Dumping and Countervailing Duties Act 1988

Revocation of Notices Imposing Dumping Duty in Respect of Certain Aluminium Foil Imported from Australia

In accordance with section 19 (3) (b) of the Dumping and Countervailing Duties Act 1988 and pursuant to section 186A (9) of Part VA of the Customs Act 1966 (as inserted by section 11 of the Customs Acts Amendment Act (No. 2) 1983), the Minister of Commerce gives the following notice.

Notice

1. **Title**—(1) This notice may be cited as Revocation of Notices Imposing Dumping Duty in respect of Certain Aluminium Foil from Australia.

(2) This notice shall come into force on the day after the date on which it is published in the *Gazette*.

2. Revocation of Notices of Imposition of Dumping Duty—

(1) The two notices given by the Minister of Customs both entitled "Imposition of Dumping Duty" and both dated 13 May 1987 and published in the *Gazette* of 21 May 1987 ("the principal notices") are hereby revoked and the dumping duty imposed by the principal notices shall cease to be payable.

3. **Reason for Revocation**—The reason for the revocation of the principal notices is that the Minister of Commerce has formed the opinion that the importation into New Zealand from Australia of the aluminium foil described in the principal notices no longer causes or is likely to cause material injury to an industry in New Zealand.

Dated at Wellington this 23rd day of March 1990.

D. BUTCHER, Minister of Commerce.

New Zealand Wool Board

Direction on Wool Test Certification

This "Direction on Wool Test Certification" is made by the New Zealand Wool Board (the "Board") pursuant to its authority contained in section 21 (1) of the Wool Industry Act 1977 (the "Act"). The intention of this Direction is to further enhance the integrity of the New Zealand wool testing industry and to enhance the utilisation of objective measurement of wool.

Notice of this Direction is being given as required by section 21 (5) of the Act. The Direction may be amended from time to time. Any such amendments will be published in this *Gazette* or as otherwise provided by the Act.

For the purposes of this Direction raw wool is defined as: greasy wool; wool which has been scoured, carbonised, washed or solvent degreased; scoured skin wools; washed skin wools; and slipe wools. Raw wool consists of wool fibre together with variable amounts of vegetable matter and extraneous alkali insoluble impurities, mineral matter, wool waxes, suint and moisture.

The Board has considered various requests from the National Council of New Zealand Wool Interests Incorporated and the New Zealand Council of Wool Exporters Incorporated to have put in place a system of compulsory registration of New Zealand Wool Testing Laboratories which provide certified results/test certificates used in the sale transactions of parcels of raw wool.

Accordingly the Board hereby directs that from 1 April 1990 no certified results/test certificates shall be supplied or displayed in connection with the offering of raw wool for sale in New Zealand or for export overseas unless the following criteria are met:

- (1) That every certified result/test certificate be issued on the basis of a test authorised by the Board and carried out according to a standard test method published in the International Wool Textile Organisation, the Standards Association of New Zealand, the American Society of Testing and Materials, or any other national or international body that may be recognised by the Board.
- (2) That any such certified results/test certificates be issued

by an authorised wool testing laboratory that is registered for the test(s) conducted with the Testing Laboratory Registration Council of New Zealand (TELARC) under their registered laboratory programme or by a body recognised as equivalent by Telarc and approved by the New Zealand Wool Board. (Notification by the New Zealand Wool Board that a laboratory is authorised will only and shall be given once registration is granted.)

- (3) Where certified results/test certificates are supplied or displayed in connection with the offering of wool for sale in New Zealand or for export overseas only the Board authorised Tests and associated Sampling Procedures, Test Methods and recommended Format of Certificates as detailed in the attached addendum will apply.

