The Medical Register contains the names, qualifications, and addresses of all persons who are registered as medical practitioners or who are conditionally registered as at 30 June of the year to which the register relates.

It does not contain entries relating to persons who have been granted either provisional or temporary certificates issued under the provisions of the Act.

2. Conditional Registration

A person who is conditionally registered may practise as a medical practitioner only in a hospital or institution approved by the Council.

3. Registration as a Medical Practitioner

A person who is registered as a medical practitioner (fully

4. House Officer Service

Every person who is conditionally registered and who wishes to become registered as a medical practitioner must satisfy the Council that he or she has completed at least 12 months' service as a house officer in a resident medical capacity in a hospital or institution approved by the Council for the purpose and that he or she has acquired experience of a kind approved by the Council or has otherwise acquired comparable experience.

Such approved experience must be not less than 12 months and include six months in medicine or its branches and six months in surgery or its branches. Experience in appointments which involve duties which are both medical and surgical may be claimed as half in medicine and half in surgery. Experience comparable to the foregoing may be accepted by the Council. Applicants wishing to rely on comparable experience must set out in writing full details of previous activities which are relevant to the application.

5. Provisional Certificate

The Certificate of Good Standing must clearly indicate that the applicant is currently registered with the Authority and further that no disciplinary procedures are outstanding against the applicant. Applicants must also satisfy the Council that they intend to reside and practise in New Zealand and that a position is available.

Applicants are required to nominate one person of standing who has recent and personal knowledge of the applicant from whom the Council might obtain a reference as to character and standing.

†All members of the Council have been appointed agents of the Council.

These regulations are made pursuant to the Medical Practitioners Amendment Act 1986, which provides for the making of regulations for the establishment and maintenance of an indicative register of medical practitioners who have experience or other qualifications in the discipline of general practice and family medicine.

Regulation 4 prescribes the qualifications required for registration. By virtue of regulation 1 (2), the requirement to be a fellow or member of an appropriate professional college will not be mandatory until 1 April 1990.

- (b) That the practitioner has been qualified as a medical practitioner for not less than 5 years; and
- (c) That the practitioner has had training and practical experience in general practice and family medicine for not less than 3 years; and
- (d) That, so far as is practicable, the practitioner limits his or her practice to general practice and family medicine.

(2) Notwithstanding anything in subclause (1) of this regulation, if the Council sees fit in relation to any particular case, the name of a medical practitioner may be entered in the register if the Council is satisfied that he or she is recognised by his or her colleagues in the medical profession as having special experience in the discipline of general practice and family medicine.
