Southland Regional Council

Notice of Intention to Take Land at Invercargill for River Control Purposes

Notice is hereby given that the Southland Regional Council, under the provisions of the Public Works Act 1981, requires to take the land (the land) described in the Schedule hereto for river control purposes to be used for construction on the land of the Otepunu Creek Flood Alleviation Detention Dam and for accumulation of water from time to time on the land in respect of such dam.

The reasons why the taking of the land is considered reasonably necessary are that the Otepunu Creek (which is subject to flooding) flows through and adjacent to the land and then continues to flow through Invercargill City. The detention dam is required to be built on the land to detain the peak flood discharge of the Otepunu Creek while allowing a controlled maximum flow to pass through Invercargill City in a designed flood channel. There is no other land in the Otepunu Creek catchment, except this land, which has the requirements of land contour and capacity for storage of water away from residential and commercial development for a detention dam. The land contains suitable earth materials for construction of the detention dam.

Any person having an estate or interest in the land may within 20 working days after the date of this notice send an objection

to the Registrar, Planning Tribunal, Tribunals Division, Justice Department, Private Bag, Wellington. If any objection is made in accordance with this notice, a public hearing will be held, unless the objector otherwise requires, and each objector will be informed of the time and place of the meeting.

Schedule

The south west corner of the land is the intersection of Rockdale Road, Invercargill and Oteramika Road, Invercargill and the land is bounded on the west by Rockdale Road for approximately 400 metres along Rockdale Road in a northerly direction from the said intersection and is bounded on the south by Oteramika Road for approximately 299 square metres along Oteramika Road in an easterly direction from the said intersection.

Solicitors: Raymond Sullivan McGlashan, Barristers and Solicitors, 27 Strathallan Street, Timaru.

Auditors: Martin Wakefield & Co., Chartered Accountants, 26 Canon Street, Timaru.

Trustee's Report for the Period Ended 31 March 1990

Objectives of the Trust

The trust was formed under Trustee Banks Restructuring Act 1988. Subsequently the trust acquired 2.7 percent of the shareholding of Trust Bank New Zealand Ltd. to enable it to distribute from dividend and investment income, financial assistance to help organisations carrying on charitable, cultural, philanthropic and recreational work which is of benefit to the community, principally in the regions of South Canterbury and Mid Canterbury.

Policies and Structure of the Trust

All purposes of the trust are deemed to be charitable. In general guidelines for donations are as follows:

1. Organisations which provide services for those who may have been denied a quality of life enjoyed by the majority.
2. Community organisations which offer their services for the benefit or enjoyment of the public and contribute to community well being.
3. Groups which give their time and resources to helping social problems.

So that the trust will reach as many people as possible the trust will make donations under the following broad categories:

- (a) Community support.
- (b) Welfare and social services.

All applicants will be advised in writing of the result of their application.

The community trust comprises 13 trustees who are representative of South Canterbury and Mid Canterbury communities. These trustees were appointed by the Minister of Finance and reside in either Mid Canterbury or South Canterbury. Trustees retire by rotation and during the past year, P. P. Cornelius, C. P. Sparrow and A. J. Srhoj retired but being available, were reappointed by the Minister for a further term.

Activities of the Trust

The trustees met 4 times during the financial year and spent considerable time in formulating a suitable policy as a guideline for donations and pursuing the objects of the trust for the benefit of the areas we represent. It was not an easy task to peruse the large number of applications for donations, and to decide which ones to satisfy in view of the limited funding available.

Review of Results and Financial Position of Trust

The trust's main income was from a dividend of \$89,100 received from Trust Bank New Zealand Ltd. in June 1989, and \$52,405 of this dividend was expended in donations to applicants. Later in the year an interim dividend of \$21,600 was received, and together with investment interest of \$2,287 gave a total income of \$112,987. After the deduction of expenditure including donations a net profit of \$47,709 was revealed. The undistributed income at the conclusion of the financial year was \$38,711.

The financial statements and the notes thereto are attached together with the details of the donations distributed.

General

The trust will continue to work closely with the local trust bank as the trust's main source of income is from our investment in Trust Bank New Zealand Ltd., and we are confident our South Canterbury and Mid Canterbury communities will benefit accordingly.
