1 or 2 of the periods are shorter or longer than all the other periods this fact shall be disregarded in determining the greatest common divisor, and for the shorter or longer period or periods N shall be, at the option of the person, taken as—

- (g) 365 divided by the number of days in the period calculated on a 365 day basis; or
- (h) 360 divided by the number of days in the period calculated on a 360 day basis.

(ii) Where N cannot be determined according to the foregoing subparagraph it shall be, at the option of the person, taken as—

- (a) 365 divided by the number of days in the period calculated on a 365 day basis; or
- (b) 360 divided by the number of days in the period calculated on a 360 day basis—

for all of the periods.

(b) The amount of the present value of a financial arrangement calculated according to Method A as at A date shall be calculated according to the following formula:

$$\frac{A + B - C}{1 + F}$$

where—

A is the present value (if any) as at the end of the period immediately following the given date; and

B is the sum of the amounts receivable by the holder or payable by the issuer at the end of the period immediately following the date; and

C is the sum of the amounts payable by the holder or receivable by the issuer at the end of the period immediately following the given date; and

F is the amount calculated in relation to the financial arrangement and the person and the period immediately following the date according to the following formula:

$$\frac{R}{100 \times N}; \text{ and}$$

R is the specified rate.

(3) *Method B*—(a) A person shall apply Method B only to financial arrangements which are debt instruments under which all payments after the issue or acquisition date are at regular "half-year" or quarterly intervals.

(b) For purposes of applying clause 6 (3) (c) of this determination in relation to any person—

(i) If amounts are payable at regular half-yearly intervals, N shall be taken as 2 and the preceding due date shall be taken as the date 6 calendar months prior to the date on which the first amount is payable on or after the date of issue or acquisition;

(ii) If amounts are payable at regular quarterly intervals, N shall be taken as 4 and the preceding due date shall be taken as the date 3 calendar months prior to the date on which the first amount is payable on or after the date of issue or acquisition.

(c) The amount of the present value of a financial arrangement calculated according to Method B as at a date shall be calculated according to the following formula:

$$\frac{A + B - C}{D}$$

where—

A is the present value (if any) as at the end of the period immediately following the date; and

B is the sum of the amounts receivable by the holder or payable by the issuer at the end of the period immediately following the date; and

C is the sum of the amounts payable by the holder or receivable by the issuer at the end of the period immediately following the date; and

D is (a) Where an amount is payable at the end of the period immediately following the date is the last amount payable under the financial arrangement, an amount calculated according to the following formula:

$$\frac{1 + F \times T1}{T2}$$

(b) In any other case, an amount calculated according to the following formula:

$$\frac{(T1)}{(1 + F) (T2)}$$

; and

F means an amount calculated according to the following formula:

$$\frac{R}{100 \times N}; \text{ and}$$

R is the specified rate; and

T1 is the number of days in the period immediately following the date calculated on a 365 day basis; and

T2 is the sum of T1 and—

(i) Where an amount is payable on the date, zero; or

(ii) In any other case, the number of days between the preceding due date and the date calculated on a 365 day basis.

7. *Example*—(1) *Example A* (a) This example illustrates Method A, using the same example as in Determination G3: Yield to Maturity Method and Determination G11: Present Value Based Yield to Maturity Method, Example A. The example shows that the present value at the beginning of a period is the same as the principal outstanding during the period.

On 12 March 1987 (the specified date) a holder acquires for \$1,012,500 the right to receive the following income—

15 May 1987	\$70,000
15 November 1987	\$70,000
15 May 1988	\$70,000
15 November 1988	\$1,070,000

The greatest common divisor of all periods except the first is 6

months, so that $N = 2$; in the first (broken) period ending on 15 May 1987

$$N = \frac{365}{64} = 5.703125$$

The specified rate R is 16.2308% per annum.

Therefore $F = 0.028459$ in the period ending 15/5/1987 and 0.081154 in all the remaining periods.

(b) The following schedule may then be constructed, starting at the bottom and working up:

Period Ending	Present Value at Beginning	Payments by Issuer B	Payments by Holder C	Present Value at End A
15/5/87	1,012,500	70,000	-	971,315
15/11/87	971,315	70,000	-	980,141
15/5/88	980,141	70,000	-	989,683
15/11/88	989,683	1,070,000	-	-

The present value at the beginning of the first period is the same as the acquisition price, verifying that the specified rate is equal to the yield to maturity for this transaction.

(2) *Example B*—(a) This example illustrates Method B, using the same example as in Determination G3: Yield to Maturity Method and Determination G11: Present Value Based Yield to Maturity Method, Example B.

On 12 March 1987 (the specified date) a holder acquires for \$1,012,500 the right to receive the following income—

15 May 1987	\$70,000
15 November 1987	\$70,000
15 May 1988	\$70,000
15 November 1988	\$1,070,000

All amounts are expressed in New Zealand dollars.

Amounts are payable at regular half-yearly intervals, so that $N = 2$ and the preceding due date is 6 months prior to 15 May 1987, namely 15 November 1986.

Also, $T_1 = T_2$ except for the first (broken) period ending on 15 May 1987 for which

$T_1 = 15/5/87 - 12/3/87 = 64$ days, and

$T_2 = 64 \text{ days} + 12/3/87 - 15/11/86 = 181$ days.

The specified rate R is 16.265% per annum. (See footnote to this Example B for details of calculating using the HP12C calculator.)

Therefore $f = 0.081325$, and

$d = 1.028032$ in the period ending 15/5/1987 and 1.081325 in all the remaining periods.

(b) The following schedule may then be constructed, starting at the bottom and working up:

Period Ending	Present Value at Beginning	Payments by Issuer B	Payments by Holder C	Present Value at End A
15/5/87	1,012,500	70,000	-	970,884
15/11/87	970,884	70,000	-	979,841
15/5/88	979,841	70,000	-	989,527
15/11/88	989,527	1,070,000	-	-

The present value at the beginning of the first period is the same as the acquisition price, verifying that the specified rate is equal to the yield to maturity for this transaction.

(c) *Footnote*: The calculations in Example B may be made using the BOND PRICE and BOND YTM functions on the HP12C (or equivalent) calculator.

(i) *Calculating the Specified Rate, R*. The HP12C assumes that the purchase price excludes accrued interest, whereas the actual purchase price of \$1,012,500 includes accrued interest from 15 November 1986 to 12 March 1987. This

accrued interest is calculated as follows, per \$100 nominal:

Set up		(g) (D.MY)
Any YTM	0	(i)
Coupon percent p.a.	14	(PMT)
Purchase date	12.031987	(STO) 1
		(ENTER)
Maturity date	15.111988	(STO) 2
		(f) (PRICE)
		($X \geq Y$) 4.524862

This amount is then subtracted from the purchase price per \$100 nominal, of \$101.25, to give the ex-accrued interest purchase price.