Supplementary Points

- (a) This notice does not preclude the issuing of certified results/test certificates for components of authorised test methods, standard mathematical adjustments of results or mathematical combinations of results using standard mathematical procedures. Any such procedures used must have TELARC approval.
- (b) This notice does not preclude the issuing of certificates which are a summary of authorised test results.
- (c) This notice does not preclude issuing of certified results/test certificates for staple length and staple strength where the staple length and staple strength determination has been done at one laboratory and the wool base determination done at another laboratory, provided both the participating laboratories are registered with Telarc or a body considered by Telarc as equivalent and approved by New Zealand Wool Board. In addition, the issued certificate must clearly show the laboratories involved and what authorised tests each has conducted.
- (d) The standard terminology given in the recommended format for IWTO certificates should be used whenever possible. This notice does not, however, preclude the issuing of post sale certificates with wording at variance to the authorised format, provided the variation is only done to accommodate differences resulting from the language translation of standard documents.
- (e) The procedure for the addition of new test methods to the list of the New Zealand Wool Board authorised Tests shall be:
 - (i) A test method is developed and/or identified as being appropriate and compatible with the New Zealand wool marketing objective measurement activity.
 - (ii) The test method is published by a body recognised by the New Zealand Wool Board.
 - (iii) Copies of the standard test method document are made available to the New Zealand Wool Board, National Council of New Zealand Wool Interest Incorporated, TELARC and other interested parties.
 - (iv) The New Zealand Wool Board and the National Council of New Zealand Wool Interest Incorporated discuss the test method and—if the test method be considered appropriate and compatible with New Zealand wool—a time frame for its introduction and authorisation be established.
 - (v) The New Zealand Wool Board prepares an updated addendum to this *Gazette* notice thereby giving authorisation to the new test method from an agreed date.
 - (vi) Interested wool testing laboratories apply to TELARC for registration for the particular test.

- (vii) From the date of introduction and following the granting TELARC Registration certified results/test certificates can be issued by the authorised wool testing laboratory for the new authorised test method.
- (viii) Publicity (Nationally and/or Internationally) for the new authorised test method is provided by the New Zealand Wool Board, National Council of New Zealand Wool Interests Incorporated and other appropriate wool industry sectors.
- (f) The results of test methods not authorised by the New Zealand Wool Board can only be issued in the form of test reports.
- (g) The issuing of any certified results/test certificates that are not in accordance with this Direction will constitute an offence against the Wool Industry Act 1977.
- (h) An appeals procedure will be provided to consider points of concern or dispute that may arise between the parties concerned during the assessment, reassessment or registration process. Any such appeal will be presented to the Laboratory Registration Advisory Committee who will make a recommendation to the National Council of New Zealand Wool Interests Incorporated and Telarc, who in turn may make recommendations to the New Zealand Wool Board to authorise a change in registration requirements, covered in this Direction.

Dated this 29th day of March 1990.

Signed by:

P. G. MORRISON, Director New Zealand Wool Board.

Addendum Number One to the Direction on Wool Test Certification Dated 29 March 1990

The Treaty of Waitangi Act 1975 State Owned Enterprises Act 1986

This notice concerns 55 McLeans Road, Bucklands Beach and Maori claims under the Treaty of Waitangi Act 1975.

The land at 55 McLeans Road, Bucklands Beach is described in legal terms of 827 square metres, more or less, being Lot 1, Deposited Plan 47248 and being part Allotment 21, small farms near Howick and being all the land formerly comprised in certificate of title 67B/652 and now comprised in certificate of title 67B/652 and 78A/287 (North Auckland Registry).

The land was once owned by the Crown. It has been transferred to a State Owned Enterprise under section 23 of the State Owned Enterprises Act 1986.

There is a special notice of "memorial" on the certificate of title for the land which provides, that if the Waitangi Tribunal recommends it, the land shall be resumed by the Crown and returned to Maori Ownership (see sections 27A and 27B of the State Owned Enterprises Act 1986).

The current owners of the land, Andrew Styler and others have applied to the Waitangi Tribunal to have this memorial

removed. This has been done under section 8D of the Treaty of Waitangi Act 1975.

Any person who considers that they, or any group which they belong to, has a claim to make to the Waitangi Tribunal about this land should submit their claims to the Waitangi Tribunal before the 4th day of July 1990.

Section 6 of the Treaty of Waitangi Act 1975, describes what a claim is. Claims may be posted or sent to the Registrar, Waitangi Tribunal, Databank House, 175 The Terrace, P.O. Box 10-044, Wellington.

If no claim about this land is made to the Waitangi Tribunal before the 4th day of July 1990, then the Tribunal may recommend that the land no longer be liable to be resumed by the Crown and returned to Maori ownership under section 27B of the State Owned Enterprises Act 1986.

Dated at Auckland this 28th day of March 1990.
