The principal objects of Part III of the Bill are—

Part V, which comes into force on 1 December 1989, abolishes the Ministry of Energy.

Part VI and VII re-enact provisions of the Ministry of Energy Act 1977.

The Select Committee does not have jurisdiction to consider Clauses 88 to 98 inclusive and Clause 101 insofar as those provisions specify rates of levies or charges imposed.

### Commerce Act 1986

#### Statement of Economic Policy of the Government Transmitted to the Commerce Commission

22 September 1989

Dr Lojkine,  
Chairman,  
Commerce Commission,  
P.O. Box 2351,  
WELLINGTON.

Dear Dr Lojkine,

Pursuant to section 26 of the Commerce Act 1986, I hereby transmit to the Commerce Commission a statement of the economic policy of the Government in relation to the New Zealand meat processing industry.

For some time the New Zealand meat processing industry has been endeavouring to reduce processing capacity in the face of reducing stock numbers and excess killing capacity. The Government understands proposals to further rationalise processing facilities are the subject of applications under Part V of the Commerce Act 1986 that are either currently before the Commission or are likely to be submitted to the Commission in the near future. The meat processing industry is New Zealand's largest export earner, a significant employer and is of strategic importance to the New Zealand economy.

The Government supports the rationalisation process which it believes provides the opportunity for maintaining a viable productive base for future expansion, for improved performance in relation to international markets, as well as ensuring there is adequate competition for stock now and in the longer term. Rationalisation also provides an opportunity for greater producer ownership of processing facilities, and for improved producer benefits as a result.

In view of the above it is part of the economic policy of the Government to encourage the rapid rationalisation of the New Zealand meat processing industry, so as to enhance the export performance and international competitiveness of the New Zealand meat industry. The Government believes that the public interest is best served by this process occurring as soon as possible.

This statement should not be seen as providing support for any individual application as the Government appreciates that it is not aware of all the particular circumstances which the Commerce Commission will examine in carrying out its statutory functions. However it wishes the Commission to take

into account the public benefit in achieving the rationalisation of the industry as soon as this is reasonably practicable.

Yours faithfully,

DAVID BUTCHER, Minister of Commerce.

### Manukau City Council

#### Public Works Act 1981

##### Notice of Intention to Take Land

The Manukau City Council ("the council") for the purposes of section 23 of the Public Works Act 1981, hereby gives notice that the council proposes to acquire the land generally described in the Schedule to this notice for the purpose of road to provide for the widening of Springs Road in the District of

the council which is reasonably necessary for the following reasons:

(i) To widen the Springs Road carriageway to accommodate two lanes for each north and southbound traffic plus a centre lane for turning traffic at the intersection, and retain the berm width necessary for the provision of public services. The traffic lanes in the carriageway of the road fronting the land are narrower than usual and should be widened for uniformity and safety purposes.

(ii) To complete the last stage of the upgrading of Springs Road and thereby provide uniformity of traffic lane road width and berm width for public services.

(iii) The council's operative district scheme and all district schemes since 1973 have shown road widening and set back affecting the property.

(iv) The property has a wide frontage. It is owned by a single company and existing buildings have been set back generally in accordance with the operative district schemes applying at the time of building.

(v) The council has acquired as much land from properties on the other side of the road as it considers reasonably justifiable and practicable.

(vi) There are no practicable alternatives to the proposed taking having regard to the safe and convenient use of the road.

(vii) It is in the public interest that the proposed widening be commenced with minimum delay.

Objections to the foregoing acquisition may be made in writing to the Registrar, Planning Tribunal, Tribunals Division, Justice Department, Private Bag, Postal Centre, Wellington, within 20 working days after the publication of this notice.