Purchase price	101.25	($X \geq Y$)
		(-) 96.725138

The specified rate (R) can then be calculated using the BOND YTM function;

Ex-accrued interest price		(PV)
Purchase date		(RCL) 1
Maturity date		(RCL) 2
		(f) (YTM) 16.265

(ii) *Calculating the present values*. The "Present Values at Beginning" shown in the schedule may be calculated directly using the BOND PRICE function. The following steps reproduce the value at 15 November 1987 for example:

Specified rate	16.265	(i)
Coupon % pa	14	(PMT)
Value date	15.111987	(ENTER)
Maturity date	15.111988	(f) (PRICE) 97.984116
Add accrued interest		(+) 97.984116

which is the per \$100 nominal price corresponding to \$979,841.

This Determination is signed by me on the 21st day of November in the year 1988.

R. D. ADAIR, Deputy Commissioner.

Determination G11: Accrual Income and Expenditure Using Present Value Based Yield to Maturity Method

This determination may be cited as "Determination G11: Present Value Based Yield to Maturity Method".

1. *Explanation* (which does not form part of the determination.) (1) This determination states how the yield to maturity method shall be applied to a financial arrangement to calculate income derived or expenditure incurred for purposes of section 64C of the Income Tax Act, 1976.

(2) This determination is an alternative to Determination G3: Yield to Maturity Method and will give very similar answers when used with Method A of Determination G10: Present Value Calculation Methods.

(3) The determination applies to any financial arrangement where all the amounts and dates are known not later than the first balance date of the issuer or holder after issue or acquisition, as the case may be, and determined in a single currency.

(4) The approach adopted is to define a constant annual interest rate representing the yield to maturity of all the cash flows in the financial arrangement. Income derived and expenditure incurred is assumed to be compounded on the date of each payment. The calculations are simplified by using regular periods such as half years, months or weeks, where most or all of the cash flows occur at such intervals. However, where a period between payments is longer than one year, income derived and expenditure incurred must be compounded at yearly intervals.

(5) In general, there is no explicit formula for a yield to

maturity in terms of the cashflows. For purposes of this determination, the yield to maturity is defined as the interest rate at which the present value of all amounts payable after the date of issue or acquisition is equal to the amount payable on that date.

(6) The formulae and method for calculating the present value will depend on the nature of the financial arrangements and a number of alternatives will be published in Determination G10: Present Value Calculation Methods for this purpose.

(7) Persons may use either Determination G3: Yield to Maturity Method or this determination for the purpose of applying the yield to maturity method to a financial arrangement. Once the person has elected to use Determination G3: Yield to Maturity Method or this determination for a particular financial arrangement, the method set out in that determination shall be used by the person over the life of that financial arrangement, unless the prior consent of the Commissioner is obtained to change methods.

(8) At each balance date after the date of issue or acquisition, the present value of the arrangement is recalculated using the same formula and method as was used originally to calculate the yield to maturity.

(9) The amount of income derived or expenditure incurred by the holder or issuer in respect of the income year ending on that balance date will be—

(a) The present value at the balance date,

less (b) Any amounts payable by the holder or receivable by the issuer (as the case may be) during the income year,

plus (c) Any amounts payable by the issuer or receivable by the holder (as the case may be) during the income year,

less (d) The present value as the preceding balance date (or date of issue or acquisition if later).

In most normal commercial financial arrangements, the yield to maturity will be unique, positive and less than 100 percent per annum; arrangements that do not meet these criteria are excluded and may be submitted for individual consideration by the Commissioner.

2. *Reference*—This determination is made pursuant to section 64E (1) (a) of the Income Tax Act 1976.

3. *Scope of Application*—This determination applies to the class of financial arrangements that has the following attributes—

(a) All amounts payable or receivable under the financial arrangement, and the dates on which those amounts are payable or receivable, are known not later than the first balance date of the issuer or holder following the date of issue or acquisition, as the case may be; and

(b) All amounts are determined in a single currency,

but does not apply to any financial arrangement in respect of which the annual yield to maturity rate as defined in clause 5 of this determination would be—

(a) Not unique; or

(b) Less than zero; or

(c) Greater than 100 percent.

4. *Principle*—The yield to maturity method apportions the total income or expenditure under a financial arrangement between income years so that the principal outstanding and accrued interest calculated as at any balance date represents the then present value of all amounts payable after that balance date, calculated in accordance with the formulae and method used to calculate the yield to maturity rate as at the date of issue or acquisition of the financial arrangement.

5. *Interpretation*—(1) In this determination, unless the context otherwise requires—

“Annual yield to maturity rate”, in relation to a person and a financial arrangement, means the constant annual rate of

interest at which the present value of all amounts payable to and by the person after the date of acquisition or issue of the financial arrangement, calculated as at that date, is equal to the amount payable to or by the person on that date;

“Income year” has the same meaning as in sections 64B to 64M of the Act;

“Present value”, in relation to a person and a financial arrangement and a day, means the discounted value on that day of all amounts payable to or by the person after that day, calculated in accordance with a formula and method specified in Determination G10: Present Value Calculation Methods, the amounts being discounted at a constant annual rate of interest; and for this purpose the present value of a financial arrangement shall be calculated using the annual yield to maturity rate in accordance with the formula and method used in the calculation of the annual yield to maturity rate of that financial arrangement.

(2) In this determination, unless the context otherwise requires, expressions used that are not defined in clause 5 (1) have the same meanings as in sections 2 and 64B to 64M of the Income Tax Act 1976.

(3) Any reference in this determination to another determination made by the Commissioner shall be construed as referring to any fresh determination made by the Commissioner to vary, rescind, restrict, or extend that determination.

6. *Method*—(1) This determination may, at the election of the taxpayer, be used instead of Determination G3: Yield to Maturity Method. Once a taxpayer has made the election to use this determination to apply the yield to maturity method to a financial arrangement the taxpayer shall then apply this determination in respect of the financial arrangement until it matures or is remitted, sold or otherwise transferred by the taxpayer unless the prior consent of the Commissioner is obtained to change methods. Any such consent may be given conditionally.

(2) The amount of income derived or expenditure incurred by the holder or issuer in respect of any income year (other than an income year to which section 64F of the Income Tax Act 1976 applies) shall be—

(a) The present value of the financial arrangement as at the balance date on which the income year ends,

less (b) Any amounts payable by the holder or receivable by the issuer (as the case may be) during the income year.

plus (c) Any amounts payable by the issuer or receivable by the holder (as the case may be) during the income year,

less (d) The present value (if any) of the financial arrangement as at the balance date on which the immediately preceding income year ended.

7. *Examples*—(1) *Example A*

(a) This is the same example as in Determination G3: Yield to Maturity Method, used to demonstrate that the methods give similar results.

On 12 March 1987 a holder acquires for \$1,012,500 the right to receive the following income—

	\$
15 May 1987	70,000
15 November 1987	70,000
15 May 1988	70,000
15 November 1988	1,070,000
	<u>\$1,280,000</u>

The holder balances on 31 March. All amounts are in New Zealand currency.

It will be found that the annual yield to maturity rate (R) is 16.2308% per annum; see Example A in Determination G10: Present Value Calculation Methods.

(b) The present values at the end of each income year, calculated according to Determination G10: Present Value Calculation Methods, are set out in the following schedule—

Year ending 31 March	1987	1988
Next period—End date	15/5/87	15/5/88
Present Value (A) (See Note)	\$971,315	\$989,683
Payment at period end—		
by issuer (B)	\$70,000	\$70,000
by holder (C)	—	—
Days from 31/3 to 15/5	45	45
N = 365/45	8.11111	8.11111
F = R/(100 × N)	0.02001	0.02001
R = 16.2308		
Present value = (A + B - C)/(1 + F)	\$1,020,887	\$1,038,895

Note: See Example A in Determination G10: Present Value Calculation Methods for these present values.

(c) The following schedule may then be constructed, shown the income in respect of each income year—

Year ending 31 Mar	Present Value at Year End (a) or (d) \$	Payment by Holder (b) \$	Payments by Issuer (c) \$	Income Earned by Holder \$
1987	1,020,887	—	—	8,387 (i)
1988	1,038,895	—	140,000	158,008 (ii)
1989	—	—	1,140,000	101,105 (iii)
				<u>\$267,500</u>

Note (i) \$1,020,887 - \$1,012,500 = \$8,387

(ii) \$1,038,895 - \$1,020,887 + \$140,000 = \$158,008

(iii) Calculated using the formula for the base price adjustment in section 64F (2) of the Act:

a - (b + c)

Where

a = 70,000 + 70,000 + 70,000 + 1,070,000 = \$1,280,000, the sum of all amounts payable to the holder, and

b = \$1,012,500, and acquisition price, and

c = 8,387 + 158,008 = \$166,395

the amount of income derived to date by the holder.

Note that this is confirmed by extending the same calculation procedure used for 1987 and 1988, into 1989 as follows—

a = 0, the present value at the end of the 1989 income year.

b = 0.

c = \$1,140,000, the payments by the issuer in the year.

d = \$1,038,895, the present value at the previous balance date.

Hence

a - b + c - d = \$101,105.

(2) Example B

(a) This example is also similar to that in Determination G3: Yield to Maturity Method.

On 12 March 1987 a holder acquires for \$1,012,500 the right to receive the following income—

15 May 1987	\$70,000
15 November 1987	70,000
15 May 1988	70,000
15 November 1988	1,070,000
Total	<u>\$1,280,000</u>

The holder balances on 31 March. All amounts are in New Zealand currency.

This income would be typical of a New Zealand Government Stock, 14% coupon maturing 15 November 1988.

Under Method B of calculating the present value of a financial arrangement, it is calculated that the annual yield to maturity rate is 16.265%. This is the interest rate at which the present value of payments due after 12 March 1987 is equal to \$1,012,500; see Example B of Determination G10: Present Value Calculation Methods.

(b) The present values at the end of each income year are calculated using Method B of Determination G10: Present Value Calculation Methods, the same as the method adopted by the International Association of Bond Dealers and used in the HP12C and similar calculators.

The calculation of present values in Example B may be made using the BOND PRICE function on the HP12C (or equivalent) calculator. The following steps reproduce the "Present value at year end" for the income year ending 31 March 1987:

Specified rate	16.265	(g) (D.MY)	
Coupon % pa	14	(i)	
Value date	31.031987	(PMT)	
Maturity date	15.111988	(ENTER)	
Add accrued interest		(f) (PRICE)	96.824919
		(+)	102.084588

which is the per \$100 nominal price corresponding to \$1,020,846.

(c) The following schedule may then be constructed—

Year Ending 31 Mar	Present Value at Year End \$	Payment by Holder \$	Payments by Issuer \$	Income Earned by Holder \$
1987	1,020,846	—	—	8,346 (i)
1988	1,039,241	—	140,000	158,395 (ii)
1989	—	—	1,140,000	100,759 (iii)
			Total	<u>\$267,500</u>

Note: (i) \$1,020,846 - \$1,012,500 = \$8,346

(ii) \$1,039,241 - \$1,020,846 + \$140,000 = \$158,395

(iii) Calculated using the formula for the base price adjustment in section 64F (2) of the Act.

a - (b + c)

Where:

a = 70,000 + 70,000 + 70,000 + 1,070,000 = \$1,280,000, the sum of all amounts payable to the holder,

b = \$1,012,500, the acquisition price, and

c = 8,346 + 158,395 = \$166,741, the amount of income derived to date by the holder.

Note that this is confirmed by extending the same calculation procedure used for 1987 and 1988, into 1989 as follows—

a = 0, is the present value at the end of the 1989 income year.

b = 0

c = \$1,140,000, are the payments by the issuer in the year.

d = \$1,039,241, is the present value at the previous balance date.

Hence

a - b + c - d = \$100,759

This determination is signed by me on the 21st day of November in the year 1988.

Determination G12: Accounting for a Financial Arrangement in the Absence of a Determination

This determination may be cited as "Determination G12: Accounting for a Financial Arrangement in the Absence of a Determination".

1. *Explanation*—(1) This determination applies where a person is a holder or an issuer of a financial arrangement and—

- (a) Section 64C (2) of the Act does not apply (i.e., it is not possible to calculate the amount of the income derived or expenditure incurred by the person in respect of the financial arrangement using the yield to maturity method); and
- (b) Section 64C (3) (a) of the Act does not apply (i.e., the Commissioner has issued no other determination that provides a method of accounting for the financial arrangement); and
- (c) The person does not report the amount of the income derived or expenditure incurred in respect of the financial arrangement for financial reporting purposes.

(2) Where this determination applies in relation to a person and a financial arrangement, the person is required to calculate the income derived or expenditure incurred in respect of the financial arrangement using a method that—

- (a) Has regard to the principles of accrual accounting; and
- (b) Conforms with commercially acceptable practice; and
- (c) Results in the allocation to each income year of an amount that, having regard to the tenor of section 64C (2) of the Act is fair and reasonable.

(3) Any method adopted under this determination for calculating the income derived or expenditure incurred by a person in respect of a financial arrangement and an income year is required to be consistently applied.

2. *Reference*—This determination is made pursuant to section 64E (1) (b) of the Act.

3. *Scope of Determination*—This determination applies where a person is a holder or an issuer of financial arrangement and—

- (a) Sections 64C (2) and 64C (3) (a) of the Act do not apply in relation to the person and the financial arrangement; and
- (b) For financial reporting purposes the person does not report the amount of the income derived or expenditure incurred in respect of the financial arrangement.

4. *Principle*—(1) Where this determination applies to a person and a financial arrangement in an income year, the amount of the income derived or expenditure incurred by the person in respect of the financial arrangement and the income year shall be calculated using a method that has regard to the purpose of section 64C of the Act.

(2) Where pursuant to this determination a person adopts a method for calculating the income derived or expenditure incurred by the person in respect of a financial arrangement and an income year, the person shall adopt that method in respect of all such financial arrangements.

5. *Interpretation*—In this determination, unless the context otherwise requires—

Words and expressions used shall have the same meanings as in the Act, except that where there is a conflict between the meaning of an expression in sections 64B to 64M of the Act

and the meaning of the expression elsewhere in the Act the expression shall have the same meaning as in the said sections 64B to 64M:

"The Act" means the Income Tax Act 1976.

6. *Method*—(1) Where—

- (a) This determination applies in respect of a person and a financial arrangement and an income year; and
- (b) For financial reporting purposes the person does not report the amount of the income derived or expenditure incurred in respect of the financial arrangement using a method that has regard to the principles of accrual accounting—

the amount of the income derived or expenditure incurred by the person in respect of the financial arrangement and the income year shall be calculated using a method that—

- (c) Has regard to the principles of accrual accounting; and
- (d) Conforms with commercially acceptable practice; and
- (e) Results in the allocation to each income year of an amount that, having regard to the tenor of section 64C (2) of the act is fair and reasonable.

(2) Where this determination applies in relation to a person and a financial arrangement and an income year, the amount of the income derived or expenditure incurred by the person in respect of the financial arrangement and the income year shall be calculated using the method used to calculate the income derived or expenditure incurred in the income year by the person in respect of every other such financial arrangement to which this determination applies.

7. *Example*—Financial arrangement not reported for financial reporting purposes.

(1) An individual's assets include a reviewable rate mortgage acquired on 1 October 1988. The first interest payment on the mortgage is due on 30 September 1989. The individual does not prepare any financial reports.

(2) At 1 October 1988 the Commissioner had issued no determination that prescribed a method of accounting for such a financial arrangement. This determination therefore applies and the taxpayer must report the income in his or her income tax return using a method that satisfies clause 6 (4) (c), (d) and (e) of this determination.

(3) For the purpose of calculating the income derived from the mortgage by the individual in the year ending 31 March 1988, the following method is acceptable under this determination. The amount of the income could be calculated by apportioning the interest receivable at the first payment date following balance date to the appropriate accounting periods on a straight line daily basis over the days in the period to which the payment relates.

This determination is signed by me on the 21st day of November in the year 1988.

Transport Act 1962

Notice of Intention to Hold an Inquiry into the Operation of a Transport Licence

To: Mrs Sopo Sua (referred to below as "the licensee").

And to: The Secretary for Transport, Wellington.

Take notice that pursuant to section 140 of the Transport Act 1962 and pursuant to Appeal Decision No. 3070, the Licensing Authority for the Wellington Transport District will hold a public inquiry into the operation of Taxi Service Licence No. 10747.

The reason why the inquiry is to be conducted is that the Licensing Authority wishes to determine on stated grounds:

(a) Whether or not the licensee meet the criteria set out in section 124 of the Transport Act 1962, and—

(b) Whether or not the licensee has failed to comply with any term or condition of the licence.

The public inquiry will be held on Thursday, 26 January 1989 at 9.30 a.m. in the Conference Room, Second Floor, Markham House, Cuba Street, Wellington.

The licensee and the Secretary for Transport are entitled to appear and to be heard at the public inquiry and may be represented by a lawyer or other agent. Any further information regarding the inquiry may be obtained from the undersigned.

Agriculture and Fisheries

Public Works Act 1981

The Maungatapere Irrigation Order 1988

PAUL REEVES, Governor-General

ORDER IN COUNCIL

At Wellington this 12th day of December 1988

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL

Pursuant to section 208 of the Public Works Act 1981, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, hereby makes the following order.

Order

1. (1) This order may be cited as the Maungatapere Irrigation Order 1988.
- (2) This order shall come into force on the day after the date of its notification in the *Gazette*.
2. The Minister of Agriculture (hereinafter referred to as the Minister) is hereby authorised to construct, maintain, and control the water supply works described in the Second Schedule hereto to serve the district described in the First Schedule hereto. The Minister shall jointly develop and manage with the Whangarei City Council the irrigation scheme headworks and trunk main, and the City's Poroti headworks for irrigation and for public water supply. Costs shall be apportioned between the Minister and the Whangarei City Council according to benefits received.
3. The area of land described in the First Schedule hereto is hereby constituted as an irrigation district to be known as the Maungatapere Irrigation District (hereinafter referred to as the district).
4. The water which is the subject of the said supply agreement shall be treated for removal of most sediment and organic matter, but will require further filtering or straining on-orchard.
5. The objective of the scheme is to take water from the Wairua River and to maintain a piped supply of irrigation water at a minimum supply pressure of 150 kilopascals to approximately 1,500 hectares of irrigable land in the district for the irrigation of horticultural crops. The headworks shall be capable of supplying water at a maximum rate of 28 cubic metres of water per irrigable hectare over each 24 hour period.
6. The scheme, after construction, is intended to be handed over to local control for management, operation, and maintenance under section 198 of the Public Works Act 1981.
7. The annual water charges for the scheme are set pursuant to section 212A of the Public Works Act 1981 and shall comprise a basic charge and an operating charge.
8. The basic charge is calculated to recover, over 30 years, 30 percent of the costs of development of the water supply works together with interest at an approved rate. This charge will be calculated as a table mortgage where the payments are adjusted annually by an inflation index and also adjusted as necessary to compensate for any change in capital cost, scheme area, or interest rate. The objective of this payment method is for the basic charge to remain constant in real terms.
9. The operating charge is calculated to recover the total costs

of operation and maintenance and may also include allowance for costs and benefits arising from joint use of headworks. The charge shall be subject to annual review and adjusted as necessary to compensate for any change in these costs or in the demand for water. The operating charge is in addition to the basic charge and is levied according to metered usage.

10. The Minister may enter into a water availability agreement with the occupier of any land within the district for the supply of up to 28 cubic metres of water per irrigable hectare per day and on-orchard development shall be compatible with the terms of that agreement.

11. The owners and occupiers of land in the district not subject to a water availability agreement shall be liable for the full basic charge as described in clause 8. However, the said owners or occupiers may elect to defer payment of the basic charge for a maximum of 3 years from the commencement of availability of supply of water. Such unpaid charges and interest accruing thereon may be protected by a charge on the land under section 221 (1) of the Public Works Act 1981, which shall be cleared on the sale of the property, or on entering into a water availability agreement, or, at the latest, 3 years from the commencement of availability of supply.

12. At any time after the commencement of availability of supply, a landowner may elect to pay some or all of the property's share of scheme capital recovery as a lump sum. Thereafter the basic charge for that property shall be varied or eliminated as appropriate.

13. The charges payable shall be levied annually for a period of 30 consecutive seasons commencing at the start of the first year of supply for the scheme as determined and notified according to section 217 of the Public Works Act 1981.

14. The irrigation season shall be the period commencing on the 1st day of July and ending with the 30th day of June next following.

15. The minimum aggregate area of land occupied by any occupier that is to be included in the irrigation district shall be half a hectare (0.5 hectare).

16. If, at any time after the commencement of availability of supply, the Minister is of the opinion that the supply of water from the water supply works is likely to be in excess of the amount to be supplied in accordance with water availability agreements, the Minister may decide terms and conditions, being not more favourable than those applicable to water availability agreements, on which surplus water should be supplied.

17. Notwithstanding the provisions of clauses 10 and 16 of this order, the Minister may supply water from the water supply works to any person on such terms and conditions and for such consideration as the Minister thinks fit, as provided for in section 199 of the Public Works Act 1981.

Second Schedule

Water Supply Works

The irrigation water needed to supply the Maungatapere Irrigation Scheme shall be obtained via river intakes from Poroti Springs and the Wairua River. The Poroti water shall be obtained via the existing Whangarei City intake at Cutforths Waterfall. The Wairua River water shall be obtained via a new intake and pump station located adjacent to where Kaikohe Road crosses the Wairua River. A trunk main shall link the two intakes. The intakes and trunk main shall be jointly developed and operated in conjunction with the Whangarei City Council.

The irrigation water supply to the Maunu area of the District shall be obtained from the existing Whangarei City water supply system at Cemetery Road.

A number of pump stations shall distribute the irrigation water throughout the district to individual property boundaries, together with booster pump stations for some individual properties to maintain the required minimum supply pressure.

The off-orchard distribution works comprise the piped reticulation and associated works necessary to distribute irrigation water from the intakes to the orchard boundaries. The said works include all pipes, valves, meters, fittings, and all other works incidental to and required for the construction, maintenance, and control of the said works for the scheme. An offtake shall be provided to each title in the district. The turnout valve and meter for which shall form part of the distribution works.

Local Government Act 1974

Motueka Borough, Richmond Borough and Waimea County Union Order 1988

PAUL REEVES, Governor-General

ORDER IN COUNCIL

At Wellington this 12th day of December 1988

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL

Pursuant to section 36 of the Local Government Act 1974, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, hereby makes the following order:

Order

1. Title and commencement—(1) This order may be cited as the Motueka Borough—Richmond Borough—Waimea County Union Order 1988.

(2) Except as provided in subclause (3) of this clause this order shall come into force on the day after the day on which the returning officer declares the result of the election held pursuant to clause 5 of this order or on the 1st day of April 1989, whichever is the later.

(3) The provisions of this order necessary to provide for:

- (a) the first election of the members of the Tasman District Council constituted pursuant to clause 2 of this order; and
- (b) the constitution of the transition committee pursuant to clause 9 of this order,

shall come into force on the day of the making of this order.

2. Constitution—(1) The districts of

- (a) Motueka Borough,
- (b) Richmond Borough and
- (c) Waimea County (excluding the Whangamoia Riding and that part of the Appleby Riding included in the City of Nelson by the Nelson City—Waimea County Boundary Alteration Order 1988)

are hereby united into one district to be known as the Tasman District (hereinafter referred to as the "new district").

(2) The Motueka Borough Council, Richmond Borough Council and Waimea County Council (hereinafter referred to as the "former authorities") are hereby dissolved.

(3) A council for the new district to be known as the "Tasman District Council" (hereinafter referred to as the "district council") is hereby constituted.

3. Wards—The new district is hereby divided into five wards as follows:

- (a) the Lakes Ward, comprising the Murchison South, Murchison North, and Wangapeka Ridings of the former Waimea County;
- (b) the Richmond Ward, comprising the former Borough of Richmond and parts of the Appleby Riding and the Central Riding of the former Waimea County;
- (c) the Waimea Ward, comprising the Wai-iti Riding and the southwest part of the Appleby Riding of the former Waimea County;
- (d) the Moutere Ward, comprising most of the Central Riding and part of the Motueka Riding of the former Waimea County; and
- (e) the Motueka Ward, comprising the former Borough of Motueka and part of the Motueka Riding and of the Moutere Riding of the former Waimea County;

as more particularly delineated on S.O. Plan No. 14377 deposited in the office of the Chief Surveyor in Nelson.

4. Membership of the Tasman District Council—The district council shall comprise a Mayor, elected by the electors of the new district as a whole, and 14 members elected as follows:

- 2 members by the electors of the Lakes Ward;
- 4 members by the electors of the Richmond Ward;
- 2 members by the electors of the Waimea Ward;
- 2 members by the electors of the Moutere Ward; and
- 4 members by the electors of the Motueka Ward.

5. First election of council—(1) The first general election of the district council shall be held on the 29th day of March 1989.

(2) For the purpose of arranging the first election of the district council, the principal administrative officer for the new district shall be the person appointed to the position of chief executive officer by the former authorities and the returning officer shall be the county manager of the former Waimea County.

(3) The first general election of the district council shall be conducted by postal vote.

6. First meeting of council—The first meeting of the district council shall be convened by the person appointed to the position of chief executive officer by the former authorities.

7. Ward committees—(1) The district council shall, at least until the 31st day of March 1995, establish and maintain a ward committee for each ward of the district.

(2) Each ward committee shall comprise the members of the district council elected to represent that ward, and 4 other persons appointed by the district council under section 104 of the Local Government Act 1974.

(3) The functions, duties, and powers of the Motueka Ward Committee shall be the functions, duties and powers of a district community council under Part XLI of the Local Government Act 1974.

8. Nelson Bays United Council—(1) The district council shall be entitled to appoint 7 members to the Nelson Bays United Council.

(2) Those members of the Nelson Bays United Council appointed separately by the former authorities shall continue in office until such time as a regional council for a region which includes the new district as a constituent district is constituted.

9. Transition committee—(1) A transition committee, hereinafter referred to as "the committee", with the structure, functions, and method of operation set out in this clause, shall be established by the former authorities as soon as possible but no later than 30 days, after the date of notification of this order in the *Gazette*.

(2) The committee shall be deemed to be a committee appointed under section 105 of the Local Government Act 1974.

(3) The committee shall comprise:

- (a) 3 members appointed by the Waimea County Council;
- (b) 3 members appointed by the Richmond Borough Council;
- (c) 3 members appointed by the Motueka Borough Council;
- (d) the town clerks of the Borough of Richmond and the Borough of Motueka, the County Clerk of Waimea County, and the person appointed to the position of chief executive officer by the former authorities, each of whom shall be members ex officio of the committee but without voting rights.

(4) For the purposes of this clause, the Motueka Borough

Council, Richmond Borough Council, and the Waimea County Council are hereinafter referred to as the "uniting authorities".

(5) Any member of the committee, including members ex officio of the committee, may appoint a deputy to be a member or member ex officio of the committee during the member's absence from the committee. Any deputy so appointed shall have the same voting rights as the member being represented.

(6) The committee shall appoint from amongst its members, a chairman and deputy chairman and the persons so appointed shall not have any additional or casting vote while acting as chairman of the committee.

(7) The committee shall give consideration to all or any matters relating to the constitution of the new district which require attention before the date of its constitution including:

- (a) the integration of the staff of the uniting authorities and the relativities and relationships of staff members; and
- (b) the management structure which is to be established for the district council.

(7) The committee shall have:

- (a) such power and authority to make decisions as are delegated to it by a majority of the uniting authorities;
- (b) other than the powers and authority referred to in paragraph (a) of this subclause, authority to consider and make recommendations to the uniting authorities on any other matters relating to the union of their districts:

Provided that, before making any recommendation to the uniting authorities as to the management structure to be established for the district council, the committee, before determining the proposed management structure, shall consult with a management consultant on the appropriateness or otherwise of the recommendation formulated by the committee:

Provided further that, the committee shall have authority to appoint, in accordance with any delegated authority given to it by a majority of the uniting authorities, such other consultants as the committee deems necessary or desirable to assist it in consideration of any matter before the committee.

- (c) Subject to the provisions of this clause, the authority to determine its own procedures.

(8) The recommendations of the committee shall be transmitted to the uniting authorities for their endorsement. If any of the uniting authorities fails to endorse any recommendation the matter in dispute may be referred to the Local Government Commission on the motion of any one of the uniting authorities for resolution and final determination. All matters so determined by the Local Government Commission shall be binding on the uniting authorities unless they unanimously resolve to amend such determinations and the form of such amendment.

(9) The person appointed to the position of chief executive officer by the uniting authorities shall be supplied with the necessary staffing and other resources from amongst the resources available to the uniting authorities. The costs of the committee, the chief executive officer, and the staffing and other resources required by the committee shall be borne by the uniting authorities in accordance with a formula related to the population of each of the districts of the uniting authorities.

(10) The failure by any of the uniting authorities to appoint representatives to the committee or the failure to attend by all or any representatives from any of the uniting authorities shall not negate any of the powers and authorities vested in the committee either by this clause or by delegation of authority by the uniting authorities.

(11) The first meeting of the committee shall be convened by

the person appointed to the position of chief executive officer by the uniting authorities.

10. Rating and financial divisions—(1) The system of rating in the new district shall be the land value system.

(2) Notwithstanding subclause (1) of this clause for a period of 3 years from the constitution of the new district, the system of rating in that part of the former County of Waimea included in the new district shall be the capital value system.

(3) During such time as the system of rating in that part of the former County of Waimea included in the new district differs from the system of rating in the rest of the new district, the new district shall be divided into the following financial divisions:

- (a) the Richmond Division, being the area of the former district of Richmond Borough;
- (b) the Motueka Division, being the area of the former district of Motueka Borough; and
- (c) the Waimea Division, being that part of the former district of Waimea County included in the new district.

(4) While the new district is divided into the financial divisions specified in subclause (3) of this clause, the proportion of all rates (which are applicable to the new district as a whole) to be raised from each such division shall be determined according to the proportion the rating revenue from each of the former authorities for the year ended on the 31st day of March 1989 bears to the total of such revenue of the former authorities for that year, adjusted to take into account the area of the Whangamoa Riding and that part of the Appleby Riding of the former County of Waimea excluded from the new district by clause 2 of this order.

11. Finance—(1) All administrative accounts, works and services accounts, and special funds accounts of the former authorities at the date of the constitution of the new district shall be merged to operate as accounts of the district council.

(2) All special funds held by the former authorities at the date of constitution of the new district shall be expended only for the purposes for which they were set aside and in accordance with any requirements as to the area which is to benefit from the expenditure of such funds.

12. Local Authorities Petroleum Tax—For the purpose of Part XI of the Local Government Act 1974 the district council shall be the successor of the former authorities.

13. Town and country planning—(1) The district planning scheme and scheme statements and codes of ordinances which operated in the former borough of Richmond shall apply to that same area in the new district.

(2) The review of the district planning scheme, as yet to be made operational in that part of the former Waimea County included in the new district shall, when finalised, be the district planning scheme for that area in the new district along with the scheme statements and codes of ordinances applicable to that area.

(3) When the review of the district planning scheme for the former Motueka Borough is complete the resultant district planning scheme shall be deemed applicable, along with the scheme statements and codes of ordinances of the former Motueka Borough, in that same area in the new district.

(4) The district council shall not be required forthwith to prepare a new district scheme for the whole of its district:

Provided that the district council shall within a period of 5 years from the constitution of the new district commence the preparation of a new district scheme for the whole of its district.

14. Administrative headquarters—The administrative headquarters of the district council shall be established in Richmond and where appropriate, within the premises already owned by any of the former authorities.

15. Motueka service delivery centre and works depot—

(1) At a suitable location within the area of the former Motueka Borough, and if appropriate within premises already owned by the former authorities, a service delivery centre shall be established.

(2) The service delivery centre shall provide services not less than those required for:

- (a) the payment of money due to the district council;
- (b) the provision of information relating to rates and other accounts due to the district council;
- (c) the provision of information relating to the district planning scheme, bylaws, or information otherwise necessary for the preparation of town planning applications and building permit applications;
- (d) the provision of information relating to community development and recreation;
- (e) the making of rates rebates applications;
- (f) the making of applications for elderly persons' housing units;
- (g) the registration of dogs; and
- (h) such other purposes as the district council considers appropriate.

(2) A works depot shall be maintained within or immediately adjacent to the area of the former Motueka Borough and if appropriate in premises or on land already owned by any of the former authorities.

(2) The provisions of this clause shall not be construed as restricting the district council in the provision of such other facilities and services at other locations as may be determined by the district council.

16. Chairman and principal administrative officer—(1) The Mayor of the new district shall exercise the duties, powers and functions of the Mayors and Chairman of the districts of the former authorities;

(2) The principal administrative officer of the district council shall exercise the duties, powers and functions of the principal administrative officers of the former authorities.

17. Transfer of responsibilities—Except as otherwise provided in this order, the district council, in respect of the district of the former Motueka Borough Council, the district of the former Richmond Borough Council and that part of the district of the former Waimea County Council included in the new district:

- (a) shall have and may exercise and be responsible for all the powers, duties, acts of authority, and functions which were previously exercised, or which would have been so exercised, by the former authorities if they had remained in control of their districts;
- (b) shall have and may exercise and be responsible for all liabilities, obligations, engagements, and contracts which were, or which would have been, the responsibility of the former authorities;
- (c) shall have and may exercise and be responsible for all actions, suits, and proceedings pending by or against, or which would have been the responsibility of the former authorities;
- (d) shall succeed to the bylaws which are in force in the districts of the former authorities and which are applicable to the new district's circumstances and, until revoked or altered by the district council, every such bylaw shall remain in force in the area in which it was in force immediately before the constitution of the new district and every bylaw which cannot be restricted to the area in which it was in force immediately before the constitution of the new district, or which is not applicable to the new district's circumstances, shall be deemed inapplicable and revoked by this order;

(e) shall succeed to all rates and levies, and other money payable to the former authorities; and

(f) shall succeed to the valuation rolls, electoral rolls, and rate records in force in the districts of the former authorities, and these shall remain in force in the new district until such rolls or records are made by the district council.

18. Vesting of property—The corporation of the district council shall, in respect of the district of the former Motueka Borough Council, the district of the former Richmond Borough Council and that part of the district of the former Waimea County Council, included in the new district, shall have vested in it, subject to all existing encumbrances, all property, real and personal vested in the corporations of the districts of the former authorities.

19. Title of property—For the purposes of clause 18 of this order any reference (express or implied) to "The Motueka Borough Council" or "The Mayor, Councillors, and Citizens of the Borough of Motueka" or "The Mayor, Councillors and Burgesses of the Borough of Motueka" or "The Richmond Borough Council" or "The Mayor, Councillors, and Citizens of the Borough of Richmond" or "The Mayor, Councillors and Burgesses of the Borough of Richmond" or, in respect of that part of the former County of Waimea included in the new district, to "The Waimea County Council" or "The Chairman, Councillors, and Inhabitants of the County of Waimea" in any instrument or other document whatever, or in any entry or record made on any register in relation to any instrument or other document whatever shall, unless the context otherwise requires, be read as a reference to the district council.

20. Creditors—Subject to section 37F of the Local Government Act 1974 the rights or interests of creditors of any district affected by this order shall not be affected.

21. Civil Defence—The operative civil defence plans for the former authorities shall remain in force in the districts of the former authorities until a new plan is approved for the new district under Part II of the Civil Defence Act 1983.

C. J. HILL,
for Clerk of the Executive Council.

(3) The provisions of this Order necessary to provide for the first election of the district council constituted pursuant to clause 2 of this order shall come into force on the day of the making of this Order.

2. Constitution—(1) The districts of Stratford Borough and Stratford County are hereby united into one district to be

known as the Stratford District (hereinafter referred to as "the new district").

(2) The Stratford Borough Council and the Stratford County Council (hereinafter referred to as "the former authorities") are hereby dissolved.

(3) A council for the new district to be known as the "Stratford District Council" (hereinafter referred to as "the district council") is hereby constituted.

3. Wards—The new district is hereby divided into four wards as follows:

the Stratford Ward, comprising the area of the former Stratford Borough and those areas of the former Stratford County as described in the First Schedule hereto;

the Central Ward, comprising the area of the North and East Ridings of the former Stratford County;

the Western Ward, comprising the areas of the West and South Ridings of the former Stratford County, but excluding those areas included in the Stratford Ward as described in the Second Schedule hereto; and

the Eastern Ward, comprising the areas of the Mangaehu and Whangamomona Ridings of the former Stratford County.

4. First Election of Council—(1) The first election of the district council shall be held on the 28th day of March 1989.

(2) For the purposes of conducting the first election of the district council the principal administrative officer and the returning officer for the new district shall be the principal administrative officer and returning officer of the Stratford County Council.

(3) The first election of the district council shall be conducted by postal vote.

5. Membership of council—The district council shall comprise a Mayor to be elected by the electors of the new district as a whole, and 12 members elected as follows:

6 members to be elected by the electors of the Stratford Ward;

2 members to be elected by the electors of the Central Ward;

2 members to be elected by the electors of the Western Ward;

2 members to be elected by the electors of the Eastern Ward.

6. Mayor—The Mayor of the new district shall have and may exercise the duties, powers and functions of the Mayor and Chairman of the former authorities.

7. Principal administrative officer—(1) The principal administrative officer of the district council shall have and may exercise the duties, powers and functions of the principal administrative officers of the former authorities.

(2) The principal administrative officer of the district council shall be such person as may be appointed jointly by the former authorities.

8. First meeting of council—The first meeting of the district council shall be convened by the principal administrative officer appointed pursuant to clause 7 of this Order.

9. Taranaki United Council—(1) The district council shall appoint 2 members to the Taranaki United Council.

(2) Those members of the Taranaki United Council appointed separately by the councils of the former authorities shall continue in office until such time as successors are appointed.

10. Finance—(1) Notwithstanding anything in this Order, for a period of not more than 7 years as the district council may by special order determine, the new district shall for the purposes of finance be divided into 2 divisions as follows:

(a) the Urban Financial Division, which shall comprise the Stratford Ward; and

(b) the Rural Financial Division, which shall comprise the remainder of the new district.

(2) While the new district is divided into financial divisions in accordance with the provisions of subclause (1) of this clause:

(a) in respect of all administrative, engineering, inspectorial and supervisory activities carried out by the district council, the district council shall transfer to its administration account from the amount of the appropriate financial division an account equivalent to 9 percent of the cost of that activity, or such other percentage as the district council may from time to time determine;

(b) any deficit in the district council's administration account shall be apportioned between the Urban Financial Division and the Rural Financial Division according to the mean of the percentages that:

(i) the population;

(ii) the number of rating assessments;

(iii) the amount of rates levied;

(iv) the net rateable capital value; and

(v) the number of members of the district council

for each division bears to the total for the district:

Provided that those costs related to the community facilities and recreation advisory activities of the district council shall be met solely by the Urban Financial Division; and

(c) the district council shall in each year transfer to the account of the Urban Financial Division an amount equivalent to 4 percent of the general rate collected in the Rural Financial Division.

(3) All loan liabilities existing at the date of the constitution of the new district shall continue to be secured against the areas over which they were secured as at that date.

(4) The special funds of the former authorities shall be expended only for the purposes for which they were set aside and, after provision has been made for all liabilities, for the benefit of the division in which they originated, and money required to be paid into any other special fund to meet any deficiency shall be found from within the division in respect of which that special fund originated.

(5) Any decision to alter any of the provisions of this clause within the first 5 years after the date of the constitution of the new district shall require a majority of not less than two thirds of the members of the district council.

11. Rating—(1) The system of rating in the new district shall be the land value system.

(2) The method of payment of rates by instalments in force in Stratford County prior to the provisions of this Order coming into force shall become the method of payment of rates within the new district.

12. Local Authorities Petroleum Tax—(1) For the purposes of Part XI of the Local Government Act 1974, the district council shall be the successor to the former authorities.

(2) For such period as the new district is divided into financial divisions in accordance with clause 10 of this Order, the local authorities petroleum tax received by the district council shall be allocated to the accounts of the Urban Financial Division and the Rural Financial Division in proportion to the rates levied in each division.

13. Town and country planning—The district planning schemes and scheme statements and codes of ordinances in force in the districts of the former authorities shall be deemed to be the district planning scheme and the scheme statement and code of ordinances of the new district, and the district council shall not be required to prepare a new district planning scheme before the 1st day of August 1992.

14. Transfer of responsibilities and other matters—Except as otherwise provided in this order, the district council respect of the districts of the former authorities;

- (a) shall have and may exercise and be responsible for all the powers, duties, acts of authority, and functions which were previously exercised by the formerly authorities;
- (b) shall have and may exercise and be responsible for all liabilities, obligations, engagements, and contracts which previously were, or which would have been, the responsibility of the former authorities;
- (c) shall have and may exercise and be responsible for all actions, suits, and proceedings pending by or against, or which would have been the responsibility of the former authorities;
- (d) shall succeed to the bylaws which are in force in the district of the former authorities and which are applicable to the new district's circumstances and, until revoked or altered by the district council, every bylaw shall remain in force in the area in which it was in force immediately before the constitution of the new district, and every bylaw which cannot be restricted to the area in which it was in force immediately before the constitution of the new district or which is not applicable to the new district's circumstances shall be deemed inapplicable and revoked by the constitution of the new district;
- (e) shall succeed to all rates and levies, and other money payable to the former authorities;
- (f) shall succeed to the valuation rolls, electoral rolls, and rate records in force in the districts of the former authorities, and these shall remain in force in the new district until such rolls or records are made by the council of the new district, and until that time Part XIV of the Rating Powers Act 1988 shall apply as if the new district was the district of a special purpose authorities and the areas from which it was formed were constituent districts.

15. Vesting of property—All property, real and personal, vested in the corporations of the former authorities shall, subject to all existing encumbrances, be vested in the corporation of the new district.

16. Title to property—Any reference (express or implied) to "The Stratford Borough Council" or "The Chairman Councillors and Inhabitants of the County of Stratford" or "The Stratford County Council" in any instrument or other document whatever, or in any entry or record made in any register in relation to any property vested in the district council by clause 15 of this Order shall, unless the context otherwise requires, be read as a reference to "The Stratford District Council".

17. Creditors—Subject to section 37F of the Local Government Act 1974, the rights or interest of creditors of the former authorities shall not be affected.

Nelson City—Waimea County Boundary Alteration Order 1988

PAUL REEVES, Governor-General

ORDER IN COUNCIL

At Wellington this 12th day of December 1988

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL

Pursuant to section 36 of the Local Government Act 1974, His Excellency the Governor-General, acting by and with the advice and consent of the Executive Council, hereby makes the following order:

Order

1. Title and commencement—(1) This order may be cited as the Nelson City – Waimea County Boundary Alteration Order 1988.

(2) This order shall come into force on the 1st day of April 1989.

2. Boundaries of Waimea County and Nelson City altered—The boundaries of the district of the County of Waimea and the district of the City of Nelson are hereby altered by excluding from the district of the County of Waimea and including in the district of the City of Nelson that area described in the Schedule hereto being the Whangamoia Riding and part of the Appleby Riding of the County of Waimea (hereinafter referred to as the "said area").

3. Wards—(1) Two wards for the district of the City of Nelson are hereby constituted.

(2) These wards shall be known as:

(a) The Nelson City Ward, comprising the area of the district of Nelson City immediately prior to the date the provisions of this order come into effect; and

(b) The Whangamoia Ward, comprising the said area.

4. Membership of Nelson City Council—(1) Until the date of the next triennial general election of members of local authorities to be held in 1989, the Nelson City Council shall comprise the Mayor and 14 councillors holding office immediately prior to the date the provisions of this order come into effect and the member of the Waimea County Council elected to represent the Whangamoia Riding of Waimea County.

(2) From the date of the next triennial election of members of local authorities, the Nelson City Council shall comprise a Mayor elected by the electors of the district, and 15 members elected as follows:

14 members to be elected by the electors of the Nelson City Ward;

1 member to be elected by the electors of the Whangamoia Ward.

5. Membership of the Waimea County Council—From the date the provisions of this order come into effect the member of the Waimea County Council elected to represent the Whangamoia Riding shall cease to be a member of the Waimea County Council and the number of members of the said council shall be reduced by one.

6. Rating—The system of rating in the City of Nelson shall continue to be the land value system:

Provided that until a common valuation roll is made for the district of the City of Nelson as altered by the provisions of this order, the system of rating in the said area shall be the capital value system.

7. Transfer of responsibilities and other matters—Except as provided elsewhere in this order, the Nelson City Council, in respect of the said area:

(a) Shall have and may exercise and be responsible for all the powers, duties, acts of authority, and functions which were previously exercised, or which would have been so exercised, by the Waimea County Council;

(b) Shall have and may exercise and be responsible for all liabilities, obligations, engagements and contracts which previously were, or which would have been the responsibility of the Waimea County Council;

(c) Shall have and may exercise and be responsible for all actions, suits and proceedings pending by or against, or which would have been the responsibility of, the Waimea County Council;

(d) Shall succeed to the bylaws which are in force and which are applicable to its altered circumstances and, until revoked or altered by the Nelson City Council, every such bylaw shall remain in force in the area in which it was in force immediately before the alteration of boundaries; and every bylaw which cannot be restricted to the said area shall be deemed inapplicable and revoked in respect of the said area by the alteration of boundaries;

(e) Shall succeed to all rates or levies and other money payable to the Waimea County Council;

(f) Shall succeed to the valuation rolls, electoral rolls, and rate records in force in the said area, and these shall remain in force until such rolls or records are made by the Nelson City Council, and until that time Part XIV of the Rating Powers Act 1988 shall apply as if the district in which the said area is included was the district of a special purpose authority, and the areas from which it was formed were constituent districts.

8. Vesting of land—The corporation of the district of the City of Nelson shall have vested in it, subject to all existing encumbrances, all land in the said area vested in the corporation of the district of the County of Waimea.

9. Title of land—Any reference, express or implied, in respect of the said area to “the Waimea County Council”, or “the Chairman, Councillors, and Inhabitants of the County of Waimea” in any instrument or other document whatsoever, or in any entry or record made in any register in relation to any instrument or other document whatsoever relating to any land vested in the Nelson City Council by clause 8 of this order shall, unless the context otherwise requires, be read as a reference to “the Nelson City Council”.

10. Mayor, chairman, and principal administrative officer—The mayor and principal administrative officer of the Nelson City Council shall exercise the duties, powers and functions of the chairman and principal administrative officer of the Waimea County Council in respect of the said area.

11. Creditors—Subject to section 37F of the Local Government Act 1974, the rights and interests of the creditors of any district affected by this order shall not be affected.

12. Apportionment of loan liabilities—The loan liabilities of the Waimea County Council in respect of the said area shall be apportioned between the Waimea County Council and the Nelson City Council pursuant to section 37F of the Local Government Act 1974, provided that any loan liabilities of the Waimea County Council relating solely to the said area shall become loan liabilities of the Nelson City Council.
